[END OF SECTION C]

SECTION D: CRS PROGRAM REQUIREMENTS**1. PURPOSE, APPLICABILITY, AND INTRODUCTION*****PURPOSE AND APPLICABILITY***

The purpose of the contract between AHCCCS and the Contractor is to implement and operate the Children's Rehabilitative Services Program (CRS) pursuant to A.R.S. §36-260 et seq. and §36-2901 et seq. The Contractor shall be responsible for providing integrated care addressing all physical and behavioral health needs for the majority of AHCCCS children with CRS-qualifying conditions.

In the event that a provision of Federal or State law, regulation, or policy is repealed or modified during the term of this contract, effective on the date the repeal or modification by its own terms takes effect:

1. The provisions of this contract shall be deemed to have been amended to incorporate the repeal or modification; and
2. The Contractor shall comply with the requirements of the contract as amended, unless AHCCCS and the Contractor otherwise stipulate in writing.

INTRODUCTION***AHCCCS Mission and Vision***

AHCCCS' mission and vision are to reach across Arizona to provide comprehensive quality healthcare to those in need while shaping tomorrow's managed health care from today's experience, quality and innovation. AHCCCS is dedicated to continuously improving the efficiency and effectiveness of the CRS program and ensuring the delivery of the highest quality care to its customers.

AHCCCS expects the Contractor to implement program innovation and best practices to improve outcomes on an ongoing basis. Furthermore, it is important for the Contractor to continuously develop mechanisms to reduce administrative cost and improve program efficiency. Over the term of the contract, AHCCCS will work collaboratively with the Contractor to evaluate ways to reduce program complexity, improve care coordination and chronic disease management, reduce administrative burdens, leverage joint purchasing power, and reduce administrative and medical costs.

AHCCCS has remained a leader in Medicaid managed care through the diligent pursuit of excellence and cost effective managed care by its collaboration with Contractors.

The Contractor must continue to add value to the program. A Contractor adds value when it:

- Recognizes that Medicaid members are entitled to care and assistance navigating the service delivery system and demonstrates special effort throughout its operations to assure members receive necessary services;
- Recognizes that Medicaid members with special health care needs or chronic health conditions require care coordination, and provides that coordination;
- Recognizes that health care providers are an essential partner in the delivery of health care services, and operates the health plan in a manner that is efficient and effective for health care providers as well as the Contractor;
- Recognizes that performance improvement is both clinical and operational in nature and self-monitors and self-corrects as necessary to improve contract compliance or operational excellence; and
- Recognizes that the program is publicly funded, is subject to public scrutiny, and operates in a manner consistent with the public trust.

The CRS Program

CRS is a unique health care program that provides services to children with specified chronic and/or disabling or potentially disabling health conditions. Children with CRS-qualifying medical conditions typically require complex care and are medically fragile. For these children, health care service delivery involves multiple clinicians, covering the entire continuum of care. Within the CRS program, in addition to a primary care provider, children may receive services from subspecialists who manage care related to the CRS condition(s) and coordinate with other specialty services including but not limited to behavioral health, pharmacy, durable medical equipment, therapies, diagnostic services, and telemedicine visits. CRS care includes a multi-disciplinary team made up of subspecialists and caregivers such as pulmonologists, cardiologists, nutritionists, psychologists, and therapists. Because of the complexity of the needs of these children requiring multiple surgeries, hospitalization, and clinical care it is imperative that there be integrated health information for the member.

The CRS Contractor shall be a statewide Managed Care Organization (MCO) that will serve as the single Contractor for the majority of AHCCCS members with CRS-qualifying conditions per A.A.C. R9-22-1303. For the month of August 2012, CRS served 24,627 members under this Program. The Contractor shall be responsible for improving care coordination and health outcomes for the majority of AHCCCS children with these special health care needs by integrating care for CRS related conditions as well as all other physical and behavioral health care needs. The CRS Contractor shall operate a model that ensures optimal access to specialty care and offers effective coordination of all services. Members and their families shall be efficiently served by a network of providers that includes, but is not limited to Multi-Specialty Interdisciplinary Clinics (MSICs) that are designed to address more of a member's whole health needs.

The Contractor will be responsible for delivering various combinations of acute, behavioral health and CRS services for the AHCCCS enrolled populations depending upon the primary program in which the member is enrolled for acute care services and choices made by American Indian (AI) members regarding where to receive their acute care and behavioral health services. See Section D, Paragraph 3, Enrollment and Disenrollment for a description of the AHCCCS populations under this contract and the responsibilities for service provision.

CRS services shall be provided using an integrated family-centered, culturally competent, multi-specialty, interdisciplinary approach that includes the following elements:

- a. A process for using a centralized, integrated medical record that is accessible to the CRS Contractor and services providers consistent with Federal and State privacy laws to facilitate well-coordinated, interdisciplinary care;
- b. A process for developing and implementing a Service Plan accessible to the CRS Contractor and service providers that is consistent with Federal and State privacy laws that contains the clinical, medical, and administrative information necessary to monitor coordinated treatment plan implementation;
- c. Development of Transition Plans to facilitate transition into adulthood for those transitioning to another Contractor; and
- d. Collaboration with individuals, groups, providers, organizations and agencies charged with the administration, support or delivery of services for persons with special health care needs.

2. ELIGIBILITY CATEGORIES

AHCCCS is Arizona's Title XIX Medicaid program operating under an 1115 Waiver and Title XXI program operating under Title XXI State Plan authority. Arizona has the authority to require mandatory enrollment in managed care. All CRS members eligible for AHCCCS benefits, with exceptions as identified below, are enrolled with the CRS Contractor that is paid on a capitated basis. AHCCCS pays for health care expenses on a Fee-For-Service (FFS) basis for Title XIX- and Title XXI- eligible members who receive services through the

American Indian Health Program or through ALTCS EPD Tribal program; for Title XIX eligible members who are entitled to emergency services under the Federal Emergency Services (FES) program; and for Medicare cost sharing beneficiaries under the QMB-Only program.

Children's Rehabilitative Services (CRS) Program: Beginning October 1, 2013 AHCCCS shall determine and re-determine medical eligibility for the CRS program. An AHCCCS eligible individual who needs active treatment for one or more of the CRS qualifying medical conditions shall be enrolled with the CRS Contractor, unless enrolled with an ALTCS EPD Contractor. The CRS Contractor shall provide covered services necessary to treat the CRS qualifying condition and other services described within this contract. The CRS Contractor shall establish a process for the identification of CRS members who have completed treatment. The CRS Contractor's process shall identify members, on a monthly basis that have completed treatment for a CRS condition and do not have any other CRS eligible conditions. The CRS Contractor is responsible for notifying the AHCCCS Division of Member Services (DMS) of the date when a CRS member is no longer in need of treatment for the CRS qualifying condition(s) as specified in Attachment F3, Contractor Chart of Deliverable and ACOM Policy 426. In addition, on an ongoing basis, through encounter analysis, AHCCCS will identify members who have not received services for their CRS condition for a period of three or more years and will offer enrollment choice to those members.

The following describes the eligibility groups enrolled in the CRS program and covered under this contract [42 CFR 434.6(a)(2)]:

Title XIX

1931 (Also referred to as TANF-related): *Eligible individuals and families under the 1931 provision of the Social Security Act, with income at or below 100% of the FPL.*

SSI Cash: Eligible individuals receiving Supplemental Security Income through Federal cash assistance programs under Title XVI of the Social Security Act who are aged, blind or who have a disability and have income at or below 100% of the Federal Benefit Rate (FBR).

SSI Medical Assistance Only (SSI MAO) and Related Groups: Eligible individuals who are aged, blind or who have a disability and have household income levels at or below 100% of the FPL.

Freedom to Work (Ticket to Work): Eligible individuals under the Title XIX program that extends eligibility to individuals 16 through 64 years old who meet SSI disability criteria, and whose earned income after allowable deductions is at or below 250% of the FPL, and who are not eligible for any other Medicaid program. These members must pay a premium to AHCCCS, depending on income.

SOBRA: Under the Sixth Omnibus Budget Reconciliation Act of 1986, eligible pregnant women, with income at or below 150% of the FPL, and children with individually budgeted incomes ranging from below 100% to 140% of the FPL, depending on the age of the child.

Breast and Cervical Cancer Treatment Program (BCCTP): Eligible individuals under the Title XIX expansion program for women with incomes at or below 250% of the FPL, who are diagnosed with and need treatment for breast and/or cervical cancer or cervical lesions and are not eligible for other Title

XIX programs. Eligible members cannot have other creditable health insurance coverage, including Medicare.

Title IV-E Foster Care and Adoption Subsidy: Children who are in State foster care or are receiving federally funded adoption subsidy payments.

Young Adult Transitional Insurance (YATI): Transitional medical care for individuals age 18 through age 25 who were enrolled in the foster care program under jurisdiction of the Department of Child Safety) in Arizona on their 18th birthday.

Adult Group at or below 106% FPL: Adults aged 19-64, without Medicare, with income at or below 106% of the Federal Poverty Level (Adults \leq 106%).

Adult Group above 106% FPL: Adults aged 19-64, without Medicare, with income above 106% through 133% of the Federal Poverty Level (Adults $>$ 106%).

Title XXI

KidsCare: Federal and State Children's Health Insurance Program (Title XXI – CHIP) administered by AHCCCS. The KidsCare I program offers comprehensive medical, preventive, treatment services, and behavioral health care services statewide to eligible children under the age of 19, in households with income at or below 200% Federal Poverty Level (FPL). The KidsCare II program (terminated January 31, 2014) has the same benefits and premium requirements as KidsCare I, however household income limits cannot be greater than 175% FPL.

State-Only

State-Only Transplants: Title XIX individuals, for whom medical necessity for a transplant has been established and who subsequently lose Title XIX eligibility may become eligible for and select one of two extended eligibility options as specified in A.R.S. §36-2907.10 and A.R.S. §36-2907.11. The extended eligibility is authorized only for those individuals who have met all of the following conditions:

1. The individual has been determined ineligible for Title XIX due to excess income;
2. The individual had been placed on a donor waiting list before eligibility expired;
3. The individual has entered into a contractual arrangement with the transplant facility to pay the amount of income which is in excess of the eligibility income standards (referred to as transplant share of cost).

The following options for extended eligibility are available to these members:

Option 1: Extended eligibility is for one 12-month period immediately following the loss of AHCCCS eligibility. The member is eligible for all AHCCCS covered services as long as they continue to be medically eligible for a transplant. If determined medically ineligible for a transplant at any time during the period, eligibility will terminate at the end of the calendar month in which the determination is made.

Option 2: As long as medical eligibility for a transplant (status on a transplant waiting list) is maintained, at the time that the transplant is scheduled to be performed the transplant candidate will reapply and will be re-enrolled with his/her previous Contractor to receive all covered transplant services. Option 2-eligible individuals are not eligible for any non-transplant related health care services from AHCCCS.

3. ENROLLMENT AND DISENROLLMENT

Members eligible for CRS will be enrolled with the CRS Contractor as outlined below, unless they refuse to participate in the CRS application process, refuse to receive CRS covered services through the CRS Program, or opt out of the CRS Program (members who are ALTCS/EPD receive all services through the ALTCS/EPD Contractor). CRS Services will be available from a single CRS Contractor; therefore CRS eligible members will be automatically enrolled with that Contractor for various combinations of CRS, acute and/or behavioral health services as outlined under the CRS coverage types. AHCCCS members are eligible and enrolled with the Contractor in accordance with the rules set forth in A.A.C. R9-22 Article 13.

CRS Coverage Types: CRS eligible members will be enrolled under or assigned to one of the following four CRS coverage types depending upon the primary program in which the member is enrolled for acute care services and choices made by American Indian (AI) members regarding where to receive their acute care and behavioral health services. AI members, title XIX and XXI, on- or off-reservation, eligible to receive services, may choose to receive services at any time from an American Indian Health Facility (I/T/U) - Indian Health Service (IHS) Facility, a Tribally-Operated 638 Health Program, Urban Indian Health Program) [ARRA Section 5006(d), and SMD letter 10-001].ⁱ American Indian members' enrollment choices may be exercised at any time; these enrollment choices may affect their CRS coverage type. The Contractor shall not impose enrollment fees, premiums, or similar charges on American Indians served by an American Indian Health Facility (I/T/U) - Indian Health Service (IHS) Facility, a Tribally-Operated 638 Health Program, Urban Indian Health Program) (ARRA Section 5006(d), SMD letter 10-001).ⁱⁱ

Coverage Type	Contractor Service Responsibility			Notes
	CRS	Acute	BH	
1. CRS Fully Integrated	X	X	X	Members receiving all services from the CRS Contractor including acute health, behavioral health and CRS-related services
2. CRS Partially-Integrated - Acute	X	X		AI members receiving all acute health and CRS-related services from the CRS Contractor and receiving behavioral health services from a Tribal RBHA.
3. CRS Partially-Integrated – Behavioral Health (BH)	X		X	CMDP or DDD members receiving all behavioral health and CRS-related services from the CRS Contractor and receiving acute health services from the primary program of enrollment.

4. CRS Only	X			<p>Members receiving all CRS-related services from the CRS Contractor, receiving acute health services from the primary program of enrollment, and receiving behavioral health services as follows:</p> <ul style="list-style-type: none"> • CMDP and DDD AI members from a Tribal RBHA • AIHP members from a T/RBHA <p>CRS Only also includes ALTCS/EPD AI Fee-For-Service members.</p>
-------------	---	--	--	--

Members who are eligible for CRS and who have a diagnosis of Serious Mental Illness (SMI) will be enrolled with the CRS Program rather than enrolled with an Integrated RBHA. Exceptions apply for American Indians, see ACOM Policy 432.

CMDP members who are receiving CRS-related services and are determined eligible for YATI will remain enrolled with the CRS Contractor.

AHCCCS has the exclusive authority to enroll and disenroll members. AHCCCS does not use passive enrollment procedures [42 CFR 438.6(d)(2)]. AHCCCS operates as a mandatory managed care program and choice of enrollment or auto-assignment is used pursuant to the terms of the Arizona Medicaid Section 1115 Demonstration Waiver Special Terms and Conditions.ⁱⁱⁱ The Contractor shall not disenroll any member for any reason unless directed to do so by AHCCCS [42 CFR 438.56(d)(5)(iii)]. The Contractor may not request disenrollment because of an adverse change in the enrollee's health status, nor because of the enrollee's utilization of medical services, diminished mental capacity, or uncooperative or disruptive behavior resulting from his or her special needs.

AHCCCS will disenroll the member from the Contractor when:

- The member becomes ineligible for the AHCCCS program;
- The member becomes ineligible for CRS services, either through a determination of medical need or through an age out of the member (unless the member elects an opt in choice);
- The Contractor does not, because of moral or religious objections, cover the service the member seeks; or
- The member transitions to ALTCS/EPD.

Starting in CYE15, AHCCCS will provide CRS Fully Integrated members who have been continuously enrolled in CRS and who have not received services for their CRS condition for three years, a one-time annual option to disenroll from CRS. During this designated timeframe, these members will be allowed to choose an available Acute Care Contractor in their area. If it is later determined that the member needs care for a CRS condition, a CRS referral/application shall be submitted to DMS and evaluated for medical eligibility.

Effective Date of Enrollment for Members Determined Medically Eligible for CRS: The effective date of enrollment for a new Title XIX or Title XXI member with the Contractor is the day AHCCCS takes the enrollment action except for newborns in certain circumstances as noted below. The Contractor is responsible for payment of medically necessary covered services retroactive to the member's enrollment date with the Contractor, as reflected in PMMIS.

Effective Date of Newborns Determined Medically Eligible for CRS: The effective date of CRS enrollment for newborns, is the date of birth when the CRS application is received by the AHCCCS CRS Enrollment Unit within 28 days of birth, beginning with applications received on and after October 1, 2015. The Contractor is responsible for payment of medically necessary covered services

retroactive to the member's date of birth which will equal the member's enrollment date with the Contractor, as reflected in PMMIS.

Prior Quarter Coverage: Pursuant to Federal Regulation 42 CFR 435.915, AHCCCS is required to implement Prior Quarter Coverage eligibility which expands the time period during which AHCCCS pays for covered services for eligible individuals to include services provided during any of the three months prior to the month the individual applied for AHCCCS, if the individual met AHCCCS eligibility requirements during that month. AHCCCS Contractors are not responsible for payment for covered services received during the prior quarter. Upon verification or notification of Prior Quarter Coverage eligibility, providers will be required to bill AHCCCS for services provided during a prior quarter eligibility period.

Prior Period Coverage: AHCCCS may provide Prior Period Coverage for Title XIX members. Prior Period Coverage refers to the time frame from the effective date of eligibility (usually the first day of the month of application) until the date the member is enrolled with the Contractor. During the prior period coverage the Contractor is responsible for payment of all claims for medically necessary covered services, provided to members during Prior Period Coverage. This may include services provided prior to the contract year and in a Geographic Service Area where the Contractor was not contracted at the time of service delivery. Prior Period Coverage for CRS will only occur when a Title XIX CRS enrolled member loses eligibility and then regains eligibility within 12 months, resulting in re-enrollment with the CRS Contractor. AHCCCS Fee-For-Service will be responsible for the payment of claims for prior period coverage for members who are found eligible for AHCCCS initially through hospital presumptive eligibility and later are enrolled with the Contractor. Therefore, for those members, the Contractor is not responsible for Prior Period Coverage.

Newborns Born to CRS Members: Newborns born to a CRS member in coverage types CRS Fully Integrated and CRS Partially-Integrated – Acute will be auto-assigned to an Acute Care Contractor. Mothers of these newborns are sent a Choice Notice advising them of their right to choose a different Contractor for their child, which allows them 30 days to make a choice.

The Contractor is responsible for notifying AHCCCS of a child's birth to an enrolled member; notification must be received no later than one day from the date of birth. AHCCCS is available to receive notification 24 hours a day, seven days a week via the AHCCCS website. Failure of the CRS Contractor to notify AHCCCS within the one day timeframe may result in sanctions being assessed to the CRS Contractor by AHCCCS.

Enrollment Guarantees: Upon initial capitated enrollment as a Title XIX-eligible member, the member is guaranteed a minimum of five full months of continuous enrollment. Upon initial capitated enrollment as a Title XXI-eligible member, the member is guaranteed a minimum of 12 full months of continuous enrollment. The enrollment guarantee is a one-time benefit. If a member changes from one Contractor to another within the enrollment guarantee period, the remainder of the guarantee period applies to the new Contractor. AHCCCS rules at 9 A.A.C. 22 Article 17, and 9 A.A.C. 31 Article 3, describe other reasons for which the enrollment guarantee may not apply.

Age Out – Opt In: Upon reaching their 21st birthday, members will be transitioned out of the CRS program, unless they opt to remain with the CRS Contractor.

6. COVERAGE RESPONSIBILITY FOR PARTIALLY-INTEGRATED MEMBERS

For CMDP and DDD children under coverage type CRS Partially-Integrated – Behavioral Health or CRS Only for American Indian members, CRS provides services related to the member’s CRS condition and all behavioral health services (for Partially-Integrated), but does not cover other routine, preventive or acute medical services which are not related to a member’s CRS condition. For members enrolled in DDD or CMDP, DDD and CMDP remain ultimately responsible for the provision of all AHCCCS-covered services to its members including a service denied by the CRS Contractor for the reason that it is not a service related to a CRS condition. Coordination with CMDP and DDD regarding issues of coverage and reimbursement is necessary to avoid administrative barriers with the potential to negatively impact timely service delivery or adverse outcomes.

Referral to the CRS Contractor by DDD or CMDP does not relieve the Contractor of the responsibility for providing timely medically necessary AHCCCS services not covered by the CRS Contractor. In the event that the CRS Contractor denies a medically necessary AHCCCS covered service for the reason that it is not related to a CRS covered condition, or fails to respond within the required time periods, CMDP or DDD must promptly respond to the service authorization request and authorize the provision of covered, medically necessary services. DDD or CMDP, through their Medical Directors, may request review from the CRS Contractor Medical Director when it denies a service for the reason that it is not covered by the CRS program. The DDD or CMDP may also request a review of the decision with AHCCCS if it is dissatisfied with the CRS Contractor’s determination. If the AHCCCS review determines that the service should have been provided by the CRS Contractor, the CRS Contractor shall be financially responsible for the costs incurred by DDD or CMDP in providing the service.

7. AHCCCS MEMBER IDENTIFICATION CARDS

The Contractor is responsible for the production, distribution and costs of AHCCCS member identification cards and the AHCCCS Notice of Privacy Practices in accordance with ACOM Policy 433. See also Attachment F3, Contractor Chart of Deliverables.

8. MAINSTREAMING OF AHCCCS MEMBERS

To ensure mainstreaming of AHCCCS members, the Contractor shall take affirmative action so that members are provided covered services without regard to payer source, race, color, creed, gender, religion, age, national origin (to include those with limited English proficiency), ancestry, marital status, sexual preference, genetic information, or physical or mental illnesses. The Contractor must take into account a member’s literacy and culture when addressing members and their concerns, and must take reasonable steps to ensure subcontractors to do the same. The Contractor must also make interpreters, including assistance for the visual- or hearing-impaired, available to members at no cost to ensure appropriate delivery of covered services.

Examples of prohibited practices include, but are not limited to, the following, in accordance with 42 CFR 438.6(f):

- a. Denying or not providing a member any covered service or access to an available facility;
- b. Providing to a member any medically necessary covered service which is different, or is provided in a different manner or at a different time from that provided to other members, other public or private patients or the public at large, except where medically necessary;
- c. Subjecting a member to segregation or separate treatment in any manner related to the receipt of any covered service; restricting a member in any way in his or her enjoyment of any advantage or privilege enjoyed by others receiving any covered service; and

- d. Assigning times or places for the provision of services on the basis of the race, color, creed, religion, age, gender, national origin, ancestry, marital status, sexual preference, income status, AHCCCS membership, or physical or mental illnesses of the participants to be served.

If the Contractor knowingly executes a subcontract with a provider with the intent of allowing or permitting the subcontractor to implement barriers to care (i.e. the terms of the subcontract act to discourage the full utilization of services by some members) the Contractor will be in default of its contract.

If the Contractor identifies a problem involving discrimination by one of its providers, it shall promptly intervene and require a corrective action plan from the provider. Failure to take prompt corrective measures may place the Contractor in default of its contract.

9. TRANSITION ACTIVITIES

Member Transition: The Contractor shall comply with the AMPM and the ACOM standards for member transitions between AHCCCS programs and upon termination or expiration of a contract. The Contractor shall develop and implement policies and procedures which include but are not limited to:

- a. Members with significant medical conditions such as, a high-risk pregnancy or pregnancy within the last trimester, the need for organ or tissue transplantation, chronic illness resulting in hospitalization or nursing facility placement, etc.;
- b. Members who are receiving ongoing services such as dialysis, home health, chemotherapy and/or radiation therapy, or who are hospitalized at the time of transition;
- c. Members who have conditions requiring ongoing monitoring or screening such as elevated blood lead levels and members who were in the Neonatal Intensive Care Unit (NICU) after birth;
- d. Members who frequently contact AHCCCS, State and local officials, the Governor's Office and/or the media;
- e. Members who have received prior authorization for services such as scheduled surgeries, post-surgical follow-up visits, out-of-area specialty services, or nursing home admission;
- f. Continuing prescriptions, Durable Medical Equipment (DME) and medically necessary transportation ordered for the transitioning member by the relinquishing Contractor; and
- g. Medical records of the transitioning member (the cost, if any, of reproducing and forwarding medical records shall be the responsibility of the relinquishing AHCCCS Contractor).

