

AHCCCS Financial Information

This section includes:

Acute Care Financial Information

Information provided in this section is total medical expense collected from self-reported quarterly contractor financial statements. This information is not audited and does not contain any audit adjustments. This is for Contract Year Ending (CYE) 2016, which is October 1, 2015 to September 30, 2016. The per member per month (PMPM) data contains both prospective and prior period data by risk group and geographical service area (GSA). There is also a total sheet which combines all GSAs.

CRS Financial Information

Information provided in this section is total medical expense collected from self-reported quarterly contractor financial statements. This information is not audited and does not contain any audit adjustments. This is for Contract Year Ending (CYE) 2016, which is October 1, 2015 to September 30, 2016. The per member per month (PMPM) data contains both prospective and prior period coverage information together. These statements contain only financial information for the fully integrated and the partially integrated acute CRS population. The information is presented on a statewide basis.

RBHA Financial Information (web link)

Information provided reflects the audited financial statements provided to AHCCCS by the Regional Behavioral Health Authorities (RBHAs) Contractors for Contract Year Ending (CYE) 2016, which is October 1, 2015 to September 30, 2016. In addition, financial data can be found by risk group which represents both prospective and prior period data. .
