Dear Offeror,

In order to continue with the evaluation of your proposal for the procurement listed above, AHCCCS requires clarification and confirmation of the following items:

1. Attachment 1 Requirements Matrix – Your response included some blanks in the "Contractor Response Notes" column of the tabs. Please confirm that any blanks mean that your proposed solution includes the requirement without restriction.
2. Pricing – Please confirm that your proposed solution is inclusive of all costs including additional licensing of other software. The only exception to this is the state MS Azure tenant which the State will pay for separately.
3. Pricing – Please confirm that you understand that your proposed solution pricing is inclusive of all aspects of the requirements and that the block of 90,000 hours will be used exclusively for new development, new changes or new requirements to the solution and those hours are not to be used for maintenance, operations, fixes or other work included in the base requirements.

This request is not an opportunity to change your submitted proposal but rather to confirm our understanding of your submitted pricing. AHCCCS requests your signature below to be submitted electronically to me no later than 8:00 AM, AZ time Wednesday, March 29, 2023 at Procurement@azahcccs.gov with a copy to Meggan.LaPorte@azahcccs.gov.
