Types of Collaboration

The Road to Collaboration for Treatment and Services

[The Arizona Administrative Code \(A.C.C.\) R9-21](#)

Types of Collaboration for Treatment and Services

Some common collaborations involve, but are not limited to:

Case Management - A collaborative process, which assess, plans, implements, coordinates, monitors, and evaluates options and services to meet an individual's health needs through communication and available resources to promote quality, and cost-effective outcomes. Read more about AHCCCS' Medical Policy Manual for [Case Management requirements](#) and [the Arizona Administrative Code](#).

Individual Service Plan (ISP) - A comprehensive written description of all covered health services and other informal supports which includes individualized goals, family support services, care coordination activities and strategies to assist the member in achieving an improved quality of life. Read more about the ISP in [the Arizona Administrative Code](#).

Adult Recovery Team (ART) - According to [AHCCCS Contract and Policy Dictionary](#), a group of individuals that follow the [Nine Guiding Principles](#) for Recovery-Oriented Adult Behavioral Health Services and Systems, work in collaboration and are actively involved in a member's assessment, service planning, and service delivery.

Types of Collaboration for Treatment and Services

Inpatient Treatment and Discharge Plan (ITDP) - According to the [the Arizona Administrative Code](#), the written plan for services and implemented by an inpatient facility. “Discharge plan” means a hospital or community treatment and discharge plan prepared. “Inpatient facility” means the Arizona State Hospital, the County Annex, or any other inpatient treatment facility registered with or funded to provide behavioral health services, including psychiatric health facilities, psychiatric hospitals, and psychiatric units in general hospitals.

Medication Review - This is done in collaboration with the Behavioral Health Professional (BHP) in accordance with their scope of practice as a individual licensed and authorized by law to use and prescribe medication and devices.

Service Implementation - Services agreed upon through the service plan process as identified in R9-21-310 of the [the Arizona Administrative Code](#).

Collaborators

Ywchari Manos, OHR Advocate

Important Collaborators

Member - Person receiving services. An eligible individual who is enrolled in AHCCCS.

Designated Representative (DR) - An individual, parent, guardian, relative, advocate, friend, OHR Advocate or other individual, designated orally or in writing by a member or guardian who, upon the request of the member, assists the member in protecting the member's rights and voicing the member's service needs. Refer to [the Arizona Administrative Code](#). The Designated Representative is sometimes referred to as a natural support.

Health Care Decision Maker (HCDM) - Some treatment planning decisions are made on behalf of members if they have a HCDM, which is defined as: An individual who is authorized to make health care treatment decisions and is sometimes filled by guardians. Refer to [AHCCCS Contract and Policy Dictionary](#).

Important Collaborators

Case Manager - An individual assigned as responsible for locating, accessing, and monitoring the provision of services to individuals in conjunction with a clinical team as specified in [the Arizona Administrative Code](#).

Peer Support: Peer support services are for members who may need more personalized support than natural supports or community based recovery groups (such as 12 Step groups) can be provided by an individual with lived experience of mental health conditions, substance use, and/or other traumas resulting in emotional distress and significant life disruption, for which they have sought help or care, and has an experience of recovery to share. Read more about Peer Support from [AHCCCS OIFA](#) and [AMPM 963](#).

Family Support: Family support means the person who is working with you has experience as a credentialed primary support for an adult with emotional, behavioral health or substance use needs and has completed a formal training program to provide this service. Read more about Family support from [AHCCCS OIFA](#).

Important Collaborators

Behavioral Health Professional (BHP) - “Qualified clinician” means a behavioral health professional who is licensed or certified under A.R.S. Title 32, or a behavioral health technician who is supervised by a licensed or certified behavioral health professional as specified in [the Arizona Administrative Code](#).

Primary Care Physician (PCP) - A PCP may be a physician defined as an individual licensed as an allopathic or osteopathic physician, or a practitioner defined as a licensed physician assistant, or a licensed nurse practitioner as specified in [Arizona Revised Statutes](#).

