INDEPENDENT AUDITORS' REPORT

To the Board of Directors of

BRIDGEWAY HEALTH SOLUTIONS OF ARIZONA, LLC

Report on the Financial Statements

We have audited the accompanying financial statements of ***Bridgeway Health Solutions of Arizona, LLC***, which comprise the balance sheets as of September 30, 2015 and 2014, and the related statements of operations, member's equity and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of **Bridgeway Health Solutions of Arizona, LLC** as of September 30, 2015 and 2014, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

BRIDGEWAY HEALTH SOLUTIONS OF ARIZONA, LLC

NOTES TO FINANCIAL STATEMENTS

Years Ended September 30, 2015 and 2014

(1) Organization, operations, and summary of significant accounting policies

Nature of operations - Effective May 16, 2006, *Bridgeway Health Solutions of Arizona, LLC* ("Bridgeway" or the "Company"), was incorporated in the State of Arizona. Located in Tempe, Arizona, Bridgeway is a managed care organization and is wholly owned by CenCorp Health Solutions, Inc. ("CenCorp"), a subsidiary of Centene Corporation ("Centene"). Bridgeway was initially funded through a \$5,000,000 capital contribution from CenCorp which was funded through a capital contribution from Centene.

In 2006, Bridgeway was awarded an Arizona Long-Term Care System ("ALTCS") contract with the Arizona Health Care Cost Containment System ("AHCCCS") which commenced October 1, 2006. The contract year for the ALTCS contract is the period from October 1 through September 30. The ALTCS contract was renewed through procurement in August 2011. In accordance with the contract, Bridgeway was designated as a Program Contractor for Maricopa, Yuma, and LaPaz Counties. Effective October 1, 2011, Bridgeway began serving ALTCS members in Cochise, Gila, Graham, Greenlee and Pinal counties, as well as continuing as a Program Contractor in Maricopa County. Effective October 1, 2011, Bridgeway no longer served ALTCS members in Yuma and La Paz counties.

In 2008, Bridgeway was awarded an Acute Care contract with AHCCCS which commenced October 1, 2008. In accordance with this contract, Bridgeway was designated as a Program Contractor for Yavapai County. The contract was renewed through procurement for the period October 1, 2011 through September 30, 2013. The contract was not subsequently renewed and expired September 30, 2013. Revenue and expenses continued to be earned and incurred as the contract continues to wind down in 2014 and 2015.

Effective January 1, 2008, Bridgeway began offering a Medicare Advantage Plan ("Medicare Advantage") through a contract with the Centers for Medicare and Medicaid Services ("CMS"). The contract year for the Medicare Advantage contract is January 1 through December 31. Medicare Advantage offers medical and prescription drug benefits to qualified members. Medicare Advantage operates as a special needs plan under CMS guidelines. The populations covered under Medicare Advantage are members who are eligible for both Medicare and Medicaid coverage. Virtually all of the members of Medicare Advantage receive their Medicaid benefits through an AHCCCS health plan.

Bridgeway functions as a health management organization and, except for member services functions and limited utilization management functions, does not provide direct healthcare services to eligible members. Direct healthcare services are provided to eligible members by a network of subcontracted providers. Substantially all of Bridgeway's revenues are from its contracts with AHCCCS and CMS.

The Financial Accounting Standards Board ("FASB") sets accounting principles generally accepted in the United States of America ("GAAP") to ensure consistent reporting. References to GAAP are to the *FASB Accounting Standards Codification* ("FASB ASC").

The significant accounting policies followed by Bridgeway are as follows:

Management's use of estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

**BRIDGEWAY HEALTH SOLUTIONS
OF ARIZONA, LLC**

NOTES TO FINANCIAL STATEMENTS

Years Ended September 30, 2015 and 2014

(1) Organization, operations, and summary of significant accounting policies (continued)

Capitation premiums - Bridgeway receives fixed capitation payments from AHCCCS and CMS, based on certain rates for each member enrolled with Bridgeway. As of September 30, 2015 and 2014, Bridgeway received no capitation payments in advance. When paid in advance, these amounts are recorded to deferred revenue. Bridgeway is required to provide all covered health care services to their members, regardless of the cost of care. If there are funds remaining, Bridgeway retains the funds as profit; if the costs are higher than the amount of revenue earned from AHCCCS and CMS, Bridgeway absorbs the loss. Capitation premiums are recognized in the month that enrollees are entitled to health care services. Certain provisions of the AHCCCS ALTCS contract include a risk band whereby Bridgeway and the AHCCCS program share in the profits and losses of the contract, as defined in the contract (reconciliation revenue). Bridgeway has recorded an estimate of the reconciliation revenue, within capitation premiums, based on the operational performance of the AHCCCS ALTCS line of business. Bridgeway may recover certain losses for those cases eligible for reinsurance payments. Capitation premiums are recognized in accordance with Bridgeway's contracts with AHCCCS and CMS.