The Contractor shall designate a person with appropriate training and experience to act as the Transition Coordinator. The individual appointed to this position must be a health care professional or an individual who possesses the appropriate education and experience and is supported by a health care professional to effectively coordinate and oversee all transition issues, responsibilities, and activities. This staff person shall interact closely with the transition staff of the receiving Contractor to ensure a safe, timely, and orderly transition. See ACOM Policy 402 for more information regarding the role and responsibilities of the Transition Coordinator.

A new Contractor who receives members from the relinquishing Contractor as a result of a contract award shall ensure a smooth transition for members by maintaining their current providers and service authorizations at the time of enrollment for a period of up to 90 days unless mutually agreed to by the member or member's representative. The Contractor must reimburse a non-emergent, non-contracted provider in accordance with Section D, Paragraph 38, Claim Payment/Health Information System.

When individuals transition to the Contractor for their physical health from a health plan, members in active treatment (including but not limited to chemotherapy, pregnancy, drug regime or a scheduled procedure) with a non-participating/non-contracted provider shall be allowed to continue receiving treatment from the non-participating/non-contracted provider through the duration of their prescribed treatment.

For children who transition to the Contractor for their physical health from a health plan and who have an established relationship with a PCP that does not participate in the Contractor's provider network, the Contractor shall provide, at a minimum, a 90-day transition period in which the child may continue to seek care from their established PCP while the child and child's parents and/or guardian, the Contractor, and/or case manager finds an alternative PCP within the Contractor's provider network.

When relinquishing members, the Contractor is responsible for timely notification to the new Contractor regarding pertinent information related to any special needs of transitioning members. When receiving a transitioning member with special needs, the Contractor is responsible for coordinating care with the relinquishing Contractor in order that services are not interrupted, and for providing the new member with Contractor and service information, emergency numbers and instructions about how to obtain services. See ACOM Policy 402 and AMPM Chapter 500.

Contract Termination

In the event that the contract or any portion thereof is terminated for any reason, or expires, the Contractor shall assist AHCCCS in the transition of its members. In addition, AHCCCS reserves the right to extend the term of the contract on a month-to-month basis to assist in any transition of members. The Contractor shall make provisions for continuing all management and administrative services until the transition of all members is completed and all other requirements of this contract are satisfied. The Contractor shall submit a detailed plan to AHCCCS for approval regarding the transition of members in the event of contract expiration or termination. The name and title of the Contractor's transition coordinator shall be included in the transition plan. The Contractor shall be responsible for providing all reports set forth in this contract and necessary for the transition process, and shall be responsible for the following [42 CFR 438.610(c)(3); 42 CFR 434.6(a)(6)]:

- a. Notifying subcontractors and members;
- b. Paying all outstanding obligations for medical care rendered to members until AHCCCS is satisfied that the Contractor has paid all such obligations. The Contractor shall provide a monthly claims aging report including IBNR amounts (due the 15th day of the month, for the prior month);
- c. Providing Quarterly and Audited Financial Statements up to the date of contract termination. The financial statement requirement will not be absolved without an official release from AHCCCS;
- d. Continuing encounter reporting until all services rendered prior to contract termination have reached adjudicated status and data validation of the information has been completed, as communicated by a letter of release from AHCCCS;
- e. Cooperating with reinsurance audit activities on prior contract years until release has been granted by AHCCCS;
- f. Cooperating with AHCCCS to complete and finalize any open reconciliations, until release has been granted by AHCCCS. AHCCCS will work to complete any pending reconciliations as timely as can be completed, allowing for appropriate lag time for claims run-out and/or changes to be entered into the system;
- g. Submitting quarterly Quality Management and Medical Management reports as required by Section D, Paragraphs 23, Quality Management and Performance Improvement, and 24, Medical Management, as appropriate to provide AHCCCS with information on services rendered up to the date of contract termination. This will include quality of care (QOC) concern reporting based on the date of service;
- h. Participating in and closing out Performance Measures and Performance Improvement Projects as requested by AHCCCS;
- i. Maintaining a Performance Bond in accordance with Section D, Paragraph 46, Performance Bond or Bond Substitute. A formal request to release the performance bond, as well as a balance sheet, must be submitted when appropriate;
- j. Indemnifying AHCCCS for any claim by any third party against the State or AHCCCS arising from the Contractor's performance of this contract and for which the Contractor would otherwise be liable under this contract;
- k. Returning to AHCCCS, any funds advanced to the Contractor for coverage of members for periods after the date of termination. Funds must be returned to AHCCCS within 30 days of termination of the contract;
- l. Providing a monthly accounting of member grievances and claim disputes and their disposition; and

- m. Preserving and making available all records for a period of five years from the date of final payment under contract. Records covered under HIPAA must be preserved and made available for six years per 45 CFR 164.530(j)(2).

The above list is not exhaustive and additional information may be requested to ensure that all operational and reporting requirements have been met. Any dispute by the Contractor, with respect to termination or suspension of this contract by AHCCCS, shall be exclusively governed by the provisions of Section E, Contract Terms and Conditions, Paragraph 19, Disputes.

Pediatric to Adult Transition: The Contractor shall develop a Pediatric to Adult Transition Plan for each Member by age twenty (20) years. The Transition Plan shall be developed with Members, families, and their providers. The Transition Plan shall include strategies to address barriers to transitioning from a pediatric- to an adult-oriented system of care. The Transition Plan should be age-appropriate and periodically updated to address the Member's current needs and identify an adult-care PCP, if the Member elects to transition to another health plan prior to transition out of the CRS program. In addition to health care, developmentally-appropriate discussions related to work, education, recreation, and social needs should be part of the planning for adulthood. All teens, including those with cognitive disabilities, should be included in planning for adulthood in a way that is meaningful to them. The CRS Contractor shall adhere to policies in the AMPM, Chapter 520, regarding Pediatric to Adult Transition Plans. Utilizing the Enrollment Transition Information (ETI) form, the CRS Contractor shall notify the Member's receiving AHCCCS Contractor once the CRS Member turns 21 years of age and chooses to leave the CRS program or the member is no longer eligible for the CRS program. CRS Members often require care over extended periods of time. Therefore, transitions from the children's to the adult system of care; from the CRS Contractor to another AHCCCS Contractor or a private health plan; between levels of inpatient and outpatient care; from physician to physician; from one carve out service program, such as behavioral health, to another; often are needed. Accordingly, the CRS Contractor shall implement specific policies and procedures to preserve the continuity of care during such transitions. The CRS Contractor must facilitate the development and implementation of a transition plan for members who no longer meet CRS eligibility or who make the decision to choose to transition to another AHCCCS Contractor or private health plan when they turn 21 years of age. The transition plan must be consistent with applicable evidence based practice guidelines, which combines the various elements of treatment plans with needed family support services and care coordination activities to provide a roadmap of the steps to be taken for each Member in achieving treatment and quality of life goals. The plan developed for each member must be completed in accordance with AHCCCS Policy, which includes developmentally-appropriate strategies to transition from a pediatric to an adult system of health care and a plan that addresses changing work, education, recreation and social needs.

The CRS Contractor shall assist in the transition of care and discharge planning for members who are changing from an AHCCCS Contractor to the CRS Contractor or from the CRS Contractor to another AHCCCS Contractor or for an AHCCCS carve-out service program, or changing PCPs to ensure that all parties are aware of the full spectrum of care that a member is receiving in the AHCCCS program. In addition, the CRS Contractor shall ensure continuity of care upon discharge from hospitals, clinics, or from the CRS program. The Contractor shall coordinate continued care with a Primary Care Provider, as appropriate, upon a member's discharge from a hospital; advising the PCP of all services provided during the stay, the date of completion for any short term service, and any follow up care indicated.

Service Completion: Upon the completion or closure of a course of treatment related to a CRS condition, members may no longer require the multi-specialty, interdisciplinary care, provided in the CRS program. The CRS Contractor must notify DMS upon identification of such cases and supply supporting medical record information as specified in ACOM Policy 426.

10. SCOPE OF SERVICES

The Contractor shall provide covered services to AHCCCS members in accordance with all applicable Federal and State laws, regulations and policies, including those listed by reference in attachments and this contract. The services are described in detail in AHCCCS rules A.A.C. R9-22 Articles 2, 12, and 13, AMPM and the ACOM, all of which are incorporated herein by reference, and may be found on the AHCCCS website [42 CFR 438.210(a)(1)]. To be covered, services must be medically necessary and cost effective. The covered services are briefly described below. Except for annual well woman exams, behavioral health and children's dental services, and consistent with the terms of the demonstration, covered services must be provided by or coordinated with a primary care provider.

The Contractor must ensure the coordination of services it provides with services the member receives from other entities, including behavioral health providers. The Contractor shall ensure that, in the process of coordinating care, each member's privacy is protected in accordance with the privacy requirements including, but not limited to, 45 CFR Parts 160 and 164, Subparts A and E, and Arizona statute, to the extent that they are applicable [42 CFR 438.208 (b)(2) and (b)(4) and 438.224].

The Contractor is prohibited from paying for an item or service (other than an emergency item or service, not including items or services furnished in an emergency room of a hospital) with respect to any amount expended for which funds may not be used under the Assisted Suicide Funding Restriction Act of 1997. (1903(i) final sentence and 1903(i)(16) of the Social Security Act.^{iv}

Services must be rendered by providers that are appropriately licensed or certified, operating within their scope of practice, and registered as an AHCCCS provider. The Contractor shall provide the same standard of care for all members, regardless of the member's eligibility category. The Contractor shall ensure that the services are sufficient in amount, duration and scope to reasonably be expected to achieve the purpose for which the services are furnished [42 CFR 434.6(a)(4)]. The Contractor shall not arbitrarily deny or reduce the amount, duration, or scope of a required service solely because of diagnosis, type of illness, or condition of the member [42 CFR 438.210(a)(3)(ii)]. The Contractor may place appropriate limits on a service on the basis of criteria such as medical necessity; or for utilization control, provided the services furnished can reasonably be expected to achieve their purpose [42 CFR 438.210(a)(3); 42 CFR 438.210(a)(4)].

Moral or Religious Objections

The Contractor must notify AHCCCS if, on the basis of moral or religious grounds, it elects to not provide or reimburse for a covered service. The Contractor may propose a solution to allow members' access to the services. If AHCCCS does not approve the Contractor's proposed solution, AHCCCS will determine how the services will be provided. That proposal must:

- a. Be submitted to AHCCCS in writing prior to entering into a contract with AHCCCS or at least 60 days prior to the intended effective date of the change in the scope of services based on moral or religious grounds;
- b. Place no financial or administrative burden on AHCCCS;
- c. Place no significant burden on members' access to the services;
- d. Be accepted by AHCCCS in writing; and
- e. Acknowledge an adjustment to capitation, depending on the nature of the proposed solution.

If AHCCCS approves the Contractor's proposed solution for its members to access the services, the Contractor must notify members how to access these services when directed by AHCCCS. The notification and policy must be consistent with the provisions of 42 CFR 438.10, must be provided to newly assigned members within 12 days of enrollment, and must be provided to all current members at least 30 days prior to the effective date of the approved policy [42 CFR 438.102(a)(2) and (b)(1)].

Authorization of Services

The Contractor shall have in place and follow written policies and procedures for the processing of requests for initial and continuing authorizations of services. The Contractor shall have mechanisms in place to ensure consistent application of review criteria for authorization decisions. Any decision to deny a service authorization request or to authorize a service in an amount, duration or scope that is less than requested, shall be made by a health care professional who has appropriate clinical expertise in treating the member's condition or disease [42 CFR 438.210(b)].

Notice of Action

The Contractor shall notify the requesting provider and give the member written notice of any decision by the Contractor to deny, reduce, suspend or terminate a service authorization request, or to authorize a service in an amount, duration, or scope that is less than requested [42 CFR 438.400(b)]. The notice shall meet the requirements of 42 CFR 438.404, AHCCCS rules and ACOM Policy 414. The notice to the provider must also be in writing as specified in Attachment F1, Enrollee Grievance System Standards of this contract [42 CFR 438.210 (c)]. The Contractor must comply with all decision timelines outlined in ACOM Policy 414.

The Contractor shall ensure that its providers, acting within the lawful scope of their practice are not prohibited or otherwise restricted from advising or advocating, on behalf of a member who is his or her patient, for [42 CFR 438.102]:

- a. The member's health status, medical care or treatment options, including any alternative treatment that may be self-administered [42 CFR 438.100(b)(2)];
- b. Any information the member needs in order to decide among all relevant treatment options;
- c. The risks, benefits, and consequences of treatment or non-treatment; and,
- d. The member's right to participate in decisions regarding his or her behavioral health care, including the right to refuse treatment, and to express preferences about future treatment decisions [42 CFR 438.100(b)(2)(iv)].

Covered Services

Refer to the AHCCCS Medical Policy Manual (AMPM) Chapter 300 and 400 for a comprehensive list of CRS Covered Services. For CMDP and DDD members and members in the CRS Only Coverage Type, the services below are covered when related to the CRS condition.

Ambulatory Surgery: The Contractor shall provide surgical services for either emergency or scheduled surgeries when provided in an ambulatory or outpatient setting, such as a freestanding surgical center or a hospital-based outpatient surgical setting.

American Indian Health Program (AIHP): The AHCCCS, Division of Fee-For-Service Management (DFSM) will reimburse claims for acute care services that are medically necessary, eligible for 100% Federal reimbursement, and are provided to Title XIX members enrolled with the Contractor by an IHS or 638 tribal facility and when the member is eligible to receive services at an IHS or 638 tribal facility. Encounters for Title XIX services billed by an IHS or 638 tribal facility will not be accepted by AHCCCS or considered in capitation rate development.

The Contractor is responsible for reimbursement to IHS or tribal facilities for services provided to Title XXI American Indian members enrolled with the Contractor. The Contractor may choose to subcontract with an IHS or 638 tribal facility as part of its provider network for the delivery of Title XXI covered services. Expenses incurred by the Contractor for Title XXI services billed by an IHS or 638 tribal facility shall be encountered and considered in capitation rate development.

Anti-hemophilic Agents and Related Services: The Contractor shall provide services for the treatment of hemophilia and von Willebrand's disease. See Section D, Paragraph 57, Reinsurance.

Audiology: The Contractor shall provide medically necessary audiology services to evaluate hearing loss for all members, on both an inpatient and outpatient basis. Hearing aids are covered only for members under the age of 21 receiving EPSDT services.

Behavioral Health: The Contractor shall provide behavioral health services as described in Section D, Paragraph 12, Behavioral Health Services.

Chiropractic Services: The Contractor shall provide chiropractic services to members under age 21 when prescribed by the member's PCP and approved by the Contractor in order to ameliorate the member's medical condition. For Qualified Medicare Beneficiaries, regardless of age, Medicare approved chiropractic services shall be covered subject to limitations specified in 42 CFR 410.21.

Dialysis: The Contractor shall provide medically necessary dialysis, supplies, diagnostic testing and medication for all members when provided by Medicare-certified hospitals or Medicare-certified end stage renal disease (ESRD) providers. Services may be provided on an outpatient basis or on an inpatient basis if the hospital admission is not solely to provide chronic dialysis services.

Early and Periodic Screening, Diagnostic and Treatment (EPSDT): The Contractor shall provide comprehensive health care services through primary prevention, early intervention, diagnosis and medically necessary treatment to correct or ameliorate defects and physical or mental illnesses discovered by the screenings for members under age 21. The Contractor shall ensure that these members receive required health screenings, including developmental and behavioral health screenings, in compliance with the AHCCCS EPSDT Periodicity Schedule, and the AHCCCS Dental Periodicity Schedule (Exhibit 430-1 and 430-1A in the AMPM), including appropriate oral health screening intended to identify oral pathology, including tooth decay and/or oral lesions, and the application of fluoride varnish conducted by a physician, physician's assistant or nurse practitioner.

Emergency Services for coverage types, CRS Fully Integrated and CRS Partially-Integrated – Acute: The Contractor shall provide emergency services per the following:

- a. Emergency services facilities adequately staffed by qualified medical professionals to provide pre-hospital, emergency care on a 24-hour-a-day, seven-day-a-week basis, for an emergency medical condition as defined by A.A.C. R9-22 Article 1. Emergency medical services are covered without prior authorization. The Contractor is encouraged to contract with emergency service facilities for the provision of emergency services. The Contractor shall be responsible for educating members and providers regarding appropriate utilization of emergency room services including behavioral health emergencies. The Contractor shall monitor emergency service utilization (by both provider and member) and shall have guidelines for implementing corrective action for inappropriate utilization. For utilization review, the test for appropriateness of the request for emergency services shall be whether a prudent layperson, similarly situated, would have requested such services. For the purposes of this contract, a prudent layperson is a person who possesses an average knowledge of health and medicine;
- b. All medical services necessary to rule out an emergency condition; and
- c. Emergency transportation.

Per the Medicaid Managed Care regulations, 42 CFR 438.114, 422.113, 422.133 the following conditions apply with respect to coverage and payment of emergency services:

The Contractor must cover and pay for emergency services regardless of whether the provider that furnishes the service has a contract with the Contractor.

The Contractor may not deny payment for treatment obtained under either of the following circumstances:

- a. A member had an emergency medical condition, including cases in which the absence of medical attention would not have resulted in the outcomes identified in the definition of emergency medical condition under 42 CFR 438.114.
- b. A representative of the Contractor (an employee or subcontracting provider) instructs the member to seek emergency medical services.

Additionally, the Contractor may not:

- a. Limit what constitutes an emergency medical condition as defined in 42 CFR 438.114, on the basis of lists of diagnoses or symptoms.
- b. Refuse to cover emergency services based on the failure of the emergency room provider, hospital, or fiscal agent to notify the Contractor of the member's screening and treatment within 10 calendar days of presentation for emergency services. Claims submission by the hospital within 10 calendar days of the member's presentation for the emergency services constitutes notice to the Contractor. This notification stipulation is only related to the provision of emergency services.
- c. Require notification of Emergency Department treat and release visits as a condition of payment unless the plan has prior approval from AHCCCS.

A member who has an emergency medical condition may not be held liable for payment of subsequent screening and treatment needed to diagnose the specific condition or stabilize the patient.

The attending emergency physician, or the provider actually treating the member, is responsible for determining when the member is sufficiently stabilized for transfer or discharge, and such determination is binding on the Contractor responsible for coverage and payment. The Contractor shall comply with Medicaid Managed Care guidelines regarding the coordination of post-stabilization care.

For additional information and requirements regarding emergency services, refer to AHCCCS rules A.A.C. R9-22-201 et seq. and 42 CFR 438.114.

Emergency Services for Coverage Types, CRS Partially-Integrated – BH and CRS Only: The Contractor shall not cover emergency services unless those services are related to a CRS condition.

Family Planning: The Contractor shall provide family planning services in accordance with the AMPM, and consistent with the terms of the demonstration, for all members who choose to delay or prevent pregnancy. These include medical, surgical, pharmacological and laboratory services, as well as contraceptive devices. Information and counseling, which allow members to make informed decisions regarding family planning methods, are also included. If the Contractor does not provide family planning services due to moral and religious objections, it must contract for these services through another health care delivery system or have an approved alternative in place.

Foot and Ankle Services:

Children: The Contractor shall provide foot and ankle services for members under the age of 21 to include bunionectomies, casting for the purpose of constructing or accommodating orthotics, medically necessary orthopedic shoes that are an integral part of a brace, and medically necessary routine foot care for patients with a severe systemic disease that prohibits care by a non-professional person.

Adults: The Contractor shall provide foot and ankle care services to include wound care, treatment of pressure ulcers, fracture care, reconstructive surgeries, and limited bunionectomy services. Medically necessary routine foot care services are only available for members with a severe systemic disease that prohibits care by a non-professional person as described in the AMPM. Services are not covered for members 21 years of age and older, when provided by a podiatrist or podiatric surgeon.

Home Health Services: This service shall be provided under the direction of a physician to prevent hospitalization or institutionalization and may include nursing, therapies, supplies and home health aide services. It shall be provided on a part-time or intermittent basis. The Contractor is prohibited from paying for an item or service (other than an emergency item or service, not including items or services furnished in an emergency room of a hospital) for home health care services provided by an agency or organization, unless AHCCCS Provider Registration verifies compliance with the surety bond requirements specified in Sections 1861(o)(7) and 1903(i)(18) of the Social Security Act.^v

Hospice: These services are covered for members who are certified by a physician as being terminally ill and having six months or less to live. See the AMPM for details on covered hospice services.

Hospital: Inpatient services include semi-private accommodations for routine care, intensive and coronary care, surgical care, obstetrics and newborn nurseries, and behavioral health emergency/crisis services. If the member's medical condition requires isolation, private inpatient accommodations are covered. Nursing services, dietary services and ancillary services such as laboratory, radiology, pharmaceuticals, medical supplies, blood and blood derivatives, etc. are also covered. Outpatient hospital services include any of the above services which may be appropriately provided on an outpatient or ambulatory basis (i.e., laboratory, radiology, therapies, ambulatory surgery, etc.). Observation services may be provided on an outpatient basis, if determined reasonable and necessary to decide whether the member should be admitted for inpatient care. Observation services include the use of a bed and periodic monitoring by hospital nursing staff and/or other staff to evaluate, stabilize or treat medical conditions of a significant degree of instability and/or disability. See AMPM for limitations on hospital stays.

Immunizations: The Contractor shall provide medically necessary immunizations for adults 21 years of age and older. Refer to the AMPM for current immunization requirements. The Contractor is required to meet specific immunization rates for members under the age of 21, which are described in Section D, Paragraph 23, Quality Management and Performance Improvement.

Incontinence Briefs: In general, incontinence briefs (diapers) are not covered for members unless medically necessary to treat a medical condition. However, for AHCCCS members over three years of age and under 21 years of age incontinence briefs, including pull-ups and incontinence pads, are also covered to prevent skin breakdown and to enable participation in social community, therapeutic, and educational activities under limited circumstances. In addition, effective December 15, 2014 for members in the ALTCS Program who are 21 years of age and older, incontinence briefs, including pull-ups and incontinence pads are also covered in order to prevent skin breakdown as outlined in AMPM Policy 310-P. See A.A.C. R9-22-212 and AMPM Chapters 300 and 400.

Laboratory: Laboratory services for diagnostic, screening and monitoring purposes are covered when ordered by the member's PCP, other attending physician or dentist, and provided by a Clinical Laboratory Improvement Act (CLIA) approved free-standing laboratory or hospital laboratory, clinic, physician office or other health care facility laboratory.

Upon written request, the Contractor may obtain laboratory test data on members from a laboratory or hospital-based laboratory subject to the requirements specified in A.R.S. §36-2903(Q) and (R). The data shall be used exclusively for quality improvement activities and health care outcome studies required and/or approved by AHCCCS.

Maternity: The Contractor shall provide pregnancy identification, prenatal care, treatment of pregnancy related conditions, labor and delivery services, and postpartum care for members. Services may be provided by physicians, physician assistants, nurse practitioners, certified nurse midwives, or licensed midwives. Members may select or be assigned to a PCP specializing in obstetrics while they are pregnant. Members anticipated to have a low-risk delivery, may elect to receive labor and delivery services in their home from their maternity provider, if this setting is included in the allowable settings for the Contractor, and the

Contractor has providers in its network that offer home labor and delivery services. Members anticipated to have a low-risk prenatal course and delivery may elect to receive maternity services of prenatal care, labor and delivery and postpartum care provided by certified nurse midwives or licensed midwives, if they are in the Contractor's provider network. Members receiving maternity services from a certified nurse midwife or a licensed midwife must also be assigned to a PCP for other health care and medical services. A certified nurse midwife may provide those primary care services that they are willing to provide and that the member elects to receive from the certified nurse midwife. Members receiving care from a certified nurse midwife may also elect to receive some or all her primary care from the assigned PCP. Licensed midwives may not provide any additional medical services as primary care is not within their scope of practice. Members who transition to a new Contractor or become enrolled during their third trimester must be allowed to complete maternity care with their current AHCCCS registered provider, regardless of contractual status, to ensure continuity of care.

