Introduction and Limitations

The purpose of this capitation rate notification document is to provide documentation of the data, assumptions, and methodologies used to allocate a delivery system and provider payments initiative (i.e., state directed payment), the Arizona Health Care Cost Containment System (AHCCCS) Pediatric Services Initiative (PSI), across the Contract Year Ending 2024 (CYE 24, October 1, 2023, through September 30, 2024) capitation rate for the Comprehensive Health Plan (CHP) Program. This capitation rate notification document is based on CMS' approval of the PSI Preprint (AZ_Fee_IPH.OPH1_Renewal_20231001-20240930).

The PSI payments are payments under 42 CFR § 438.6(c)(1)(iii)(C), as codified in the 2020 Medicaid and Children's Health Insurance Program (CHIP) Managed Care Final Rule. This capitation rate notification document was prepared for Centers for Medicare & Medicaid Services (CMS), or its actuaries, for review of the PSI payments allocation methodology. This capitation rate notification document also provides the CYE 24 CHP Program capitation rate with and without the PSI payments for CMS review. This capitation rate notification document may not be appropriate for any other purpose.

This capitation rate notification document may also be made available publicly on the AHCCCS website or distributed to other parties. If this capitation rate notification document is made available to third parties, then this capitation rate notification document and the original rate certification along with any amendments should be provided in their entirety. Any third party reviewing this capitation rate notification document and capitation rate certifications should be familiar with the AHCCCS Medicaid managed care program, the provisions of 42 CFR Part 438 applicable to this rate certification, the 2023-2024 Medicaid Managed Care Rate Development Guide (2024 Guide), Actuarial Standards of Practice and generally accepted actuarial principles and practices.

CMS has yet to release a rate development guide for capitation rate updates related to payments under 42 CFR § 438.6(c). In lieu of having an official guide to follow, AHCCCS will follow the 2024 Guide for organizing this capitation rate notification document. The 2024 Guide describes the rate development standards and appropriate documentation to be included within Medicaid managed care rate certifications. In particular, Section I.4.D. covers state directed payments, and it is this section that will contain the capitation rate notification documentation. Sections of the 2024 Guide that do not apply will be marked as "Not Applicable" and will be included in this rate notification document for completeness.

The following sections of the 2024 Guide, Section I.4.D.ii.(a)(i) through Section I.4.D.ii.(a)(iii), were provided in the CYE 24 CHP Program capitation rate certification as signed by Erica Johnson on August 11, 2023. These sections are being provided again to facilitate CMS' review, updated as necessary to provide additional information. There was one amendment to the CYE 24 capitation rate certification which did not impact PSI. This amendment, signed on January 31, 2024, addresses the Safety Net Services Initiative (SNSI), which was a new state directed payment added for CYE 24.

CYE 24 Capitation Rate Notification – PSI, CHP Program

I.4.D.ii.(a) Description of State Directed Payments

I.4.D.ii.(a)(i) Type and Description of Directed Payment Arrangements

The PSI provides a uniform percentage increase for inpatient and outpatient services provided by the state's freestanding children's hospitals with more than 100 licensed beds. The PSI uniform percentage increase is based on a fixed total payment amount and is expected to fluctuate based on utilization in the contract year. The increase is intended to supplement, not supplant, payments to eligible hospitals or pediatric units.

I.4.D.ii.(a)(ii) Directed Payments Incorporated in Capitation Rates

Not applicable to the PSI for the CYE 24 CHP Program rate update.

I.4.D.ii.(a)(iii) Directed Payments Under Separate Payment Arrangement

The PSI was not included in the CHP Program certified capitation rate and has been paid out via lump sum payments.

I.4.D.ii.(a)(iii)(A) Aggregate Amount

The original estimates of anticipated payments, including premium tax, for the CHP Program for PSI were approximately \$2.06 million. AHCCCS distributed the total payment via four interim quarterly lump sum payments to the Contractors, and a final redistribution of the payment based on actual CYE 24 utilization after the completion of the contract year. The total payments paid through the CHP Contractors for the PSI were approximately \$1.07 million, inclusive of premium tax.

I.4.D.ii.(a)(iii)(B) Actuarial Certification of the Amount of the Separate Payment Term

The actuary certified to the aggregate directed payment estimates as actuarially sound according to 42 CFR § 438.4 in the original rate certification. The original estimates were based on projections of future events. This notification document incorporates the actual final aggregate payments by rate cell and the AHCCCS actuaries certify the final payment amounts by rate cell as actuarially sound according to 42 CFR § 438.4.

I.4.D.ii.(a)(iii)(C) Estimated Impact by Rate Cell

Appendix 1 shows the total PSI dollars paid, including premium tax, by rate cell. Appendix 2 shows the PSI payments by rate cell as if they had been incorporated into the capitation rate as PMPMs. Totals may not add up due to rounding.

I.4.D.ii.(a)(iii)(D) Preprint Acknowledgement

These payments were made under the approved PSI 42 CFR § 438.6(c) payment arrangement in a manner consistent with the preprint approved by CMS (inclusive of any/all correspondence between the state and CMS regarding the preprint).

CYE 24 Capitation Rate Notification – PSI, CHP Program

The capitation rate with and without the PSI payments can be found in Appendix 2.