Capitation is paid prospectively as well as for prior period coverage (PPC). The PPC period is generally from the effective date of eligibility to the day a member is enrolled with a contracted health plan. The risk under PPC is shared by both Bridgeway and AHCCCS. AHCCCS reconciles the actual PPC medical costs to the PPC capitation paid during the contract year. The ALTCS reconciliation limits the contractor's profits and losses on PPC to 5% for the contract years ended September 30, 2015 and 2014. As of September 30, 2015 the Company had no amounts due from AHCCCS for PPC coverage. Additionally, as of September 30, 2015 the Company has recorded payables to AHCCCS of approximately \$166,000 for the PPC ALTCS reconciliation for the 2015 contract year and approximately \$6,000 for the 2014 contract year, which are included in payable to AHCCCS. As of September 30, 2014, the Company recorded an estimated receivable of approximately \$411,000 due from AHCCCS for the PPC reconciliation for the 2013 contract year which is included in capitation and supplement receivables at September 30, 2014. As of September 30, 2014 the Company had recorded an estimated payable of \$129,000 due to AHCCCS for the PPC ALTCS reconciliation for the 2014 contract year which is included in payable to AHCCCS at September 30, 2014. Actual results may differ from this estimate and such differences will be recorded in the period in which they are identified.

Similar risk sharing is in place for medical costs incurred by contracted health plans for the Title XIX Waiver Group ("TWG non-MED") members. AHCCCS reconciles the contractors' medical costs net of reinsurance to the total net capitation payments and delivery supplemental payments paid for the contract year. The reconciliation limits the contractors' profits or losses to 2%. As of September 30, 2015, the Company had no amounts due from AHCCCS for the TWG non-MED reconciliation. As of September 30, 2014, the Company recorded an estimated receivable of \$309,000 due from AHCCCS for the TWG non-MED reconciliation for the 2013 contract year, which is included in capitation and supplement receivables. Actual results may differ from this estimate and such differences will be recorded in the period in which they are identified.

**BRIDGEWAY HEALTH SOLUTIONS
OF ARIZONA, LLC**

NOTES TO FINANCIAL STATEMENTS

Years Ended September 30, 2015 and 2014

(1) Organization, operations, and summary of significant accounting policies (continued)

The contractor's ALTCS capitation rate is based in part on the assumed ratio ("mix") of HCBS member months to the total number of member months (i.e. HCBS + institutional). At the end of the contract year, AHCCCS will compare the *actual percent* of HCBS member months to the *assumed* HCBS percentage that was used to calculate the full long term care capitation rate for that year. If the contractor's actual HCBS percentage is different than the assumed percentage, AHCCCS may recoup (or reimburse) the difference between the institutional capitation rate and the HCBS capitation rate for the number of member months which exceeded (or was less than) the assumed percentage. This reconciliation will be made in accordance with the following schedule:

Percent Over/Under Assumed Percentage	Amount to be Recouped Reimbursed
0 – 1%	0% of capitation over/under payment
> 1%	50% of capitation

As of September 30, 2015, the Company recorded an estimated receivable of approximately \$60,000 for the HCBS reconciliation for contract year 2015 which is included in capitation and supplement receivables at September 30, 2015. As of September 30, 2014, the Company recorded an estimated payable of approximately \$876,000 for the HCBS reconciliation for contract year 2014, which is included in payable to AHCCCS at September 30, 2014.

Effective with contract year ending September 30, 2012, AHCCCS recoups/reimburses a percentage of the contractors' profit or loss for certain prospective risk groups using a tiered approach. Populations subject to this tiered reconciliation are limited to Temporary Assistance to Needy Families ("TANF"), Sixth Omnibus Budget Reconciliation Act ("SOBRA"), SSI with Medicare, SSI without Medicare, and SOBRA Family Planning. Expenses incurred and revenues received for covered services with dates of service during PPC are excluded from this reconciliation. The reconciliation limits the contractors' profits and losses to a percent of prospective net capitation as specified in the contract.

Profits in excess of the percentages set forth in the contract will be recouped by AHCCCS. Losses in excess of the percentages set forth in the contract will be paid to the contractor. As of September 30, 2015, the Company had no amounts due to AHCCCS for the tiered reconciliation. As of September 30, 2014, the Company recorded an estimated payable of approximately \$1,338,000 due to AHCCCS for the tiered reconciliation for the contract year 2013 which is included in the payable to AHCCCS.

Capitation and supplement and reconciliation receivables are stated at the amount management expects to collect. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual balances. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to capitation and supplement and reconciliation receivables. Capitation and supplement and reconciliation receivables at September 30, 2015 and 2014 are considered by management to be fully collectible and, accordingly, an allowance for doubtful accounts has not been provided.

**BRIDGEWAY HEALTH SOLUTIONS
OF ARIZONA, LLC**

NOTES TO FINANCIAL STATEMENTS

Years Ended September 30, 2015 and 2014

(1) Organization, operations, and summary of significant accounting policies (continued)

Health insurer fee - Under the Patient Protection and Affordable Care Act ("ACA"), Bridgeway qualifies as a covered entity of a controlled group engaged in providing health insurance for U.S. health risks. Centene is the designated entity of the controlled group and must pool the premiums of all its subsidiaries to calculate its premium for purposes of determining its share of the health insurer fee under ACA provision 9010. This fee is effective for entities providing health insurance on or after January 1, 2014. Each covered entity must report its net premiums written for health insurance of U.S. health risks during the previous year to the IRS by April 15th of the year the fee is due.

