**Subject:** I.H.S 638 Pharmacy Language Comments

Here are comments on behalf of the Pascua Yaqui Tribe.

1. We will need access to the complete federally reimbursable drug file.
2. Item # 4 – add language to include the option to bill for 30, 60 or day supply for same date of service fill date.
3. Item # 5 - change the date from 7 day to 10 days
4. How will the affect the 340b status for 638 Facilities? We don't see any language on the proposed changes.
