

Updated Demographics, Social Determinants and Outcomes Webpage

Communications

Lori Petre <lori.petre@azahcccs.gov>

AHCCCS has published an updated Demographics Webpage, now titled Demographics, Social Determinants and Outcomes.

Updates to the page include the revision of language to show current verse future state, incorporation of a related FAQ's tab and elimination of the original limited list of SDoH diagnosis (emphasizing the appropriate use of any valid SDoH diagnosis).

Please feel free to pass the message on as appropriate and let me know if there are additional updates identified and/or any questions. Thanks!
