About the Alzheimer's Association

The Alzheimer's Association leads the way to end Alzheimer's and all other dementia — by accelerating global research, driving risk reduction and early detection, and maximizing quality care and support.

Our vision is a world without Alzheimer's and all other dementia[®].

The Alzheimer's Association is the world's largest nonprofit funder of Alzheimer's disease research.

Currently, the Association has

\$430 million in over 1,150 active projects in 57 countries spanning six continents.

Treatments for Alzheimer's

While there's currently no cure for Alzheimer's, there are treatments that can change disease progression, and drug and non-drug options that may help treat symptoms. Talk to your doctor to learn more about treatment options. Learn more at [alz.org/treatments](https://www.alz.org/treatments).

New treatments are available that slow disease progression for those in the earliest stages.

Drug and non-drugs options are available that **may help treat symptoms**, such as memory loss and confusion.

Everyone experiences Alzheimer's differently, treatments **work in varying degrees and are not effective for everyone**.

Take Charge of Your Brain Health

There are several risk factors for cognitive decline and dementia. Some, such as age, we can't control. But there are **actions we can take to improve our brain health.**

Growing evidence shows that **healthy living can lower the risk of cognitive decline and possibly dementia.**

Our brains need to be taken care of at all ages. It is never **too early or too late** to take action to protect brain health.

Federal Relations Updates

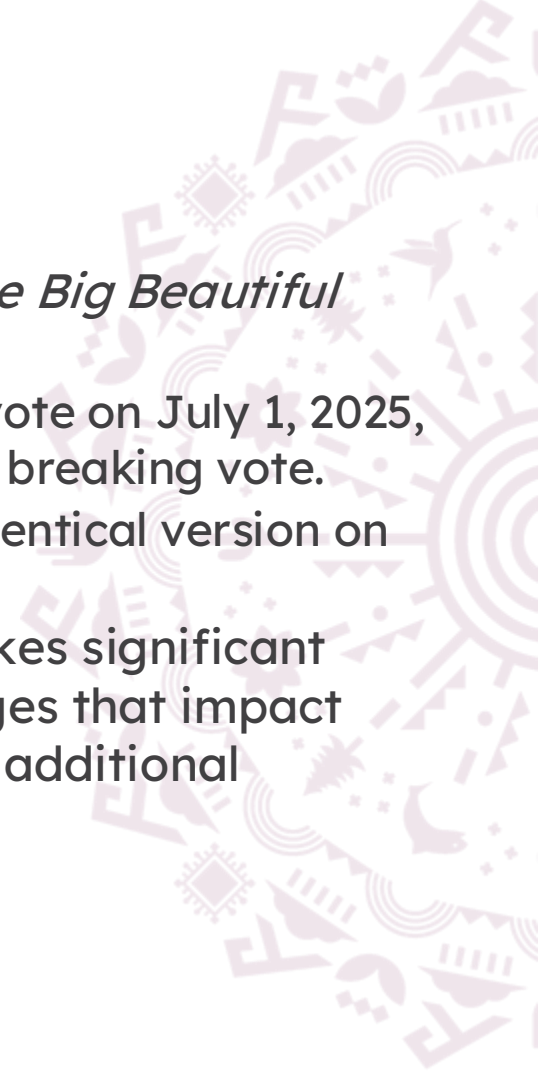

Max Seifer

Federal Relations Chief

Division of Public Policy and Strategic
Planning

H.R.1 - One Big Beautiful Bill Act

- On July 4th, 2025, President Trump signed *H.R.1 - One Big Beautiful Bill Act* (OBBBA) in law.
 - The U.S. Senate approved the bill with a 51-50 vote on July 1, 2025, with Vice President JD Vance serving as the tie breaking vote.
 - The U.S. House of Representatives passed an identical version on July 3, 2025 with a final vote of 218-214.
- In addition to various tax policies, the legislation makes significant changes to the Medicaid program by imposing changes that impact eligibility standards, Medicaid financing, and impose additional administrative requirements.