The annual fee equals net premiums written for health insurance U.S. health risks during the applicable "fee year" divided by aggregate net premiums written for all covered entities during the applicable "fee year" multiplied by the annual applicable amount. Each health insurer's fee is a proportionate share of the total for all health insurers based on the totals as seen below:

<u>Fee Year</u>	<u>Applicable Amount</u>
2014	\$ 8,000,000,000
2015	\$ 11,300,000,000
2016	\$ 11,300,000,000
2017	\$ 13,900,000,000
2018	\$ 14,300,000,000
2019 and thereafter	The applicable amount in the preceding fee year increased by the rate of premium growth.

As the designated entity of the controlled group, Centene passes the fee down to its subsidiaries based on an allocation of net premiums written. The health insurer fee is considered an excise tax and thus is nondeductible for income tax purposes. Centene has determined that ALTCS long-term care services are not subject to the health insurer fee. Centene paid approximately \$1,299,000 to the IRS on behalf of Bridgeway in September 2015 for the year ended December 31, 2015. Centene paid approximately \$1,142,000 to the IRS on behalf of Bridgeway in September 2014 for the year ended December 31, 2014. At September 30, 2015 and 2014, respectively, \$324,642 and \$285,592 of health insurer fees are included in prepaid expenses in the accompanying balance sheets.

AHCCCS has agreed to reimburse the health insurers for this fee and applicable taxes through adjustments to capitation rates. No such adjustments are made for the Medicare Advantage plan. In November 2014, Bridgeway was notified that AHCCCS would provide capitation rate adjustments for the fee paid in 2014. In December 2014, Bridgeway received approximately \$669,000 related to the health insurer fee capitation rate adjustments related to the 2014 fee reimbursement, which is included in health insurer fee premium revenue. For the year ended September 30, 2015, Bridgeway recognized approximately \$1,770,000 in health insurer fee premium revenue. As of September 30, 2015, Bridgeway has recorded a receivable of approximately \$720,000 for health insurer fee capitation rate adjustments related to the fee paid in 2015.

**BRIDGEWAY HEALTH SOLUTIONS
OF ARIZONA, LLC**

NOTES TO FINANCIAL STATEMENTS

Years Ended September 30, 2015 and 2014

(1) Organization, operations, and summary of significant accounting policies (continued)

Medicare Advantage Risk Adjustments - Under the Company's Medicare Advantage Plan, CMS deploys a risk adjustment model that retroactively apportions Medicare premiums paid according to health severity and certain demographic factors. The model pays more for members whose medical history indicates they have certain medical conditions. Under this risk adjustment methodology, CMS calculates the risk adjusted premium payment using diagnosis data from hospital inpatient, hospital outpatient, physician treatment settings as well as prescription drug events. The Company estimates the amount of risk adjustment based upon the diagnosis and pharmacy data submitted and expected to be submitted to CMS and records revenues on a risk adjusted basis. At September 30, 2015, Bridgeway recorded an estimated receivable of approximately \$969,000 due from CMS for the risk adjustment for calendar year 2015 which is included in capitation and supplement receivables. As of September 30, 2014, the Company recorded an estimated receivable of approximately \$612,000 due from CMS for the risk adjustment for calendar year 2014 which was included in capitation and supplement receivables.

Medicare Part D risk share settlement - The risk share settlement includes expected payments to be paid to or received from CMS in connection with the pharmacy component of Medicare Advantage, Medicare Part D. This balance is reviewed and monitored by management and adjusted as necessary as experience develops or new information becomes available. Such adjustments are netted against the capitation premiums on the statements of operations. At September 30, 2015, Bridgeway recorded an estimated payable of approximately \$80,000 due to CMS for the Medicare Part D reconciliation for calendar year 2015 and approximately \$425,000 for calendar year 2014 which are included in capitation and supplement receivables. As of September 30, 2014, Bridgeway recorded an estimated payable of approximately \$1,297,000 due to CMS for the Medicare Part D reconciliation for calendar year 2014 which is included in accounts payable and accrued expenses.

Cost settlement for primary care payment parity - The ACA requires that Contractors pay qualified primary care providers (and other providers specified in ACA) fees that are no less than the Medicare fee schedule in effect for 2013 and 2014, or the fee schedule rate that would result from applying the 2009 Medicare conversion factor, whichever is greater, for certain services designated by specific Current Procedural Terminology (CPT) codes. AHCCCS has developed an enhanced fee schedule containing the qualifying codes using the 2009 Medicare conversion factor in compliance with the greater-of requirement. The enhanced payments apply only to services provided on and after January 1, 2013 by qualified providers, who self-attest to AHCCCS as defined in the federal regulations.

The Company was required to reprocess all qualifying claims for qualifying providers back to January 1, 2013 dates of service with no requirements that providers re-submit claims or initiate any action. In the event that a provider retroactively loses his/her qualification for enhanced payments, the Contractor is required to identify impacted claims and automatically reprocess for the recoupment of enhanced payments. This reprocessing will be conducted by the Contractor without requirement of further action by the provider.

AHCCCS makes cost-settlement payments to the Contractor based upon adjudicated/approved encounter data. The Contractor is required to refund payments to AHCCCS for any reduced claim payments in the event that a provider is subsequently "decertified" for enhanced payments due to audit or other reasons. As of September 30, 2015 and 2014, approximately \$1,417,000 and \$2,191,000, respectively, was due from AHCCCS for these cost-settlement payments based upon adjudicated/approved encounter data, which is included in capitation and supplement receivables.

