

AHCCCS members who are American Indian/Alaska Native (AI/AN) always have a choice to enroll in an AHCCCS managed care health plan, or in the American Indian Health Program (AIHP), a fee-for-service (FFS) program.

Once enrolled, AI/AN members may also choose to receive their behavioral health care through a Tribal Regional Behavioral Health Authority (TRBHA) if they live in an area served by a TRBHA.

Changing enrollment in a health plan

AI/AN AHCCCS members may change enrollment between AIHP and a managed care plan at any time; however, a member may only change from one managed care health plan to another once a year during their annual enrollment period.

Freedom of choice

Regardless of health plan choice, AI/AN members may always receive services from an IHS facility, tribally-operated 638 health program, or an Urban Indian Health Program.

What if I don't choose a health plan?

If you do not choose a health plan, one will be assigned to you. If you had been enrolled in an AHCCCS health plan within the past 90 days, and are now re-applying, you may be enrolled in your previous health.

How do I change my health plan?

There are two ways for AI/AN AHCCCS members to change their health plan:

- To change from the American Indian Health Program to a managed care health plan, call 602-417-7000 (from Maricopa County) or 1-800-962-6690 (from outside Maricopa County).
- To change from a managed care health care plan to the American Indian Health Program, an AHCCCS registered Indian Health Service (IHS), Tribally owned and/or operated 638 facility, or Urban Indian Health Organization (receiving Title V funding from IHS) must submit the American Indian Health Program (AIHP) Change Request Form on behalf of the member.