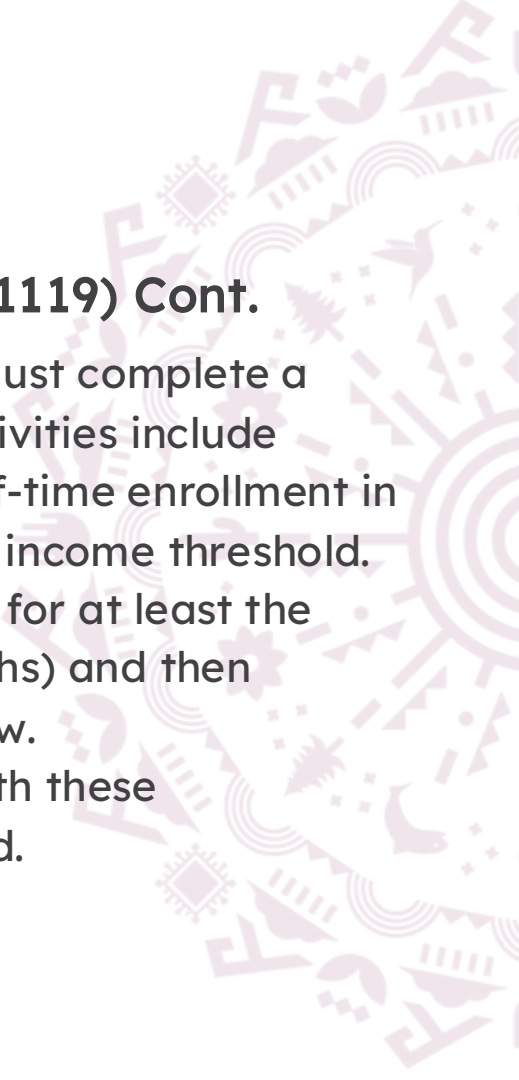

H.R.1 - One Big Beautiful Bill Act

- **Community Engagement Requirements (Section 71119)**
 - **Beginning January 1, 2027**, states are required to establish work/community engagement requirements for certain individuals.
 - **Eligibility:** Work requirements apply to adults between the ages of 19-64. However, outlines a variety of exemptions.
 - **Exemptions:** Pregnant women and those entitled to postpartum medical assistance, foster and former foster youth, Native Americans/Urban Indians, Veterans with rated disabilities, medically frail, Active AUD/SUD Treatment, meet work requirements for TANF/SNAP, parents/caregivers of a dependent child 13 years of age and under or an individual with a disability, and individuals who are incarcerated or were released within the past 90 days.

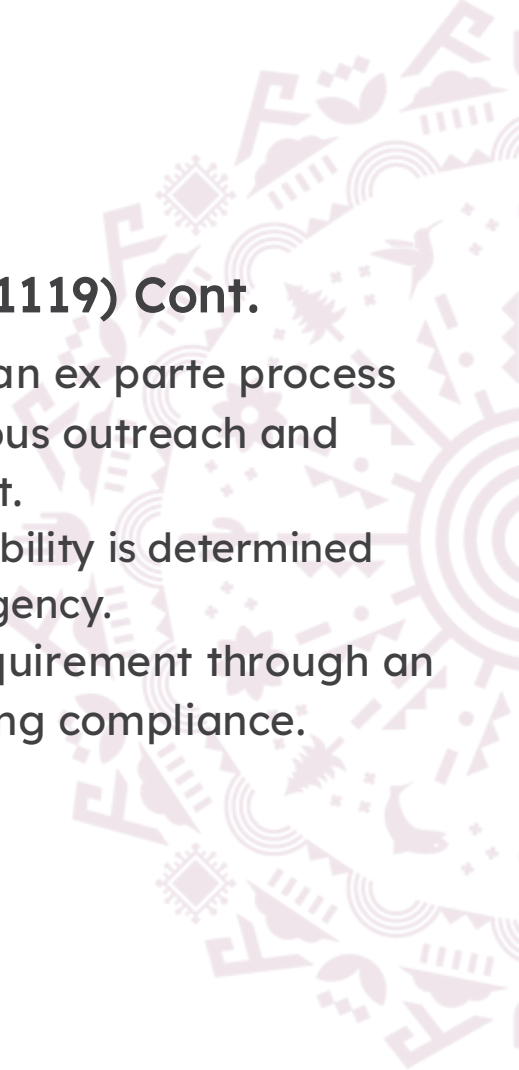

H.R.1 - One Big Beautiful Bill Act

- **Community Engagement Requirements (Section 71119) Cont.**
 - **Compliance:** Individuals subject to the requirement must complete a qualifying activity for at least 80 hours per month. Activities include employment, community service, work program, > half-time enrollment in educational program, and seasonal workers above an income threshold.
 - **Verification:** States must verify at time of application for at least the preceding month (no more than three preceding months) and then ongoing at least once during ongoing eligibility window.
 - **Non-Compliance:** If an individual does not comply with these requirements, they will be found ineligible for Medicaid.