**BRIDGEWAY HEALTH SOLUTIONS
OF ARIZONA, LLC**

NOTES TO FINANCIAL STATEMENTS

Years Ended September 30, 2015 and 2014

(1) Organization, operations, and summary of significant accounting policies (continued)

Share of costs - Bridgeway's members covered under the ALTCS program who do not meet certain eligibility criteria are required to pay for a portion of the care they receive. AHCCCS reduces the contracted capitation rate with Bridgeway by the estimated amount of participant shared costs. After contract year end, AHCCCS analyzes the amount that Bridgeway should have received from members for share of costs. If Bridgeway receives less money from the participants in payment of their share of the costs than AHCCCS anticipated, AHCCCS reimburses Bridgeway for the difference. If Bridgeway receives more money from the participants in payment of their share of the costs than AHCCCS anticipated, Bridgeway reimburses AHCCCS for the difference. As of September 30, 2015 and 2014, Bridgeway had approximately \$1,472,000 and \$516,000, respectively, due from AHCCCS related to share of cost, which is included in the capitation and supplement receivables.

Share of cost receivables/payables are based on assumptions and estimates, and while management believes the receivables/payables are reasonable, the ultimate share of cost payment for the 2015 and 2014 contract years may be less than or in excess of the amount estimated once AHCCCS completes the contract reconciliations. In June 2015, the 2014 share of cost receivable was settled for \$512,426, net of premium taxes. In May 2014, the 2013 share of cost receivable was settled for \$644,259, net of premium taxes.

Reinsurance revenue - AHCCCS provides a stop-loss reinsurance program for Bridgeway for partial reimbursement of reinsurable covered medical services incurred for members. The program includes a deductible, which varies based on Bridgeway's enrollment and the eligibility category of the members. AHCCCS reimburses Bridgeway based on a coinsurance amount for reinsurable covered services incurred above the deductible. Coinsurance percentages vary by nature of the claim for Medicare claims. Bridgeway contracts with a commercial reinsurer to provide reinsurance for the Medicare Advantage Plan. Reinsurance revenue is stated at the actual and estimated amounts due to Bridgeway pursuant to the ALTCS and Medicare Advantage Plan contracts.

Below are the reinsurance thresholds by line of business:

<u>Line of Business</u>	<u>Annual Deductible Effective October 1, 2013</u>	<u>Coinsurance</u>
ALTCS with Medicare	20,000	75%
ALTCS without Medicare	30,000	75%
Medicare Advantage	1,250,000	various

To be eligible for reinsurance billing, qualified healthcare expenses must be incurred during the contract year. Reinsurance revenue is recorded based on actual billed reinsurance claims and expected reinsurance for claims not yet paid. Reinsurance revenue is subject to review by AHCCCS, and as a result, there is at least a reasonable possibility that recorded reinsurance revenue will change by a material amount in the near future.

**BRIDGEWAY HEALTH SOLUTIONS
OF ARIZONA, LLC**

NOTES TO FINANCIAL STATEMENTS

Years Ended September 30, 2015 and 2014

(1) Organization, operations, and summary of significant accounting policies (continued)

Reinsurance receivables represent the expected payment from AHCCCS to Bridgeway for certain enrollees whose qualifying medical expenses paid by Bridgeway were in excess of specified deductible limits. Reinsurance receivables are stated at the amount management expects to collect. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual balances. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to reinsurance receivables. Management considers reinsurance receivables to be fully collectible as of September 30, 2015 and 2014 and, accordingly, an allowance for doubtful accounts is not considered necessary.

Contractor performance incentives - Beginning October 1, 2014, AHCCCS subjects 1% of gross prospective capitation of ALTCS contractors in Arizona to measurements based on each contractor's performance on selected Quality Management Performance Measures as determined by AHCCCS. The program is an effort to encourage activity for AHCCCS contractors in the area of quality improvement, particularly those initiatives that are conducive to improved health outcomes and cost savings. For the year ended September 30, 2015, Bridgeway received approximately \$2,000,000 from AHCCCS which is subject to Bridgeway's performance in accordance with the measures described above. As of September 30, 2015, Bridgeway has recorded a liability, included in the payable to AHCCCS in the accompanying balance sheets, of approximately \$1,000,000 as a reserve for the potential that required measurements are not met.

Cash and cash equivalents - Cash includes cash deposits in banks and cash equivalents. Bridgeway considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents. Accounts at each institution are insured in limited amounts by the Federal Deposit Insurance Corporation (FDIC). As of September 30, 2015 and 2014, cash and cash equivalents consisted of cash, commercial paper and certificates of deposit with original maturities of three months or less. Commercial paper and certificates of deposit totaled approximately \$36,000,000 and \$31,000,000 at September 30, 2015 and 2014, respectively.

Cash management - The Company utilizes a cash management system whereby all deposits and disbursements are reconciled monthly. As a result, checks issued but not presented to banks are classified in payable to providers in the balance sheets. There was approximately \$382,000 and \$574,000 related to checks issued but not presented as of September 30, 2015 and 2014, respectively.

