<p>By September 30, 2018, identify the percentage (and names) of pediatricians, family physicians, advanced practice clinicians and care managers, who have been with the practice at least 12 months and who have completed an ASD training program for continuing education units (CEUs) in the last three years, and provide a Portable Document Format (PDF) of the CEU received.</p>	<p>Document that 85% of pediatricians, family physicians, advanced practice clinicians and care managers, who have been with the practice for at least 12 months, have completed an ASD training program for CEUs in the last three years.</p>

Core Component #14

- Ensure that all medical staff complete a training program in ASD which offers continuing education credits.
- Medical staff includes all pediatricians, family physicians, advanced practice clinicians and care managers.

Training should include:

- Recognizing and treating common co-existing conditions
- Use of a commonly accepted toolkit, such as “Caring for Children with ASD: A Resource Toolkit for Clinicians” from the American Academy of Pediatrics.

TI Year 2 Measurement Period

October 1, 2017 – September 30, 2018

Reporting Requirement to the State:

By September 30, 2018:

- Identify the percentage (and names) of medical staff who have been with the practice at least 12 months that have completed an ASD training program for continuing education units (CEUs) in the last three years

AND

- Provide a Portable Document Format (PDF) of the CEU received.

Attestation and Document Validation

- AHCCCS will be open a TI Attestation Portal through AHCCCS Online
- The portal will be available for attestation and document upload in June 2018
- Only some of the Milestones will require providers to submit documentation that will need to be uploaded through the Attestation Portal for review by AHCCCS.
- More detailed information about how to use the TI Attestation Portal will be available prior to June 2018.