H.R.1 - One Big Beautiful Bill Act

- **Community Engagement Requirements (Section 71119) Cont.**
 - **Additional Requirements:** States are required to use an ex parte process where applicable and will be required to conduct various outreach and education to make members aware of the requirement.
 - "Ex Parte" in Medicaid refers to a process where eligibility is determined using reliable information already available to the agency.
 - **Prohibitions:** Prohibits any state from waiving this requirement through an 1115 and prohibits conflicts of interest when determining compliance.

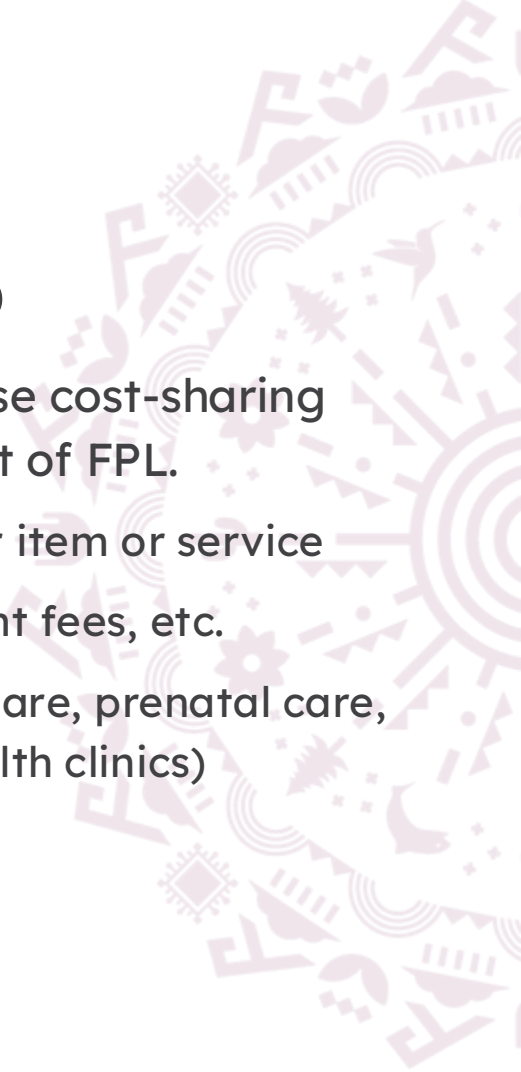

H.R.1 - One Big Beautiful Bill Act

- **Eligibility Redeterminations (Section 71107)**
 - Beginning December 31, 2026, requires states to conduct eligibility redeterminations for expansion adults every six months (currently once every 12 months)

H.R.1 - One Big Beautiful Bill Act

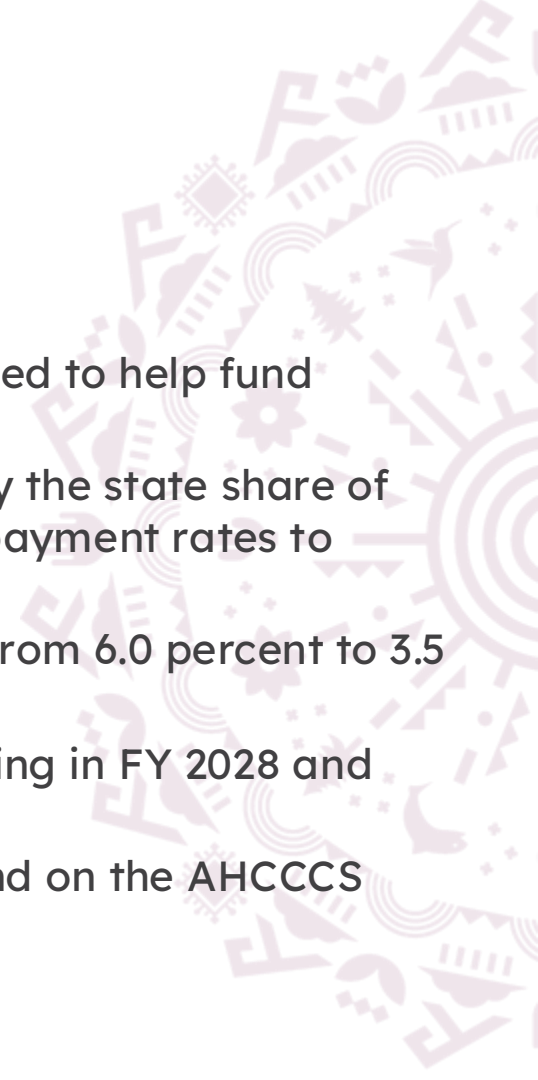

- **Cost Sharing for Expansion Adults (Section 71120)**
 - Beginning October 1, 2028, requires states to impose cost-sharing for expansion adults with incomes over 100 percent of FPL.
 - Must be more than \$0 and cannot exceed \$35 per item or service
 - States can no longer impose premiums, enrollment fees, etc.
 - Certain services/settings are excluded (primary care, prenatal care, pediatric care, emergency care, FQHCs, rural health clinics)

