AHCCCS WITS
Guide for Provider Agency Staff Administrators

Preface

The Arizona Health Care Cost Containment System (AHCCCS) has selected the FEI WITS system for Arizona provider agencies to use for conducting the ASAM CONTINUUM® assessment. Arizona providers will purchase the ASAM CONTINUUM® subscriptions from FEI for use in the AHCCCS WITS system. T

Intended Audience

This user guide has been prepared for Arizona providers responsible for creating and maintaining staff accounts and ASAM CONTINUUM® subscriptions within WITS. It is expected that the staff attending this training have already had WITS Basics and ASAM CONTINUUM® training.

System Requirements

WITS is a web-based application accessed through an Internet (web) browser using Internet connection.

Internet Browsers

WITS is compatible with up-to-date versions of most modern Internet browsers such as:

- Apple® Safari®
- Google Chrome™
- Mozilla® Firefox®
- Windows Internet Explorer 10 or newer (recommended)

Note: Do not allow your Internet browser to save your password, as this information will be routinely updated.

Pop-up Blocker

Certain features in WITS, such as the launching of ASAM CONTINUUM®, will open in a separate browser window when selected. Make sure your browser allows pop-ups from WITS.

The Training Site allows staff members to practice using the system before entering actual data in the Production Site. Do not enter real client information in the training site.
Part 1: Reasons for WITS Staff Administration access

As an Arizona provider agency, you are your staff are busy focusing on services for your clients. You are being provided with this level of access so that you can manage:

- Adding or modifying staff information based on your staff onboarding process
- Password resets, rather than having to wait on someone to do this.
- Assign / re-assign ASAM CONTINUUM® subscriptions as your agency purchases them for use in WITS

Both AHCCCS and FEI believe that having this level of autonomy will make your lives easier as you administer ASAM CONTINUUM® assessments from the AHCCCS WITS system. The red arrow in the chart is pointing to the process that is covered by this guide.

However, if an issue arises that you need support – you will be able to contact the AHCCCS Help Desk by sending an email to ASAM@azahcccs.gov.

How to Set Up a New Staff Member Account

Where: Agency > Staff Members

Creating a staff member account consists of two main components: entering the Completion Requirements and assigning a User ID with roles. Staff Members will log in to the system with their User ID, which is unique to each user.

If the staff member does not require access to the system, but their name should still be displayed on certain records, only the completion requirements are needed. Once the completion requirements have been met, the staff member’s name will be available to select in drop-down fields throughout the system, however, this staff member does not have a login to the system.

Note: Make sure you are in the correct agency location prior to creating a staff account.

Follow the steps below to create a new staff account.

1. On the left menu, click Agency, and then click Staff Members.
2. Click Create New Staff Member.
3. On the Create New Staff Member screen, complete at least the required fields. Required fields are indicated by a red bar to the right of the field.

</table>
4. Click **Create**. The system will redirect to the Staff Member Workspace screen.

**Note:** The Create button will only appear when all the required fields have been completed.
Completion Requirements

On the Staff Member Workspace screen, note the Completion Requirements located on the right side. The completion requirements can be entered in any order.

Add Email Address

1. On the Staff Member Workspace screen, point to the Completion Requirements.

Add Employment Start Date

**Tip:** The Employment Profile panel contains two (2) completion requirements: Employment Start Date and Staff Member Type. To save time, complete both fields while editing the Employment Profile panel.

1. On the Staff Member Workspace screen, point to the **Completion Requirements** and then click **Add Employment Start Date**. This will open the Employment Profile panel.

![Figure 2-13: Add Employment Start Date](image)

2. On the Employment Panel, in the **Employment Date Range** field, enter the employee’s start date or use the calendar to select the start date. Stay on the Employment Panel.

3. On the Identifier Panel, in the Identifier field, enter the employee’s SSN and then enter the effective date or use the calendar to select the start date.

4. Click Save.

Once the completion requirements have been met, the staff member’s name will be available to select in drop-down fields throughout the system, however, this staff member does not have access to the system.

If the staff member does not require access to the system, but their name should still be displayed on certain records, no other information needs to be added to the staff member’s record.

Examples:

Judge for court related information

A System Account represents the Staff Member’s login to the system for specific cross agency roles. Some user roles can only be assigned to user’s System Accounts, such as WITS Administrator, Agency Oversight Assignment, and SSRS (for reporting).

Arizona provider agency staff administrators do not have access to system accounts. If one of your staff members needs a role such as the ones listed above, you will need to contact the AHCCCS helpdesk via the email ASAM@azahcccs.gov.

Please fill out the following order form to purchase ASAM CONTINUUM® subscriptions for users at your agencies who will be using the AHCCCS WITS system to launch the ASAM CONTINUUM assessment.

FEI’s AHCCCS WITS is a front-end mechanism for agencies to create a client, perform an ASAM CONTINUUM Criteria assessment, consent information to MCOs and retrieve associated reports.

ASAM CONTINUUM is a comprehensive ASAM Criteria computer guided assessment, which aids clinicians in conducting a full biopsychosocial assessment that addresses all six dimensions of the ASAM Criteria. ASAM CONTINUUM provides an ASAM Criteria final level of care placement recommendation included in the Summary Report and a Biopsychosocial Narrative Report.

With AHCCCS WITS you will enjoy the following benefits:

- Gain access to the only ASAM Criteria endorsed software assessment
- Perform an unlimited number of assessments
- Clinicians can record and justify the client’s actual level of care placement
- Sign off on the ASAM CONTINUUM record
- Each HIPAA covered entity receives their own system agency and user logins
- Privacy is managed through comprehensive security
- System user documentation is included
- Training site to get comfortable with the system
- Production site for use with live clients

The WITS agency, roles, and permission structure segments each agency’s data from that of other agencies using the application and enables agencies to manage user access within their agency.

AHCCCS has negotiated a subscription discount for Arizona treatment providers. Subscriptions are purchased annually on a per user basis and are non-refundable. While subscriptions are for use by a specific user, subscriptions can be transferred to a new user.

Discount Policy: Your organization will be provided with a training opportunity for ASAM CONTINUUM. If you are ordering your subscriptions within 30 days after attending that training, you are eligible for a 50% discount. If you are ordering more than 30 days after attending training, you are eligible for a 40% discount. There is a 15% discount for ASAM CO-Triage subscriptions purchased with an ASAM CONTINUUM subscription.
