

New Resources for Provider Enrollment

May 29, 2024

To improve service to providers, AHCCCS has recently released many new and helpful resources on the [Provider Enrollment website](#).

These resources include:

- [Information about domain access and how to complete a domain transfer](#)
- Instructions for adding a NPI to atypical provider profiles, located under [Preparing for the Provider Application](#)
- Instructions for [How to Add a Category of Service](#)
- Instructions for requesting a retroactive enrollment date, located under [Processing Timeframes and Enrollment Effective Dates](#)
- [Community Health Worker video](#) – This video is an overview of the new Community Health Worker Organization provider type. It explains briefly how to apply for the provider type and what codes are reimbursable.

Providers are encouraged to check the AHCCCS web page regularly for other helpful resources.