H.R.1 - One Big Beautiful Bill Act

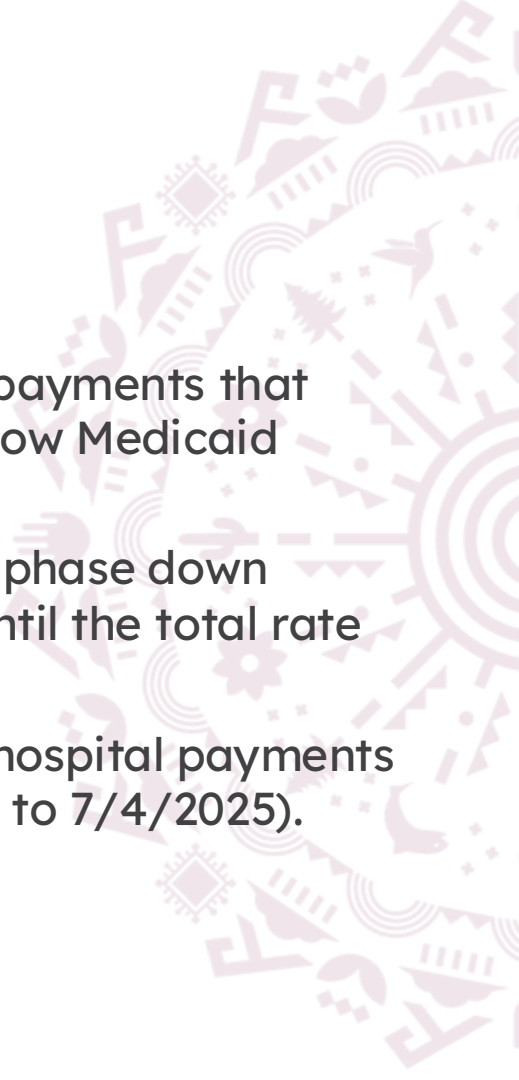

- **Provider Taxes (Section 71115)**

- Provider taxes are state-imposed taxes that are utilized to help fund various Medicaid programs.
- In Arizona, we use a fair portion of these funds to pay the state share of costs for the expansion populations and to increase payment rates to certain provider types.
- The new law will reduce the maximum allowable tax from 6.0 percent to 3.5 percent of net patient revenue.
 - This decrease will be phased-down by 0.5% starting in FY 2028 and reaching 3.5% in FY 2032.
- A more detailed analysis of this provision can be found on the AHCCCS Data Insights Webpage.

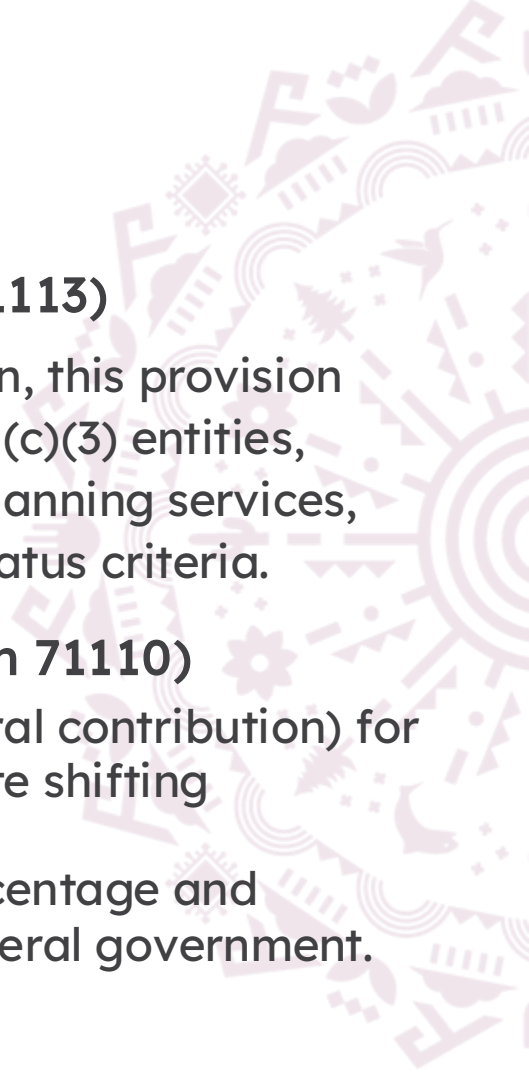

H.R.1 - One Big Beautiful Bill Act

- **State Directed Payment (Section 71116)**
 - State directed payments (SDPs) are supplemental payments that many states, including Arizona, utilize to augment low Medicaid reimbursement rates for certain providers.
 - Beginning January 1, 2028, this new legislation will phase down existing SDPs by 10 percentage points each year until the total rate reaches 100% of the Medicare Payment Rate.
 - Certain SDPs may be grandfathered (certain rural hospital payments and certain SDPs that were submitted to CMS prior to 7/4/2025).