The Contractor shall allow women to receive up to 48 hours of inpatient hospital care after a routine vaginal delivery and up to 96 hours of inpatient care after a cesarean delivery. The attending health care provider, in consultation with the mother, may discharge the mother prior to the minimum length of stay. A normal newborn may be granted an extended stay in the hospital of birth when the mother's continued stay in the hospital is beyond the 48 or 96 hour stay.

The Contractor shall inform all assigned AHCCCS pregnant women of voluntary prenatal HIV/AIDS testing and the availability of medical counseling, if the test is positive. The Contractor shall provide information in the Member Handbook and annually in the member newsletter, to encourage pregnant women to be tested and instructions about where to be tested. Semi-annually, the Contractor shall report to AHCCCS, Division of Health Care Management (DHCM) the number of pregnant women who have been identified as HIV/AIDS-positive for each quarter during the contract year. This report is due as specified in Attachment F3, Contractor Chart of Deliverables.

Medical Foods: Medical foods are covered within limitations defined in the AMPM for members diagnosed with a metabolic condition included under the ADHS Newborn Screening Program and as specified in the AMPM. The medical foods, including metabolic formula and modified low protein foods, must be prescribed or ordered under the supervision of a physician.

Medical Supplies, Durable Medical Equipment (DME), and Prosthetic Devices: These services are covered by CRS when prescribed by the member's PCP, attending physician or practitioner, or by a dentist as described in the AMPM. These services are covered for CRS Partially Integrated – Behavioral Health and CRS Only members for the CRS condition or related to or a result of the CRS condition. Prosthetic devices must be medically necessary and meet criteria as described in the AMPM. For persons age 21 or older, AHCCCS will not pay for microprocessor controlled lower limbs and microprocessor controlled joints for lower limbs. Medical equipment may be rented or purchased only if other sources are not available which provide the items at no cost. The total cost of the rental must not exceed the purchase price of the item. Reasonable repairs or adjustments of purchased equipment are covered to make the equipment serviceable and/or when the repair cost is less than renting or purchasing another unit.

Nursing Facility: The Contractor shall provide services in nursing facilities, including religious non-medical health care institutions, for members who due to their CRS condition require short-term convalescent care not to exceed 90 days per contract year. In lieu of a nursing facility, the member may be placed in an assisted living facility, an alternative residential setting, or receive Home and Community Based Services (HCBS) as defined in A.A.C. R9-22 Article 2 and A.A.C. R9-28 Article 2 that meet the provider standards described in A.A.C. R9-28 Article 5, and subject to the limitations set forth in the AMPM.

Nursing facility services must be provided in a dually-certified Medicare/Medicaid nursing facility, which includes in the per-diem rate: nursing services; basic patient care equipment and sickroom supplies; dietary services; administrative physician visits; non-customized DME; necessary maintenance and rehabilitation therapies; over-the-counter medications; social, recreational and spiritual activities; and administrative,

operational medical direction services. See Section D, Paragraph 41, Responsibility for Nursing Facility Reimbursement, for further details.

The Contractor shall notify the Assistant Director of the Division of Member Services, by Email, when a member has been residing in a nursing facility, alternative residential facility or receiving home and community based services for 45 days. This will allow AHCCCS time to follow-up on the status of the ALTCS application and to consider potential Fee-For-Service coverage, if the stay goes beyond the 90 day per contract year maximum. The notice should be sent via e-mail to HealthPlan45DayNotice@azahcccs.gov.

Notifications must include:

- a. Member Name
- b. AHCCCS ID
- c. Date of Birth
- d. Name of Facility
- e. Admission Date to the Facility
- f. Date the member will reach the 90 days
- g. Name of Contractor of enrollment

Nutrition: Nutritional assessments are conducted as a part of the EPSDT screenings for members under age 21, and to assist members 21 years of age and older whose health status may improve with over- and under-nutritional intervention. Assessment of nutritional status on a periodic basis may be provided as determined necessary, and as a part of the health risk assessment and screening services provided by the member's PCP. Assessments may also be provided by a registered dietitian when ordered by the member's PCP. AHCCCS covers nutritional therapy on an enteral, parenteral or oral basis, when determined medically necessary, according to the criteria specified in the AMPM, to provide either complete daily dietary requirements or to supplement a member's daily nutritional and caloric intake. CRS shall provide nutritional therapy on an enteral, parenteral, or oral basis when determined medically necessary and related to the member's CRS condition.

Oral Health: The Contractor shall provide all members under the age of 21 years with all medically necessary dental services including emergency dental services, dental screening, preventive services, therapeutic services and dental appliances in accordance with the AHCCCS Dental Periodicity Schedule. The Contractor shall monitor compliance with the AHCCCS Dental Periodicity Schedule for dental screening services. The Contractor must develop processes to assign members to a dental home by one year of age and communicate that assignment to the member. The Contractor must regularly notify the oral health professional which members have been assigned to the provider's dental home for routine preventative care as outlined in AMPM Chapter 400. The Contractor is required to meet specific utilization rates for members as described in Section D, Paragraph 23, Quality Management and Performance Improvement. The Contractor shall ensure that members are notified in writing when dental screenings are due, if the member has not been scheduled for a visit. If a dental screening is not received by the member, a second written notice must be sent. Members under the age of 21 may request dental services without referral and may choose a dental provider from the Contractor's provider network.

Pursuant to A.A.C. R9-22-207, for members who are 21 years of age and older, the Contractor shall cover medical and surgical services furnished by a dentist only to the extent such services may be performed under State law either by a physician or by a dentist. These services would be considered physician services if furnished by a physician. Limited dental services are covered for pre-transplant candidates and for members with cancer of the jaw, neck or head. See AMPM for specific details.

Orthotics: Orthotics are covered for AHCCCS members under the age of 21 as outlined in AMPM Policy 430. Orthotics are covered for AHCCCS members 21 years of age and older if all of the following apply:

1. The use of the orthotic is medically necessary as the preferred treatment option and consistent with Medicare guidelines;
2. The orthotic is less expensive than all other treatment options or surgical procedures to treat the same diagnosed condition; and
3. The orthotic is ordered by a physician or primary care practitioner.

Medical equipment may be rented or purchased only if other sources, which provide the items at no cost, are not available. The total cost of the rental must not exceed the purchase price of the item. Reasonable repairs or adjustments of purchased equipment are covered for all members over and under the age of 21 to make the equipment serviceable and/or when the repair cost is less than renting or purchasing another unit. The component will be replaced if at the time authorization is sought documentation is provided to establish that the component is not operating effectively.

Physician: The Contractor shall provide physician services to include medical assessment, treatments and surgical services provided by licensed allopathic or osteopathic physicians.

Post-stabilization Care Services: Pursuant to R9-22-210 and 42 CFR 438.114, 422.113(c) and 422.133, the following conditions apply with respect to coverage and payment of emergency and of post-stabilization care services, except where otherwise noted in the contract:

The Contractor must cover and pay for post-stabilization care services without authorization, regardless of whether the provider that furnishes the service has a contract with the Contractor, for the following situations:

- a. Post-stabilization care services that were pre-approved by the Contractor;
- b. Post-stabilization care services were not pre-approved by the Contractor because the Contractor did not respond to the treating provider's request for pre-approval within one hour after being requested to approve such care or could not be contacted for pre-approval; or
- c. The Contractor representative and the treating physician cannot reach agreement concerning the member's care and a Contractor physician is not available for consultation. In this situation, the Contractor must give the treating physician the opportunity to consult with a Contractor physician and the treating physician may continue with care of the patient until a Contractor physician is reached or one of the criteria in 42 CFR 422.113(c)(3) is met.

Pursuant to 42 CFR 422.113(c)(3), the Contractor's financial responsibility for post-stabilization care services that have not been pre-approved ends when:

- a. A Contractor physician with privileges at the treating hospital assumes responsibility for the member's care;
- b. A Contractor physician assumes responsibility for the member's care through transfer;
- c. A Contractor representative and the treating physician reach an agreement concerning the member's care; or
- d. The member is discharged.

Pregnancy Terminations: AHCCCS covers pregnancy termination if the pregnant member suffers from a physical disorder, physical injury, or physical illness, including a life endangering physical condition caused by or arising from the pregnancy itself, that would, as certified by a physician, place the member in danger of death unless the pregnancy is terminated, or the pregnancy is a result of rape or incest.

The attending physician must acknowledge that a pregnancy termination has been determined medically necessary by submitting the Certificate of Necessity for Pregnancy Termination. This certificate must be submitted to the Contractor's Medical Director and meet the requirements specified in the AMPM. The Certificate must certify that, in the physician's professional judgment, the criteria have been met.

Prescription Medications: Medications ordered by a PCP, attending physician, dentist or other authorized prescriber and dispensed under the direction of a licensed pharmacist are covered subject to limitations related to prescription supply amounts, Contractor formularies and prior authorization requirements. An appropriate over-the-counter medication may be prescribed as defined in the AMPM when it is determined to be a lower-cost alternative to a prescription medication.

Pharmaceutical Rebates: The Contractor, including the Contractor's Pharmacy Benefit Manager (PBM), is prohibited from negotiating any rebates with drug manufacturers for preferred or other pharmaceutical products when AHCCCS has a supplemental rebate contract for the product(s). A listing of products covered under supplemental rebate agreements will be available on the AHCCCS website under the Pharmacy Information section.

If the Contractor or its PBM has an existing rebate agreement with a manufacturer, all outpatient drug claims, including provider-administered drugs for which AHCCCS is obtaining supplemental rebates, must be exempt from such rebate agreements. For pharmacy related encounter data information Section D, Paragraph 65, Encounter Data Reporting.

Medicare Part D: AHCCCS covers those drugs ordered by a PCP, attending physician, dentist or other authorized prescriber and dispensed under the direction of a licensed pharmacist subject to limitations related to prescription supply amounts, and the Contractor's prior authorization requirements if they are excluded from Medicare Part D coverage. Medications that are covered by Part D, but are not on a specific Part D Health Plan's formulary are not considered excluded drugs and will not be covered by AHCCCS. This applies to members who are enrolled in Medicare Part D or are eligible for Medicare Part D. See AMPM Chapter 300, Section 310-V.

Primary Care Provider: Primary Care Provider (PCP) services are covered when provided by a physician, physician assistant or nurse practitioner selected by, or assigned to, the member. The PCP provides primary health care and serves as a coordinator in referring the member for specialty medical services [42 CFR 438.208(b)]. The PCP is responsible for maintaining the member's primary medical record, which contains documentation of all health risk assessments and health care services of which they are aware whether or not they were provided by the PCP.

Radiology and Medical Imaging: These services are covered when ordered by the member's PCP, attending physician or dentist and are provided for diagnosis, prevention, treatment or assessment of a medical condition.

Rehabilitation Therapy: The Contractor shall provide occupational, physical and speech therapies. Therapies must be prescribed by the member's PCP or attending physician for an acute condition and the member must have the potential for improvement due to the rehabilitation.

Occupational and Speech therapy is covered for all members receiving inpatient hospital (or nursing facility services). Occupational Therapy and Speech therapy services provided on an outpatient basis are only covered for members under the age of 21. Physical Therapy is covered for all members in both inpatient and outpatient settings. Outpatient physical therapy for members 21 years of age or older are subject to visit limits per contract year as described in the AMPM.

Respiratory Therapy: Respiratory therapy is covered when prescribed by the member's PCP or attending physician, and is necessary to restore, maintain or improve respiratory functioning.

Support Services (State Only): Support services including, but not limited to, personal care services, prevention education, ongoing support to maintain employment, and supported housing, are provided by the Arizona Regional Behavioral Health Authorities (RBHAs) as outlined in the Covered Behavioral Health Services Guide, to facilitate the delivery of or enhance the benefit received from other behavioral health

services. The Contractor shall assist members with how to access support services and shall coordinate care for the member as appropriate.

Transplantation of Organs and Tissue, and Related Immunosuppressant Drugs: These services are covered within limitations defined in the AMPM for members diagnosed with specified medical conditions. Services include: pre-transplant inpatient or outpatient evaluation; donor search; organ/tissue harvesting or procurement; preparation and transplantation services; and convalescent care. In addition, if a member receives a transplant covered by a source other than AHCCCS, medically necessary non-experimental services are provided, within limitations, after the discharge from the acute care hospitalization for the transplantation. AHCCCS maintains specialty contracts with transplantation facility providers for the Contractor's use or the Contractor may select its own transplantation provider. Refer to Section D, Paragraph 57, Reinsurance.

Transportation: These services include emergency and non-emergency medically necessary transportation. Emergency transportation, including transportation initiated by an emergency response system such as 911, may be provided by ground, air or water ambulance to manage an AHCCCS member's emergency medical condition at an emergency scene and transport the member to the nearest appropriate medical facility. Non-emergency transportation shall be provided for members who are unable to provide or secure their own transportation for medically necessary services using the appropriate mode based on the needs of the member. The Contractor shall ensure that members have coordinated, reliable, medically necessary transportation to ensure members arrive on-time for regularly scheduled appointments and are picked up upon completion of the entire scheduled treatment.

Triage/Screening and Evaluation: These are covered services when provided by an acute care hospital, or IHS or 638 tribal facility and after-hours settings to determine whether or not an emergency exists, assess the severity of the member's medical condition and determine services necessary to alleviate or stabilize the emergent condition. Triage/screening services must be reasonable, cost effective and meet the criteria for severity of illness and intensity of service.

Vision Services/Ophthalmology/Optometry: The Contractor shall provide all medically necessary emergency eye care, vision examinations, prescriptive lenses, frames, and treatments for conditions of the eye for all members under the age of 21. For members who are 21 years of age and older, the Contractor shall provide emergency care for eye conditions which meet the definition of an emergency medical condition, Vision examinations and the provision of prescriptive lenses are covered for adults when medically necessary following cataract removal. Medically necessary vision examinations and prescriptive lenses and frames are covered if required following cataract removal. Refer to AMPM Chapter 300.

Members shall have full freedom to choose, within the Contractor's network, a practitioner in the field of eye care, acting within the scope of their practice, to provide the examination, care or treatment for which the member is eligible. A "practitioner in the field of eye care" is defined to be either an ophthalmologist or an optometrist.

Well Exams: Well visits, such as, but not limited to, well woman exams, breast exams, and prostate exams are covered for members 21 years of age and older. For members under 21 years of age, AHCCCS continues to cover medically necessary services under the EPSDT Program.

11. SPECIAL HEALTH CARE NEEDS

AHCCCS has specified in its *Quality Assessment and Performance Improvement Strategy* certain populations with special health care needs as defined by the State [42 CFR 438.208(c)(1)].^{vi}

Members with special health care needs are those members who have serious and chronic physical, developmental, or behavioral conditions requiring medically necessary health and related services of a type or

amount beyond that required by members generally. A member will be considered as having special health care needs if the medical condition simultaneously meets the following criteria:^{vii}

- a. Lasts or is expected to last one year or longer, and
- b. Requires ongoing care not generally provided by a primary care provider.

AHCCCS has determined that the following populations meet this definition:^{viii}

- a. Members who are recipients of services provided through the Children's Rehabilitative Services (CRS) program
- b. Members who are recipients of services provided through the Arizona Department of Health Services Division of Behavioral Health contracted Regional Behavioral Health Authorities (RBHAs), and
- c. Members diagnosed with HIV/AIDS
- d. Arizona Long Term Care System:
 - Members enrolled in the ALTCS program who are elderly and/or have a physical disability, and
 - Members enrolled in the ALTCS program who have a developmental disability.

AHCCCS monitors quality and appropriateness of care/services for routine and special health care needs members through annual Operational and Financial Reviews of Contractors and the review of required Contractor deliverables set forth in contract, program specific performance measures, and performance improvement projects.^{ix}

The Contractor shall have in place a mechanism to identify all members with special health care needs [42 CFR 438.240(b)(4)]. The Contractor shall implement mechanisms to assess each member identified as having special health care needs, in order to identify any ongoing special conditions of the member which require a course of treatment, regular care monitoring, or transition to another AHCCCS program. The assessment mechanisms shall use appropriate health care professionals [42 CFR 438.208(c)(2)]. The Contractor shall share with other entities providing services to the member the results of its identification and assessment of that member's needs so that those activities need not be duplicated [42 CFR 438.208(b)(3), A.R.S. §36-260 et seq., and A.A.C. R9-22 Article 13].

For members with special health care needs determined to need a specialized course of treatment or regular care monitoring, the Contractor must have procedures in place to allow members to directly access a specialist (for example through a standing referral or an approved number of visits) as appropriate for the member's condition and identified needs [42 CFR 438.208(c)(4)]. For members transitioning, see Section D, Paragraph 9, Transition Activities.

The CRS program specializes in services for individuals with chronic and/or disabling or potentially disabling health conditions. The CRS Contractor shall provide timely delivery of coordinated, multi-specialty, interdisciplinary covered services by a network of qualified providers to members in all regions of the State. Network design shall preserve continuity of care, existing member-provider relationships and member/family choice when feasible. The Contractor shall implement proven strategies that ensure members access to effective, person- and family-centered, culturally and linguistically appropriate care, delivered in a manner consistent with Evidence Based Guidelines.

The Contractor shall administer a single, statewide service delivery system. The system will provide member access, incorporating technology such as telemedicine, to a statewide network of multi-specialty providers. Care shall be provided in a variety of service settings including community-based provider offices and locations, alternative clinic settings, and Multi-Specialty Interdisciplinary Clinics (MSIC's)and.

The CRS Contractor shall identify and implement industry-leading tools, technology, and strategies that improve clinical and administrative outcomes and reduce unnecessary costs for members with special health care needs.

The Contractor's commitment to member rights, family involvement and continuous quality improvement shall be evident in its policies, practices and decision-making.

For members with special health care needs determined to need a specialized course of treatment or regular care monitoring, the Contractor must have procedures in place to allow members to directly access a specialist (for example through a standing referral or an approved number of visits) as appropriate for the member's condition and identified needs [42 CFR 438.208(c)(4)].

The Contractor shall have a methodology to identify providers willing to provide medical home services and make reasonable efforts to offer access to these providers.

The American Academy of Pediatrics (AAP) describes care from a medical home as:

- Accessible
- Continuous
- Coordinated
- Family-centered
- Comprehensive
- Compassionate
- Culturally effective

The Contractor shall ensure that populations with ongoing medical needs, including but not limited to dialysis, radiation and chemotherapy, have coordinated, reliable, medically necessary transportation to ensure members arrive on-time for regularly scheduled appointments and are picked up upon completion of the entire scheduled treatment. See Section D, Paragraph 33, Appointment Standards.

The CRS Contractor must develop a written Service Plan that includes services and therapeutic interventions based on a complete assessment of a member's developmental and health status, strengths and needs that are designed and periodically updated by the multi-disciplinary team including health care professionals that may provide care and services in the community setting. The CRS Contractor must provide active follow-up and assistance in scheduling appointments for CRS members to ensure that they are aware of and complete care recommended in the Service Plan.

12. BEHAVIORAL HEALTH SERVICES

Members receive behavioral health services through the CRS Contractor depending on their CRS coverage type as defined in Section D, Paragraph 3, Enrollment and Disenrollment. Behavioral Health services are described in detail in the Covered Behavioral Health Services Guide and the AMPM. Covered services include:

1. Behavior Management (personal care, family support/home care training, peer support)
2. Behavioral Health Case Management Services (with limitations)
3. Behavioral Health Nursing Services
4. Emergency Behavioral Health Care
5. Emergency and Non-Emergency Transportation
6. Evaluation and Assessment
7. Individual, Group and Family Therapy and Counseling

8. Inpatient Hospital Services - (Contractors may provide services in alternative inpatient settings that are licensed by ADHS/DLS, in lieu of services in an inpatient hospital. These alternative settings must be lower cost than traditional inpatient settings.
9. Behavioral Health Inpatient Facilities
10. Laboratory and Radiology Services for Psychotropic Medication Regulation and Diagnosis
11. Opioid Agonist Treatment
12. Partial Care (Supervised day program, therapeutic day program and medical day program)
13. Psychosocial Rehabilitation (living skills training; health promotion; supportive employment services)
14. Psychotropic Medication
15. Psychotropic Medication Adjustment and Monitoring
16. Respite Care (with limitations)
17. Substance Abuse Transitional Facility Services
18. Screening
19. Home Care Training to Home Care Client

The Contractor shall ensure that all behavioral health services provided are medically necessary as determined by a qualified behavioral health professional. Psychiatrists, psychologists, physician assistants, certified psychiatric nurse practitioners, licensed clinical social workers, licensed professional counselors, licensed marriage and family therapists and licensed independent substance abuse counselors may bill independently. Other behavioral health professionals must be employed by or contracted with and bill through an AHCCCS registered behavioral health provider.

The Contractor's network shall include Master's level and doctoral trained clinicians in the fields of social work, counseling, and psychology that are trained in implementation of best practices for medically and behaviorally complex conditions such as intellectual/cognitive disabilities, trauma related disorders, substance abuse, sexual disorders, and special age groups such as transition age youth and members aged birth to five years old.

Behavioral health needs shall be assessed and services provided in collaboration with the member, the member's family and all others involved in the member's care, including other agencies or systems. Services shall be accessible and provided by competent individuals who are adequately trained and supervised. The strengths and needs of the member and their family shall determine the types and intensity of services. Services should be provided in a manner that respects the member and family's cultural heritage and appropriately utilizes natural supports in the member's community.

SMI Eligibility: Members who are eligible for CRS and who have a diagnosis of Serious Mental Illness (SMI) will continue to receive behavioral health services from the CRS Contractor for CRS coverage types Fully Integrated and Partially-Integrated-BH.

SMI Eligibility Evaluation and Determination: Payment for evaluations conducted for the purpose of an SMI determination is the responsibility of the CRS Contractor. The Contractor shall ensure evaluations are sent to the Crisis Response Network (CRN) which conducts all SMI eligibility determinations statewide. .

Member Education: The Contractor shall be responsible for including information in the Member Handbook and other materials to inform members how to access covered services.

Access to Behavioral Health Services: Members may self-refer to a behavioral health provider, or be referred by CMDP, DDD, schools, State agencies, providers, or other parties. The Contractor shall be responsible for meeting the appointment standards found in Section D, Paragraph 33, Appointment Standards.

The Contractor's network shall include Master's level and doctoral trained clinicians in the fields of social work, counseling, and psychology that are trained in implementation of best practices for medically and

behaviorally complex conditions such as intellectual/cognitive disabilities, trauma related disorders, substance abuse, sexual disorders, and special age groups such as transition age youth and members aged birth to five years old.

Referrals: The Contractor shall develop, monitor and continually evaluate its processes for timely referral, evaluation and treatment planning for behavioral health services. Requests for behavioral health services made by the family, guardian, or the member shall be assessed by the Contractor for appropriateness within three business days of the request. If it is determined that services are needed, a referral for evaluation shall be made within one business day. A direct referral for a behavioral health evaluation may be made by the member. A direct referral for a behavioral health evaluation may be made by any health care professional in coordination with the case manager and PCP assigned to the member.

EPSDT: As specified in Section D, Paragraph 10, Scope of Services, EPSDT, the Contractor must provide behavioral health screenings for members under 21 years of age in compliance with the AHCCCS EPSDT Periodicity Schedule.

Specific Requirements for Services to American Indians: The Contractor shall ensure that all covered behavioral health services are available to American Indian members, whether they live on or off reservation. The Contractor is not responsible for payment of behavioral health services provided to American Indian members by an IHS or 638 tribal facility, even if the member is enrolled with the Contractor.

Sharing of Data: On a recurring basis (no less than quarterly based on adjudication date), AHCCCS shall provide the Contractor an electronic file of claims and encounter data for members enrolled with the Contractor who have received services, during the member's enrollment period, from another contractor or through AHCCCS FFS for purposes of member care coordination. Data sharing will comply with Federal privacy regulations.

