General Information

Claims for services must be submitted to the AHCCCS Administration on the correct form for the type of service billed. This chapter outlines the requirements for completing the CMS 1500, UB-04 and American Dental Association (ADA) 2012 claim forms.

This chapter applies to paper CMS 1500, UB-04, and ADA claims submitted to AHCCCS.
- Note: The preferred method of claims submission remains the HIPAA-compliant 837D transaction process.

If a provider is not set up to perform the 837D transaction process, then submission of a claim via the AHCCCS Online Provider Portal is the preferred method of claim submission.

For information on how to submit claims using the HIPAA-compliant 837D transaction process or the AHCCCS Online Provider Portal please refer to Chapter 4, General Billing Rules, of the Fee-For-Service Provider Billing Manual and the appropriate implementation guides. Companion documents for 837 transactions are available on the AHCCCS website at www.azahcccs.gov. The companion documents are intended to supplement, but not replace, the 837 Implementation Guides for the 837 transaction.

The CMS 1500 claim form is used to bill for:
- IHS/638 tribal claims for individual provider services,
- Emergency and non-emergency transportation services,
- FQHC services,
- Ambulatory surgical centers,
- Independent laboratories,
- Durable medical equipment, and
- KidsCare outpatient services.

CPT and HCPCS procedure codes must be used to identify all services.

ICD-10 diagnosis codes are required. AHCCCS does not accept DSM-4 diagnosis codes, and behavioral health services billed with DSM-4 diagnosis codes will be denied.
The UB-04 claim form is used to bill for:

- IHS/638 Facility Inpatient and Outpatient Claims for Title XIX (Medicaid) for reimbursement at the AIR,
- Inpatient Title XXI (KidsCare) members,
- Nursing facility services,
- Free-standing birthing centers,
- Hospice services,
- Residential treatment center services, and
- Dialysis facility services.

Revenue codes appropriate for the services provided are used to bill facility line-item services.

ICD diagnosis codes are required. AHCCCS does not accept DSM-4 diagnosis codes and behavioral health services billed with DSM-4 diagnosis codes will be denied.

**ICD-10 codes must be used to identify surgical procedures billed on the UB-04.**

AHCCCS will only accept the ADA 2012 claim form. Other ADA forms received will be returned to the provider. Timely filing will not begin until a claim is submitted that is compliant.

Note: Effective 8/1/2014, the ADA 2012 claim form became mandatory and the old ADA 2006 claim form was no longer accepted by AHCCCS. There was a grace period between 6/1/2014 and 7/31/2014 where both forms were accepted. Since 8/1/2014 AHCCCS has only accepted the 2012 claim form.

**General Information on Claim Submissions**

Paper claims or copies that contain highlighter or color marks, copy overexposure marks, or dark edges are not legible on the imaging system. Liquid paper correction fluid (“White Out”) **may not** be used. Correction tape **may not** be used.

Claim forms with labels and stamps will not be accepted, as that is considered an alteration of the claim. However, stamped provider signatures will be accepted in field 53.

The preferred font for claims submission is Lucinda Console and the preferred font size is 10.

If a claim will be submitted with multiple pages (a multi-page claim) then the following must occur:
• On the CMS 1500 claim form, then **all lines (1-6) under field 24 (A-J) must be completed on the first page, before proceeding to the second page** of the claim. (Please note that only the required fields on all lines will need filled in.) AHCCCS has received claims where page 1 has had lines (for example) 1-4 filled out, but lines 5 and 6 are skipped. Then a second page is incorrectly submitted. This is an incorrect submission, because **a second page cannot be submitted unless all lines on page 1 are utilized and completely filled in first.**

• On the UB-04 claim form **all lines (1-22) under fields 42-48 must be completed on the first page, before proceeding to the second page** of the claim. (Please note that only the required fields on all lines will need filled in.) AHCCCS has received claims where page 1 has had lines (for example) 1-20 filled out, but lines 21 and 22 are skipped. Then a second page is incorrectly submitted. This is an incorrect submission, because **a second page cannot be submitted unless all lines on page 1 are utilized and completely filled in first.**

• On the ADA 2012 claim form **all lines (1-10) under fields 24-31 must be completed on the first page, before proceeding to the second page** of the claim. (Please note that only the required fields on all lines will need filled in.) AHCCCS has received claims where page 1 has had lines (for example) 1-8 filled out, but lines 9 and 10 are skipped. Then a second page is incorrectly submitted. This is an incorrect submission, because **a second page cannot be submitted unless all lines on page 1 are utilized and completely filled in first.**

For the purposes of this chapter the term “member” refers to an AHCCCS eligible member.

