## Survey Overview

The Arizona Health Care Cost Containment System (AHCCCS) mission and vision are to reach across Arizona to provide comprehensive quality healthcare to those in need while shaping tomorrow’s managed health care from today’s experience, quality and innovation. AHCCCS is dedicated to continuously improving the efficiency and effectiveness of its programs while ensuring the delivery of the highest quality care to its customers.

AHCCCS expects its contracted Managed Care Organizations (MCOs) or health plans to; implement program innovation and best practices; continuously develop mechanisms to reduce administrative cost, improve program efficiency and provide added value to the program. Health plans are expected to add value to the program by meeting several AHCCCS values, including recognizing that physical and behavioral health care providers are an essential partner in the delivery of health care services, and operating the health plan in a manner that is efficient and effective for both physical and behavioral health care providers and the health plan.

As a part of AHCCCS’ ongoing monitoring activities of the Acute Care, Children’s Rehabilitative Services (CRS), Arizona Long Term Care System, Elderly and Physically Disabled (ALTCS/EPD) and Regional Behavioral Health Authorities (RBHAs), AHCCCS conducted a provider survey in November and December 2017. The purpose of the survey was to solicit feedback from providers contracted with AHCCCS MCOs regarding their satisfaction with claims processing, resolution of claims issues, claims customer service, provider services staff, and credentialing processes. AHCCCS appreciates all providers who participated in this survey to offer their time and valuable feedback regarding MCO performance.

The survey was made accessible for provider participation via the AHCCCS public website. On November 16, 2017, AHCCCS issued an email notification to 9,600 registered email addresses and provided a link to complete the survey. Providers actively contracted with MCOs for the above listed lines of business (Acute, ALTCS/EPD, CRS, and RBHA) were encouraged to complete the survey. Additionally, throughout the month of November and December 2017, health plans sent notification of the survey to their contracted provider network. MCOs were required to submit evidence to AHCCCS to verify distribution of the survey to their contracted network. The survey remained available on the AHCCCS website until January 2, 2018. At that time, the survey link was disabled and resulting data was collected for review by AHCCCS. Responses submitted after January 2<sup>nd</sup> are not included in the following analysis.

Survey responses allow for comparison between MCOs and are provided individually to health plans to guide quality improvement activities. The results of this survey will be used by AHCCCS to support ongoing MCO monitoring and quality improvement processes.

This report summarizes the results of the survey specific to the following AHCCCS contracted MCOs for Acute and CRS programs. Additionally, this report includes a comparison of the results from the AHCCCS 2015 Provider Survey:

## Survey Questions

The survey consisted of seven questions to determine provider satisfaction with MCO claims payment, claims processing, customer service and credentialing processes. Survey respondents were given the option to provide feedback on multiple MCOs should they represent agencies who contract with more than one MCO, across multiple lines of business. The survey was designed as follows:

1. Are you contracted with [health plan]? YES or NO

A 'NO' selection moves the survey participant to the next health plan by line of business.

<b>Health Plans:</b>

- Satisfied
- Dissatisfied
- Very Dissatisfied

### Summary

AHCCCS received a total of 2,966 responses to the survey for all Acute and CRS health plans. The following table shows the number of contracted survey respondents who completed the survey, by health plan and line of business:

MCO	# of Contracted Survey Respondents who Completed the Survey
Care 1st (Acute)	410
Health Choice (Acute)	431
Health Net (Acute)	436
Mercy Care Plan (Acute)	476
UnitedHealthcare Community Plan (Acute)	539
University Family Care (Acute)	362
UnitedHealthcare Community Plan (CRS)	312

For all other MCOs, across other AHCCCS lines of business (RBHA, ALTCS/EPD), AHCCCS received a total of 1,619 responses to the survey, as detailed below:

MCO	# of Contracted Survey Respondents who Completed the Survey
UnitedHealthcare Community Plan LTC (ALTCS)	358
Mercy Care Plan LTC (ALTCS)	325
Banner-University Family Care LTC (ALTCS)	230
Mercy Maricopa Integrated Care (RBHA)	292

Health Choice Integrated Care (RBHA)	134

## Findings

### Survey Questions

Results of the survey vary by health plan. In all focus areas, the survey results indicate opportunities for improvement by all health plans and overall:

- Generally providers expressed the most satisfaction with health plan performance with processing of initial claims, claims customer service, and credentialing.
- Generally providers expressed the most dissatisfaction with health plan performance with resolution of claims issues and timeliness of resolution of claims issues.

The results for each survey question are provided in the following graphs and are summarized below.

#### Graph 1:

Survey Question: *How satisfied are you with this Health Plan's processing of your initial claims?*

- 2017 Results: The range of satisfaction across all health plans is 88% to 67%.
- 2015 Results: The range of satisfaction across all health plans was 83% to 61%.

#### Graph 2:

Survey Question: *How satisfied are you with this Health Plan's resolution of your claims issues?*

- 2017 Results: The range of satisfaction across all health plans is 83% to 55%.
- 2015 Results: The range of satisfaction across all health plans was 83% to 51%.

#### Graph 3:

Survey Question: *How satisfied are you with this Health Plan's timeliness of resolution of your claims issues?*

- 2017 Results: The range of satisfaction across all health plans is 82% to 52%.
- 2015 Results: The range of satisfaction across all health plans was 78% to 48%.

#### Graph 4:

Survey Question: *How satisfied are you with this Health Plan's Claims Customer Service Department?*

- 2017 Results: The range of satisfaction across all health plans is 85% to 64%.

- 2015 Results: The range of satisfaction across all health plans was 84% to 59%.

Graph 5:

Survey Question: *How satisfied are you with this Health Plan's Provider Services Staff?*

- 2017 Results: The range of satisfaction across all health plans is 81% to 62%.
- 2015 Results: The range of satisfaction across all health plans was 83% to 62%.

Graph 6:

Survey Question: *How satisfied are you with this Health Plan's Credentialing Process?*

- 2017 Results: The range of satisfaction across all health plans is 86% to 71%.
- 2015 survey did not include this question.

### Survey Comments

The survey allowed respondents to submit comments which AHCCCS collected and categorized as *satisfied* or *dissatisfied*. Comments which did not apply to the survey, or MCO, were not considered and are not included in the corresponding analysis. AHCCCS recognizes that dissatisfied respondents may be more likely to comment than satisfied individuals. However, of the 1,168 comments received across all MCOs, AHCCCS identified that 24% of all submitted comments indicated provider satisfaction. Of the 74% of dissatisfied comments received in the 2017 survey, responses indicate a desire for MCO improvement in the efficiency and processes for resolution of claims issues, particularly related to timeliness of resolution, subsequent payment and efficient and responsive customer service.

### Outcome

AHCCCS recognizes the need for improvements regarding health plans' claim processes and expects health plans to strive to enhance processes that result in increased provider satisfaction and efficient business operations. AHCCCS will continue to work with the health plans to implement strategies to improve the overall efficiency and customer service experience for providers.

## Health Plan Specific Results

### Care 1st (Acute)

#### Results by Survey Question

Care 1st (Acute) ranked *third* out of the thirteen health plans assessed and improved provider satisfaction survey results an average of 2% from the survey completed in 2015.

AHCCCS expects Care 1<sup>st</sup> (Acute) to review the results and develop process improvement strategies to maintain and improve upon the high level of performance demonstrated by the 2017 survey. AHCCCS identifies all focus areas for sustained and improved performance and should be focus areas in Care 1<sup>st</sup>'s quality improvement plan.