Arizona State Hospital Discharges: For enrolled members who are inpatient at the Arizona State Hospital (AzSH), the Contractor is required to follow ACOM Policy 432 and AMPM Policy 1020 regarding medical care coordination for these members.

Medication Management Services: The Contractor shall allow PCPs to treat members diagnosed with anxiety, depression and Attention Deficit Hyperactivity Disorder (ADHD). For purposes of medication management, it is not required that the PCP be the member's assigned PCP. PCPs who treat members with these behavioral health conditions may provide medication management services including prescriptions, laboratory and other diagnostic tests necessary for diagnosis, and treatment. The Contractor shall make available, on the Contractor's formulary, medications for the treatment of these disorders.

Tool Kits: Clinical tool kits for the treatment of anxiety, depression, and ADHD are available in the AMPM. These tool kits are a resource only and may not apply to all patients and all clinical situations. The tool kits are not intended to replace clinical judgment. The Contractor shall ensure that PCPs who have an interest or are actively treating members with these disorders are aware of these resources and/or are utilizing other recognized, clinical tools/evidence-based guidelines. The Contractor shall develop a monitoring process to ensure that PCPs utilize evidence-based guidelines/recognized clinical tools when prescribing medications to treat depression, anxiety, and ADHD.

Step Therapy: The Contractor may implement step therapy for behavioral health medications used for treating anxiety, depression and ADHD disorders. The Contractor shall provide education and training for providers regarding the concept of step therapy. If the behavioral health provider provides documentation to the Contractor that step therapy has already been completed for the conditions of anxiety, depression or ADHD, or that step therapy is medically contraindicated, the Contractor shall continue to provide the medication at the dosage at which the member has been stabilized by the behavioral health provider. In the event the PCP identifies a change in the member's condition, the PCP may utilize step therapy until the member is stabilized

for the condition of anxiety, depression or ADHD. The Contractor shall monitor PCPs to ensure that they prescribe medication at the dosage at which the member has been stabilized.

Emergency Services: When members present in an emergency room setting, the Contractor has varying responsibility for payment of emergency room services, transportation, and associated professional services based on each of the four CRS coverage types and as delineated in ACOM Policy 432.

Crisis Services: Crisis services shall be community based, recovery-oriented, and member focused and shall work to stabilize individuals as quickly as possible to assist them in returning to their baseline of functioning.

Member Initiates Crisis Services Via a RBHA-Contracted Crisis Vendor Not Contracted With the Contractor

When a member accesses the crisis system by contacting the crisis vendor contracted with the Regional Behavioral Health Authorities (RBHAs) within the Contractor's geographic service area(s), the RBHAs are responsible for the delivery of timely crisis services, including telephone, community-based mobile, and facility-based stabilization (including observation not to exceed 24 hours). See Covered Behavioral Health Services Guide, Section II. E. The RBHAs are responsible for notifying the Contractor within 24 hours of a member engaging in crisis services so subsequent services can be initiated by the Contractor.

The Contractor is responsible for all other medically necessary services related to a crisis episode. The Contractor shall develop policies and procedures to ensure timely communication with RBHAs for members that have engaged crisis services. The Contractor shall ensure timely follow up and care coordination for members after receiving crisis services, whether the member received services within, or outside the Contractor's GSA at the time services were provided, to ensure stabilization of the member and appropriate delivery of ongoing necessary treatment and services.

Member Initiates Crisis Services Via Contractor's Contracted Crisis Vendor

The Contractor is responsible for all crisis services noted above from initiation through stabilization and post-crisis services.

The Contractor shall:

1. Assess the individual's needs, identify the supports and services that are necessary to meet those needs, and connect the individual to appropriate services;
2. Provide solution-focused and recovery-oriented interventions designed to avoid unnecessary hospitalization, incarceration, or placement in a more segregated setting; and
3. Utilize the engagement of peer and family support services in providing crisis services.

The Contractor shall develop policies that outline its role and responsibility related to the treatment of individuals who are unable or unwilling to consent to treatment. The policy must be submitted for review as specified in Attachment F3, Contractors Chart of Deliverables. The policy must address:

- a. Involuntary evaluation/petitioning
- b. Court ordered process, including tracking the status of court orders
- c. Execution of court order, and
- d. Judicial review

Court Ordered Treatment: The Contractor shall develop a collaborative process with the counties to ensure coordination of care and information sharing for timely access to court ordered evaluation services and treatment. Reimbursement for court ordered screening and evaluation services are the responsibility of the County pursuant to A.R.S. §36-545. Refer to ACOM Policy 437 for clarification regarding financial responsibility for the provision of medically necessary behavioral health services rendered after the completion

of a Court-Ordered Evaluation, and ACOM Policy 423 for clarification regarding the financial responsibility for the provision of specific mental health treatment/care when such treatment is ordered as a result of a judicial ruling. For additional information regarding behavioral health services refer to Title 9 Chapter 22 Articles 2 and 12.

Community Service Agencies: The Contractor may contract with community service agencies that are TXIX certified by ADHS for the delivery of covered behavioral health services. Refer to the AHCCCS Behavioral Health Service Delivery Information, available on the AHCCCS website, for more information and limitations.

Coordination with the Department of Child Safety: The Contractor is responsible for coordination of urgent behavioral health response for children involved with the Department of Child Safety as required in AMPM Policy 540.

Monitoring, Training and Education: The Contractor is responsible for training the Behavioral Health Coordinator/staff and providers to identify and screen for members' behavioral health needs. At a minimum, training shall include information regarding covered behavioral health services, how to access them, including the petitioning process, how to involve the member and their family in decision-making and service planning, and information regarding initial and quarterly behavioral health consultation requirements. Training for Behavioral Health Coordinator/staff and providers may be provided through employee orientation, clinical in-services and/or information sharing via newsletters, brochures, etc. Training must be provided in sufficient detail and frequency to ensure that case managers and providers appropriately identify and refer members with behavioral health needs. The Contractor shall maintain documentation of the behavioral health trainings.

13. AHCCCS GUIDELINES, POLICIES AND MANUALS

All AHCCCS guidelines, policies and manuals, including but not limited to, ACOM, AMPM, Reporting Guides, and Manuals are hereby incorporated by reference into this contract. Guidelines, policies and manuals are available on the AHCCCS website. The Contractor is responsible for ensuring that its subcontractors are notified when modifications are made to the AHCCCS guidelines, policies, and manuals. The Contractor is responsible for complying with all requirements set forth in these sources as well as with any updates. In addition, linkages to AHCCCS rules, statutes and other resources are available through the AHCCCS website. Upon adoption by AHCCCS, updates will be available on the AHCCCS website.

14. MEDICAID SCHOOL BASED CLAIMING PROGRAM

Pursuant to an Intergovernmental Agreement with the Department of Education, and a contract with a Third Party Administrator, AHCCCS pays participating school districts for specifically identified Medicaid services when provided to Medicaid eligible children who are included under the Individuals with Disabilities Education Act (IDEA). The Medicaid services must be identified in the member's Individual Education Plan (IEP) as medically necessary for the child to obtain a public school education. See AMPM Chapter 700.

Medicaid School Based (MSB) services are provided in a school setting or other approved setting specifically to allow children to receive a public school education. They do not replace medically necessary services provided outside the school setting or other MSB approved alternative setting. Currently, services include audiology, therapies (OT, PT and speech/language); behavioral health evaluation and counseling; nursing and attendant care (health aid services provided in the classroom); and specialized transportation to and from school on days when the child receives an AHCCCS-covered MSB service.

The Contractor's evaluations and determinations of medical necessity shall be made independent of the fact that the child is receiving MSB services. If a request is made for services that also are covered under the MSB program for a child enrolled with the Contractor, the request shall be evaluated on the same basis as any request for a covered service.

The Contractor and its providers should coordinate with schools and school districts that provide MSB services to the Contractor's enrolled members. Services should not be duplicative. Contractor case managers, working with special needs children, should coordinate with the appropriate school staff working with these members. Transfer of member medical information and progress toward treatment goals between the Contractor and the member's school or school district is required as appropriate and should be used to enhance the services provided to members.

15. PEDIATRIC IMMUNIZATIONS AND THE VACCINES FOR CHILDREN PROGRAM

Through the Vaccines for Children (VFC) program, the Federal and State governments purchase, and make available to providers at no cost, vaccines for AHCCCS children under age 19. The Contractor shall not utilize AHCCCS funding to purchase vaccines for members under the age of 19. If vaccines are not available through the VFC program, the Contractor shall contact the AHCCCS Division of Health Care Management, Clinical Quality Management for guidance. Any provider licensed by the State to administer immunizations, may register with Arizona Department of Health Services (ADHS) as a VFC provider to receive these free vaccines. The Contractor shall not reimburse providers for the administration of the vaccines in excess of the maximum allowable as set by CMS. The Contractor shall comply with all VFC requirements and monitor contracted providers to ensure that physicians are registered as VFC providers when acting as primary care provider (PCP) for members under the age of 19 years.

Due to low numbers of children in their panels providers in certain geographic service areas (GSAs) may choose not to provide vaccinations. Whenever possible, members should be assigned to VFC registered providers within the same or a nearby community. When that is not possible, the Contractor must develop processes to ensure vaccinations are available through a VFC enrolled provider or through the appropriate County Health Department. In all instances, the vaccines are to be provided through the VFC program. The Contractor must develop processes to pay the administration fee to whoever administers the vaccine regardless of their contract status with the Contractor.

Arizona State law requires the reporting of all immunizations given to children under the age of 19. Immunizations must be reported at least monthly to the ADHS Immunization Registry. Reported immunizations are held in a central database known as ASIIS (Arizona State Immunization Information System), which can be accessed by providers to obtain complete, accurate immunization records. Software is available from ADHS to assist providers in meeting this reporting requirement. The Contractor must educate its provider network about these reporting requirements and the use of this resource.

16. STAFF REQUIREMENTS AND SUPPORT SERVICES

The Contractor shall have in place the organizational, operational, managerial and administrative systems capable of fulfilling all contract requirements. For the purposes of this contract, the Contractor shall not employ or contract with any individual who has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity or from participating in non-procurement activities under regulations issued under Executive Order No. 12549 or under guidelines implementing Executive Order 12549 [42 CFR 438.610 (a) & (b), 42 CFR 1001.1901(b), 42 CFR 1003.102(a)(2)]. The Contractor is obligated to screen employees and subcontractors to determine whether they have been excluded from participation in Federal health care programs as outlined in Section D, Paragraph 62, Corporate Compliance.

The Contractor must employ sufficient staff and utilize appropriate resources to achieve contractual compliance. The Contractor's resource allocation must be adequate to achieve outcomes in all functional areas within the organization. Adequacy will be evaluated based on outcomes and compliance with contractual and AHCCCS policy requirements. If the Contractor does not achieve the desired outcomes or maintain compliance with contractual obligations, additional monitoring and regulatory action may be employed by

AHCCCS. This action may include, but is not limited to, requiring the Contractor to hire additional staff and actions specified in Section D, Paragraph 72, Sanctions.

The Contractor shall have local staff available 24 hours per day, seven days per week to work with AHCCCS and/or other State agencies, such as Arizona Department of Health Services (ADHS)/Office of Licensure, on urgent issue resolutions. Urgent issue resolutions include Immediate Jeopardies (IJ), fires, or other public emergency situations. These staff shall have access to information necessary to identify members who may be at risk and their current health/service status, the ability to initiate new placements/services, and have the ability to perform status checks at affected facilities and perform ongoing monitoring, if necessary. The Contractor shall supply AHCCCS, Clinical Quality Management (CQM) with the contact information for these staff, as specified in Attachment F3, Contractor Chart of Deliverables. At a minimum, the contact information shall include a current 24/7 telephone number. CQM must be notified and provided back up contact information when the primary contact person will be unavailable.

For functions not required to be in State, the Contractor must notify AHCCCS as specified in Attachment F3, Contractor Chart of Deliverables, prior to moving functions outside the State of Arizona. The notification must include an implementation plan for the transition.

The Contractor shall be responsible for costs associated with on-site audits or other oversight activities which result when functions are located outside of the State of Arizona.

An individual staff member is limited to occupying a maximum of two of the Key Staff positions listed below, unless prior approval is obtained by AHCCCS, DHCM. When submitting its functional organizational chart, as specified in Attachment F3, Contractor Chart of Deliverables, the Contractor must document, for each Key Staff position, the portion of time allocated to each Medicaid contract as well as all other lines of business. The Contractor shall also inform the AHCCCS DHCM in writing as specified in Attachment F3, Contractor Chart of Deliverables, when an employee leaves one of the **Key Staff** positions listed below. The name of the interim contact person should be included with the notification. The name and resume of the permanent employee should be submitted as soon as the new hire has taken place along with a revised Organization Chart complete with Key Staff. If, at any point, the Contractor fails to maintain compliance with contractual obligations, AHCCCS reserves the right to evaluate staffing allocations and require staffing enhancements in order to ensure adherence to established requirements.

At a minimum, the following staff is required:

Key Staff Positions

- a. **Administrator/CEO/COO** who is located in Arizona, oversees the entire operation of the Contractor, and has the authority to direct and prioritize work, regardless of where performed.
- b. **Medical Director/CMO** who is located in Arizona and who is an Arizona-licensed physician in good standing. The Medical Director shall be actively involved in all major clinical programs and Quality Management and Medical Management components of the Contractor and will utilize specialty consultants as necessary, including psychiatry. The Medical Director shall ensure timely medical decisions, including after-hours consultation as needed (see Section D, Paragraph 27, Network Development).
- c. **Chief Financial Officer/CFO** who is available to fulfill the responsibilities of the position and to oversee the budget, accounting systems, and financial reporting implemented by the Contractor.

- k. **Performance/Quality Improvement Coordinator** who is located in Arizona and who has a minimum qualification as a CPHQ or CHCQM or comparable education and experience in health plan data and outcomes measurement. Any staff under this position must be sufficient to meet the AHCCCS quality improvement contractual and policy requirements and must be located in Arizona. The primary functions of the Performance/Quality Improvement Coordinator are:
- Focus organizational efforts on improving clinical quality performance measures
 - Develop and implement performance improvement projects
 - Utilize data to develop intervention strategies to improve outcomes
 - Report quality improvement/performance outcomes
- l. **Maternal Child Health/EPSTD Coordinator** who is located in Arizona and who is an Arizona licensed nurse, physician or physician's assistant; or has a Master's degree in health services, public health, health care administration or other related field, and/or a CPHQ or CHCQM certification. Any staff under this position must be sufficient to meet the AHCCCS MCH/EPSTD contractual and policy requirements and must be located in Arizona. Maternal Child Health (MCH)/EPSTD staff must either report directly to the MCH/EPSTD Coordinator or the MCH/EPSTD Coordinator must have sufficient ability to ensure that AHCCCS MCH/EPSTD requirements are met. Sufficient local staffing under this position must be in

place to meet quality and performance measure goals. The primary functions of the MCH/EPSTD Coordinator are:

- Ensure receipt of EPSDT services
 - Ensure receipt of maternal and postpartum care
 - Promote family planning services
 - Promote preventive health strategies
 - Identify and coordinate assistance for identified member needs
 - Interface with community partners
- m. **Ombudsman/Client Advocate** who is located in Arizona and is experienced in working with parents, advocates and governmental entities with responsibility for children with special health care needs. The position is responsible for overseeing the organization's member/parent advocacy program. This includes serving as an advocate within the organization and in the community on behalf of CRS members and family members. This position works closely with other member support areas, including but not limited to the Behavioral Health, Member Services, and Provider Services. This position disseminates information that could assist or impact CRS members and their families.
- n. **Medical Management Manager** who is an Arizona licensed registered nurse, physician or physician's assistant if required to make medical necessity determinations; or have a Master's degree in health services, health care administration, or business administration if not required to make medical necessity determinations. This position is located in Arizona and manages all required medical management requirements under AHCCCS policies, rules, and contract. Sufficient local staffing under this position must be in place to meet medical management requirements. The primary functions of the Medical Management Manager are:
- Ensure adoption and consistent application of appropriate inpatient and outpatient medical necessity criteria
 - Ensure appropriate concurrent review and discharge planning of inpatient stays is conducted
 - Develop, implement and monitor the provision of care coordination, disease management and case management functions
 - Monitor, analyze and implement appropriate interventions based on utilization data, including identifying and correcting over or under utilization of services
 - Monitor prior authorization functions and assure that decisions are made in a consistent manner based on clinical criteria and meet timeliness standards
- o. **Behavioral Health Coordinator** who is a behavioral health professional as described in Health Services Rule A.A.C. R9-10-101, and is located in Arizona. The Behavioral Health Coordinator shall ensure AHCCCS behavioral health requirements are implemented. The primary functions of the Behavioral Health Coordinator are:
- Coordinate member behavioral care needs including active involvement in all out of state placement decisions
 - Develop processes to review and enhance network to reduce out of state placements
 - Develop processes to coordinate behavioral health care and physical health care between all providers
 - Participate in the identification of best practices for behavioral health services
 - Coordinate and liaise for American Indians who exercise choice options regarding behavioral health
- p. **Member Services Manager** who shall coordinate communications with members; serve in the role of member advocate; coordinate issues with appropriate areas within the organization; resolve member inquiries/problems and meet standards for resolution, telephone abandonment rates and telephone hold times.
- q. **Provider Services Manager** who coordinates communications between the Contractor and its subcontractors and providers. This position is located in Arizona and ensures that providers receive prompt resolution to their problems or inquiries, appropriate education about participation in the AHCCCS program and maintain a sufficient provider network. Sufficient local staffing under this position must be in place to ensure appropriate provider responsiveness.

- r. **Claims Administrator** who shall ensure prompt and accurate provider claims processing. The primary functions of the Claims Administrator are:
- Develop and implement claims processing systems capable of paying claims in accordance with State and Federal requirements
 - Develop processes for cost avoidance
 - Ensure minimization of claims recoupments
 - Meet claims processing timelines
 - Meet AHCCCS encounter reporting requirements
- s. **Provider Claims Educator** who is located in Arizona and facilitates the exchange of information between the grievance, claims processing, and provider relations systems. The primary functions of the Provider Claims Educator are:
- Educate contracted and non-contracted providers (i.e., professional and institutional) regarding appropriate claims submission requirements, coding updates, electronic claims transactions and electronic fund transfer, and available Contractor resources such as provider manuals, website, fee schedules, etc.
 - Interface with the Contractor's call center to compile, analyze, and disseminate information from provider calls
 - Identify trends and guides the development and implementation of strategies to improve provider satisfaction. Frequently communicate (i.e.: telephonic and on-site) with providers to assure the effective exchange of information and gain feedback regarding the extent to which providers are informed about appropriate claims submission practices
- t. **Information Systems (IS) Administrator** who is responsible for information system management including coordination of the technical aspects of application infrastructure, server and storage needs, reliability and survivability of all data and data exchange elements.
- u. **MSA Administrator** who is responsible for oversight of the Management Services Agreement (MSA) subcontractor and is the Contractor's Key Contact who is not employed by the MSA for AHCCCS coordination. This position is only required when the Contractor operates under a subcontract with a MSA.

Additional Required Staff

- v. **Prior Authorization staff** to authorize health care 24 hours per day, seven days per week. This staff shall include but is not limited to Arizona-licensed nurses, physicians and/or physician's assistants.
- w. **Concurrent Review staff** who are located in Arizona and who to conduct inpatient concurrent review. This staff shall consist of Arizona-licensed nurses, physicians, and/or physician's assistants.

Contractor staff shall be responsible for designing, implementing, and adjusting the CRS program health delivery system operations to meet the cultural needs of members and their families. The Contractor is responsible for ensuring staff has an appropriate level of experience and expertise in the identification of health service delivery components and processes that value and promote health and improved quality of life in diverse cultures.

Staff Training and Meeting Attendance

The Contractor shall ensure that all staff members have appropriate training, education, experience and orientation to fulfill the requirements of the position. AHCCCS may require additional staffing for a

Contractor that has substantially failed to maintain compliance with any provision of this contract and/or AHCCCS policies.

The Contractor must provide initial and ongoing staff training that includes an overview of AHCCCS; AHCCCS Policy and Procedure Manuals, and contract requirements and State and Federal requirements specific to individual job functions. The Contractor shall ensure that all staff members having contact with members or providers receive initial and ongoing training with regard to the appropriate identification and handling of quality of care/service concerns.

All transportation, prior authorization and member services representatives must be trained in the geography of any/all GSA(s) in which the Contractor holds a contract and have access to mapping search engines (e.g. MapQuest, Yahoo Maps, Google Maps) for the purposes of authorizing services in, recommending providers in, and transporting members to, the most geographically appropriate location.

The Contractor shall provide the appropriate staff representation for attendance and participation in meetings and/or events scheduled by AHCCCS. AHCCCS may require attendance by subcontracted entities, as defined in Section D, Paragraph 37, Subcontracts, when deemed necessary. All meetings shall be considered mandatory unless otherwise indicated.

17. WRITTEN POLICIES AND PROCEDURES

The Contractor shall develop and maintain written policies and procedures for each functional area consistent in format and style. The Contractor shall maintain written guidelines for developing, reviewing and approving all policies and procedures. All policies and procedures shall be reviewed at least annually to ensure that the Contractor's written policies reflect current practices. Reviewed policies shall be dated and signed by the Contractor's appropriate manager, coordinator, director or administrator. Minutes reflecting the review and approval of the policies by an appropriate committee are also acceptable documentation. All medical and quality management policies must be approved and signed by the Contractor's Medical Director.

If AHCCCS deems a Contractor policy or process to be inefficient and/or place an unnecessary burden on the members or providers, the Contractor must work with AHCCCS to change the policy or procedure within a time period specified by AHCCCS. In addition, if AHCCCS deems a Contractor lacks a policy or process necessary to fulfill the terms of this contract, the Contractor must work with AHCCCS to adopt a policy or procedure within a time period specified by AHCCCS.

18. MEMBER INFORMATION

The Contractor shall be accessible by phone for general member information during normal business hours. All enrolled members will have access to a toll free phone number. All informational materials, prepared by the Contractor, shall be approved by AHCCCS prior to distribution to members. The reading level and name of the evaluation methodology used shall be included. The Contractor should refer to ACOM Policy 404 for further information and requirements. See also Attachment F3, Contractor Chart of Deliverables.

All materials shall be translated when the Contractor is aware that a language is spoken by 3,000 or 10%, whichever is less, of the Contractor's members, who also have Limited English Proficiency (LEP).

All vital materials shall be translated when the Contractor is aware that a language is spoken by 1,000 or 5%, whichever is less, of the Contractor's members, who also have LEP. Vital materials must include, at a minimum, Notices of Action, vital information from the Member Handbooks and consent forms.

All written notices informing members of their right to interpretation and translation services in a language shall be translated when the Contractor is aware that 1,000 or 5%, whichever is less, of the Contractor's members speak that language and have LEP [42 CFR 438.10(c)(3)].

Oral interpretation services must be available and free of charge to all members regardless of the prevalence of the language. The Contractor must notify all members of their right to access oral interpretation services and how to access them. Refer to ACOM Policy 404 [42 CFR 438.10(c)(4) and (5)].

The Contractor shall make every effort to ensure that all information prepared for distribution to members is written using an easily understood language and format and as further described in the AHCCCS Policy 404 [42 CFR. 438.10(b)(1)]. Regardless of the format chosen by the Contractor, the member information must be printed in a type, style and size, which can easily be read by members with varying degrees of visual impairment. The Contractor must notify its members that alternative formats are available and how to access them [42 CFR 438.10(d)]. The Contractor shall adhere to the requirements for Social Networking Activities as described in ACOM Policy 425.

When there are program changes, notification shall be provided to members at least 30 days before implementation.

