Dear Mr.Uchrin:

Attached are the final results of the Encounter Data Validation studies for Health Choice Arizona for Contract Year Ending (CYE) 2015. The review was conducted in accordance with Section D, paragraph 65 of Contract YH14-0001-07 and the Encounter Data Validation Technical Document. The review scope included two sections: Acute study “A” for all professional services and the Acute study “B” for all facility services. The studies measured:

- Claim included in the Contractor’s claim submission and encountered in AHCCCS’ Prepaid Medical Management Information System (PMMIS) (Match) – reviewed for accuracy and timeliness.
- Claims included in the Contractor’s claim submission but not encountered in PMMIS (NotEnc InClm) – reviewed for omission.
- Encounters reported in PMMIS but not included in the Contractor’s claim submission (InEnc NotClm) – reviewed for omission from claim submission file.

A preliminary report was provided to allow the Contractor the opportunity to review and submit any additional information that may have affected the final error rate calculations. After considering the Contractor response, the results have been applied to the total population of “A” and “B” encounters.

For study “A” Match, there were 3,264,346 encounter/claim matches identified from a sample size of 3,440,860 claims; a subsample of 153 was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 2 accuracy error and 0 timeliness errors, yielding an overall error rate of 1.31% for accuracy and 0.00% for timeliness. For study “B” Match, there were 302,161 encounter/claim matches identified from a sample size of 310,725 claims; a subsample of 153 was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 2 accuracy errors and 14 timeliness errors, yielding an overall error rate of 1.31% for accuracy and 9.15% for timeliness.

For study “A” NotEnc InClm, there were 176,514 possible omissions identified from a sample size of 3,440,860 claims; a subsample of 308 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 221 omission errors, yielding an overall error rate of 3.68% For study “B” NotEnc InClm, there were 8,564 possible omissions identified from a sample size of 310,725 claims; a subsample of 307 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 277 omission errors, yielding an overall error rate of 2.49%.

For study "A" InEnc NotCln, there were 916 possible omissions identified from a sample size of 318,909 encounters; a subsample of 242 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 242 omission errors, yielding an overall error rate of 0.29%. For study "B" InEnc NotCln, there were 73,014 possible omissions identified from a sample size of 4,632,707 encounters; a subsample of 316 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 316 omission errors, yielding an overall error rate of 1.58%.

For each study, if the error rate falls below the acceptable rate of 5%, no sanction will be applied. The Contractor's error rates and sanction amounts, if applicable, for each study are as follows:

STUDY	Error Rate	Sanction
A Match Accuracy	1.31%	\$0.00
A Match Timeliness	0.00%	\$0.00
A NotEnc InCln	3.68%	\$0.00
A InEnc NotCln	1.58%	\$0.00
B Match Accuracy	1.31%	\$0.00
B Match Timeliness	9.15%	\$2,295.02
B NotEnc InCln	2.49%	\$0.00
B InEnc NotCln	0.29%	\$0.00

Per the terms of the Contract, sanctions are not the Administration's exclusive remedy. In particular and without limiting possible future actions, if any legal action is brought against the Administration as the result of your non-compliance with the Contract, the Administration will seek compensation from you for any damages arising from such legal action including but not limited to the Administration's cost of representation as well as the cost of any attorneys' fees and costs payable to the party bringing the action.

Within 24 hours of receipt of this letter, the final workpapers for each study will be uploaded to the SFTP at <https://sftp.statemedicaid.us/HCA/OTHER/DHCM/OUT/>.
