

Phoenix Children’s Hospital SNCP Technical Clarification

The current waiver extends authority for uncompensated care payments under the Safety Net Care Pool (SNCP) to Phoenix Children’s Hospital (PCH) through December 31, 2017. AHCCCS proposes technical amendments to the language of the Special Terms and Conditions (STC 32 and Attachment E) to clarify that this authority permits AHCCCS to make actual payments after the end of the expenditure authority for the costs of care incurred by PCH on or before December 31, 2017. The proposed technical clarifications do not impact the total cap on SNCP funds that are available to PCH or otherwise substantively amend the SNCP program. AHCCCS proposes the following changes to the current waiver language.

VI. FUNDING POOLS AND PAYMENTS UNDER THE DEMONSTRATION.

32. Safety Net Care Pool (SNCP). Payments from this pool will assist Phoenix Children’s Hospital (PCH), which has high levels of uncompensated care related to medical assistance provided to Medicaid eligibles or to individuals who have no source of third party coverage. For PCH, for each demonstration year (DY), the annual SNCP will be distributed to PCH based on its uncompensated care (based on prior period data). Payments to PCH for each DY will be subject to a limit computed in accordance with Attachment E, based on PCH’s uncompensated care costs incurred up to December 31, 2017. Specifically, the SNCP for PCH is \$110,000,000 ~~in~~ for calendar year 2016; and \$90,000,000 ~~in~~ for calendar year 2017. Any unspent cap amount cannot be transferred to the following DY in order to increase the annual cap amount. SNCP uncompensated care payments for costs incurred on or before December 31, 2017 (including for years prior to calendar year 2017) will be made to PCH within two years of the applicable DY.