Member Handbook and Provider Directory

The Contractor shall produce and provide the following information to each member/representative or household within 12 business days of receipt of notification of the enrollment date [42 CFR 438.10(f)(3)]:

1. A **Member Handbook** which, at a minimum, shall include the items listed in ACOM Policy 404.

The Contractor shall review and update the Member Handbook at least once a year. The Handbook must be submitted to AHCCCS, Division of Health Care Management for approval as specified in Attachment F3, Contractor Chart of Deliverables.

2. A **Provider Directory**, which at a minimum, includes those items listed in ACOM Policy 404.

The Contractor must give written notice about termination of a contracted provider, within 15 days after receipt or issuance of the termination notice, to each member who received their primary care from, or is seen on a regular basis by, the terminated provider [42 CFR 438.10(f)(5)]. The Contractor shall have information available for potential enrollees as described in ACOM Policy 404 [42 CFR 438.10(f)(4)].

The Contractor has the option of providing the Member Handbook and Provider Directory in hard copy format with the new member packet, or providing the member written notification of how the Member Handbook and Provider Directory information is available to the member on the Contractor's website, via electronic mail or via postal mailing. Should the Contractor elect not to provide the Member Handbook and Provider Directory in hard copy format with the member packet, the following provisions apply:

1. The Contractor must submit a request for approval to forgo provision of the hard copy 60 days in advance of the member notification as specified in the Contract, Attachment F3, Contractor Chart of Deliverables.
2. The contents of the member notification must be approved in accordance with ACOM Policy 404.
3. The written notification must give the member the option to obtain a printed version of the Member Handbook.
4. The information shall be available within 12 business days of receipt of notification of the enrollment date [42 CFR 438.10(f)(3)].

Member Newsletter

The Contractor must develop and distribute, at a minimum, two member newsletters during the contract year. The following types of information are to be contained in the newsletter:

1. Educational information on chronic illnesses and ways to self-manage care
2. Reminders of flu shots and other prevention measures at appropriate times
3. Medicare Part D issues
4. Cultural Competency, other than translation services
5. Contractor specific issues (in each newsletter)
6. Tobacco cessation information
7. HIV/AIDS testing for pregnant women
8. Other information as required by AHCCCS

Member Rights

The Contractor will, on an annual basis, inform all members of their right to request the following information [42 CFR 438.10(f)(6) and 42 CFR 438.100(a)(1) and (2)]. This information may be sent in a separate written communication or included with other written information such as in a member newsletter:

1. An updated Member Handbook at no cost to the member
2. The Provider Directory as described in ACOM Policy 404

The Contractor shall ensure compliance with any applicable Federal and State laws that pertain to member rights and ensure that its staff and subcontractors take those rights into account when furnishing services to members.

The Contractor shall ensure that each member is guaranteed the right to request and receive one copy of the member's medical record at no cost to the member and to request that the record be amended or corrected, as specified in 45 CFR Part 164.

The Contractor shall ensure that each member is free to exercise their rights and that the exercise of those rights does not adversely affect the way the Contractor or its subcontractors treat the member [42 CFR 438.100(c)].

19. SURVEYS

The Contractor may be required to perform surveys at AHCCCS' request. AHCCCS may provide the survey tool or require the Contractor to develop the survey tool. The final survey tool shall be approved in advance by AHCCCS as specified in Attachment F3, Contractor Chart of Deliverables. The results and the analysis of the results shall be submitted to DHCM as specified in Attachment F3, Contractor Chart of Deliverables. Survey results should be reported separately by Title XIX and Title XXI categories and in aggregate. The Contractor shall utilize member survey findings to improve care for Title XIX and Title XXI members.

For non-AHCCCS required surveys, the Contractor shall provide notification as specified in Attachment F3, Contractor Chart of Deliverables, prior to conducting any Contractor initiated member or provider survey. The notification must include a project scope statement, project timeline and a copy of the survey. Survey results should be reported separately by Title XIX and Title XXI categories and in aggregate. The Contractor shall utilize member survey findings to improve care for Title XIX and Title XXI members. The results and analysis of the results of any Contractor initiated surveys shall be submitted to the DHCM as specified in Attachment F3, Contractor Chart of Deliverables. Surveys performed by the Contractor to evaluate plan satisfaction for previous members (exit surveys), are subject to the above notification requirement for non-AHCCCS required surveys and are not subject to Marketing Committee approval.

AHCCCS may conduct surveys of a representative sample of the Contractor's membership and providers. The results of AHCCCS conducted surveys will become public information and available to all interested parties on the AHCCCS website. The Contractor will be responsible for reimbursing AHCCCS for the cost of such surveys based on its share of AHCCCS enrollment.

As specified in Attachment F3, Contractor Chart of Deliverables, the Contractor is required to perform periodic surveys of its membership, as outlined in ACOM Policy 424, in order to verify that members have received services that have been paid for by the Contractor and to identify potential service/claim fraud [42 CFR 455.20 and 433.116].

20. CULTURAL COMPETENCY

The Contractor shall ensure compliance with a Cultural Competency Plan which meets the requirements of ACOM Policy 405. An annual assessment of the effectiveness of the plan, along with any modifications to the plan, must be submitted to the DHCM Operations Unit, as specified in Attachment F3, Contractor Chart of Deliverables. This plan shall address cultural considerations and limited English proficiency for all services and settings [42 CFR 438.206(c)(2)].

21. MEDICAL RECORDS

The member's medical record is the property of the provider who generates the record. Medical records include those maintained by PCPs or other providers as well as but not limited to those kept in placement settings such as nursing facilities, assisted living facilities and other home and community based providers. Each member is entitled to one copy of his or her medical record at no cost annually. The Contractor shall have written policies and procedures to maintain the confidentiality of all medical records.

The Contractor is responsible for ensuring that a medical record (hard copy or electronic) is established when information is received about a member. If the PCP has not yet seen the member such information may be kept temporarily in an appropriately labeled file, in lieu of establishing a medical record, but must be associated with the member's medical record as soon as one is established.

The Contractor shall have written policies and procedures for the maintenance of medical records to ensure those records are documented accurately and in a timely manner, are readily accessible, and permit prompt and systematic retrieval of information. Medical records shall be maintained in a detailed and comprehensive manner, which conforms to professional standards, permits effective medical review and audit processes, and which facilitates an adequate system for follow-up treatment. For care coordination purposes, medical records must be shared with other care providers, such as the multi-specialty interdisciplinary team.

The Contractor shall have written standards for documentation on the medical record for legibility, accuracy and plan of care, which comply with the AMPM.

The Contractor shall have written policies and procedures to ensure that the MSIC has an integrated electronic medical record for each member that is maintained and available for the multi-specialty treatment team and community providers. An integrated electronic medical record shall contain all information necessary to facilitate the coordination and quality of care delivered by multiple providers in multiple locations at varying times.

The CRS Contractor shall retain medical records in compliance with A.R.S. §12-2291 and 2297, which requires, among other things, that children's medical records be retained for at least three (3) years after the child's eighteenth (18th) birthday or for at least six (6) years after the last date the child received medical or health care services from the Provider, whichever date occurs later.

When a member changes PCPs, his or her medical records or copies of medical records must be forwarded to the new PCP within 10 business days from receipt of the request for transfer of the medical records.

AHCCCS is not required to obtain written approval from a member before requesting the member's medical record from the PCP or any other organization or agency. The Contractor may obtain a copy of a member's medical records without written approval of the member if the reason for such request is directly related to the administration of the AHCCCS program. AHCCCS shall be afforded access to all members' medical records whether electronic or paper within 20 business days of receipt of request or more quickly if necessary.

Information related to fraud and abuse may be released, however, HIV-related information shall not be disclosed except as provided in A.R.S. §36-664, and substance abuse information shall only be disclosed consistent with federal and State law, including but not limited to 42 CFR 2.1 et seq.

22. ADVANCE DIRECTIVES

The Contractor shall maintain policies and procedures addressing advanced directives for adult members as specified in 42 CFR 422.128:

1. Each contract or agreement with a hospital, nursing facility, home health agency, hospice or organization responsible for providing personal care, must comply with Federal and State law regarding advance directives for adult members [42 CFR 438.6(i)(1)]. Requirements include:
 - a. Maintain written policies that address the rights of adult members to make decisions about medical care, including the right to accept or refuse medical care, and the right to execute an advance directive. If the agency/organization has a conscientious objection to carrying out an advance directive, it must be explained in policies. A health care provider is not prohibited from making such objection when made pursuant to A.R.S. §36-3205.C.1;
 - b. Provide written information to adult members regarding an individual's rights under State law to make decisions regarding medical care, and the health care provider's written policies concerning advance directives, including any conscientious objections [42 CFR 438.6(i)(3)];
 - c. Documenting in the member's medical record whether or not the adult member has been provided the information, and whether an advance directive has been executed;
 - d. Not discriminating against a member because of his or her decision to execute or not execute an advance directive, and not making it a condition for the provision of care; and
 - e. Providing education to staff on issues concerning advance directives including notification of direct care providers of services, such as home health care and personal care, if any advanced directives are executed by members to whom they are assigned to provide services.
2. The Contractor shall require PCPs, which have agreements with the entities described above, to comply with the requirements of subparagraphs 1 (a) through (e) above. The Contractor shall also encourage health care providers specified in subparagraph a. to provide a copy of the member's executed advanced directive, or documentation of refusal, to the member's PCP for inclusion in the member's medical record.
3. The Contractor shall provide written information to adult members that describe the following:
 - a. A member's rights under State law, including a description of the applicable State law;
 - b. The organization's policies respecting the implementation of those rights, including a statement of any limitation regarding the implementation of advance directives as a matter of conscience;
 - c. The member's right to file complaints directly with AHCCCS; and
 - d. Changes to State law as soon as possible, but no later than 90 days after the effective date of the change [42 CFR 438.6(i)(4)].

23. QUALITY MANAGEMENT AND PERFORMANCE IMPROVEMENT

The Contractor shall provide quality medical care and services to members, regardless of payer source or eligibility category. The Contractor shall promote improvement in the quality of care provided to enrolled members through established Quality Management and Performance Improvement (QM/PI) processes. The Contractor shall execute processes to assess, plan, implement, and evaluate QM/PI activities [42 CFR 438.240]. At a minimum, the Contractor's QM/PI programs shall comply with the requirements outlined in the AMPM Chapters 400 and 900. See also Attachment F3, Contractor Chart of Deliverables.

The Contractor must ensure that the QM/PI Unit within the organizational structure is separate and distinct from any other units or departments such as Medical Management or Case Management. The Contractor is expected to integrate quality management processes, such as tracking and trending of issues, throughout all areas of the organization. Ultimate responsibility for QM/PI activities resides within the QM/PI Unit.

QM/PI positions performing work functions related to the contract must have a direct reporting relationship to the local Chief Medical Officer (CMO) and the local Chief Executive Officer (CEO). The local CMO and CEO shall have the ability to direct, implement and prioritize interventions resulting from quality management and quality improvement activities and investigations. Contractor staff, including administrative services subcontractors' staff, that performs functions under this contract related to QM and QI shall have the work directed and prioritized by the Contractor's local CEO and CMO.

Federal regulation prohibits payment for Provider-Preventable Conditions that meet the definition of a Health Care-Acquired Condition (HCAC) or an Other Provider-Preventable Condition (OPPC) and that meet the following criteria:^x

- a. Is identified in the State plan
- b. Has been found by the State, based upon a review of medical literature by qualified professionals, to be reasonably preventable through the application of procedures supported by evidence-based guidelines
- c. Has a negative consequence for the beneficiary
- d. Is auditable
- e. Includes, at a minimum, wrong surgical or other invasive procedure performed on a patient; surgical or other invasive procedure performed on the wrong body part; surgical or other invasive procedure performed on the wrong patient [42 CFR 438.6(f)(2)(i), 42 CFR 434.6(a)(12)(i), 42 CFR 447.26(b)]

If an HCAC or OPPC is identified, the Contractor must report the occurrence to AHCCCS and conduct a quality of care investigation as outlined in AMPM Chapter 900 and Attachment F3, Contractor Chart of Deliverables [42 CFR 438.6(f)(2)(ii) and 42 CFR 434.6(a)(12)(ii)].^{xi}

Quality Management Program

The Contractor shall have an ongoing quality management program for the services it furnishes to members. The quality management program shall include but is not limited to:

1. A written QM/PI plan and an evaluation of the previous year's QM/PI program;
2. Quality management quarterly reports that address strategies for QM/PI activities;
3. QM/PI program monitoring and evaluation activities which include Peer Review and Quality Management Committees which are chaired by the Contractor's local Chief Medical Officer;
4. Protection of medical records and any other personal health and enrollment information that identifies a particular member, or subset of members, in accordance with Federal and State privacy requirements;
5. Member rights and responsibilities [42 CFR 238.100(b)(2)(iv)];
6. Uniform provisional credentialing, initial credentialing, re-credentialing and organizational assessment verification [42 CFR 438.206(b)(6)]. The Contractor shall demonstrate that its providers are credentialed

and reviewed through the Contractor's Credentialing Committee that is chaired by the Contractor's local Medical Director [42 CFR 438.214]. The Contractor should refer to the AMPM and Attachment F3, Contractor Chart of Deliverables for reporting requirements. The process:

- a. Shall follow a documented process for provisional credentialing, initial credentialing, re-credentialing and organizational credentialing verification of providers who have signed contracts or participation agreements with the Contractor;
 - b. Shall not discriminate against particular providers that serve high-risk populations or specialize in conditions that require costly treatment; and
 - c. Shall not employ or contract with providers excluded from participation in Federal health care programs.
7. Tracking and trending of member and provider issues, which includes, but is not limited to, investigation and analysis of quality of care issues, abuse, neglect, exploitation and unexpected deaths. The resolution process must include:
- a. Acknowledgement letter to the originator of the concern;
 - b. Documentation of all steps utilized during the investigation and resolution process;
 - c. Follow-up with the member to assist in ensuring immediate health care needs are met;
 - d. Closure/resolution letter that provides sufficient detail to ensure that the member has an understanding of the resolution of their issue, any responsibilities they have in ensuring all covered, medically necessary care needs are met, and a Contractor contact name/telephone number to call for assistance or to express any unresolved concerns;
 - e. Documentation of implemented corrective action plan(s) or action(s) taken to resolve the concern; and
 - f. Analysis of the effectiveness of the interventions taken.
8. Mechanisms to assess the quality and appropriateness of care furnished to members with special health care needs;
9. Participation in community initiatives including applicable activities of the Medicare Quality Improvement Organization (QIO); and
10. Performance improvement programs including performance measures and performance improvement projects.

Credential Verification Organization Contract: The Arizona Association of Health Plans (AzAHP) has established a contract with a Credential Verification Organization (CVO) that is responsible for receiving completed applications, attestations and primary source verification documents. The CVO is also responsible for conducting annual entity site visits to ensure compliance with AHCCCS requirements. The AHCCCS Contractor must utilize the contracted CVO as part of its credentialing and recredentialing process regardless of membership in the AzAHP. This requirement eases the administrative burden for providers that contract with AHCCCS Contractors which often results in duplicative submission of information used for credentialing purposes. The Contractor shall follow the AHCCCS recredentialing timelines for providers that submit their credentialing data and forms to the AzAHP CVO. The Contractor is responsible for completing the credentialing process. The Contractor shall continue to include utilization, performance, complaint, and quality of care information, as specified in the AMPM, to complete the credentialing or recredentialing files that are brought to the Credentialing Committee for a decision. In addition, the Contractor must also meet the AMPM requirements for provisional/temporary credentialing.

Credentialing Timelines: The Contractor is required to process credentialing applications in a timely manner. To assess the timeliness of provisional and initial credentialing a Contractor shall calculate and report to AHCCCS as outlined in AMPM Policy 950. The Contractor must report the credentialing information with regard to all credentialing applications as specified in Attachment F3, Contractor Chart of Deliverables.

Quality Improvement: The Contractor's quality management program shall be designed to achieve and sustain, through ongoing measurements and intervention, significant improvement in the areas of clinical care and nonclinical care which are expected to have a favorable effect on health outcomes and member satisfaction. The Contractor must [42 CFR 438.240(b)(2) and (c)]:

1. Measure and report to the State its performance, using standard measures required by the AHCCCS, or as required by CMS;
2. Submit specified data to the State that enables the State to measure the Contractor's performance; or
3. Perform a combination of the above activities.

The Contractor shall have an ongoing program of performance improvement projects that focus on clinical and non-clinical areas, as specified in the AMPM, and that involve the following [42 CFR 438.240(b)(1) and (d)(1)]:

1. Measurement of performance using objective quality indicators
2. Implementation of system interventions to achieve improvement in quality
3. Evaluation of the effectiveness of the interventions
4. Planning and initiation of activities for increasing or sustaining improvement

Performance Measures

The Contractor shall comply with AHCCCS quality management requirements to improve performance for all AHCCCS performance measures. Descriptions of the AHCCCS Clinical Quality Performance Measures and links to the CMS and the measure host sites can be found on the AHCCCS website. The EPSDT Participation performance measure description utilizes the methodology established in CMS "Form 416" which can also be found on the AHCCCS website at:

<http://www.azahcccs.gov/reporting/quality/performanceasures.aspx>.

The Contractor must comply with Federal performance measures and levels that may be identified and developed by CMS or those that are developed in consultation with AHCCCS and/or other relevant stakeholders. CMS has been working in partnership with states in developing core performance measures for Medicaid and CHIP programs. As the Core Measure sets are implemented, performance measures required by AHCCCS may be updated to include these measures.

AHCCCS may utilize a hybrid or other methodologies for collecting and reporting performance measure rates, as allowed by the National Committee of Quality Assurance NCQA, for selected Healthcare Effectiveness Data and Information Set (HEDIS) measures or as allowed by other entities for nationally recognized measure sets. The Contractor shall collect data from medical records, electronic records or through approved processes such as those utilizing a health information exchange and provide these data with supporting documentation, as instructed by AHCCCS, for each hybrid measure. The number of records that each Contractor collects will be based on HEDIS, External Quality Review Organization (EQRO), or other sampling guidelines and may be affected by the Contractor's previous performance rate for the measure being collected.

The Contractor must have a process in place for monitoring performance measure rates. The Contractor shall utilize a standard methodology established or adopted by AHCCCS for measurement of each required performance measure. The Contractor's QM/PI Program will report its measured performance on an ongoing basis to its Administration. The Contractor performance measure monitoring results shall also be reported to AHCCCS in conjunction with its EPSDT Improvement and Adult Quarterly Monitoring Report.

The Contractor must meet AHCCCS stated Minimum Performance Standards (MPS) for each population/eligibility category for which AHCCCS reports results. AHCCCS-reported rates are the official rates utilized for determination of Contractor compliance with performance requirements. It is equally important that, in addition to meeting the contractual MPS, the Contractor continually improve performance measure outcomes from year to year. Contractor calculated and/or reported rates will be used strictly for monitoring Contractor actions and not be used for official reporting or for consideration in corrective action purposes.

Minimum Performance Standard – MPS is the minimal expected level of performance by the Contractor. If a Contractor does not achieve this standard, the Contractor will be required to submit a corrective action plan and may be subject to a sanction of up to \$100,000 dollars for each deficient measure.

A Contractor must show demonstrable and sustained improvement toward meeting AHCCCS Performance Standards. AHCCCS may impose sanctions on Contractors that do not show statistically significant improvement in a measure rate as calculated by AHCCCS. Sanctions may also be imposed for statistically significant declines of rates even if they meet or exceed the MPS, for any rate that does not meet the AHCCCS MPS, or a rate that has a significant impact to the aggregate rate for the State. AHCCCS may require the Contractor to demonstrate that they are allocating increased administrative resources to improving rates for a particular measure or service area. AHCCCS also may require a corrective action plan for measures that are below the MPS or that show a statistically significant decrease in its rate even if it meets or exceeds the MPS.

An evidence-based corrective action plan that outlines the problem, planned actions for improvement, responsible staff and associated timelines as well as a place holder for evaluation of activities must be received by AHCCCS within 30 days of receipt of notification of the deficiency from AHCCCS. This plan must be approved by AHCCCS prior to implementation. AHCCCS may conduct one or more follow-up desktop or on-site reviews to verify compliance with a corrective action plan.

All Performance Measures apply to all member populations [42 CFR 438.240(a)(2), (b)(2) and (c)]. AHCCCS may analyze and report results by line of business, Geographical Service Area (GSA), or County, and/or other applicable demographic factors.

AHCCCS has established standards for the measures listed below.

The following table identifies the MPS for each measure:

CRS Performance Measures	
Performance Measure	Minimum Performance Standard (MPS)
Timeliness of Initial Service Plan Development	95%
Initiation of Services (within 30 days from the date of enrollment with the CRS Contractor)	75%
Access to Behavioral Health Provider (encounter for a visit) within 7 days of initial need assessment	75%
Access to Behavioral Health Provider (encounter for a visit) within 23 days of being designated as "active care" for an initial visit	90%
Children's Access to PCPs, by age: 12-24 mo.	93%

Children's Access to PCPs, by age: 25 mo.- 6 yrs.	84%
Children's Access to PCPs, by age: 7 - 11 yrs.	83%
Children's Access to PCPs, by age: 12 - 19 yrs.	82%
Well-Child Visits: 15 mo.	65%
Well-Child Visits: 3 - 6 yrs.	66%
Adolescent Well-Child Visits: 12–21 yrs.	41%
Children's Dental Visits (ages 2-21)	65%
Weight Assessment and Counseling...Body Mass Index (BMI) Assessment for Children/Adolescents	50%
EPSDT Participation ⁽²⁾	68%
Percentage of Eligibles Who Received Preventive Dental Services (<i>previously titled EPSDT Dental Participation</i>) ⁽³⁾	46%
Ambulatory Care - Emergency Department (ED) Visits*	TBD
Inpatient Utilization*	TBD
Hospital (All Cause) Readmission Rate*	TBD
Chlamydia Screening in Women Aged 16 to 24	63%
Developmental Screening in the First Three Years of Life	55%
<i>Childhood Immunization Status</i>	
DTaP	85%
IPV ⁽¹⁾	91%
MMR ⁽¹⁾	91%
Hib ⁽¹⁾	90%

4:3:1:3:3:1:4 Series	68%
Hepatitis A (HAV)	40%
Rotovirus	60%
Influenza	45%
<i>Immunizations for Adolescents</i>	
Adolescent Meningococcal	75%
Adolescent Tdap	75%
Adolescent Combo	75%
Human Papillomavirus Vaccine for Female Adolescents	50%

Notes:

- (*) AHCCCS will develop Minimum Performance Standards and Goals once baseline data has been analyzed for these measures.
- ⁽¹⁾ AHCCCS will continue to measure and report results of these individual antigens; however, a Contractor may not be held accountable for specific Performance Standards unless AHCCCS determines that completion of a specific antigen or antigens is affecting overall completion of the childhood immunization series.
- ⁽²⁾ The EPSDT Participation rate is the percent of all children and adolescents younger than 21 years who were due for at least one EPSDT visit, depending on their age and the state's EPSDT Periodicity Schedule, and had a visit during the contract year.
- ⁽³⁾ Preventive Dental Standards are based on the CMS-established goal that States improve their rate of children ages one through 20 enrolled in Medicaid and who received any preventive dental service, by 10 percentage points over a five-year period.

Contractor Performance is evaluated annually using the AHCCCS-reported rate for each measure. AHCCCS rates are considered the official measurement for each Performance Measure. AHCCCS calculated rates by Contractor for each measure will be compared with the MPS specified in the contract in effective during the measurement period. For instance, Performance Standards in the CYE 2015 contract apply to results calculated by AHCCCS for the CYE 2015 measurement period. AHCCCS will utilize methodologies that are reflective of the requirements for the measurement period. For instance, CYE 2014 performance measure data will be

based on the published 2014 CMS Core Sets and 2014 HEDIS technical specifications. Contractors are responsible for monitoring and reporting to AHCCCS CQM the status of, and any discrepancies identified in encounters received by AHCCCS including paid, denied and pended for purposes of Performance Measure monitoring prior to the AHCCCS Performance Measure rate calculations being conducted.

