

PRESENTED BY:

DR. GLORINDA SEGAY, EXECUTIVE DIRECTOR

Purpose of NDOH

- The Department is responsible to monitor, evaluate, regulate, enforce and coordinate health codes, regulations, policies, and standards and ensuring that high quality, comprehensive, and culturally relevant health care and public health services are provided for the Navajo people.
- The Department will strategically realign its operations by function: health services, public health programs, and regulatory and compliance oversight.
- The Draft Master Plan of Operation for the Department is being reviewed internally and will be finalized for 164 process, then the proposed Legislation will allow for a 5-day public comment & be put on the HEHS Committee's agenda in August 2017.
