Frequently Asked Questions

Q: Will covered services change?
A: Members will still have access to the same array of covered services with ACC Plans (and other plans as noted) as they do under a single statewide health plan.

Q: Will CRS members have to change health plans?
A: Currently most members with CRS conditions are enrolled with a single statewide health plan for all or a portion of their services. Effective October 1, 2018, CRS members receiving fully integrated services from the current AHCCCS Statewide CRS health plan (United Health Care Community Plan) will be enrolled with and have choice of AHCCCS Complete Care (ACC) plans for all services including CRS, other non-CRS physical health services, and all covered behavioral health services. The ACC plan will be responsible for providing all medically necessary covered services for persons with CRS qualifying conditions.

Changes with RBHA services

Regional Behavioral Health Authorities (RBHAs) will no longer serve most adults and children as of October 1, 2018 (with exceptions below). Behavioral health services will be provided through your AHCCCS Complete Care (ACC) Plan.

RBHAs will continue to provide and serve:

- Foster children enrolled in CMDP
- Members enrolled with DES/DD;
- Individuals determined to have a serious mental illness (SMI)
- Crisis services, grant funded, and state-only funded services
The Crisis system responsibilities will remain with the RBHA (in their respective GSA areas).
Continuity of Care – Plan Provider Transitions

• For transitioning members, ACC Plans must:
  o Allow members receiving BH treatment continued access to specific providers as listed in treatment plan (if agreed by provider) for duration of treatment or 6 months; whichever occurs first
  o Allow members with CRS qualifying conditions in active course of treatment on plan (if agreed by provider) for duration of treatment or 6 months; whichever occurs first
Medicare Advantage D-SNP Plan Requirement

• To further integration, each ACC Plan is required to have a Medicare Advantage D-SNP option to offer alignment to members with Medicare.

• Members with health plan changes may need to make future changes to Medicare enrollment to continue to be aligned.
