

December 22, 2022

Ms. Karla Mouw
DCS Assistant Director
Comprehensive Health Plan
PO Box 29202, Site Code CH018-18
Phoenix, AZ 85038-9202

Dear Ms. Mouw:

Attached are the final results of the Encounter Data Validation studies for Comprehensive Medical and Dental Program for Contract Year Ending (CYE) 2020. The review was conducted in accordance with Section D, Paragraph 63 of Contract YH15-0001 and the Encounter Data Validation Technical Document. The review scope included two sections: study “A” for all professional services and study “B” for all facility services. The studies measured:

- Claims included in the Contractor’s claim submission and encountered in AHCCCS’ Prepaid Medical Management Information System (PMMIS) (Match) – reviewed for accuracy and timeliness.
- Claims included in the Contractor’s claim submission but not encountered in PMMIS (NotEnc InCIm) – reviewed for omission.
- Encounters reported in PMMIS but not included in the Contractor’s claim submission (InEnc NotCIm) – reviewed for omission from claim submission file.

A preliminary report was provided to allow the Contractor the opportunity to review and submit any additional information that may have affected the final error rate calculations. After considering the Contractor response, the results have been applied to the total population of “A” and “B” encounters.

For study “A” Match, there were 290,411 encounter/claim matches identified from a sample size of 423,754 claims; a subsample of 150 was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 0 accuracy errors and 1 timeliness error, yielding an overall error rate of 0.00% for accuracy and 0.67% for timeliness. For study “B” Match, there were 11,552 encounter/claim matches identified from a sample size of 13,521 claims; a subsample of 150 was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 29 accuracy errors and 2 timeliness errors, yielding an overall error rate of 19.33% for accuracy and 1.33% for timeliness.

For study “A” NotEnc InCIm, there were 133,343 possible omissions identified from a sample size of 423,754 claims; a subsample of 315 was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 258 omission errors, yielding an overall error rate of 25.77%. For study “B” NotEnc InCIm, there were 1,969 possible omissions identified from a sample size of 13,521 claims; a subsample of 315 was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 245 omission errors, yielding an overall error rate of 11.33%.

For study "A" InEnc NotCIm, there were 3,874 possible omissions identified from a sample size of 304,864 encounters; a subsample of 315 was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 249 omission errors, yielding an overall error rate of 1.00%. For study "B" InEnc NotCIm, there were 390 possible omissions identified from a sample size of 11,942 encounters; a subsample of 76 was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 40 omission errors, yielding an overall error rate of 1.72%.

For each study, if the error rate falls below the acceptable rate of 5%, no sanction will be applied. The Contractor's error rates and sanction amounts, if applicable, for each study are as follows:

STUDY	Error Rate	Sanction
A Match Accuracy	0.00%	\$0.00
A Match Timeliness	0.67%	\$0.00
A NotEnc InCIm	25.77%	\$113,435.59
A InEnc NotCIm	1.00%	\$0.00
B Match Accuracy	19.33%	\$1,600.59
B Match Timeliness	1.33%	\$0.00
B NotEnc InCIm	11.33%	\$484.43
B InEnc NotCIm	1.72%	\$0.00

AHCCCS has elected to waive the CYE20 Data Validation Audit Sanction. Per the terms of the Contract, sanctions are not AHCCCS' exclusive remedy. In particular and without limiting possible future actions, if any legal action is brought against AHCCCS as the result of your non-compliance with the Contract, AHCCCS will seek compensation from you for any damages arising from such legal action including, but not limited to, AHCCCS' cost of representation, as well as the cost of any attorneys' fees and costs payable to the party bringing the action.

Within 24 hours of receipt of this letter, the final workpapers for each study will be uploaded to the Secured File Transfer Protocol (SFTP).

Thank you for your assistance with this Centers for Medicare and Medicaid Services (CMS) requirement. If you have any questions, please contact Linda Oakley at (602) 417-4308 or linda.oakley@azahcccs.gov.

Sincerely,

Meggan LaPorte CPPO, MSW
