To Whom it may concern -

I have lived in rural Navajo County for 53 year my entire life I have and am currently collaborating with Care 1st and am so excited for all the positive changes they have made and are going to make thus far. They seem to be going into the communitie and ASKING what are challenge in receiving health/medical/mental benefit and then trying to FIX the challenges. Thank you Thank you!!!

I am in FULL SUPPORT for AHCCCS to allow Care 1 t to combine the two Medicaid brand Care1 t CCP and AzCH CCP. Right now they operate two separate Medicaid brands in Arizona. This becomes extremely confusing for the provider member and ESPECIALLY u community member If the two were combined it would allow Care 1 t to streamline communication and operate their Medicaid plan as AzCH CCP in ALL counties of Arizona. That just make en e!

Please consider combining the two Medicaid brands, Care1st CCP & AZCH CPP.

Respectfully~

Vicky Solomon