Pharmacy receivable - Bridgeway receives rebates from its pharmacy benefit manager based on the volume of drugs purchased. Bridgeway records a receivable and a reduction of medical expenses for estimated rebates due based on purchase information. Pharmacy rebates totaled approximately \$696,000 and \$712,000 for the years ended September 30, 2015 and 2014, respectively, which are included as reductions in ancillary and other medical services in the accompanying financial statements. As of September 30, 2015 and 2014, management believes the pharmacy receivable balances are fully collectible and accordingly, an allowance has not been established.

**BRIDGEWAY HEALTH SOLUTIONS
OF ARIZONA, LLC**

NOTES TO FINANCIAL STATEMENTS

Years Ended September 30, 2015 and 2014

(1) Organization, operations, and summary of significant accounting policies (continued)

Provider advances - Upon request, Bridgeway, in accordance with AHCCCS contract limitations, may advance monies to high-volume providers based on cash flow needs and timing of claims payments. Advances are stated at the amount management expects to collect or offset against future claims. Management provides for probable uncollectible amounts through a charge to earnings and a credit to a valuation allowance based on its assessment of the current status of individual balances. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to provider advances receivable. As of September 30, 2015 and 2014, management believes the provider advances are fully collectible and accordingly, an allowance has not been established.

Investments - Investments classified as held to maturity are carried at amortized cost. Unrealized gains and losses on investments available for sale, if any, are excluded from earnings and reported as a separate component of member's equity, net of income tax effects. Premiums and discounts are amortized or accreted over the life of the related security using the effective interest method. Bridgeway monitors the difference between the cost and fair value of investments.

Investments that experience a decline in value that is judged to be other than temporary are written down to fair value and a realized loss is recorded in investment and other income. To calculate realized gains and losses on the sale of investments, Bridgeway uses the specific amortized cost of each investment sold.

Realized gains and losses are recorded in investment income.

As of September 30, 2015 and 2014, investments consisted entirely of municipal bonds valued at the principal amount of the bonds. Accordingly, there were no realized or unrealized gains or losses on investments for the years ended September 30, 2015 and 2014.

Property and equipment - Property and equipment is recorded at cost. Maintenance and repairs are charged to operations when incurred. Individual additions and improvements in excess of \$5,000 and group purchases in excess of \$30,000 are capitalized. When property and equipment is sold or otherwise disposed of, the asset account and related accumulated depreciation account are relieved and any gain or loss is included in operations. Depreciation is computed using the straight-line method over the following general range of estimated useful lives:

	<u>Estimated Useful Lives</u>
Leasehold improvements	1 - 20 years
Furniture and equipment	5 - 10 years
Computer hardware and software	3 - 7 years

Impairment of long-lived assets - Bridgeway accounts for long-lived assets in accordance with the provisions of FASB ASC 360, *Property, Plant, and Equipment*. FASB ASC 360 requires that long-lived assets be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of cost or fair value less costs to sell. No impairment charges were recorded for the years ended September 30, 2015 and 2014.

**BRIDGEWAY HEALTH SOLUTIONS
OF ARIZONA, LLC**

NOTES TO FINANCIAL STATEMENTS

Years Ended September 30, 2015 and 2014

(1) Organization, operations, and summary of significant accounting policies (continued)

Payable to providers - Bridgeway compensates providers for authorized healthcare services to covered beneficiaries. Bridgeway uses a variety of methods to estimate the amount payable to providers including authorizations for services to be provided, payments to be made under contract arrangements currently in force, and correspondence with significant providers to ascertain the level of care being provided to beneficiaries for which a claim has not yet been submitted.

The liability for payable to providers includes estimates of amounts due on reported claims and claims that have been incurred but were not reported as of September 30, 2015 and 2014. Such liabilities represent Bridgeway's best estimate of amounts that are reasonable and adequate to discharge Bridgeway's obligations for claims incurred but unpaid as of September 30, 2015 and 2014. Such estimates are, however, subject to a significant degree of inherent variability. The methods for making such estimates and for establishing the resulting liability are continually reviewed and adjustments are reflected in each period when necessary.

The estimate for unreported services payable is developed using methods based on historical experience. While management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liability are continually reviewed and adjustments are reflected in each period when necessary.

Healthcare service cost recognition - Bridgeway contracts with various at-risk providers for the provision of a full range of healthcare services to eligible members under fee-for-service agreements. Fee for service expenses are accrued as incurred.

Expense allocation - Certain direct, indirect and administrative expenses are incurred which benefit more than one member type or county. Such common expenses are allocated based upon an AHCCCS approved cost allocation plan as submitted by Bridgeway, which is primarily based upon enrollment, claims and costs by lines of business.

Advertising costs - Bridgeway uses advertising, within AHCCCS and CMS guidelines, to promote its programs among the communities it serves. Advertising costs are expensed as incurred, and are included in general and administrative expenses on the statements of operations. Advertising expense for the years ended September 30, 2015 and 2014 was approximately \$155,000 and \$239,000, respectively.

Income taxes - Deferred tax assets and liabilities are recorded for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases.

Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date of the tax rate change.

Valuation allowances are provided when it is considered more likely than not that deferred tax assets will not be realized. In determining if a deductible temporary difference or net operating loss can be realized, Bridgeway considers future reversals of existing taxable temporary differences, future taxable income, taxable income in prior year carryback periods and tax planning strategies.