Behavioral Health Residential Facility (BHRF) - As specified in [the Arizona Administrative Code](#), a health care institution that provides treatment to an individual experiencing a behavioral health issue that:

1. Limits the individual’s ability to be independent, or
2. Causes the individual to require treatment to maintain or enhance independence.

Important Collaborators

Division of Developmental Disabilities (DDD) - The Division of a State agency, which is responsible for serving eligible Arizona residents with an intellectual/developmental disability. AHCCCS contracts with DES/DDD to serve Medicaid eligible individuals with an intellectual/developmental disability.

Health Plans: Also referred to as contractor, is an organization or entity that has a contract with AHCCCS to provide services to members either directly or through subcontracts with providers, in agreement with contractual requirements and State and Federal law, rule, regulations, and policies.

All Service Providers - Any individual or entity that is engaged in the delivery of services, or ordering or referring for those services, and is legally authorized to do so by the State in which it delivers the services, as specified in [42 Code of Federal Regulations \(CFR\) 457.10 and 42 CFR 438.2.](#)

Tips and Results of Effective Collaboration

Kisha Kimber, OHR Advocate

Tips for Effective Collaboration

- Believe that there is a common goal
- Consider both sides and ask for clarification to ensure understanding
- Focus on the specific situation and state the facts, what is needed and why?
- Plan your conversation ahead of time so you know exactly what you want to say
- Some solutions involve creativity, come prepared with ideas to share
- Be respectful to yourself and others
- Agree as a team to follow meeting etiquette and rules
- Ensure everyone has a chance to speak without interrupting or speaking over, share preferred pronouns, if in a virtual meeting, agree to use the raised hand feature
- Ask for a short break to gather thoughts if needed

Results of Collaboration

- Empowers team members
- Helps close communication gaps
- Minimizes readmission rates
- Promotes teamwork—and a team mentality
- Results in person-centered care

AHCCCS Collaboration

AHCCCS Policy Workgroups

AHCCCS collects the feedback we receive from multiple platforms of engagements to gauge customer satisfaction, resolve problems, identify potential opportunities for improvement, and set future goals. The feedback is reviewed and helps drive AHCCCS policies.