**Completing the CMS 1500 Claim Form**

The revised CMS-1500 health insurance claim form version 02/12 replaces version 08/05. On the new version 02/12 the 1500 symbol at the top left corner is replaced with a scanable Quick Response (QR) code symbol and the date approved by the NUCC.

Effective 4/1/2014, the revised CMS 1500 (02/12) will be required. Data receipt for 4/1/2014 and forward received with the old CMS 1500 08/05 form will be returned to the provider, regardless of the date of service being billed for on the claim.

The following instructions explain how to complete the *paper* CMS 1500 claim form and whether a field is “Required,” “Required if applicable,” or “Not required.”

**NOTE:** This section applies to *paper* CMS 1500 (02/12) claims submitted to AHCCCS. For information on HIPAA-compliant 837 transactions, please consult the appropriate Implementation Guide.

  FQHC Indicator\Any other additional information
See Chapter 4, General Billing Rules, for information on replacements, adjustments, and voids.

The CRN and the original reference number are the same.

In the remarks section, for FQHC professional claims, the claims processing system is only able to accept one provider name at a time. If two providers are providing services to a member at the FQHC, please see Chapter 10, Addendum FQHC/RHC, for additional information. The standard FQHC format is as follows:

- If the provider has a NPI: XXNPIProviderName; or
- If the provider does not have a NPI: 999999999ProviderName

Example: XX1234567890Smith, Hillary

For additional information on how to indicate that the provider is an FQHC please see Chapter 10 Addendum, FQHC/RHC, of the Fee-For-Service Provider Billing Manual.

Examples:
- An FQHC provider is submitting an original claim:
  XX1234567890Smith, Andrew

  If this provider had additional information to add after the FQHC indicator, then a backslash would be needed after the provider name.
  XX1234567890Smith, Andrew\Additional information here

- An FQHC provider is billing for a replacement claim of a previous submission:
  XX1234567890Smith, Hillary

  If this provider had additional information to add after the FQHC indicator, then a backslash would be needed after the provider name.
  XX1234567890Smith, Stacy\Additional information here

For questions on this field please outreach the provider training e-mail inbox at ProviderTrainingFFS@azahcccs.gov.

20. Outside Lab and ($) Charges

21. Diagnosis Codes

   Required

Enter at least one ICD diagnosis code describing the member's condition. Behavioral health providers must not use DSM-4 diagnosis codes. Up to twelve diagnosis codes in priority order (principal diagnosis, secondary diagnosis, etc.) may be entered.
ICD Ind. Field: Enter the applicable ICD indicator to identify which version of ICD codes is being reported.

- 0 = ICD-10-CM
- 9 = ICD-9-CM (no longer accepted)

- If this field is left blank the claim will be returned to the provider for correction. Please ensure it is filled out correctly.

Enter the ICD indicator between the vertical, dotted lines in the upper-right hand area of the field.

Field A is the Principal Diagnosis.
Relate diagnosis lines A – L to the lines of service in 24E by the letter.

22. Medicaid Resubmission Code

Required if applicable

Enter the appropriate code ("7" or "8") to indicate whether this claim is a replacement (resubmission) of a denied claim, an adjustment of a paid claim, or a void of a paid claim. Enter the AHCCCS Claim Reference Number (CRN) of the denied claim being resubmitted or the paid claim being adjusted or voided in the field labeled "Original Reference No."

22. MEDICAID RESUBMISSION CODE

| 7 or 8 | 130010004321 |

23. Prior Authorization Number

Not required

The AHCCCS claims system will automatically match claims to approved prior authorization (PA) requests when the claim is submitted. This means that if there is an existing PA on file, when the claim is submitted it will automatically match
and process. See Chapter 6, Authorizations, of the IHS/Tribal Provider Billing Manual for information on prior authorization.

