

AHCCCS

## CLAIMS CLUES

A Publication of the AHCCCS Claims Department  
April 2011- Supplemental

### COST SHARING

Currently any Fee for Service (FFS) enrolled member is exempt from cost sharing. In addition, effective [May 1, 2011](#) American Indians enrolled in a managed care organization will no longer have cost sharing. Cost sharing files submitted to AHCCCS health plans will indicate an amount of zero for any American Indian that has previously been a user of an IHS, Tribal 638 or Urban Indian health program facility.

If you have patients that are American Indian and they do not show as exempt from cost sharing, please contact the AHCCCS Client Advocate Office.