The Contractor shall participate in immunization audits, at intervals specified by AHCCCS, based on random sampling to verify the immunization status of members at 24 months of age and by 13 years of age. If records are missing for more than five percent (5%) of the Contractor's final sample, the Contractor is subject to sanctions by AHCCCS. An External Quality Review Organization (EQRO) may conduct a study to validate the Contractor's reported rates.

AHCCCS will measure and report the Contractor's EPSDT Participation rate and Dental Participation (Preventive Dental) rate, utilizing the CMS 416 methodology. The EPSDT Participation rate is the number of children younger than 21 years that receive medical screens in compliance with the State's Periodicity Schedule, compared to the number of children expected to receive medical screens per the State's Periodicity Schedule. The Preventive Dental Participation rate is the number of children aged one through 20 who have a preventive dental visit, compared to the number of children who has at least 90-days continuous enrollment during the Contract Year (measurement period).

The Contractor is responsible for applying the correct CMS-416 methodology as developed and maintained by CMS for its internal monitoring of performance measure results.

AHCCCS uses the national CMS 416 methodology to generate the EPSDT Participation and Dental Participation rates through a CMS-validated process. The rates are generated one time a year and reported to CMS within specified timeframes. Aggregate rates as well as Contractor-specific rates are included in this process.

The Contractor must participate in the delivery and/or results review of member surveys as requested by AHCCCS. Surveys may include Home and Community Based (HCBS) Member Experience surveys, HEDIS Experience of Care (Consumer Assessment of Healthcare Providers and Systems – CAHPS) surveys, and/or any other tool that AHCCCS determines will benefit quality improvement efforts. While not included as an official performance measure, survey findings or performance rates for survey questions may result in the Contractor being required to develop a Corrective Action Plan (CAP) and/or participate in technical assistance or AHCCCS-led workgroups to improve any areas of concern noted by AHCCCS. Failure to effectively develop or implement AHCCCS-approved CAPs and drive improvement may result in additional regulatory action.

The Contractor must monitor rates for postpartum visits and low/very low birth weight deliveries and implement interventions as necessary to improve or sustain these rates. The Contractor must implement processes to monitor and evaluate cesarean section and elective inductions rates prior to 39 weeks gestation to ensure medical necessity, and implement interventions to decrease the incidence of occurrence.

Performance Improvement Program: The Contractor shall have an ongoing program of Performance Improvement Projects (PIPs) that focus on clinical and non-clinical areas, as specified in the AMPM, and that involve the following [42 CFR 438.240(b)(1) and (d)(1)]:

1. Measurement of performance using objective quality indicators;
2. Implementation of system interventions to achieve improvement in quality;
3. Evaluation of the effectiveness of the interventions; and
4. Planning and initiation of activities for increasing or sustaining improvement.

PIPs are mandated by AHCCCS, the Contractor should also self-select additional projects based on opportunities for improvement identified by internal data and information. The Contractor shall report the

status and results of each project to AHCCCS as requested using the AHCCCS PIP Reporting Template included in the AMPM. Each PIP must be completed in a reasonable time period to allow information on the success of PIPs in the aggregate to produce new information on quality of care every year [42 CFR 438.240(d)(2)].

Data Collection Procedures: When requested by AHCCCS, the Contractor must submit data for standardized Performance Measures and/or PIPs within specified timelines and according to AHCCCS procedures for collecting and reporting the data. The Contractor is responsible for collecting valid and reliable data and using qualified staff and personnel to collect the data. The Contractor must ensure that data collected by multiple parties/people for Performance Measures and/or PIP reporting is comparable and that an inter-rater reliability process was used to ensure consistent data collection. Data collected for Performance Measures and/or PIPs must be returned by the Contractor in a format specified by AHCCCS, and by the due date specified. Any extension for additional time to collect and report data must be made in writing in advance of the initial due date and is subject to approval by AHCCCS. Failure to follow the data collection and reporting instructions that accompany the data request may result in sanctions imposed on the Contractor.

24. MEDICAL MANAGEMENT

The Contractor shall implement processes to assess, plan, implement, evaluate, and as mandated, report Medical Management (MM) monitoring activities as specified in the AMPM Chapter 1000. This shall include the Quarterly Inpatient Hospital Showings report, HIV Specialty Provider List, Transplant Report and Prior Authorization Requirements report as specified in the AMPM and Attachment F3, CRS Contractor Chart of Deliverables. The Contractor shall evaluate Medical Management (MM) activities, as specified in the AMPM Chapter 1000, including:

1. Pharmacy Management; including the evaluation, reporting, analysis and interventions based on the data and reported through the MM Committee, which is chaired by the Contractor's Chief Medical Officer.
2. Prior authorization and Referral Management; for the processing of requests for initial and continuing authorizations of services the Contractor shall:
 - a. Have in effect mechanisms to ensure consistent application of review criteria for authorization decisions
 - b. Consult with the requesting provider when appropriate [42 CFR 438.210(b)(2)]
 - c. Monitor and ensure that all enrollees with special health care needs have direct access to care
 - d. Review all prior authorization requirements for services, items or medications annually. The review will be reported through the MM Committee and will include the rationale for changes made to prior authorization requirements. A summary of the prior authorization requirement changes and the rationale for those changes must be included in the annual MM Evaluation submission and
 - e. Comply with all decision timelines as outlined in the ACOM and the AMPM.
3. Development and/or Adoption of Practice Guidelines [42 CFR 438.236(b)] that:
 - a. Are based on valid and reliable clinical evidence or a consensus of health care professionals in the particular field
 - b. Consider the needs of the Contractor's members
 - c. Are adopted in consultation with contracting health care professionals
 - d. Are reviewed and updated periodically as appropriate
 - e. Are disseminated by the Contractor to all affected providers and, upon request, to enrollees and potential enrollees [42 CFR 438.236(c)] and
 - f. Provide a basis for consistent decisions for utilization management, member education, coverage of services, and other areas to which the guidelines apply [42 CFR 438.236(d)].
4. Concurrent review:

- a. Consistent application of review criteria; provide a basis for consistent decisions for utilization management, coverage of services, and other areas to which the guidelines apply;
 - b. Contractors must have policies and procedures in place that govern the process for proactive discharge planning when members have been admitted into acute care facilities. The intent of the discharge planning policy and procedure would be to increase the utilization management of inpatient admissions and decrease readmissions within 30 days of discharge; and
 - c. In addition, 42 CFR 447.26 prohibits payment for Provider-Preventable Conditions that meet the definition of a Health Care-Acquired Condition (HCAC) or an Other Provider-Preventable Condition (OPPC) (refer to AMPM Chapter 1000). If an HCAC or OPPC is identified, the Contractor must report the occurrence to AHCCCS and conduct a quality of care investigation.
5. Continuity and coordination of care:
- a. Establish a process to ensure coordination of member care needs across the continuum based on early identification of health risk factors or special care needs;
 - b. Establish a process for timely and confidential communication of clinical information among providers;
 - c. Must proactively provide care coordination for members who have multiple complaints regarding services or the AHCCCS Program. This includes, but is not limited to, members who do not meet the Contractor's criteria for case management;
 - d. Must proactively provide care coordination for members who have both behavioral health and physical health needs. The Contractor must meet regularly with the CMDP and DES/DDD Contractors and T/RBHAs to improve and address coordination of care issues.
 - e. Must participate in high need/high cost initiatives with AIHP and the RBHAs for CRS Only and CRS Partially Integrated-Acute members upon request.
6. Monitor and evaluate over and/or underutilization of services [42 CFR 438-240(b)(3)];
7. Evaluate new medical technologies, and new uses of existing technologies; and
8. Disease Management or Chronic Care Program that reports results and provides for analysis of the program through the MM Committee.

AHCCCS will provide the Contractor with three years of historical encounter data during CYE 14 for all members enrolled with the Contractor, for all CRS coverage types, for medical management purposes.

On a recurring basis (no less than quarterly based on adjudication date), AHCCCS shall provide the Contractor an electronic file of claims and encounter data for members enrolled with the Contractor who have received services, during the member's enrollment period, from another contractor or through AHCCCS FFS for purposes of member care coordination.

The Contractor shall develop a plan outlining short- and long-term strategies for improving care coordination using the physical and behavioral health care data available for members. In addition, the Contractor shall develop an outcome measurement plan to track the progress of the strategies. The plan outlining the strategies for improving care coordination and the outcome measurement must be reported in the annual MM Plan, Evaluation and Work Plan submitted to AHCCCS as specified in Attachment F3, Contractor Chart of Deliverables.

The Contractor shall have a process to report MM data and management activities through a MM Committee. The Contractor's MM Committee will analyze the data, make recommendations for action, monitor the effectiveness of actions and report these findings to the Committee. The Contractor shall have in effect mechanisms to assess the quality and appropriateness of care furnished to members with special health care needs [42 CFR 438.240(b)(4)].

The Contractor will assess, monitor and report quarterly through the MM Committee medical decisions to assure compliance with timeliness, language, Notice of Action intent, and that the decisions comply with all

Contractor coverage criteria. This includes quarterly evaluation of all Notice of Action decisions that are made by a subcontracted entity.

The Contractor shall maintain a written MM Plan and Work Plan that addresses the monitoring of MM activities (AMPM Chapter 1000). The plan and work plan must be submitted for review within timelines specified in Attachment F3, Contractor Chart of Deliverables.

The Contractor is required to report to AHCCCS, as specified in Attachment F3, Contractor Chart of Deliverables, a restriction report which includes the number of members which on the date of the report are restricted to using a specific Pharmacy or Prescriber/Providers due to excessive use of prescriptive medications (narcotics and non-narcotics).

The Contractor is required to report to AHCCCS, as specified in Attachment F3, Contractor Chart of Deliverables, a monthly Hepatitis C Virus (HCV) Medication Report. Data is reported for all HCV medication activity for the month being reported. The total number of requests received, approvals, denials, and appeals for any given month are to be included in the report. As outcome information becomes available, it is to also be included in the report for the month received. The Contractor will be reporting as a January *activity* (due February 10th) any information received regarding outcomes, appeals, hearings, and so forth for medication approvals from past months.

AHCCCS covers medically necessary transplantation services and related immunosuppressant medications in accordance with Federal and State law and regulations. The Contractor shall not make payments for organ transplants not provided for in the State Plan except as otherwise required pursuant to 42 USC 1396 (d)(r)(5) for persons receiving services under EPSDT. The Contractor must follow the written standards that provide for similarly situated individuals to be treated alike and for any restriction on facilities or practitioners to be consistent with the accessibility of high quality care to enrollees per Sections (1903(i) and 1903(i)(1)) of the Social Security Act. Refer to the AMPM, Chapter 300, Exhibit 310-DD and the AHCCCS Reinsurance Policy Manual.^{xii}

25. TELEPHONE PERFORMANCE STANDARDS

The Contractor must meet and maintain established telephone performance standards to ensure member and provider satisfaction as specified in ACOM Policy, 435. The Contractor shall report on compliance with these standards as specified in Attachment F3, Contractor Chart of Deliverables and the policy identified above. All reported data is subject to validation through periodic audits and/or operational reviews.

26. GRIEVANCE SYSTEM

The Contractor shall have in place a written grievance system process for subcontractors, enrollees and non-contracted providers, which define their rights regarding disputed matters with the Contractor. The Contractor's grievance system for enrollees includes a grievance process (the procedures for addressing enrollee grievances), an appeals process and access to the State's fair hearing process as outlined in Attachment F1, Enrollee Grievance System Standards. The Contractor's dispute process for subcontractors and non-contracted providers includes a claim dispute process and access to the State's fair hearing process as outlined in Attachment F2, Provider Claim Dispute Standards. The Contractor shall remain responsible for compliance with all requirements set forth in Attachments F1, Enrollee Grievance System Standards F2, Provider Claim Dispute Standards, and 42 CFR Part 438 Subpart F.

Information to enrollees must meet cultural competency and limited English proficiency requirements as specified in Section D, Paragraph 18, Member Information and Paragraph 20, Cultural Competency.

The Contractor shall provide the appropriate professional, paraprofessional and clerical personnel for the representation of the Contractor in all issues relating to the grievance system and any other matters arising under this contract which rise to the level of administrative hearing or a judicial proceeding. Unless there is an agreement with the State in advance, the Contractor shall be responsible for all attorney fees and costs awarded to the claimant in a judicial proceeding.

The Contractor may delegate the grievance system process to subcontractors, however, the Contractor must ensure that the delegated entity complies with applicable Federal and State laws, regulations and policies, including, but not limited to 42 CFR Part 438 Subpart F. The Contractor shall remain responsible for compliance with all requirements. The Contractor shall also ensure that it timely provides written information to both enrollees and providers, which clearly explains the grievance system requirements. This information must include a description of: the right to a State fair hearing, the method for obtaining a State fair hearing, the rules that govern representation at the hearing, the right to file grievances, appeals and claim disputes, the requirements and timeframes for filing grievances, appeals and claim disputes, the availability of assistance in the filing process, the toll-free numbers that the enrollee can use to file a grievance or appeal by phone, that benefits will continue when requested by the enrollee in an appeal or State fair hearing request concerning certain actions which are timely filed, that the enrollee may be required to pay the cost of services furnished during the appeal/hearing process if the final decision is adverse to the enrollee, and that a provider may file an appeal on behalf of an enrollee with the enrollee's written consent.

The Contractor must provide reports on the Grievance System as required in the AHCCCS Grievance System Reporting Guide available on the AHCCCS website. See also Attachment F3, Contractor Chart of Deliverables.

The Contractor shall provide AHCCCS with a quarterly report summarizing the number of grievances and complaints filed by or on behalf of members. The report must be categorized by access to care, health plan and provider satisfaction. The report shall be submitted as specified in Attachment F, Contractor Chart of Deliverables.

27. NETWORK DEVELOPMENT

The Contractor shall develop and maintain a provider network that is supported by written agreements which is sufficient to provide all covered services to AHCCCS members. The Contractor shall ensure covered services are reasonably accessible in terms of location and hours of operation. The Contractor must provide a comprehensive provider network that ensures its membership has access at least equal to community norms. Services shall be as accessible to AHCCCS members in terms of timeliness, amount, duration and scope as those services are available to non-AHCCCS persons within the same service area [42 CFR 438.210(a)(2)]. The Contractor is encouraged to have available non-emergent after-hours physician or primary care services within its network. If the Contractor's network is unable to provide medically necessary services required under contract, the Contractor must adequately and timely cover these services through an out of network provider until a network provider is contracted. The Contractor shall ensure coordination with respect to authorization and payment issues in these circumstances [42 CFR 438.206(b)(4) and (5)].

The Contractor is expected to design a network that provides a geographically convenient flow of patients among network providers to maximize member choice. The provider network shall be designed to reflect the needs and service requirements of AHCCCS' culturally and linguistically diverse member population. The Contractor shall design its provider networks to maximize the availability of community based primary care and specialty care access, including specialists that treat individuals with qualifying medical conditions under A.A.C. R9-7-202, to ensure a reduction in the utilization of emergency services, one day hospital admissions, hospital based outpatient surgeries (when lower cost surgery centers are available), and hospitalization for preventable medical problems.

Covered services shall be delivered through a combination of established Multi-Specialty Interdisciplinary Clinics (MSICs), Field Clinics, Virtual Clinics, and in community settings. Field Clinics are provided by specialty providers who travel to locations closer to the homes of members who are not conveniently located near MSICs. Virtual Clinics may also be implemented where treatment team members in community settings collaborate and conduct treatment planning through the use of Telemedicine using an Integrated Medical Record. In addition to these clinic settings, the Contractor shall also ensure a network of community-based providers to include primary care, dental, and other specialty providers throughout the State. Regardless of the setting, the Contractor shall develop and implement organizational structures and procedures that promote collaboration and consultation among multi-specialty treatment team members and community providers.

The Contractor's network shall also include:

- Physicians (including adult and child psychiatrists), laboratory, x-ray and therapy services through a network of community-based providers in accordance with network standards and which maximize member choice.
- Physicians (including adult and child psychiatrists), laboratory, x-ray and therapy services through a network of contracted MSICs to include a contract with at least one (1) MSIC site in Maricopa County, at least one (1) MSIC site in Pima County, at least one (1) MSIC site in the Prescott/Sedona/Flagstaff area, and at least one (1) MSIC site in the Yuma area.
- Innovative service delivery mechanisms such as field clinics and virtual clinics that incorporate the use of telemedicine, teleconferencing among providers, and an Integrated Medical Record to provide multi-specialty, interdisciplinary care when needed in other areas of the State.
- Community-based, family support providers in urban, suburban and rural areas of the State.

There shall be sufficient personnel for the provision of covered services, including emergency medical care and psychiatric care on a 24-hour-a-day, seven-days-a-week basis [42 CFR 438.206(c)(1)(iii)].

The Contractor shall develop and maintain a Provider Network Development and Management Plan which ensures that the provision of covered services will occur as stated above [42 CFR 438.207(b)]. The requirements for the Network Development and Management Plan are found in ACOM Policy 415. The Network Development and Management Plan shall be evaluated, updated annually and submitted to AHCCCS as specified in Attachment F3, Contractor Chart of Deliverables. The submission of the network management and development plan to AHCCCS is an assurance of the adequacy and sufficiency of the Contractor's provider network. The Contractor shall also submit, as needed, an assurance when there has been a significant change in operations that would affect adequate capacity and services. These changes would include, but would not be limited to, changes in services, covered benefits, geographic service areas, payments or eligibility of a new population.

In accordance with the requirements specified in ACOM Policy, 436 the network shall be sufficient to provide covered services within designated time and distance limits. This includes a network such that 90% of its members residing within Pima and Maricopa counties do not have to travel more than 15 minutes or 10 miles to visit a PCP, dentist or pharmacy, unless accessing those services through the Multi-Specialty Interdisciplinary Clinic (MSIC). The Contractor must obtain hospital contracts as specified in ACOM Policy, 436.

The Contractor shall not discriminate with respect to participation in the AHCCCS program, reimbursement or indemnification against any provider based solely on the provider's type of licensure or certification [42 CFR 438.12(a)(1)(2)]. In addition, the Contractor must not discriminate against particular providers that service high-risk populations or specialize in conditions that require costly treatment [42 CFR 438.214(c)]. This provision, however, does not prohibit the Contractor from limiting provider participation to the extent necessary to meet the needs of the Contractor's members. This provision also does not interfere with measures established by the Contractor to control costs and quality consistent with its responsibilities under this contract nor does it preclude the Contractor from using different reimbursement amounts for different specialists or for different practitioners

in the same specialty [42 CFR 438.12(b)(1)]. If a Contractor declines to include individuals or groups of providers in its network, it must give the affected providers timely written notice of the reason for its decision [42 CFR 438.12(a)(1)]. The Contractor may not include providers excluded from participation in Federal health care programs, under either section 1128 or section 1128A of the Social Security Act [42 CFR 438.214(d)].

The Contractor must pay all AHCCCS registered Arizona Early Intervention Program (AzEIP) providers, regardless of their contract status with the Contractor, when Individual Family Service Plans identify and meet the requirement for medically necessary EPSDT covered services.

The Contractor is also encouraged to develop non-financial incentive programs to increase participation in its provider network.

AHCCCS is committed to workforce development and support of the medical residency and dental student training programs in the State of Arizona. AHCCCS expects the Contractor to support these efforts. AHCCCS encourages plans to contract with or otherwise support the many Graduate Medical Education (GME) Residency Training Programs currently operating in the State and to investigate opportunities for resident participation in Contractor medical management and committee activities. In the event of a contract termination between the Contractor and a GME Residency Training Program or training site, the Contractor may not remove members from that program in such a manner so as to harm the stability of the program. AHCCCS reserves the right to determine what constitutes risk to the program. Further, the Contractor must attempt to contract with graduating residents and providers that are opening new practices in, or relocating to, Arizona, especially in rural or underserved areas.

Telemedicine/Virtual Clinics: The Contractor shall be responsible for the oversight, administration and implementation of telemedicine/virtual clinic services and use of telemedicine equipment in compliance with State and federal laws and the requirements of this Contract and all incorporated references. The Contractor shall ensure that telemedicine is available and utilized, when appropriate, to ensure geographic accessibility of services to members. The Contractor shall be responsible for developing and expanding the use and availability of telemedicine services, when indicated and appropriate. Telemedicine should include the delivery of diagnostic, consultation and treatment services that occur in the physical presence of the member on a real time basis through interactive audio, video and data communications, as well as the transfer of medical data on a store and forward basis for diagnostic or treatment consultations.

Homeless Clinics: Contractors in Maricopa and Pima County must contract with homeless clinics at the AHCCCS Fee-For-Service rate for Primary Care services. Contracts must stipulate that:

1. Only those members who request a homeless clinic as a PCP may be assigned to them; and
2. Members assigned to a homeless clinic may be referred out-of-network for needed specialty services.

The Contractor must make resources available to assist homeless clinics with administrative issues such as obtaining prior authorization, and resolving claims issues.

28. PROVIDER AFFILIATION TRANSMISSION

The Contractor must submit information quarterly regarding its provider network. This information must be submitted in the format described in the Provider Affiliation Transmission (PAT) User Manual which can be found on the AHCCCS website. The Contractor shall also validate its compliance with minimum network requirements against the network information provided in the PAT through the submission of a completed Minimum Network Requirements Verification Template (see ACOM 436 for Template). The PAT and the Minimum Network Requirements Verification Template must be submitted as specified in Attachment F3, Contractor Chart of Deliverables.

29. NETWORK MANAGEMENT

The Contractor shall have policies on how the Contractor will [AMPM, 42 CFR 438.214(a)]:

- a. Communicate with the network regarding contractual and/or program changes and requirements;
- b. Monitor network compliance with policies and rules of AHCCCS and the Contractor, including compliance with all policies and procedures related to the grievance/appeal processes and ensuring the member's care is not compromised during the grievance/appeal processes;
- c. Evaluate the quality of services delivered by the network;
- d. Provide or arrange for medically necessary covered services should the network become temporarily insufficient within the contracted service area;
- e. Monitor the adequacy, accessibility and availability of its provider network to meet the needs of its members, including the provision of care to members with limited proficiency in English;
- f. Process provisional credentials;
- g. Recruit, select, credential, re-credential and contract with providers in a manner that incorporates quality management, utilization, office audits and provider profiling;
- h. Provide training for its providers and maintain records of such training;
- i. Track and trend provider inquiries/complaints/requests for information and take systemic action as necessary and appropriate; and
- j. Ensure that provider calls are acknowledged within three business days of receipt, resolved and/or State the result communicated to the provider within 30 business days of receipt (this includes referrals from AHCCCS).

Contractor policies shall be subject to approval by AHCCCS, Division of Health Care Management, and shall be monitored through operational audits.

The Contractor shall hold a Provider Forum no less than semi-annually. The forum must be chaired by the Contractor's Administrator/CEO or designee. The purpose of the forum is to improve communication between the Contractor and its providers. The forum shall be open to all providers including dental providers. The Provider Forum shall not be the only venue for the Contractor to communicate and participate in the issues affecting the provider network. Provider Forum meeting agendas and minutes must be made available to AHCCCS upon request. The Contractor shall report information discussed during these Forums to Executive Management within the organization.

Material Change to Provider Network: The Contractor is responsible for evaluating all provider network changes, including unexpected or significant changes, and determining whether those changes are material changes to the Contractor's provider network [42 CFR 438.207 (c)]. All material changes to the provider network must be approved in advance by AHCCCS, Division of Health Care Management. A material change to the provider network is defined as one that affects, or can reasonably be foreseen to affect, the Contractor's ability to meet the performance and/or provider network standards as described in this contract including, but not limited to, any change that would cause or is likely to cause more than 5% of members in a GSA to change the location where services are received or rendered.

