The Safety Net Services Initiative (SNSI) is a program to preserve and promote access to medical services through a uniform percentage increase to the Contractor's rates for inpatient and outpatient services provided by the Public Safety Net Hospital. Federal regulation mandates that these payments be approved by CMS before they shall be implemented. Annually, AHCCCS will notify the Contractor when CMS approves the SNSI preprint. The Contractor will be paid outside of the monthly capitation payments through a separate lump sum payment. No later than 12 months after the contract period there will be an adjustment based on a reconciliation of the interim lump sum payments compared to the actual utilization incurred during the Contract Year.