**BRIDGEWAY HEALTH SOLUTIONS
OF ARIZONA, LLC**

NOTES TO FINANCIAL STATEMENTS

Years Ended September 30, 2015 and 2014

(1) Organization, operations, and summary of significant accounting policies (continued)

Bridgeway's policy is to classify income tax penalties and interest as income tax expense in its financial statements. During the years ended September 30, 2015 and 2014, Bridgeway incurred no penalties or interest.

Bridgeway evaluates its uncertain tax positions, if any, on a continual basis through review of its policies and procedures, review of its regular tax filings, and discussions with outside experts.

Bridgeway is subject to a 2% premium tax on all payments received from AHCCCS for premiums, reinsurance, and reconciliations. Total premium tax expense for the years ended September 30, 2015 and 2014 was \$4,286,517 and \$4,420,190, respectively.

Subsequent events - Bridgeway has evaluated events through January 26, 2016, which is the date the financial statements were available to be issued. Except as disclosed in Note 10, management is not aware of any events that have occurred subsequent to the date of the balance sheet that would require adjustment to, or disclosure in, the financial statements.

(2) Contract performance bond

In accordance with the terms of its contract with AHCCCS, Bridgeway is required to post performance bonds equal to 80% of the first monthly payment to Bridgeway each fiscal year based on gross capitation payments, as specified in the contract. The amount of the bonds is subject to adjustment as certain conditions change and its method of calculation is specified in the contract. The performance bonds must be maintained to guarantee payment of Bridgeway's obligations under the contract. The total AHCCCS performance bond requirement was \$16,000,000 for 2015 and \$17,835,280 for 2014. To meet AHCCCS requirements for Medicare plans, Bridgeway purchased and posted a performance bond in the amount of \$1,600,000 for 2015 and 2014 for the Medicare Advantage plan. In 2015 and 2014, the performance bond requirements were met through the annual purchase of a surety bond in the required amounts.

(3) Property and equipment

Property and equipment consists of:

	2015	2014
Leasehold improvements	\$ 546,193	\$ 546,193
Furniture and equipment	454,146	482,414
Computer hardware	491,744	487,745
Computer software	73,972	88,161
Construction in progress	80,679	21,423
Total cost and donated value	1,646,734	1,625,936
Accumulated depreciation	(1,280,422)	(1,242,672)
Net property and equipment	\$ 366,312	\$ 383,264

Depreciation expense charged to operations was \$143,083 and \$229,872 for 2015 and 2014, respectively.

**BRIDGEWAY HEALTH SOLUTIONS
OF ARIZONA, LLC**

NOTES TO FINANCIAL STATEMENTS

Years Ended September 30, 2015 and 2014

(4) Income taxes

Federal income tax returns are filed on a consolidated basis with Centene, the parent corporation, and other subsidiaries. A provision for income taxes has been provided for under a separate return method. This results in each component company of the consolidated group showing tax provision solely on the results of its own operations and respective effective tax rate. The effective tax rate is different than the amount that would be computed by applying the United States corporate income tax rate to the income before income taxes. These differences are a result of multiple items, including permanent book/tax differences and state tax filings.

Current taxes which would have been due on a separate company basis have either been paid to or will be paid to the parent company. Deferred income tax assets and liabilities are computed based upon cumulative temporary differences in financial reporting and taxable income based on enacted tax law in effect for the year in which the temporary differences are expected to be recovered or settled. Deferred tax assets result primarily from reserves established for financial reporting purposes but are not deductible for tax purposes.

Income tax benefits provided by the Company to the consolidated group as a result of utilizing operating losses will be reimbursed by the parent corporation pursuant to a signed agreement between the companies. The income tax provision consists of the following for the years ended September 30:

	<u>2015</u>	<u>2014</u>
Current provision:		
Federal	\$ 3,254,251	\$ 3,364,553
State and local	152,136	93,727
Total current provision	<u>3,406,387</u>	<u>3,458,280</u>
Deferred benefit	(76,988)	(809,366)
Total provision for income taxes	<u>\$ 3,329,399</u>	<u>\$ 2,648,914</u>

The components of deferred income tax assets (liabilities) included in the accompanying balance sheets are as follows:

	<u>2015</u>	<u>2014</u>
Current deferred income tax assets (liabilities):		
Loss reserves	\$ 2,221,228	\$ 2,248,080
Prepaid expenses	(33,762)	(38,775)
Accrued liabilities	568,850	523,982
Deferred rent	46,658	-
Net current deferred tax assets	<u>\$ 2,802,974</u>	<u>\$ 2,733,287</u>
Noncurrent deferred income tax liabilities:		
Depreciation	(79,237)	(86,538)
Net non-current deferred income tax liabilities	<u>\$ (79,237)</u>	<u>\$ (86,538)</u>

(5) Related-party transactions

Centene, CenCorp and affiliated companies provide administrative and other services to Bridgeway, including systems functions, accounts payable and payroll processing. Included in general and administrative expenses is a management fee to cover the costs of the administrative services provided by these affiliated companies. Management fees included in general and administrative expenses were approximately \$9,000,000 and \$8,800,000 for the years ended September 30, 2015 and 2014, respectively.

**BRIDGEWAY HEALTH SOLUTIONS
OF ARIZONA, LLC**

NOTES TO FINANCIAL STATEMENTS

Years Ended September 30, 2015 and 2014

(5) Related-party transactions (continued)

Amounts due to affiliated companies at September 30, 2015 and 2014 primarily represent payroll and trade accounts payable, which are payable to Centene subsidiaries.