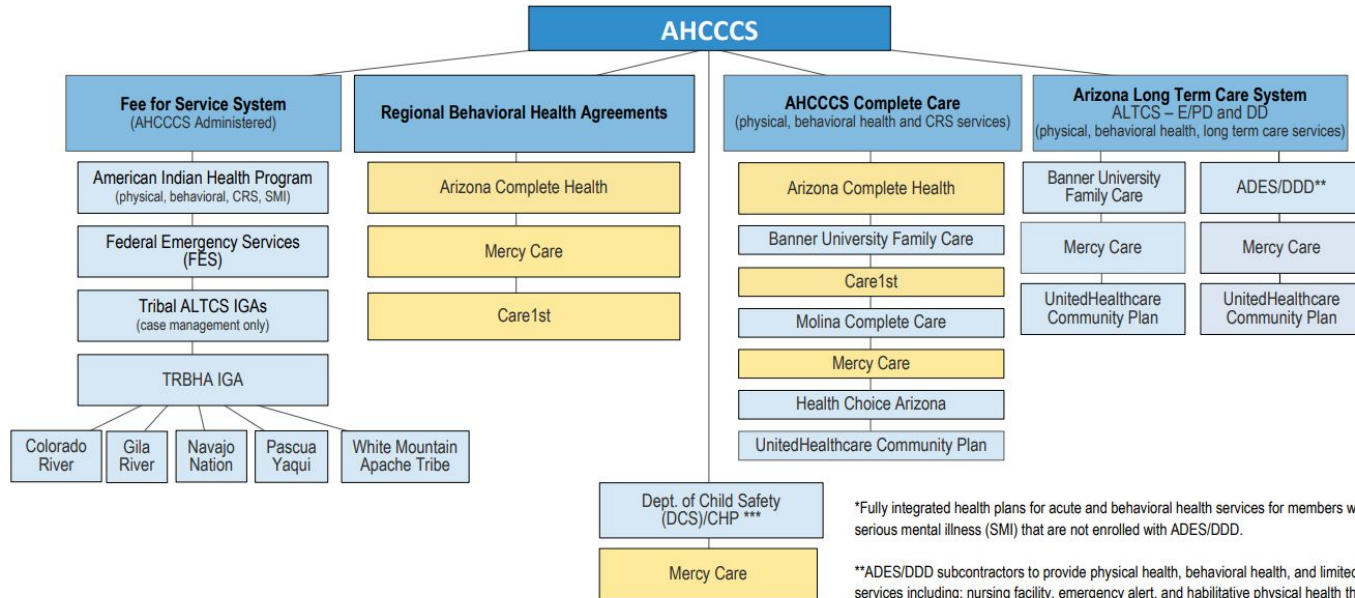

Health Plan Coordination

AHCCCS routinely meets with the health plans to review community feedback, grievances, appeals, systemic trends and information from calls we receive from the community. This is all done to collaborate towards achieving the common goal of integrated treatment to meet the needs of the individual receiving treatment.

AHCCCS Care Delivery System as of October 1, 2022

*Fully integrated health plans for acute and behavioral health services for members with serious mental illness (SMI) that are not enrolled with ADES/DDD.

**ADES/DDD subcontractors to provide physical health, behavioral health, and limited LTSS services including: nursing facility, emergency alert, and rehabilitative physical health therapy for members age 21 and over. ADES/DDD to provide all other LTSS and coordinate with AHCCCS' Division of Fee for Service Management to provide services for the Tribal Health Program for American Indian members.

***DCS/Comprehensive Health Plan (CHP) statewide subcontractor to provide physical and behavioral health services.

Coordination with External Agencies

AHCCCS collaborates with many external agencies regarding the provision of SMI behavioral health services. Some include, but are not limited to:

- Adult Mental Health Court/Court Order Evaluation/Court Order Treatment
- Adult Probation/Justice Liaison
- Adult Protective Services
- Arizona Center for Disability Law
- Arizona Long Term Care
- Arizona State Hospital
- Department of Economic Security, Division of Developmental Disabilities
- Public Fiduciary/Private

Power of Advocacy

Autumn Darsey, OHR Advocate

Types of Advocacy

Individual Advocacy

- Educating on policy & processes, resources:
 - The Arizona Administrative Code
 - AHCCCS Medical Policy Manual
 - SMI grievance and appeal process

Community Advocacy

- AHCCCS, OHR, OIFA and informative forums
- Community feedback influences change

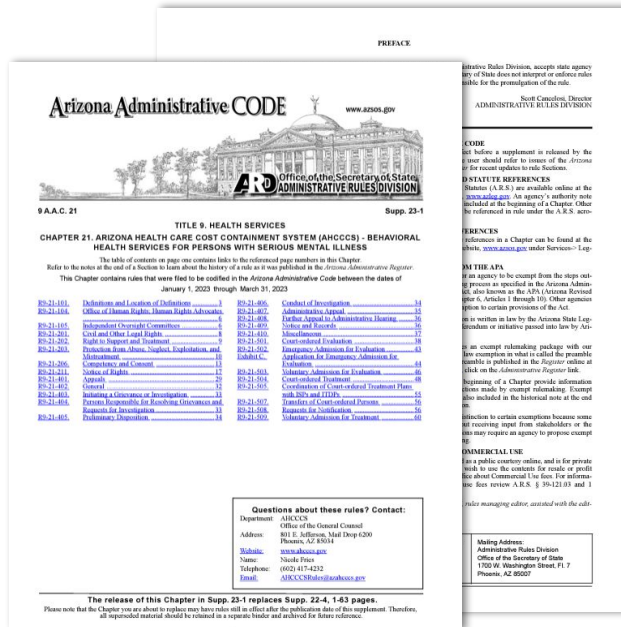

Range of Influence

- These examples of advocacy bring about impactful changes to all stakeholders and system of care as a whole.