24. A NOTE regarding field 24 (A-J) and multi-page claim submissions:

If a claim will be submitted with multiple pages (a multi-page claim) then all lines (1-6) under field 24 (A-J) must be completed on the first page, before proceeding to the second page of the claim. (Please note that only the required fields on all lines will need filled in.) AHCCCS has received claims where page 1 has had lines (for example) 1-4 filled out, but lines 5 and 6 are skipped. Then a second page is incorrectly submitted. This is an incorrect submission, because a second page cannot be submitted unless all lines on page 1 are utilized and completely filled in first.

24. Service line (shaded area) Required if applicable

**Effective 07/01/2016 for IHS/tribally operated 638**

   To bill for multiple distinct/independent outpatient visits on the same day facilities must enter “GO”.

43. **Revenue Code Description / NDC code** (effective 7/1/16) Required/NCD if applicable
*Effective 07/01/2016 - NDC information will be **required** for outpatient pharmacy claims.

Enter the description of the revenue code billed in Field 42. See the *UB-04 Manual* for the descriptions of revenue codes.

* For outpatient pharmacy clinic claims report the NDC on the UB04 claim form, entering the following information into the Form Locator 43 (Revenue Code Description):

  - The NDC Qualifier of N4 in the first 2 positions on the left side of the field.
  - The NDC 11-digit numeric code, without hyphens or spaces.
  - The NDC Unit of Measurement Qualifier* 
    - UN = Unit
    - ML = Milliliters
    - GR = Gram
    - F2 = International Unit
  - The NDC Unit Quantity is the amount of medication administered. **If** it includes a decimal point, a decimal point **must** be used and a blank space cannot be left in place of the decimal point. There is a **limit** of 3 characters to the right of the decimal point. (i.e. 1234.456). Any unused spaces are left blank.

**IMPORTANT NOTE:** If the NDC Unit Quantity has a space in it, it can result in errors.

**Example 1 (Incorrect Example):** A provider is attempting to bill for 20 milliliters, and enters the following on their claim:

```
N412345678901ML20 500
```

This would be read as **20500.000** and not as **20.500**

To correct the above example, the provider would enter:

```
N412345678901ML20.500
```

**Example 2 (Incorrect Example):**
A provider is attempting to bill for 1 unit, and enters the following on their claim.

N412345678901ML1 000

This would be read as 1000.000 and not as 1.000

To correct the above example, the provider would enter:

N412345678901ML1,000 or N412345678901ML1

Required if applicable

Enter the inpatient (hospital or nursing facility) accommodation rate. Dialysis facilities must enter the appropriate CPT/HCPCS code for lab, radiology, and pharmacy.
revenue codes (See Chapter 15, Dialysis Services, fo the FFS Provider Billing Manual). Hospitals must enter the appropriate CPT/HCPCS codes and modifiers when billing for outpatient services.

HCPCS/Rates are not required for NDC lines on outpatient pharmacy clinic claims.

45. **Service Date**

The dates indicated outpatient service was provided on a series bill. The date of service should only be reported if the From and Through dates in Form Locator 6 are not equal to each other on the form. Enter the date in MM/DD/YY or MM/DD/YYYY format.

Note: if the Service Date is outside the date span in Field 6, Statement Covers Period, the claim will deny.

46. **Service Units**

If accommodation days are billed, the number of units billed must be consistent with the patient status field (Field 22) and statement covers period (Field 6). If the member has been discharged, AHCCCS covers the admission date to, but not including, the discharge date. Accommodation days reported must reflect this. If the member expired or has not been discharged, AHCCCS covers the admission date through last date billed.

Enter the number of units for AIR
Note: Only 1 AIR can be billed per UB-04. If more than 1 AIR per claim is billed then the entire claim will deny.

47. **Total Charges**

   **Required**

   Total charges are obtained by multiplying the units of service by the unit charge for each service. Each line other than the sum of all charges may include charges up to $999,999.99.

   In line 23, the total charges are represented by revenue code 0001. In Field 47, the total charges must be the last entry. Total charges on one claim cannot exceed $999,999,999.99.

   On the UB-04 form also indicate the corresponding page number of the claim.

   Note: For multi-page claims, **all lines (1-22) must be completed on the first page, before proceeding to the second page** of the claim. AHCCCS has received claims where page 1 has had lines (for example) 1-20 filled out, but lines 21 and 22 are skipped. Then a second page is incorrectly submitted. This is an incorrect submission, because **a second page cannot be submitted unless all lines on page 1 are utilized and filled in first**.