Under the provisions of the contract with AHCCCS, member distributions may be paid only with prior approval of AHCCCS. For the year ended September 30, 2015, there were no distributions declared and paid. For the year ended September 30, 2014, distributions totaling \$3,000,000 were declared and paid.

Bridgeway contracts with NurseWise, an affiliated company wholly owned by CenCorp, to provide after-hours nurse triage and call center services to eligible enrollees that are served under the AHCCCS contract. The Company paid NurseWise approximately \$175,000 and \$200,000 through a capitation payment for the years ended September 30, 2015 and 2014, respectively, for these services. These amounts are included in ancillary and other medical services in the accompanying statements of operations.

US Script, an affiliated company wholly owned by CenCorp, provides pharmacy benefit management services to eligible enrollees. Bridgeway paid US Script approximately \$12,600,000 and \$10,700,000 for these services for the years ended September 30, 2015 and 2014, respectively. Claims encounters are submitted to AHCCCS and CMS to substantiate these payments. US Script also receives an administration fee from Bridgeway for administering the pharmacy claims processing. For the years ended September 30, 2015 and 2014, respectively, these administration fees approximated \$493,000 and \$479,000. These amounts are included in ancillary and other medical services in the accompanying statements of operations.

Cenpatico, an affiliated company wholly owned by CenCorp, provides a network and manages the behavioral health benefits for eligible enrollees utilizing behavioral health services. Bridgeway paid Cenpatico approximately \$713,000 and \$671,000 for these services during the years ended September 30, 2015 and 2014, respectively. These amounts are included in ancillary and other medical services in the accompanying statements of operations.

OptiCare, an affiliated company wholly owned by CenCorp, provides a vision network and manages the vision benefits for eligible enrollees. Bridgeway paid OptiCare approximately \$95,000 and \$92,000 for these services during the years ended September 30, 2015 and 2014, respectively. These amounts are included in ancillary and other medical services in the accompanying statements of operations.

Nurtur, an affiliated company wholly owned by CenCorp, provides disease management services for eligible enrollees. Bridgeway paid Nurtur approximately \$421,000 and \$429,000 for these services during the years ended September 30, 2015 and 2014, respectively. These amounts are included in ancillary and other medical services in the accompanying statements of operations.

Dental Health and Wellness, an affiliated company wholly owned by CenCorp, provides dental services for eligible enrollees. Bridgeway paid Dental Health and Wellness approximately \$26,000 for these services during the year ended September 30, 2015. These amounts are included in ancillary and other medical services in the accompanying statements of operations.

BRIDGEWAY HEALTH SOLUTIONS OF ARIZONA, LLC

NOTES TO FINANCIAL STATEMENTS

Years Ended September 30, 2015 and 2014

(6) Retirement plan

Bridgeway participates in the retirement plan of its parent company, Centene. Centene has a defined contribution plan which covers substantially all of its employees who work at least 1,000 hours in a twelve consecutive month period and are at least twenty-one years of age. Under the plan, eligible employees may contribute a percentage of their base salary, subject to certain limitations. Centene may elect to match a portion of the employees' contribution. Bridgeway's expense related to matching contributions to the plan was approximately \$138,000 and \$115,000 for the years ended September 30, 2015 and 2014, respectively.

(7) Commitments and contingencies

Operating Leases - Bridgeway leases office space in Arizona for its headquarters and various satellite offices and leases certain equipment. These operating lease agreements expire at various dates through May 2023. Certain operating leases contain escalation provisions. The rental expense related to these leases is recorded on a straight-line basis over the lease term, including rent holidays. The difference between rent expense and rent paid due to recording expenses on the straight-line method of approximately \$130,000 and \$176,000 at September 30, 2015 and 2014, respectively, is included in accounts payable and accrued expenses in the accompanying balance sheets.

In the normal course of business, operating leases are generally renewed or replaced by other leases. Minimum future payments under these non-cancelable operating leases as of September 30, 2015 are as follows:

Years Ending September 30.

2016	\$	685,925
2017		827,990
2018		415,572
2019		387,441
2020		397,739
Thereafter		980,395
Total minimum lease payments		<u>\$ 3,695,062</u>

Rent expense was approximately \$427,000 and \$444,000 for the years ended September 30, 2015 and 2014, respectively.

Liability insurance - Bridgeway, through Centene, maintains professional and general liability insurance. The professional liability coverage is written on a claims made basis and insures losses up to \$15,000,000 with a self-insured retention of \$2,000,000. There is an umbrella policy over the professional liability coverage with a limit of \$15,000,000. The general liability insurance is written on an occurrence basis and insures losses up to \$1,000,000 per claim and \$2,000,000 in the aggregate. There is also an umbrella policy over the general liability insurance with a limit of \$25,000,000. Claims reported endorsement (tail coverage) is available if the professional policy is not renewed to cover claims incurred but not reported. Bridgeway anticipates that renewal coverage will be available at the expiration of the current policy. Bridgeway participates in the above policy with its affiliates. Per claim and aggregate limits are applicable to all covered entities as a group.

Litigation - Periodically, Bridgeway may be involved in litigation and claims arising in the normal course of operations. In the opinion of management based on consultation with legal counsel, losses, if any, from these matters are covered by insurance or are immaterial.

