

All data published in this report is a snapshot in time and reflects what happened during the reporting period.

*AHCCCS continued to perform renewals during the public health emergency (March 2020 - February 17, 2023). If AHCCCS received information that a member was factually ineligible (or if they failed to respond to a request for information), that member retained medical coverage and is counted as a "Covid Override."

**Members who were found eligible at each renewal during the public health emergency are counted as "Regular."

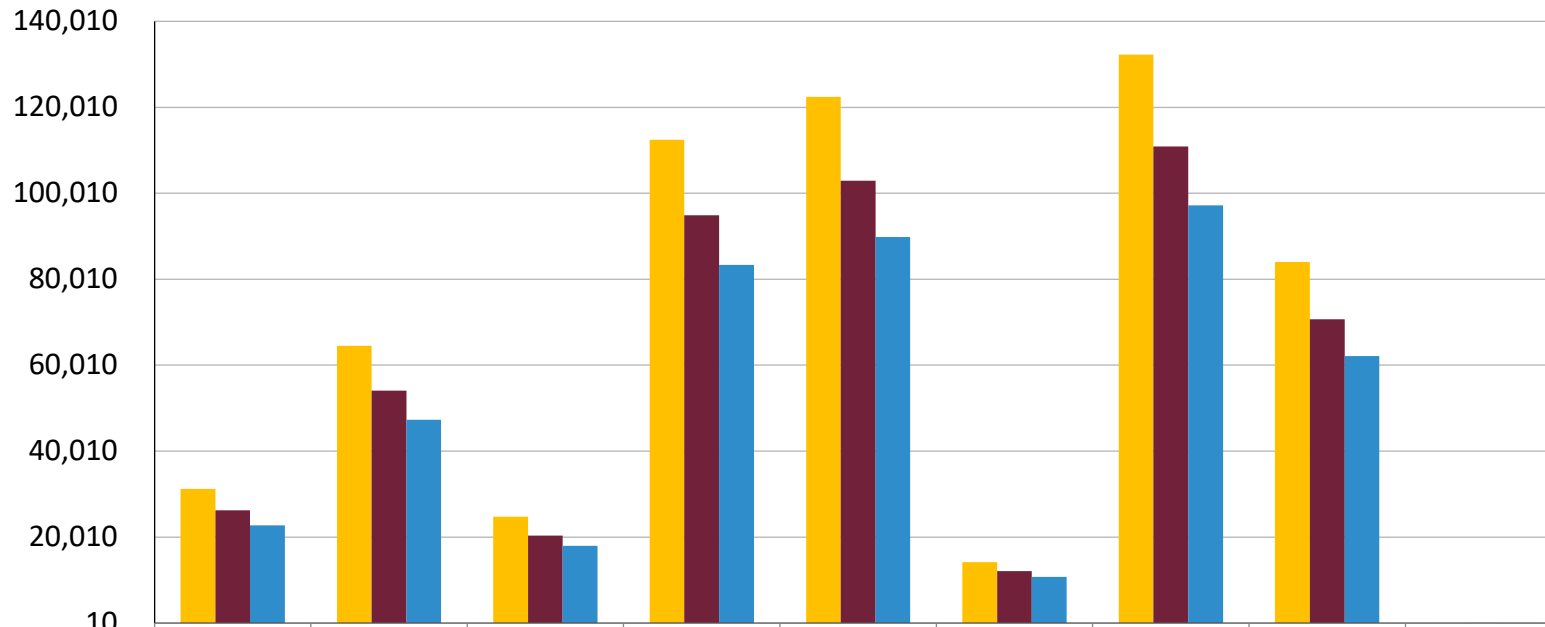

Total Covid Overrides Remaining by Month

	February-23	March-23	April-23
● Total Covid Overrides	674,588	542,069	480,280

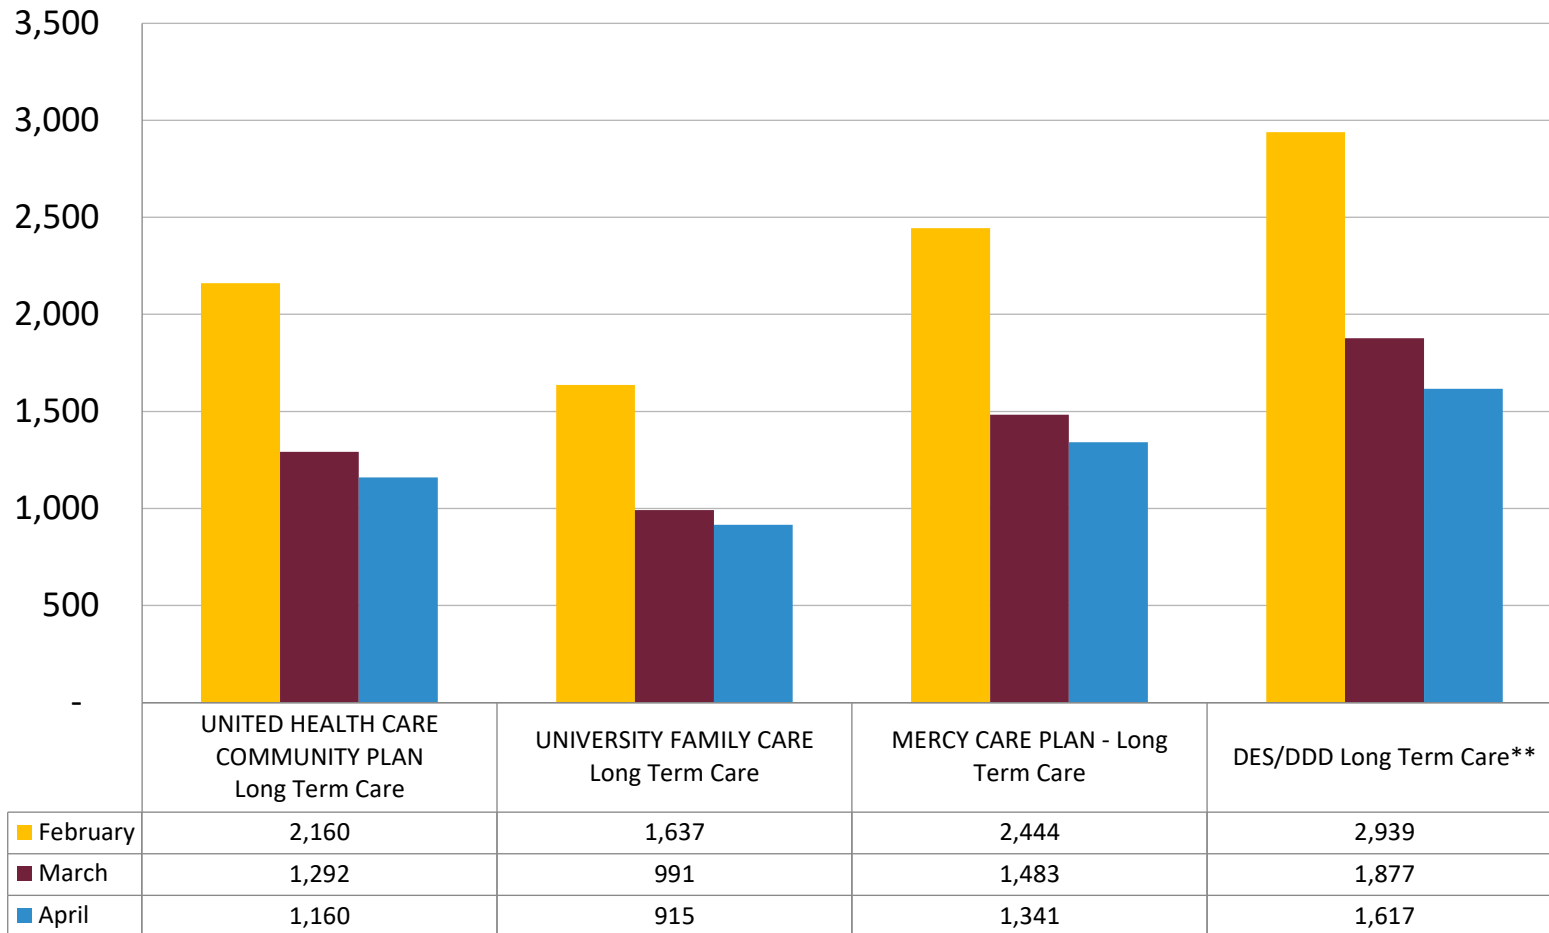

This data reflects individuals who were once in an override status and have since completed a renewal or user generated change.