The Contractor must submit the request for approval of a material change to the provider network with information including, but not limited to, how the change will affect the delivery of covered services, the Contractor's plans for maintaining the quality of member care, and communications to providers and members, as outlined in ACOM Policy 439 and as specified in Attachment F3, Contractor Chart of Deliverables. AHCCCS will review and respond to the Contractor within 30 days of the submission. A material change in the Contractor's provider network requires 30 days advance written notice from the Contractor to members and providers. For emergency situations, AHCCCS will expedite the approval process. In the event unforeseen circumstances prevent the Contractor from providing 30 days advance written notice to members and providers, the Contractor shall notify AHCCCS within one business day of identifying the material change to the provider network for AHCCCS determination of notification requirements.

The requirements regarding material changes to the provider network do not apply to the contract negotiation process between the Contractor and a provider.

See Section D, Paragraph 44, regarding material changes by the Contractor that may impact business operations.

See Section D, Paragraph 55, capitation adjustments regarding material changes by the Contractor that may impact capitation rates.

The Contractor shall give hospitals and provider groups 90 days' notice prior to a contract termination without cause. Contracts between the Contractor and single practitioners are exempt from this requirement.

Provider/Network Changes Report: The Contractor must submit a Quarterly Provider/Network Changes Due to Rates Report as described in ACOM Policy 415 and Attachment F3, Contractor Chart of Deliverables.

30. PRIMARY CARE PROVIDER STANDARDS

The Contractor shall include in its provider network a sufficient number of PCPs to meet the requirements of this contract. Health care providers designated by the Contractor as PCPs shall be licensed in Arizona as allopathic or osteopathic physicians who generally specialize in family practice, internal medicine, obstetrics, gynecology, or pediatrics; certified nurse practitioners or certified nurse midwives; or physician's assistants [42 CFR 438.206(b)(2)].

The Contractor shall assess the PCP's ability to meet AHCCCS appointment availability and other standards when determining the appropriate number of its members to be assigned to a PCP. The Contractor shall adjust the size of a PCP's panel, as needed, for the PCP to meet AHCCCS appointment and clinical performance standards. AHCCCS shall inform the Contractor when a PCP has a panel of more than 1,800 AHCCCS members, to assist in the assessment of the size of their panel. This information will be provided on a quarterly basis.

The Contractor shall have a system in place to monitor and ensure that each member is assigned to an individual PCP and that the Contractor's data regarding PCP assignments is current. The Contractor is encouraged to assign members with complex medical conditions, who are age 12 and younger, to board certified pediatricians. PCPs with assigned members diagnosed with AIDS or as HIV positive, shall meet criteria and standards set forth in the AMPM.

The Contractor shall ensure that providers serving EPSDT-aged members utilize AHCCCS-approved EPSDT Tracking forms and standardized developmental screening tools and are trained in the use of the tools. EPSDT-aged members shall be assigned to providers who are trained on and who use AHCCCS approved developmental screening tools.

The Contractor shall ensure that primary care services are available and accessible statewide in the communities in which CRS members would access routine health care services. In addition, the Contractor shall have a network of specialty providers available to provide care and services in the community setting in addition to those specialty and multi-disciplinary services that are available through the MSIC, thereby maximizing member choice.

The Contractor shall offer members freedom of choice within its network in selecting a PCP consistent with 42 CFR 438.6(m) and 438.52(d) and this contract. Any American Indian who is enrolled with the Contractor and who is eligible to receive services from a participating I/T/U provider may elect that I/T/U as his or her primary care provider, if that I/T/U participates in the network as a primary care provider and has capacity to provide the services per ARRA Section 5006(d) and SMD letter 10-001.^{xiii} The Contractor may restrict this choice when a member has shown an inability to form a relationship with a PCP, as evidenced by frequent

changes, or when there is a medically necessary reason. When a new member has been assigned to the Contractor, the Contractor shall inform the member in writing of his enrollment and of his PCP assignment within 12 business days of the Contractor's receipt of notification of assignment by AHCCCS. See ACOM Policy 404.

At a minimum, the Contractor shall hold the PCP responsible for the following activities [42 CFR 438.208(b)(1)]:

- a. Supervising, coordinating and providing care to each assigned member (except for well woman exams and children's dental services when provided without a PCP referral);
- b. Initiating referrals for medically necessary specialty care;
- c. Maintaining continuity of care for each assigned member;
- d. Maintaining the member's medical record, including documentation of all services provided to the member by the PCP, as well as any specialty or referral services including behavioral health;
- e. Utilizing the AHCCCS approved EPSDT Tracking form;
- f. Providing clinical information regarding member's health and medications to the treating provider (including behavioral health providers) within 10 business days of a request from the provider; and
- g. If serving children, for enrolling as a Vaccines for Children (VFC) provider.

The Contractor shall establish and implement policies and procedures to monitor PCP activities and to ensure that PCPs are adequately notified of, and receive documentation regarding, specialty and referral services provided to assigned members by specialty physicians, and other health care professionals.

31. MATERNITY CARE PROVIDER STANDARDS

The Contractor shall ensure that a maternity care provider is designated for each pregnant member for the duration of her pregnancy and postpartum care and that those maternity services are provided in accordance with the AMPM. The Contractor may include in its provider network the following maternity care providers:

- a. Arizona licensed allopathic and/or osteopathic physicians who are obstetricians or general practice/family practice providers who provide maternity care services
- b. Physician Assistants
- c. Nurse Practitioners
- d. Certified Nurse Midwives
- e. Licensed Midwives

Pregnant members may choose, or be assigned, a PCP who provides obstetrical care. Such assignment shall be consistent with the freedom of choice requirements for selecting health care professionals while ensuring that the continuity of care is not compromised. Members receiving maternity services from a certified nurse midwife or a licensed midwife must also be assigned to a PCP for other health care and medical services. A certified nurse midwife may provide primary care services that he or she is willing to provide and that the member elects to receive from the certified nurse midwife. Members receiving care from a certified nurse midwife may elect to receive some or all of her primary care from the assigned PCP. Licensed midwives may not provide any additional medical services as primary care is not within their scope of practice.

All physicians and certified nurse midwives who perform deliveries shall have hospital privileges for obstetrical services. Practitioners performing deliveries in alternate settings shall have a documented hospital coverage agreement. Licensed midwives perform deliveries only in the member's home. Labor and delivery services may be provided in the member's home by physicians, nurse practitioners, and certified nurse midwives who include such services within their practice.

32. REFERRAL MANAGEMENT PROCEDURES AND STANDARDS

The Contractor shall have adequate written procedures regarding referrals to specialists, to include, at a minimum, the following:

- a. Use of referral forms clearly identifying the Contractor;
- b. A process in place that ensures the member's PCP receives all specialist and consulting reports and a process to ensure PCP follow-up of all referrals including EPSDT referrals for behavioral health services;
- c. A referral plan for any member who is about to lose eligibility and who requests information on low-cost or no-cost health care services;
- d. Referral to Medicare;
- e. Women shall have direct access to in-network gynecological providers, including physicians, physician assistants and nurse practitioners within the scope of their practice [42 CFR 438.206(b)(2)];
- f. For members with special health care needs determined to need a specialized course of treatment or regular care monitoring, the Contractor must have a mechanism in place to allow such members to directly access a specialist (for example through a standing referral or an approved number of visits) as appropriate for the member's condition and identified needs;
- g. Allow for a second opinion from a qualified health care professional within the network, or if one is not available in network, arrange for the member to obtain one outside the network, at no cost to the member [42 CFR 438.206(b)(3)].

The Contractor shall comply with all applicable physician referral requirements and conditions defined in Sections 1903(s) and 1877 of the Social Security Act and their implementing regulations which include, but are not limited to, 42 CFR Part 411, Part 424, Part 435 and Part 455. Sections 1903(s) and 1877 of the Act prohibits physicians from making referrals for designated health services to health care entities with which the physician or a member of the physician's family has a financial relationship. Designated health services include:

- a. Clinical laboratory services
- b. Physical therapy services
- c. Occupational therapy services
- d. Radiology services
- e. Radiation therapy services and supplies
- f. Durable medical equipment and supplies
- g. Parenteral and enteral nutrients, equipment and supplies
- h. Prosthetics, orthotics and prosthetic devices and supplies
- i. Home health services
- j. Outpatient prescription drugs
- k. Inpatient and outpatient hospital services

33. APPOINTMENT STANDARDS

The Contractor shall actively monitor and track provider compliance with appointment availability standards as required in ACOM Policy 417 [42 CFR 438.206].

The Contractor is required on a quarterly basis to conduct review of the availability of the below listed providers in sufficient quantity to ensure results are meaningful and representative of the Contractor's network.

For purposes of this section, "urgent" is defined as an acute, but not necessarily life-threatening disorder, which, if not attended to, could endanger the patient's health. The Contractor shall have procedures in place that ensure the following standards are met.

For ***Primary Care Provider Appointments***, the Contractor shall be able to provide:

- a. Emergency appointments the same day or within 24 hours of the member's phone call or other notification
- b. Urgent care appointments within 2 days of request
- c. Routine care appointments within 21 days of request

For ***Specialty Provider Referrals***, the Contractor shall be able to provide:

- a. Emergency appointments within 24 hours of referral
- b. Urgent care appointments within 3 days of referral
- c. Routine care appointments within 45 days of referral

For ***Dental Provider Appointments***, the Contractor shall be able to provide:

- a. Emergency appointments within 24 hours of request
- b. Urgent care appointments within 3 days of request
- c. Routine care appointments within 45 days of request

For ***Maternity Care Provider Appointments***, the Contractor shall be able to provide initial prenatal care appointments for enrolled pregnant members as follows:

- a. First trimester - within 14 days of request
- b. Second trimester - within 7 days of request
- c. Third trimester - within 3 days of request
- d. High risk pregnancies - within 3 days of identification of high risk by the Contractor or maternity care provider, or immediately if an emergency exists

For ***Behavioral Health Provider Appointments***, the Contractor shall be able to provide:

- a. Emergency appointments the same day or within 24 hours of the referral or request
- b. Urgent care appointments for CMDP enrolled members no later than 72 hours after notification by DCS that a child has been or will be removed from their home
- c. Appointment for initial assessment within 7 days of referral
- d. Appointment for ongoing services within 23 days of initial assessment

For wait time in the office, the Contractor shall actively monitor and ensure that a member's waiting time for a scheduled appointment at the PCP's or specialist's office is no more than 45 minutes, except when the provider is unavailable due to an emergency.

For medically necessary non-emergent transportation, the Contractor shall schedule transportation so that the member arrives on time for the appointment, but no sooner than one hour before the appointment; nor have to wait more than one hour after the conclusion of the treatment for transportation home; nor be picked up prior to the completion of treatment. Also see Section D, Paragraph 11, Special Health Care Needs. The Contractor must develop and implement a quarterly performance auditing protocol to evaluate compliance with the standards above for all subcontracted transportation vendors/brokers and require corrective action if standards are not met.

The Contractor must use the results of appointment standards monitoring to assure adequate appointment availability in order to reduce unnecessary emergency department utilization. The Contractor is also encouraged to contract with or employ the services of non-emergency facilities to address member non-emergency care issues occurring after regular office hours or on weekends.

The Contractor shall establish processes to monitor and reduce the appointment "no-show" rate by provider and service type. As best practices are identified, AHCCCS may require implementation by the Contractor.

The Contractor shall have written policies and procedures about educating its provider network regarding appointment time requirements. The Contractor must develop a corrective action plan when appointment standards are not met. In addition, the Contractor must develop a corrective action plan in conjunction with the provider when appropriate [42 CFR 438.206(c)(1)(iv), (v) and (vi)]. Appointment standards shall be included in the Provider Manual. The Contractor is encouraged to include the standards in the provider subcontracts.

34. FEDERALLY QUALIFIED HEALTH CENTERS AND RURAL HEALTH CLINICS

The Contractor is encouraged to use Federally Qualified Health Centers and Rural Health Clinics (FQHCs/RHCs) and FQHC Look-Alikes in Arizona to provide covered services. FQHCs/RHCs and FQHC Look-Alikes are paid unique, cost-based Prospective Payment System (PPS) rates for non-pharmacy ambulatory Medicaid-covered services. The PPS rate is an all-inclusive per visit rate.^{xiv}

To ensure compliance with the requirement of 42 USC 1396b(m)(2)(A)(ix) that the Contractor's payments, in aggregate, will not be less than the level and amount of payment which the Contractor would make for the services if the services were furnished by a provider which is not a FQHC or RHC:^{xv}

1. For dates of service from October 1, 2014 through March 31, 2015, the Contractor shall negotiate rates of payment with FQHCs/RHCs and FQHC Look-Alikes for non-pharmacy ambulatory services that are comparable to the rates paid to providers that provide similar services.
2. For dates of service on and after April 1, 2015, the Contractor shall pay the unique PPS rates, or negotiate sub-capitated agreements comparable to the unique PPS rates, to FQHCs/RHCs and FQHC Look-Alikes for PPS-eligible visits.

AHCCCS reserves the right to review a Contractor's rates with an FQHC/RHC and FQHC Look-Alikes for reasonableness and to require adjustments when rates are found to be substantially less than those being paid to other, non-FQHC/RHC/FQHC Look-Alikes providers for comparable services, or not equal to or substantially less than the PPS rates.

For FQHC and FQHC Look-Alike pharmacies, all drugs identified in the 340B Drug Pricing Program are required to be billed at the lesser of: 1) the actual acquisition cost of the drug or 2) the 340B ceiling price. These drugs shall be reimbursed at the lesser of the two amounts above plus a dispensing fee. See AHCCCS rule A.A.C. R9-22-710 (C) for further details.

The Contractor may be required to submit member information for Title XIX and Title XXI members for each FQHC/RHC/FQHC Look-Alikes as specified in Attachment F3, Contractor Chart of Deliverables. AHCCCS will perform periodic audits of the member information submitted. The Contractor should refer to the AHCCCS Financial Reporting Guide for the CRS Contractor with the Arizona Health Care Cost Containment System for further guidance. The FQHCs/RHCs/FQHC Look-Alikes registered with AHCCCS are listed on the AHCCCS website.

35. PROVIDER MANUAL

The Contractor shall develop, distribute and maintain a provider manual as described in ACOM Policy 416.

36. PROVIDER REGISTRATION

The Contractor shall ensure that all of its subcontractors register with AHCCCS as an approved service provider. For specific requirements on Provider Registration refer to the AHCCCS website at:

<http://www.azahcccs.gov/commercial/ProviderRegistration/registration.aspx>.

The National Provider Identifier (NPI) is required on all claim submissions and subsequent encounters from providers who are eligible for an NPI. The Contractor shall work with providers to obtain their NPI.

Except as otherwise required by law or as otherwise specified in a contract between a Contractor and a provider, the AHCCCS Fee-For-Service provisions referenced in the AHCCCS Provider Participation Agreement located on the AHCCCS website (e.g. billing requirements, coding standards, payment rates) are in force between the provider and Contractor.

37. SUBCONTRACTS

The Contractor shall be legally responsible for contract performance whether or not subcontracts are used [42 CFR 438.230(a) and 434.6(c)]. No subcontract shall operate to terminate the legal responsibility of the Contractor to assure that all activities carried out by the subcontractor conform to the provisions of this contract. The Contractor shall be held fully liable for the performance of all contract requirements and shall develop and maintain a system for regular and periodic assessment of all subcontractors' compliance with its terms. Subject to such conditions, any function required to be provided by the Contractor pursuant to this contract may be subcontracted to a qualified person or organization [42 CFR 438.6]. All such subcontracts must be in writing [42 CFR 438.6(l)]. All subcontracts entered into by the Contractor are subject to prior review and written approval by AHCCCS, Division of Health Care Management, and shall incorporate by reference the applicable terms and conditions of this contract.

Before entering into a subcontract which delegates duties or responsibilities to a subcontractor the Contractor must evaluate the prospective subcontractor's ability to perform the activities to be delegated. If the Contractor delegates duties or responsibilities then the Contractor shall establish a written agreement that specifies the activities and reporting responsibilities delegated to the subcontractor. The written agreement shall also provide for revoking delegation or imposing other sanctions if the subcontractor's performance is inadequate. The Contractor's local CEO must retain the authority to direct and prioritize any delegated contract requirements. In order to determine adequate performance, the Contractor shall monitor the subcontractor's performance on an ongoing basis and subject it to formal review at least annually or more frequently if requested by AHCCCS. As a result of the performance review, any deficiencies must be communicated to the subcontractor in order to establish a corrective action plan [42 CFR 438.230(b)]. The results of the performance review and the correction plan shall be communicated to AHCCCS upon completion.

The Contractor shall maintain a fully executed original or electronic copy of all subcontracts, which shall be accessible to AHCCCS within five business days of the request by AHCCCS. All requested subcontracts must have full disclosure of all terms and conditions and must fully disclose all financial or other requested information. Information may be designated as confidential but may not be withheld from AHCCCS as proprietary. Information designated as confidential may not be disclosed by AHCCCS without the prior written consent of the Contractor except as required by law. All subcontracts shall comply with the applicable provisions of Federal and State laws, regulations and policies.

AHCCCS may, at its discretion, communicate directly with the governing body or Parent Corporation of the Contractor regarding the performance of a subcontractor or Contractor respectively.

Minimum Subcontract Provisions: All subcontracts must reference and require compliance with the Minimum Subcontract Provisions. See Minimum Subcontract Provisions on the AHCCCS Website at:

<http://www.azahcccs.gov/commercial/MinimumSubcontractProvisions.aspx>

In addition, each subcontract must contain the following:

1. Full disclosure of the method and amount of compensation or other consideration to be received by the subcontractor;
2. Identification of the name and address of the subcontractor;
3. Identification of the population, to include patient capacity, to be covered by the subcontractor;
4. The amount, duration and scope of medical services to be provided, and for which compensation will be paid;
5. The term of the subcontract including beginning and ending dates, methods of extension, termination and re-negotiation;
6. The specific duties of the subcontractor relating to coordination of benefits and determination of third-party liability;
7. A provision that the subcontractor agrees to identify Medicare and other third-party liability coverage and to seek such Medicare or third party liability payment before submitting claims to the Contractor;
8. A description of the subcontractor's patient, medical, dental and cost record keeping system;
9. Specification that the subcontractor shall cooperate with quality management programs, and comply with the utilization control and review procedures specified in 42 CFR Part 456, as specified in the AMPM;
10. A provision stating that a merger, reorganization or change in ownership of an Administrative Services subcontractor of the Contractor shall require a contract amendment and prior approval of AHCCCS;
11. A provision that indicates that AHCCCS is responsible for enrollment, re-enrollment and disenrollment of the covered population;
12. A provision that the subcontractor shall be fully responsible for all tax obligations, Worker's Compensation Insurance, and all other applicable insurance coverage obligations which arise under this subcontract, for itself and its employees, and that AHCCCS shall have no responsibility or liability for any such taxes or insurance coverage;
13. A provision that the subcontractor must obtain any necessary authorization from the Contractor or AHCCCS for services provided to eligible and/or enrolled members;
14. A provision that the subcontractor must comply with encounter reporting and claims submission requirements as described in the subcontract;
15. Provision(s) that allow the Contractor to suspend, deny, refuse to renew or terminate any subcontractor in accordance with the terms of this contract and applicable law and regulation;
16. A provision that the subcontractor may provide the member with factual information, but is prohibited from recommending or steering a member in the member's selection of a Contractor; and
17. A provision that compensation to individuals or entities that conduct utilization management and concurrent review activities is not structured so as to provide incentives for the individual or entity to deny, limit or discontinue medically necessary services to any enrollee [42 CFR 438.210(e)].

In the event of a modification to the AHCCCS Minimum Subcontract Provisions the Contractor shall issue a notification of the change to its subcontractors within 30 days of the published change and ensure amendment of affected subcontracts. Affected subcontracts shall be amended on their regular renewal schedule or within six calendar months of the update, whichever comes first. See also ACOM Policy 416.

The Contractor must ensure the integration of acute, behavioral, and specialty services within the following key functional areas of the organization or when utilizing administrative services subcontracts:

- Network Management/Provider Relations;
- Member Services;
- Quality Management;
- Medical Management;
- Finance;
- Claims/Encounters;
- Information Services; and
- Grievance System.

Administrative Services Subcontracts: Administrative Services subcontracts shall be submitted to AHCCCS, Division of Health Care Management for prior approval as specified in ACOM Policy 438 and Attachment F3, Contractor Chart of Deliverables. If at any time during the period of the subcontract, the subcontractor is found to be in non-compliance, the Contractor shall notify AHCCCS as specified in ACOM Policy 438 and Attachment F3, Contractor Chart of Deliverables. The Contractor will submit this in writing and provide the corrective action plan and any measures taken by the Contractor to bring the subcontractor into compliance.

The Contractor must submit an annual Administrative Services Subcontractor Evaluation Report as specified in ACOM Policy 438 and Attachment F3, Contractor Chart of Deliverables. The report shall include any findings of subcontract non-compliance and any corrective action plans and/or measures taken by the Contractor to bring the subcontractor into compliance.

The Contractor shall require Administrative Services Subcontractors to adhere to screening and disclosure requirements as described in Paragraph 62, Corporate Compliance.

A merger, acquisition, reorganization or change in ownership of an Administrative Services subcontractor of the Contractor requires prior approval of AHCCCS, as outlined in ACOM Policy 438.

AHCCCS will not permit one organization to own or manage more than one contract within the same program in the same GSA.

Provider Agreements: The Contractor shall not include covenant-not-to-compete requirements in its provider agreements. Specifically, the Contractor shall not contract with a provider and require that the provider not provide services for any other AHCCCS Contractor. In addition, the Contractor shall not enter into subcontracts that contain compensation terms that discourage providers from serving any specific eligibility category.

The Contractor must make reasonable efforts to enter into a written agreement with any provider providing services at the request of the Contractor more than 25 times during the previous contract year and/or are anticipated to continue providing services for the Contractor. The Contractor must follow ACOM Policy 415 and consider the repeated use of providers operating without a written agreement when assessing the adequacy of its network.

For all subcontracts in which the Contractor and subcontractor have a capitated arrangement/risk sharing arrangement, the following provision must be included verbatim in every contract:

If <the Subcontractor> does not bill <the Contractor>, < the subcontractor's> encounter data that is required to be submitted to <the Contractor> pursuant to contract is defined for these purposes as a "claim for payment". <The Subcontractor's> provision of any service results in a "claim for payment" regardless of whether there is any intention of payment. All said claims shall be subject to review under any and all fraud and abuse statutes, rules and regulations, including but not limited to Arizona Revised Statute (A.R.S.) §36-2918.

38. CLAIMS PAYMENT/HEALTH INFORMATION SYSTEM

The Contractor shall develop and maintain claims processes and systems that ensure the accurate collection and processing of claims, analysis, integration, and reporting of data. These processes and systems shall result in information on areas including, but not limited to, service utilization, claim disputes and appeals [42 CFR 438.242(a)].

General Claims Processing Requirements

The Contractor must include nationally recognized methodologies to correctly pay claims including but not limited to:

- a. Medicaid Correct Coding Initiative (NCCI) for Professional, ASC and Outpatient services;
- b. Multiple Procedure/Surgical Reductions;
- c. Global Day E & M Bundling standards.

The Contractor's claims payment system must be able to assess and/or apply data related edits including but not limited to:

- a. Benefit Package Variations;
- b. Timeliness Standards;
- c. Data Accuracy;
- d. Adherence to AHCCCS Policy;
- e. Provider Qualifications;
- f. Member Eligibility and Enrollment;
- g. Over-Utilization Standards.