Individual Advocacy: Code

- In the public behavioral health system in Arizona, individuals living with an SMI have specific rights, including:
 - Civil rights and other legal rights, and
 - Rights in the public behavioral health system*
- The Arizona Administrative Code lists the [Rights for Individuals Living with a Serious Mental Illness](#) regarding support and treatment.
- A person **does not** lose legal rights when determined to have an SMI.**
- Knowing where to find - and what the SMI rights are in The Arizona Administrative Code - is a form of individual advocacy.

*For a comprehensive list see [the Arizona Administrative Code R9-21-201-211](#)

A guardianship order or a court order for treatment **does affect certain rights.

Required by AHCCCS Policy

- The [AHCCCS Medical Policy Manual](#) (AMPM) provides information to Contractors and Providers regarding services that are covered within the AHCCCS program.
- [AMPM 320-R](#) is where to find the policy on Special Assistance for members with a Serious Mental Illness and other policies of interest, such as:
 - Discharge Planning - [1020 \(C.\)](#)
 - Behavioral Health Covered Services - [310-B](#)
 - Case Manager Requirements - [570](#)

For a comprehensive list see all [AHCCCS Medical Policy Manuals](#).

The screenshot displays the AHCCCS Medical Policy Manual (AMPM) website. The top navigation bar includes links for HOME, AHCCCS INFO, MEMBERS/APPLICANTS, PLANS/PROVIDERS, AMERICAN INDIANS, RESOURCES, FRAUD PREVENTION, and CRISIS SERVICES. Below this, a breadcrumb trail shows the path: Home / Plans & Providers / Contractor Guides & Manuals / AMPM / This Page. A dropdown menu is open under 'Plans & Providers', showing 'Oversight of Health Plans' and 'Governmental Oversight'. The main heading is 'AHCCCS Medical Policy Manual (AMPM)'. Below this, a section titled 'Information Regarding COVID-19' is visible. The main content area features a table of contents with chapters 100 through 1700, each with a dropdown arrow. The chapters listed are: Chapter 100 - Manual Overview, Chapter 200 - Behavioral Health Practice Tools, Chapter 300 - Medical Policy for Covered Services, Chapter 400 - Medical Policy for Maternal and Child Health, Chapter 500 - Care Coordination Requirements, Chapter 600 - Provider Qualifications and Provider Requirements, Chapter 700 - School Based Claiming Program/Direct Services Claiming, Chapter 800 - Fee-For-Service Quality and Utilization Management, Chapter 900 - Quality Management and Performance Improvement Program, Chapter 1000 - Medical Management (MM), Chapter 1100 - Federal Emergency Services (FES) Program, Chapter 1200 - ALTCS Services and Setting for Members who are Elderly and/or Have Physical Disabilities and/or Have Developmental Disabilities, Chapter 1300 - Member Directed Options, Chapter 1600 - ALTCS Case Management, Chapter 1700 - Health Related Social Needs, and AMPM Revision Memos.

Tips for Collaboration & Advocacy: Before, During, After

Autumn Darsey, OHR Advocate

Tips for Collaboration & Advocacy: Before Meeting

- Know who is part of the Adult Recovery Team, their role, and preferred way of communicating (email, phone call, etc.)
- Know the structure of how to route information i.e. who to call to schedule routine medication appointments, if a need arises in between scheduled meetings, or who to speak with to express a concern or feedback.
- Prepare for meetings:
 - Before the meeting, create a list of concerns, needs, and updates to discuss.
 - Between meetings, keep a log of discussion points.
 - Think about who will be present. If natural support is invited, ensure their awareness of how to attend.
 - Know if the meeting is virtual or in-person. If virtual, is assistance needed to navigate the login? If in-person, is a transportation plan needed?
 - Any special accommodations needed, such as translation services?