H.R.1 - One Big Beautiful Bill Act

- **Federal Payments to Prohibited Entities (Section 71113)**
 - For one year following enactment of this legislation, this provision prohibits federal payments to entities that are: 501(c)(3) entities, essential community provider engaged in family planning services, provide abortions, and meet other financial and status criteria.
- **Expansion FMAP for Emergency Medicaid (Section 71110)**
 - Beginning October 1, 2026, sets the FMAP (or federal contribution) for emergency Medicaid to the base FMAP for the state shifting additional costs to the state.
 - "FMAP" stands for Federal Medical Assistance Percentage and represents the share of cost that is paid by the federal government.

What's Next?

- AHCCCS teams are currently in the implementation planning phase for all sections of HR1, with a particular focus on the eligibility changes.
- It's important to note the delayed effective dates of many of these provisions. There have been no immediate changes to Arizona Medicaid eligibility, services, or rates because of this legislation.
- As AHCCCS begins to develop various resources and materials, what information and resources would be most beneficial for you all?

New SMAC Member Spotlight - Ryan Johnson

Let's welcome Ryan Johnson to the SMAC!

Ryan Johnson is a Licensed Marriage and Family Therapist and currently offers therapy, consulting, and supervision services at Ryan Johnson & Associates, LLC. Her experience includes work as a family therapist, clinical supervisor, program developer, agency director, and private practitioner. Ryan's experiences have influenced her passion for advocacy and clinical care through a trauma-informed lens.

New SMAC Member Spotlight – Helena Whitney

Let's welcome Helena Whitney to the SMAC!

Whitney has deep expertise in both Arizona and federal health policy as well as an understanding of health policy and programs in other states. Notably, she most recently served as an associate principal at Health Management Associates (HMA), a prominent nationwide healthcare consulting firm. Whitney started her health policy career at the Arizona

Legislature serving as a senior health and human services policy advisor in the state House of Representatives. She also worked at the University of Arizona Health Network as the vice president of government relations & legislative affairs.

Beneficiary Advisory Council: Why?

- In 2024, the Centers for Medicare & Medicaid Services (CMS) established a requirement for all state Medicaid agencies to operate a Beneficiary Advisory Council (BAC).
- The BAC creates an opportunity to elevate member, family member and/or caregiver voice in advising AHCCCS directly on policy and program administration.

Beneficiary Advisory Council (BAC)

The BAC is a dedicated forum for **people with lived experience** of the Medicaid program. BAC members must include:

Current and/or former Medicaid enrollees

Family members of enrollees

Paid or unpaid caregivers of enrollees

States must publicly post the MAC and BAC annual report, bylaws, membership lists, member recruitment/selection processes, and meeting minutes and **MUST** submit an annual report of all BAC activities.

Medicaid Advisory Committee (MAC)

The MAC is a **diverse group of Medicaid stakeholders** with a wide range of perspectives and experiences. The MAC includes BAC members and at least one representative from each of these categories:

Clinical providers/
administrators

Participating plans/
state associations

Other state agencies as
ex officio members

State, local, or community-
based organizations

By July 10, 2027, 25% of MAC members must be from the BAC*

**In the final rule, CMS opted to phase in this requirement, providing that 10% of MAC members must also be members of the BAC for the period July 9, 2025, through July 9, 2026; 20% for the period July 10, 2026, through July 9, 2027; and 25% thereafter.*

Meeting Requirements

The BAC must meet separately and in advance of MAC meetings.

This helps ensure that the perspective of those with lived experience informs the broader discussions.

The BAC and MAC must offer a variety of meeting participation options.

Can be in-person, virtual, or hybrid, but telephone dial-in is always required.

At least two MAC meetings per year must be public.

Meetings must include dedicated time for public comment.

The BAC and MAC must each meet once per quarter.

Meetings may be held off cycle as necessary.

At least one member of the state's executive staff must attend all BAC and MAC meetings.