48. **Non-covered Charges**

   **Required if applicable**

   Enter any charges that are not payable by AHCCCS. The last entry is total non-covered charges, represented by revenue code 0001. Do not subtract this amount from total charges.

50. **(A–C) Payer**

   **Required**

   Enter the name and identification number, if available, of each payer who may have full or partial responsibility for the charges incurred by the member and from which the provider might expect some reimbursement. If there are payers other than AHCCCS, AHCCCS should be the last entry. If there are no payers other than AHCCCS, AHCCCS will be the only entry.

Clarification added to field 17.

Field 19 was updated to include a new standard format, that will allow providers to indicate if services were at an FQHC, along with any additional information that may be needed.

Clarification added to field 21 so it now reads as:

"ICD Ind. Field: Enter the applicable ICD indicator to identify which version of ICD codes is being reported.

  0 = ICD-10-CM
  9 = ICD-9-CM (no longer accepted)
  ▪ If this field is left blank the claim will be returned to the provider for correction. Please ensure it is filled out correctly.

Enter the ICD indicator between the vertical, dotted lines in the upper-right hand area of the field."

Clarification added to field 22. It was updated to read as 7 or 8 rather than A or V.

Clarification added to field 23. "The AHCCCS claims system will automatically match claims to approved prior authorization (PA) requests when the claim is submitted. This means that if there is an existing PA on file, when the claim is submitted it will automatically match and process. See Chapter 6, Authorizations, of the IHS/Tribal Provider Billing Manual for information on prior authorization."

A NOTE regarding field 24 (A-J) and multi-page claim submissions. It now reads: "If a claim will be submitted with multiple pages (a multi-page claim) then all lines (1-6) under field 24 (A-J) must be completed on the first page, before proceeding to the second page of the claim. (Please note that only the required fields on all lines will need filled in.) AHCCCS has received claims where page 1 has had lines (for example) 1-4 filled out, but lines 5 and 6 are skipped. Then a second page is incorrectly submitted. This is an incorrect submission, because a second page cannot be submitted unless all lines on page 1 are utilized and
|   | completely filled in first."

In line 23, the total charges are represented by revenue code 0001. In Field 47, the total charges must be the last entry. Total charges on one claim cannot exceed $999,999,999.99.

The following information was added: “For fields concerning provider information:

After January 1st, 2016, if a provider is not enrolled with AHCCCS as a valid and/or active provider, claims will deny. All providers, including but not limited to out-of-state providers, attending and servicing providers both within and outside of a hospital setting, and billing providers must be registered with AHCCCS in order to be reimbursed for covered services provided to AHCCCS members. This applies to all providers, including attending providers.

For additional information on this requirement, refer to Chapter 3, Provider Records and Registration, of the IHS/Tribal Provider Billing Manual.”

Clarification added to field 25. The following was added: “Enter the code for the area of the oral cavity. Consult ANSI/ADA/ISO Specification No. 3950 Designation System for Teeth and Areas of the Oral Cavity for codes.

Report the applicable area of the oral cavity when the procedure code nomenclature includes a general reference to an arch or quadrant, such as D4263 bone replacement graft-first site in quadrant.

Do not report the applicable area of the oral cavity when the procedure either:

1) Incorporates a specific area of the oral cavity in its nomenclature, such as D5110 complete denture-maxillary; or
2) Does not relate to any portion of the oral cavity, such as D9220 deep sedation/general anesthesia for the first 30 minutes.”

Clarification added to field 27. The following was added: “Enter the tooth number when the procedure directly involves a tooth

If the same procedure is performed on more than a single tooth on the same date of service, report each procedure and tooth involved on separate lines of the claim form. There are 10 lines on the ADA claim form and multiple pages of the ADA 2012 claim form may be used if needed.

When using “JP” (ADA’s Universal/National Tooth Designation system) use only 1 letter to indicate the tooth.

When using “JO” (ANSI/ADA/ISO Specification No. 3950) use two digits to indicate the tooth system. If a procedure is done to tooth 1 enter in 01. If a procedure is done to tooth 2, enter 02. Failure to list the tooth number in a two digit format can result in return of the claim to the provider or denial.”

Clarification added to field 35. The following was added: “Any additional information required for the processing of a claim that is not found in another field shall be entered under remarks.

