Pediatric BH Area of Concentration Core Component #7

Identify Community-Based Resources

Key Concepts

Working through the Managed Care Organization(s) (MCOs) practices/sites are expected to utilize community based resource and practice knowledge to enhance relationships and create protocols for when to refer members to those resources.

At a minimum practices/sites should establish relationships with:

1. Community based social service agencies
2. Self-help referral connections
3. Substance misuse treatment support services
4. When age appropriate, schools and family support services

Peds BH Core Component # 7- Develop Communication Protocols

- Practices are expected to be able to identify community based resources through the use of lists maintained by the MCOs.

AND

- Practices should utilize the community-based resource lists(s) and with your practice knowledge , identify organizations with which to enhance relationships and create protocols for when to refer members to those resources.

MCO Key Contacts

- AHCCCS will be posting a table which lists key contacts from each of the Medicaid Managed Care Organizations (MCOs) for TI Program Participants.
- Please look under the Support and Resources tab on the TI webpage located here:
