## STATE OF ARIZONA METHODS AND STANDARDS FOR ESTABLISHING PAYMENT RATES INPATIENT HOSPITAL CARE

### IX. PAYMENT TO LONG-TERM ACUTE CARE HOSPITALS

Effective October 1, 2015, long-term acute care hospitals are paid a per diem rate which will be an intensive care unit (ICU) rate, a surgery rate, or a routine rate. A hospital is eligible to receive an ICU rate or a surgery rate if the hospital is licensed by the Arizona Department of Health Services to provide ICU or surgical services.

The ICU rate applies to inpatient days associated on the claim with revenue codes in the ranges 200-204, 207-212, and 219. The surgery rate applies to inpatient days associated on the claim with revenue codes 360-369 in combination with valid procedure codes that are not on the AHCCCS excluded surgery procedures list. The routine rate applies to all other inpatient days.

An outlier is a hospital claim on which the covered charges exceed the outlier threshold, which will be an ICU threshold, a surgery threshold, or a routine threshold. The outlier thresholds for long-term acute care hospitals are the thresholds that were in effect for those hospitals on September 30, 2014. Outliers shall be reimbursed by multiplying covered charges by the outlier cost-to-charge ratio. The outlier ratios will be the Proposed Statewide Average Total Cost-to-Charge Ratios for LTCHs in the data file published by CMS as part of the Medicare Long-Term Care Hospital Prospective Payment System for the fiscal year. The urban cost-to-charge ratio applies to hospitals located in Maricopa County or Pima County, and to out-of-state hospitals. The rural cost-to-charge ratio applies to all other hospitals.

AHCCCS rates were set as of October 1, 2016, and are effective for dates of admission on and after that date. AHCCCS rates and outlier thresholds for payments to long-term acute care hospitals are published on the agency's website at <a href="https://azahcccs.gov/PlansProviders/RatesAndBilling/FFS/LTACrehab.html">https://azahcccs.gov/PlansProviders/RatesAndBilling/FFS/LTACrehab.html</a>

## X. PAYMENT TO REHABILITATION HOSPITALS

Effective October 1, 2015, rehabilitation hospitals are paid a statewide per diem rate.

An outlier is a hospital claim on which the covered charges exceed the outlier threshold. The outlier threshold for rehabilitation hospitals is the threshold that was in effect for those hospitals on September 30, 2014. Outliers shall be reimbursed by multiplying covered charges by the outlier cost-to-charge ratio. The outlier cost-to-charge ratios will be the Proposed Statewide Average Total Cost-to-Charge Ratios for LTCHs in the data file published by CMS as part of the Medicare Long-Term Care Hospital Prospective Payment System for the fiscal year. The urban cost-to-charge ratio applies to hospitals located in Maricopa County or Pima County, and to out-of-state hospitals. The rural cost-to-charge ratio applies to all other hospitals.

AHCCCS rates were set as of October 1, 2016, and are effective for dates of admission on and after that date. AHCCCS rates and outlier thresholds for payments to rehabilitation hospitals are published on the agency's website at