The standard format is as follows (with parentheses removed):

(Replacement/Void Indication Status)\(\langle\text{CRN}\rangle\(\langle\text{Emergency Status Indication of Y for Yes or N for No}\rangle\(\langle\text{FQHC Indicator}\rangle\(\langle\text{Any other additional information}\)

Enter the appropriate code (“7” or “8”) to indicate whether the claim is a replacement (resubmission/7) of a denied or paid claim, an adjustment of a previously paid or denied claim (7), or a void (8) of a paid claim. Enter the AHCCCS Claims Reference Number (CRN) for the denied or paid claim that you want to replace.

Claims that are being submitted for the first time (original submissions) will not have any number or CRN entered here.

Any claim that is submitted with only a CRN number and no indication of whether it is a replacement or void (with a 7 or 8) will be processed as an original claim submission, which can cause the claim to deny as a duplicate.

See Chapter 4, General Billing Rules, for information on replacements, adjustments, and voids.

If the claim is a replacement of a previously submitted claim or a request to void a claim, has a previous CRN number, or is a claim for emergency dental than the remarks section should begin with the following standard format, separated by backslashes:

7 or 8 to indicate if the claim is a replacement or void (enter 7 for a replacement and 8 for a void), followed by the CRN, followed by a Y (to indicate emergency dental) or N (to indicate it was not emergency dental).
For example, if a provider was submitting:

- A replacement claim for an emergency dental visit, for a member over 21 years of age, the remarks section would begin with 7CRN\Y.
- A request to void a previous claim, that was for a non-emergency dental visit, for a member under 21 years of age, then the remarks section would begin with 8CRN\N.
- An original claim for an emergency dental visit, for a member over 21 years of age, would have the remarks section begin with Y. There would be no number (7 or 8) or CRN since it would be an original claim.

The CRN and the original reference number are the same.

If the provider is an FQHC and the claim is for a professional practitioner it must be indicated here. To indicate this in a manner that will allow the claims system to read it, it must be entered in **after the CRN format described above and separated by a backslash** in the following format (with the parentheses removed):

(Replacement/Void Indication Status)\(CRN)\(Emergency Status Indication of Y for Yes or N for No)\(FQHC Information in the Standard FQHC Format)

In the remarks section, for FQHC professional claims, the claims processing system is only able to accept one provider name at a time. If two providers are providing services to a member at the FQHC, please see Chapter 10, Addendum FQHC/RHC, for additional information. The standard FQHC format is as follows:

- If the provider has a NPI: XXNPIProviderName; or
- If the provider does not have a NPI: 999999999ProviderName
  - Example: XX1234567890Smith, Hillary

For additional information on how to indicate that the provider is an FQHC please see Chapter 10 Addendum, FQHC/RHC, of the Fee-For-Service Provider Billing Manual.

Any additional information should be entered in **after** this standard format of (with parentheses removed):
(Replacement/Void Indication Status)\(\text{(CRN)}\)(Emergency Status Indication of Y for Yes or N for No)\(\text{(FQHC)}\)(Additional information here)

Examples:

- An FQHC provider is submitting an original claim that is not a dental emergency.
  \text{N}\text{XX1234567890Smith, Andrew}

  If this provider had additional information to add after the FQHC indicator, then another backslash would be needed after the provider name.
  \text{N}\text{XX1234567890Smith, Andrew}\text{Additional information here}

- An FQHC provider is billing for a replacement claim of a previous submission. It was for a dental emergency.
  \text{7}\text{CRN}\text{Y}\text{XX1234567890Smith, Hillary}

  If this provider had additional information to add after the FQHC indicator, then another backslash would be needed after the provider name.
  \text{7}\text{CRN}\text{Y}\text{XX1234567890Smith, Stacy}\text{Additional information here}

For questions on this field please outreach the provider training e-mail inbox at \text{ProviderTrainingFFS@azahcccs.gov}.”

Clarification added to field 42. The following was added:
‘‘Enter the total number of months required to complete the orthodontic treatment.’’

Note: This is the total number of months from the start of the treatment to the end of the treatment. Some versions of the claim form incorrectly include the word “Remaining” at the end of this data element’s name, however the true number of months to be entered in this field is the total from start to finish.’’

Clarification added to field 43. The following was added: “Mark the appropriate box. If “Yes” is marked, complete Field 44. This item applies to crowns and all fixed or removable prostheses (e.g., bridges and dentures).”