Tips for Collaboration & Advocacy: During Meeting

- Keep note of everyone at the meeting, their title, and what their role is.
- Give input, take notes, and keep records.
- If service changes are needed, the Individual Service Plan will be reviewed to ensure all needs are being met in a way that maximizes strengths, cultural preference, and independence.
- Ensure each goal has an expected completion date.

Tips for Collaboration & Advocacy: Problem Solving

Collaboration unites the member, natural supports, health home, and health plan to shed light on issues. It provides a platform to have the member's voice heard, and to problem-solve and make a path for resolution and improvements. Collaboration can be an effective problem solving tool. Consider the following, but not limited to:

- Share the concerns with the clinical team (in writing if possible),
- Ask to speak to a supervisor if necessary,
- Keep records of all efforts to make the concern known including the date, time and name of the person notified,
- Contact the health plan if the problem is not resolved,
- Request a meeting to resolve the concerns, and
- Call the OHR at 1-800-421-2124 for assistance in understanding, exercising & protecting SMI rights.

Resources on SMI complaints, appeals, and grievances is available [on our website](#).

SMI Grievance and Appeal Process

Formal actions that can be taken when a individual needs to resolve an issue in accordance with [the Arizona Administrative Code R9-21-401 and 403](#).

SMI Grievance: A complaint that is filed by an individual with a Serious Mental Illness (SMI) designation or other concerned individual alleging a violation of an SMI member's rights or a condition requiring an investigation. This process is in accordance with [AHCCCS Contractor Operations Manual \(ACOM\) 446](#) for grievances and investigations.

SMI Appeal: A request for review of an adverse decision by a Contractor or AHCCCS. This process is in accordance with [AHCCCS Contractor Operations Manual \(ACOM\) 444](#) for the notice and appeal requirements.

The image shows two overlapping forms from the AHCCCS Contractor Operations Manual. The top form is titled 'POLICY 446, ATTACHMENT A - AHCCCS APPEAL OR SERIOUS MENTAL ILLNESS GRIEVANCE FORM'. It includes sections for 'MEMBER/APPLICANT INFORMATION' with fields for name, address, phone, and date of birth, and a 'DESCRIPTION OF APPEAL OR GRIEVANCE' section. The bottom form is titled 'POLICY 444, ATTACHMENT A - AHCCCS NOTICE OF APPEAL OR SERIOUS MENTAL ILLNESS GRIEVANCE FORM'. It includes a 'WHAT SOLUTION DO YOU WANT?' section. Both forms are dated 07/01/16, 10/01/17, 10/01/19, 03/01/21.

Individual Advocacy

- Supports individualized recovery and outcomes by identifying services and interests that maximize strengths, independence and integration into the community.
- Promotes continuity of care and the proper supports in place that may reduce relapses and re-admissions.
- Ensures appropriate referrals to care settings, and that additional needs such as, but not limited to, housing, employment, and supplemental income are addressed.
- Facilitates the team approach and integrated care, increasing the potential for successful outcomes.
- Advances an individual's right to receive services that are adequate, appropriate, consistent with their individual needs, and least restrictive.

Some treatment planning decisions are made on behalf of members if they have a Health Care Decision Maker (HCDM).

Individual and Community

Ending Stigma

- Stigma shapes how we perceive mental illness and mental health. Stigma may influence who people interact or socialize with.
- Negative public perceptions hamper access to housing, employment, and health care.
- This discrimination can seriously affect a person's willingness to seek or continue treatment for mental illness.
- Stigma erodes a person's self-esteem and sense of dignity so that shame prevents them from seeking help.

Advocacy Resources

Andrea Sitter, OHR Advocate

Advocate of the Day

OHR operates a single statewide phone line during business hours to provide technical assistance to anyone living with a Serious Mental Illness. Technical assistance could include:

**2023
Calls**

- Providing education and resources for behavioral health services in Arizona,
- Helping a person understand their rights as an individual living with a Serious Mental Illness,
- Helping an individual to understand their treatment options, and
- Educating about the grievance and/or appeal process.
