FEDERAL EMERGENCY SERVICES PROGRAM (FESP)
OVERVIEW, COVERED SERVICES, BILLING REQUIREMENTS

OVERVIEW
AHCCCS provides emergency health care services through the Federal Emergency Services Program (FESP) for qualified and nonqualified aliens, as specified in 8 USC 1611 et seq. who meet all requirements for Title XIX eligibility as specified in the State Plan except for citizenship. The covered services, limitations and exclusions described in this chapter offer general guidance to providers. Specific information can be found in the AHCCCS Medical Policy Manual (AMPM) available on the AHCCCS web site at www.azahcccs.gov.

COVERED SERVICES AND LIMITATIONS
The services billed must meet the federal definition of emergency services as defined in federal law in 1903 (v) of the Social Security Act and 42 CFR 440.255 in order for a claim to be considered for reimbursement. “Emergency medical or behavioral health condition” for a FESP recipient means a medical condition (including labor and delivery) or a behavioral health condition manifesting itself by acute symptoms of sufficient severity, including extreme pain, such that the absence of immediate medical attention could reasonably be expected to result in:

[1] Placing the recipient’s health in serious jeopardy (this includes serious harm to self for purposes of behavioral health)

[2] Serious impairment to bodily functions

[3] Serious dysfunction of any bodily organ or part, or

[4] Serious physical harm to another person (for behavioral health condition).

• FESP recipients are not enrolled in health plans
• FESP recipients have no primary care physician
Only services that fully meet the federal definition of an emergency medical condition will be covered. Services may be medically necessary but may not meet this definition for FESP.

For purposes of this chapter, “acute” means symptoms that have arisen quickly and which are short-lived. “Chronic” means a health related state that is not acute.

BILLING AND DOCUMENTATION REQUIREMENTS

FESP recipients are not enrolled in health plans, and they have no primary care physician. Claims for services are reimbursed by the AHCCCS Administration on a fee-for-service basis. CMS 1500 billers must check the emergency box (Field 24i) and UB-04 billers must enter a “1” in the Admit Type (Field 19) to identify the services billed as an emergency.

For more information regarding FESP please refer to the AHCCCS Fee-For-Service Provider Manual on the AHCCCS website.

PAPER CLAIM SUBMISSION REQUIREMENT ISSUES

Division of Fee-For-Service Management (DFSM) has experienced an increased volume of paper claims that do not meet the requirements for submission.

- Print font should be Lucinda Console
- Font Size 10

The printed information must be aligned correctly within the section/box on the form. Printed information that “bleeds” into other sections on the form will cause the OCR system to read the data incorrectly.