**BRIDGEWAY HEALTH SOLUTIONS
OF ARIZONA, LLC**

NOTES TO FINANCIAL STATEMENTS

Years Ended September 30, 2015 and 2014

(7) Commitments and contingencies (continued)

Healthcare regulation - The healthcare industry is subject to numerous laws and regulations of federal, state and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government healthcare program participation requirements, reimbursement for patient services, and Medicare and Medicaid fraud and abuse. Violations of these laws and regulations could result in expulsion from government healthcare programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed. Management believes that Bridgeway is in compliance with fraud and abuse laws and regulations, as well as other applicable government laws and regulations. Compliance with such laws and regulations can be subject to future review and interpretation as well as regulatory actions unknown or unasserted at this time.

Health reform legislation at both the federal and state levels continues to evolve. Changes continue to impact existing and future laws and rules. Such changes may impact the way the Company does business, restrict revenue and enrollment growth in certain products and market segments, restrict premium growth rates for certain products and market segments, increase medical, administration and capital costs, and expose the Company to increased risk of loss or further liabilities. The Company's operating results, financial position and cash flows could be adversely impacted by such changes.

(8) Contract requirements

In accordance with its contracts with AHCCCS and CMS, Bridgeway is required to maintain certain minimum financial reporting and viability measures.

Pursuant to its ALTCS contract with AHCCCS, Bridgeway must meet a minimum capitalization requirement based on the number of members enrolled. As of September 30, 2015 and 2014, Bridgeway was in compliance with this requirement.

In August 2015, Bridgeway reallocated \$1,000,000 of equity from the ALTCS to the Medicare Advantage business segment in order to maintain equity requirements as established by AHCCCS. This reallocation was preapproved by AHCCCS.

Bridgeway's contract with AHCCCS contains various quarterly financial viability standards and performance guidelines. As of September 30, 2015 and 2014, Bridgeway was in compliance with these requirements.

Should Bridgeway be in default of any material obligations under its contracts with AHCCCS, AHCCCS may, at its discretion, in addition to other remedies, either adjust the amount of future payment or withhold future payment until they have received satisfactory resolution of the default or exception. In addition, although it has not expressed an intention to do so, AHCCCS has the right to terminate the contracts in whole or in part without cause by giving Bridgeway 90 days written notice. Further, if monies are not appropriated by the state or are not otherwise available, the contracts with AHCCCS may be cancelled upon written notice until such monies are so appropriated or available.

**BRIDGEWAY HEALTH SOLUTIONS
OF ARIZONA, LLC**

NOTES TO FINANCIAL STATEMENTS

Years Ended September 30, 2015 and 2014

(8) Contract requirements (continued)

During contract year 2014, Bridgeway was sanctioned by AHCCCS under the ALTCS contract for failing to comply with Medicare service area expansion requirements. For the year ended September 30, 2014, these sanctions totaled approximately \$450,000 and were withheld from Bridgeway's capitation payments. These amounts are included in general and administrative expenses in the accompanying statement of operations. Additionally, during contract year 2014, Bridgeway was notified of certain matters of noncompliance related to the Acute Care contract and the ALTCS contract which resulted in AHCCCS sanctioning Bridgeway approximately \$146,000 and \$88,000 for the matters of noncompliance noted for the Acute Care and ALTCS contracts, respectively. These amounts are included in general and administrative expenses in the accompanying statement of operations for the year ended September 30, 2014. As of September 30, 2014, Bridgeway reserved for potential sanctions totaling approximately \$143,000 which is included in accounts payable and accrued expenses in the accompanying balance sheets.

During contract year 2015, Bridgeway was successful in a ruling from CMS to allow for the expansion of the Medicare services into four of the five remaining counties where it serves long-term care members.

(9) Concentration of credit risk

Future contract awards are contingent upon the continuation of the AHCCCS ALTCS program by the State of Arizona and Bridgeway's ability and desire to retain its status as a contractor under this program. The ALTCS contract expired on September 30, 2011 and was renewed for three years through a reprocurement process with two additional one year renewal options. The Medicare Advantage contract is renewed annually by CMS. Bridgeway management expects the contracts with AHCCCS and CMS to be renewed through the respective renewal processes. If either contract is not renewed, Bridgeway's operations would be materially impacted.

(10) Subsequent event

In October 2015, the corporate structure of Bridgeway was changed from a limited liability company to a corporation in accordance with the requirements of the contract with AHCCCS. The name was concurrently changed to Bridgeway Health Solutions of Arizona, Inc. The Board of Directors authorized the issuance of 100 shares of common stock with a par value of \$1. All shares are owned by CenCorp, the sole member of the former limited liability company.

INDEPENDENT AUDITORS' REPORT ON SUPPLEMENTAL INFORMATION

To the Board of Directors of

BRIDGEWAY HEALTH SOLUTIONS OF ARIZONA, LLC

We have audited the financial statements of *Bridgeway Health Solutions of Arizona, LLC* as of and for the year ended September 30, 2015, and our report thereon dated January 26, 2016, which expressed an unmodified opinion on those financial statements, appears on pages 1 and 2. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The financial information on pages 23 through 35 is presented for purposes of additional analysis and is not a required part of the financial statements. These schedules are required in accordance with the AHCCCS contract. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.
