

CLAIMS CLUES

A Publication of the AHCCCS DFSM Claims Department

Arizona Department of Correction (ADOC) Inpatient Claims for AHCCCS eligible Inmates

Effective immediately providers should submit claims for AHCCCS eligible ADOC inmate hospital inpatient claims and related inpatient physician services directly to AHCCCS. Corizon will continue to process all other ADOC claims.

Inmates enrolled under this process will be given an AHCCCS ID number for the period of time they are eligible.

Claims submitted for these inmates must have the AHCCCS ID number on each claim in order for the claim to process correctly. Providers should validate the AHCCCS ID number on our website at <http://www.azahcccs.gov>

Claims should be submitted to AHCCCS *only after an AHCCCS ID number has been issued* to avoid claim denials.

Corizon will continue forwarding the AHCCCS enrolled inpatient claims they have received up until June 30, 2014. After that date Corizon will deny all AHCCCS enrolled inpatient claims that should be billed directly to AHCCCS.
