Mr. Mark Fisher  
Chief Executive Officer  
Mercy Care Plan - Acute  
4350 E Cotton Center Blvd, Bldg D  
Phoenix, AZ 85040

Dear Mr. Fisher:

Attached are the final results of the Encounter Data Validation studies for Mercy Care Plan - Acute for Contract Year Ending (CYE) 2012. The review was conducted in accordance with Section D, paragraph 65 of the Contract and the Encounter Data Validation Technical Document. The review scope included two sections: Acute study "A" for all professional services and the Acute study "B" for all facility services. The studies measured:

- Claim included in the Contractor's claim submission and encountered in AHCCCS' Prepaid Medical Management Information System (PMMIS) (Match) – reviewed for accuracy and timeliness.
- Claims included in the Contractor's claim submission but not encountered in PMMIS (NotEnc InCIm) – reviewed for omission.
- Encounters reported in PMMIS but not included in the Contractor's claim submission (InEnc NotCIm) – reviewed for omission from claim submission file.

A preliminary report was provided to allow the Contractor the opportunity to review and submit any additional information that may have affected the final error rate calculations. After considering the Contractor response, the results have been applied to the total population of "A" and "B" encounters.

For study "A" Match, there were 6,310,171 encounter/claim matches identified from a sample size of 6,472,089 claims; a subsample of 153 was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 0 accuracy errors and 9 timeliness errors, yielding an overall error rate of 0.00% for accuracy and 5.88% for timeliness. For study "B" Match, there were 399,080 encounter/claim matches identified from a sample size of 433,213 claims; a subsample of 153 was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 0 accuracy errors and 15 timeliness errors, yielding an overall error rate of 0.00% for accuracy and 9.80% for timeliness.

For study "A" NotEnc InCIm, there were 161,918 possible omissions identified from a sample size of 6,472,089 claims; a subsample of 305 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 100 omission errors, yielding an overall error rate of 0.82%. For study "B" NotEnc InCIm, there were 34,133 possible omissions identified from a sample size of 433,213 claims; a subsample of 315 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 1 omission error, yielding an overall error rate of 0.03%.

For study "A" InEnc NotCln, there were 10,840 possible omissions identified from a sample size of 6,491,547 encounters; a subsample of 309 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 278 omission errors, yielding an overall error rate of 0.15%. For study "B" InEnc NotCln, there were 11,975 possible omissions identified from a sample size of 420,508 encounters; a subsample of 310 claims was randomly selected. AHCCCS manually compared the supporting information provided by the Contractor to the adjudicated encounters within PMMIS resulting in 14 omission errors, yielding an overall error rate of 0.13%.

For each study, if the error rate falls below the acceptable rate of 5%, no sanction will be applied. The InEnc NotCln study was strictly informational – no sanction will be applied. The Contractor's error rates and sanction amounts, if applicable, for each study are as follows:

STUDY	Error Rate	Sanction
A Match Accuracy	0.00%	n/a
A Match Timeliness	5.88%	\$ 6,550.35
A NotEnc InCln	0.82%	n/a
A InEnc NotCln	0.15%	n/a
B Match Accuracy	0.00%	n/a
B Match Timeliness	9.80%	\$ 3,759.12
B NotEnc InCln	0.03%	n/a
B InEnc NotCln	0.13%	n/a

Per the terms of the Contract, sanctions are not the Administration's exclusive remedy. In particular and without limiting possible future actions, if any legal action is brought against the Administration as the result of your non-compliance with the Contract, the Administration will seek compensation from you for any damages arising from such legal action including but not limited to the Administration's cost of representation as well as the cost of any attorneys' fees and costs payable to the party bringing the action.

Within 24 hours of receipt of this letter, the final workpapers for each study will be uploaded to the SFTP at <https://sftp.statemedicaid.us/MER/OTHER/DHCM/OUT/>.
