Teledentistry

Jakenna Lebsock, MPA
Quality Improvement Manager
Arizona Health Care Cost Containment System
Teledentistry and Affiliated Dental Hygienists

• Teledentistry – acquisition and transmission of all necessary subjective and objective diagnostic data through interactive audio, video, or data communications by an AHCCCS-registered dental provider to a distant dentist for triage, dental treatment planning, and referral
  o Includes provision of preventive and other approved therapeutic services the AHCCCS-registered affiliated practice dental hygienist, who provides dental hygiene services under an affiliated practice relationship with a dentist

Reaching across Arizona to provide comprehensive quality health care for those in need
Senate Bill 1282

• Builds upon affiliated practice dental hygienist legislation passed in 2004 (Sec. 32-1281 H, 32-1289)
• Gives authority to affiliated practice dental hygienists to utilize teledentistry services
• Mandates AHCCCS to implement teledentistry services for enrolled members who are under twenty-one years of age
AMPM, Chapter 300

- Teledentistry does apply to EPSDT-aged members
- Revises the code set available to affiliated practice dental hygienists registered with AHCCCS
Teledentistry Limitations

• Teledentistry does not replace the dental examination by the dentist
• Limited, periodic, and comprehensive examinations cannot be billed through the use of teledentistry alone