The Contractor must produce a remittance advice related to the Contractor's payments and/or denials to providers and each must include at a minimum:

- a. The reason(s) for denials and adjustments
- b. A detailed explanation/description of all denials, payments and adjustments
- c. The amount billed
- d. The amount paid
- e. Application of COB and copays
- f. Provider rights for claim disputes

Additionally, the Contractor must include information in its remittance advice which informs providers of instructions and timeframes for the submission of claim disputes and corrected claims. All paper remittance advices must describe this information in detail. Electronic remittance advices must either direct providers to the link where this information is explained or include a supplemental file where this information is explained.

The related remittance advice must be sent with the payment, unless the payment is made by electronic funds transfer (EFT). Any remittance advice related to an EFT must be sent to the provider, no later than the date of the EFT. See Section D, Paragraph 64, Systems and Data Exchange Requirements, for specific standards related to remittance advice and EFT payment.

AHCCCS requires the Contractor to attend and participate in AHCCCS workgroups including Technical Consortium meetings to review upcoming initiatives and other technical issues.

Per A.R.S. §36-2904, unless a shorter time period is specified in contract, the Contractor shall not pay a claim initially submitted more than six months after the date of service or date of eligibility posting whichever is later, or pay a clean claim submitted more than 12 months after date of service or date of eligibility posting, whichever is later; except as directed by AHCCCS or otherwise noted in this contract. Regardless of any subcontract with an AHCCCS Contractor, when one AHCCCS Contractor recoups a claim because the claim is the payment responsibility of another AHCCCS Contractor (responsible Contractor), the provider may file a claim for payment with the responsible Contractor. The responsible Contractor shall not deny a claim on the basis of lack of timely filing if the provider submits a clean claim to the responsible Contractor no later than 60 days from the date of the recoupment, 12 months from the date of service, or 12 months from date that eligibility is posted, whichever date is later.

Claim payment requirements pertain to both contracted and non-contracted providers. The receipt date of the claim is the date stamp on the claim or the date electronically received. The receipt date is the day the claim is received at the Contractor's specified claim mailing address, received through direct electronic submission to the Contractor, or received by the Contractor's designated Clearinghouse. The paid date of the claim is the date on

the check or other form of payment [42 CFR 447.45(d)]. Claims submission deadlines shall be calculated from the claim end date of service, inpatient claim date of discharge or the effective date of eligibility posting, whichever is later as stated in A.R.S. §36-2904. Additionally, unless a subcontract specifies otherwise, the Contractor shall ensure that for each form type (Dental/Professional/Institutional), 95% of all clean claims are adjudicated within 30 days of receipt of the clean claim and 99% are adjudicated within 60 days of receipt of the clean claim.

In accordance with the Deficit Reduction Act of 2005, Section 6085, SMD letter 06-010, and Section 1932 (b)(2)(D) of the Social Security Act, the Contractor is required to reimburse non-contracted emergency services providers at the AHCCCS Fee-For-Service rate.^{xvi} This applies to in State as well as out of State providers.

In accordance with A.R.S. §36-2904 the Contractor is required to reimburse providers of hospital and non hospital services at the AHCCCS fee schedule in the absence of a contract or negotiated rate. This requirement applies to services which are directed out of network by the Contractor or to emergency services. For inpatient stays at urban hospitals pursuant to A.R.S. §36-2905.01 for non-emergency services, the Contractor is required to reimburse non-contracted providers at 95% of the AHCCCS fee schedule specified in A.R.S. §36-2903.01. All payments are subject to other limitations that apply, such as provider registration, prior authorization, medical necessity, and covered service.

The Contractor is required to reimburse providers for previously denied or recouped claims if the provider was subsequently denied payment by the primary insurer based on timely filing limits or lack of prior authorization and the member failed to initially disclose additional insurance coverage other than AHCCCS.

The provider shall have 90 days from the date they become aware that payment will not be made to submit a new claim to the Contractor which includes the documentation from the primary insurer that payment will not be made. Documentation includes but is not limited to any of the following items establishing that the primary insurer has or would deny payment based on timely filing limits or lack of prior authorization; an EOB, policy or procedure, Provider Manual excerpt, etc.

For hospital clean claims, in the absence of a contract specifying otherwise, a Contractor shall apply a quick pay discount of 1% on claims paid within 30 days of receipt of the clean claim. For hospital clean claims, in the absence of a contract specifying other late payment terms, a Contractor is required to pay slow payment penalties (interest) on payments made after 60 day of receipt of the clean claim. Interest shall be paid at the rate of 1% per month for each month or portion of a month from the 61st day until the date of payment (A.R.S. §36-2903.01).

For all non-hospital clean claims, in the absence of a contract specifying other late payment terms, a Contractor is required to pay interest on payments made after 45 days of receipt of the clean claim (as defined in this contract). Interest shall be at the rate of 10% per annum (prorated daily) from the 46th day until the date of payment.

In the absence of a contract specifying other late payment terms, a claim for an authorized service submitted by a licensed skilled nursing facility, assisted living ALTCS provider or a home and community based ALTCS provider shall be adjudicated within 30 calendar days after receipt by the Contractor. A Contractor is required to pay interest on payments made after 30 days of receipt of the clean claim. Interest shall be paid at the rate of 1% per month (prorated on a daily basis) from the date the clean claim is received until the date of payment (A.R.S. §36- 2943.D).

The Contractor shall pay interest on all claim disputes as appropriate based on the date of the receipt of the original clean claim submission (not the claim dispute).

When interest is paid, the Contractor must report the interest as directed in the AHCCCS Encounter Manual and the AHCCCS Claims Dashboard Reporting Guide.

See ACOM Policy 203 for additional information regarding requirements for the adjudication and payment of claims.

Recoupments: The Contractor's claims processes, as well as its prior authorization and concurrent review process, must minimize the likelihood of having to recoup already-paid claims.

Any individual recoupment in excess of \$50,000 per provider, or Tax Identification Number within a contract year or greater than 12 months after the date of the original payment must be approved as specified in Attachment F3, Contractor Chart of Deliverables and as further described in ACOM Policy 412. Upon submission of a request for approval, AHCCCS will respond within 30 days of the recoupment request.

When recoupment amounts for a Provider TIN cumulatively exceed \$50,000 during a contract year (based on recoupment date), the Contractor must report the cumulative recoupment monthly to the designated AHCCCS Operations and Compliance Officer as outlined in the AHCCCS Claims Dashboard Reporting Guide and Attachment F3, Contractor Chart of Deliverables.

The Contractor must void encounters for claims that are recouped in full. For recoupments that result in a reduced claim value or adjustments that result in an increased claim value, replacement encounters must be submitted. AHCCCS may validate the submission of applicable voids and replacement encounters upon completion of any approved recoupment that meets the qualifications of this section. All replaced or voided encounters must reach adjudicated status within 120 days of the approval of the recoupment. The Contractor should refer to ACOM Policy 412 and AHCCCS Encounter Manual for further guidance.

Appeals: If the Contractor or a Director's Decision reverses a decision to deny, limit, or delay authorization of services, and the member received the disputed services while an appeal was pending, the Contractor shall process a claim for payment from the provider in a manner consistent with the Contractor's or Director's Decision and applicable statutes, rules, policies, and contract terms. The provider shall have 90 days from the date of the reversed decision to submit a clean claim to the Contractor for payment. For all claims submitted as a result of a reversed decision, the Contractor is prohibited from denying claims for untimeliness if they are submitted within the 90 day timeframe. The Contractor is also prohibited from denying claims submitted as a result of a reversed decision because the member failed to request continuation of services during the appeals/hearing process: a member's failure to request continuation of services during the appeals/hearing process is not a valid basis to deny the claim.

ICD-10 Readiness: In 2009 the Federal government published the final regulation that adopted the ICD-10 code sets as HIPAA standards (45 CFR 162.1002). As HIPAA covered entities, State Medicaid programs must comply with use of the ICD-10 code sets by the deadline established by CMS. The compliance date published in the final rule is October 1, 2013. However, in 2014 the compliance effective date was further delayed to October 1, 2015, though AHCCCS did not amend its requirement that the Contractor be ready to implement ICD-10 effective October 1, 2014.

Claims Processing Related Reporting: The Contractor shall submit a monthly Claims Dashboard as specified in the AHCCCS Claims Dashboard Reporting Guide and Attachment F3, Contractor Chart of Deliverables.

AHCCCS may require the Contractor to review claim requirements, including billing rules and documentation requirements, and submit a report to AHCCCS that will include the rationale for specified requirements. AHCCCS shall determine and provide a format for the reporting of this data at the time of the request.

Claims System Audits: The Contractor shall develop and implement an internal ongoing claims audit function that will include, at a minimum, the following:

- a. Verification that provider contracts are loaded correctly

b. Accuracy of payments against provider contract terms

Audits of provider contract terms must be performed on a regular and periodic basis and consist of a random, statistically significant sampling of all contracts in effect at the time of the audit. The audit sampling methodology must be documented in policy and the Contractor should review the contract loading of both large groups and individual practitioners at least once every five year period in addition to any time a contract change is initiated during that timeframe. The findings of the audits described above must be documented and any deficiencies noted in the resulting reports must be met with corrective action.

In addition, in the event of a system change or upgrade, as specified in Attachment F3, Contractor Chart of Deliverables, the Contractor may also be required to initiate an independent audit of the Claim Payment/Health Information System. The Division of Health Care Management will approve the scope of this audit, and may include areas such as a verification of eligibility and enrollment information loading, contract information management (contract loading and auditing), claims processing and encounter submission processes, and will require a copy of the final audit findings.

Recovery Audit Contractor Audits: A Recovery Audit Contractor (RAC) is a private entity that is contracted to identify underpayments and overpayments, and to recoup overpayments made to providers. The Affordable Care Act of 2010 required States to establish Medicaid RAC programs. CMS promulgated rules regarding the implementation of the Medicaid RAC requirements (42 CFR 455.500 et seq.), including the provision that Medicaid RACs are only required to review Fee-For-Service claims until a permanent Medicare managed care RAC program is fully operational or a viable State managed care model is identified and CMS undertakes rules regarding managed care RAC efforts.

AHCCCS is exploring what opportunities may exist in the marketplace regarding a methodology for conducting a recovery audit of its services delivered through its managed care contracts (excluding reinsurance). The Contractor shall participate in any RAC activities mandated by AHCCCS, via contract amendment or policy, upon determination of the method of approach.

39. SPECIALTY CONTRACTS

AHCCCS may at any time negotiate or contract on behalf of the Contractor and AHCCCS for specialized hospital and medical services. AHCCCS will consider existing Contractor resources in the development and execution of specialty contracts. AHCCCS may require the Contractor to modify its delivery network to accommodate the provisions of specialty contracts. AHCCCS may consider waiving this requirement in particular situations if such action is determined to be in the best interest of the State; however, in no case shall reimbursement exceeding that payable under the relevant AHCCCS specialty contract be considered in capitation rate development or risk sharing arrangements, including reinsurance.

During the term of specialty contracts, AHCCCS may act as an intermediary between the Contractor and specialty Contractors to enhance the cost effectiveness of service delivery, medical management, and adjudication of claims related to payments provided under specialty contracts shall remain the responsibility of the Contractor. AHCCCS may provide technical assistance prior to the implementation of any specialty contracts.

AHCCCS has specialty contracts, including but not limited to, transplant services, anti-hemophilic agents and pharmaceutical related services. AHCCCS shall provide at least 60 days advance written notice to the Contractor prior to the implementation of any specialty contract.

40. HOSPITAL SUBCONTRACTING AND REIMBURSEMENT

In the absence of a contract between the Contractor and a hospital providing otherwise, the Contractor shall reimburse hospitals for inpatient and outpatient hospital services as required by A.R.S. §§36-2904 and 2905.01, and 9 A.A.C. 22, Article 7, which includes without limitation: reimbursement of the majority of inpatient hospital services with discharge dates on and after October 1, 2014, using the APR-DRG payment methodology in A.A.C. R9-22-712.60 through A.A.C. R9-22-712.81; reimbursement of limited inpatient hospital services with discharge dates on and after October 1, 2014, using per diem rates described in A.A.C. R9-22-712.61; and, in Pima and Maricopa Counties, payment to non-contracted hospitals at 95% of the amounts otherwise payable for inpatient services.

The Contractor is encouraged to obtain subcontracts with hospitals in all GSAs. A Contractor serving out-of-state border communities (excluding Mexico) is strongly encouraged to establish contractual agreements with those out-of-state hospitals in counties that are identified by GSA in ACOM Policy 436. The Contractor, upon request, shall make available to AHCCCS, all hospital subcontracts and amendments.

The Contractor may conduct prepayment and post-payment medical reviews of all hospital claims including outlier claims. Erroneously paid claims are subject to recoupment. If the Contractor fails to identify lack of medical necessity through concurrent review and/or prepayment medical review, lack of medical necessity identified during post-payment medical review shall not constitute a basis for recoupment by the Contractor. See also Section D, Paragraph 38, Claims Payment/Health Information System.

41. RESPONSIBILITY FOR NURSING FACILITY REIMBURSEMENT

The Contractor shall provide medically necessary nursing facility services as outlined in Section D, Paragraph 10, Scope of Services. The Contractor shall also provide medically necessary nursing facility services for any enrolled member who has a pending ALTCS application who is currently residing in a nursing facility and is eligible for services provided under this contract. If the member becomes ALTCS eligible and is enrolled with an ALTCS Contractor before the end of the maximum 90 days per contract year of nursing facility coverage, the Contractor is only responsible for nursing facility reimbursement during the time the member is enrolled with the Contractor as shown in the PMMIS. Nursing facility services covered by another liable party (including Medicare) while the member is enrolled with the Contractor, shall be applied to the 90 day per contract year limitation.

The Contractor shall not deny nursing facility services when the member's eligibility, including prior period coverage, had not been posted at the time of admission. In such situations the Contractor shall impose reasonable authorization requirements. There is no ALTCS enrollment, including prior period coverage, that occurs concurrently with AHCCCS acute enrollment.

The Contractor shall notify the Assistant Director of the Division of Member Services when a member has been residing in a nursing facility, alternative residential facility or receiving home and community based services for 45 days as specified in Section D, Paragraph 10, Scope of Services, under the heading *Nursing Facility*. This will allow AHCCCS time to follow-up on the status of the ALTCS application and to consider potential Fee-For-Service coverage if the stay goes beyond the 90 day per contract year maximum.

42. INCENTIVES/PAY FOR PERFORMANCE

Physician Incentives

The Contractor must comply with all applicable physician incentive requirements and conditions defined in 42 CFR 417.479. These regulations prohibit physician incentive plans that directly or indirectly make payments to a doctor or a group as an inducement to limit or refuse medically necessary services to a member. The reporting requirements under 42 CFR 417.479 have been suspended. No reporting to CMS is required until the suspension is lifted.

The Contractor shall disclose to AHCCCS the information on physician incentive plans listed in 42 CFR 417.479(h)(1) through 417.479(i) upon request from AHCCCS or CMS and to AHCCCS members who request them. AHCCCS shall also review the Value-Based Purchasing (VBP) deliverables required under Section D, Paragraph 76, and may request supplemental information from the Contractor in fulfillment of the requirements in 42 CFR 417.479(h)(1) through 417.479(i).

The Contractor shall not enter into contractual arrangements that place providers at substantial financial risk as defined in 42 CFR 417.479 unless specifically approved in advance by the AHCCCS, Division of Health Care Management. In order to obtain approval when the contractual arrangements meet the definition of substantial financial risk, the following must be submitted to the AHCCCS, Division of Health Care Management 45 days prior to the implementation of the contract as specified in Attachment F3, Contractor Chart of Deliverables, [42 CFR 438.6(g)]:

1. The type of incentive arrangement
2. A plan for the member satisfaction survey;
3. Details of the stop-loss protection provided;
4. A summary of the compensation arrangement that meets the substantial financial risk definition; and
5. Any other items as requested by AHCCCS

Any Contractor-selected and/or developed pay for performance initiative that meets the requirements of 42 CFR 417.479 must be approved by AHCCCS, Division of Health Care Management prior to implementation as specified in Attachment F3, Contractor Chart of Deliverables.

The Contractor shall also comply with all physician incentive plan requirements as set forth in 42 CFR 422.208, 422.210 and 438.6(h). These regulations apply to contract arrangements with subcontracted entities that provide utilization management services.

43. MANAGEMENT SERVICES AGREEMENT AND COST ALLOCATION PLAN

If a Contractor has subcontracted for management services, the management service agreement must be approved in advance by AHCCCS, Division of Health Care Management. If there is a cost allocation plan as part of the management services agreement, it is subject to review by AHCCCS as specified in Attachment F3, Contractor Chart of Deliverables. AHCCCS reserves the right to perform a thorough review of actual management fees charged and/or corporate allocations made.

If there is a change in ownership of the entity with which the Contractor has contracted for management services, AHCCCS must review and provide prior approval of the assignment of the subcontract to the new owner. The performance of management service subcontractors must be evaluated and included in the Annual Subcontractor Assignment and Evaluation Report required by Section D, Paragraph 37, Subcontracts and as specified in Attachment F3, Contractor Chart of Deliverables.

44. MATERIAL CHANGE TO BUSINESS OPERATIONS

The Contractor is responsible for evaluating all operational changes, including unexpected or significant changes, and determining whether those changes are material changes to the Contractor's business operations [42 CFR 438.207 (c)]. All material changes to the business operations must be approved in advance by AHCCCS, Division of Health Care Management. A material change to business operations is defined as any change in overall business operations (e.g., policy, process, protocol, such as prior authorization or retrospective review) that affects, or can reasonably be foreseen to affect, the Contractor's ability to meet the performance standards as described in this contract including, but not limited to, any changes that would impact or is likely to more than 5% of total membership and/or provider network in a specific GSA.

The Contractor must submit the request for approval of a material change to business operations with information including, but not limited to, how the change will affect the delivery of covered services, the Contractor's plans for maintaining the quality of member care, and communications to providers and members, as outlined in ACOM Policy 439 and as specified in Attachment F3, Contractor Chart of Deliverables. AHCCCS will respond to the Contractor within 30 days of the submission. A material change in the Contractor's business operations requires 30 days advance written notice to providers and members. For emergency situations, AHCCCS will expedite the approval process.

The Contractor may be required to conduct meetings with providers to address issues (or to provide general information, technical assistance, etc.) related to Federal and State requirements, changes in policy, reimbursement matters, prior authorization and other matters as identified or requested by the AHCCCS.

See Section D, Paragraph 29, regarding material changes by the Contractor that may impact the provider network.

See Section D, Paragraph 64, for additional submission requirements regarding system changes and upgrades.

45. MINIMUM CAPITALIZATION

The Contractor is required to meet a minimum capitalization requirement within 30 days after contract award. Details regarding this requirement are included in AHCCCS' solicitation, released prior to the expiration of the current contract period. Once the new contract period commences, the minimum capitalization may be applied to the Contractor's equity per member standard, which continues throughout the contract period. See Section D, Paragraph 50, Financial Viability Standards.

46. PERFORMANCE BOND OR BOND SUBSTITUTE

In addition to the minimum capitalization requirements, the Contractor shall be required to establish and maintain a performance bond, for as long as the Contractor has liabilities of \$50,000 or more outstanding, or 15 months following the termination date of this contract, whichever is later, to guarantee: (1) payment of the Contractor's obligations to providers, and (2) performance by the Contractor of its obligations under this contract [42 CFR 438.116]. The Performance Bond shall be in a form acceptable to AHCCCS. See ACOM Policy 305.

In the event of a default by the Contractor, AHCCCS shall, in addition to any other remedies it may have under this contract, obtain payment under the Performance Bond or substitute security for the purposes of the following:

- a. Paying any damages sustained by providers, non-contracting providers and non-providers by reason of a breach of the Contractor's obligations under this contract;
- b. Reimbursing AHCCCS for any payments made by AHCCCS on behalf of the Contractor; and
- c. Reimbursing AHCCCS for any extraordinary administrative expenses incurred by reason of a breach of the Contractor's obligations under this contract, including, but not limited to, expenses incurred after termination of this contract for reasons other than the convenience of the State by AHCCCS.

In the event AHCCCS agrees to accept substitute security in lieu of the security types outlined in ACOM Policy 305, the Contractor agrees to execute any and all documents and perform any and all acts necessary to secure and enforce AHCCCS' security interest in such substitute security including, but not limited to, security agreements and necessary UCC filings pursuant to the Arizona Uniform Commercial Code. The Contractor must request approval from AHCCCS before a substitute security in lieu of the security types outlined in ACOM Policy 305 is established. In the event such substitute security is agreed to and accepted by AHCCCS, the Contractor acknowledges that it has granted AHCCCS a security interest in such substitute security to secure performance of its obligations under this contract. The Contractor is solely responsible for establishing the credit-worthiness of all forms of substitute security. AHCCCS may, after written notice to the Contractor, withdraw its permission for

substitute security, in which case the Contractor shall provide AHCCCS with a form of security described in ACOM Policy 305.

The Contractor may not change the amount, duration or scope of the performance bond without prior written approval from AHCCCS, Division of Health Care Management. The Contractor shall not leverage the bond for another loan or create other creditors using the bond as security.

47. AMOUNT OF PERFORMANCE BOND

The initial amount of the Performance Bond shall be equal to 100% of the total capitation payment expected to be paid to the Contractor in the first month of the contract year, or as determined by AHCCCS. The total capitation amount excludes premium tax. This requirement must be satisfied by the Contractor no later than 30 days after notification by AHCCCS of the amount required. Thereafter, AHCCCS shall review the capitation amounts of the Contractor on a monthly basis to determine if the Performance Bond must be increased. The Contractor shall have 30 days following notification by AHCCCS to increase the amount of the Performance Bond. The Performance Bond amount that must be maintained after the contract term shall be sufficient to cover all outstanding liabilities and will be determined by AHCCCS. The Contractor may not change the amount of the performance bond without prior written approval from AHCCCS, Division of Health Care Management. Refer to ACOM Policy 305 for more details.

48. ACCUMULATED FUND DEFICIT

The Contractor and its owners must review for accumulated fund deficits on a quarterly and annual basis. In the event the Contractor has a fund deficit, the Contractor and its owners shall fund the deficit through capital contributions in a form acceptable to AHCCCS. The capital contributions must be for the period in which the deficit is reported and shall occur within 30 days of the financial statement due to AHCCCS. AHCCCS at its sole discretion may impose a different timeframe other than the 30 days required in this paragraph. AHCCCS may, at its option, impose enrollment caps in any or all GSA's as a result of an accumulated deficit, even if unaudited.

49. ADVANCES, DISTRIBUTIONS, LOANS AND INVESTMENTS

The Contractor shall not, without the prior approval of AHCCCS, make any advances, distributions, loans, loan guarantees, or investments, to related parties or affiliates including another fund or line of business within its organization. The Contractor shall not, without prior approval of AHCCCS, make loans or advances to providers in excess of \$50,000. All requests for prior approval are to be submitted to the AHCCCS, Division of Health Care Management, as specified in Attachment F3, Contractor Chart of Deliverables. Refer to ACOM Policy 418 for further information.

50. FINANCIAL VIABILITY STANDARDS

The Contractor must comply with the AHCCCS-established financial viability standards. On a quarterly basis, AHCCCS will review the following ratios with the purpose of monitoring the financial health of the Contractor: current ratio; equity per member; medical expense ratio; and the administrative cost percentage.

Sanctions may be imposed if the Contractor does not meet these financial viability standards. AHCCCS will take into account the Contractor's unique programs for managing care and improving the health status of members when analyzing medical expense and administrative ratio results. However, if a critical combination of the financial viability standards is not met, additional monitoring, such as monthly reporting, may be required.

FINANCIAL VIABILITY STANDARDS

Current Ratio	<p>Current assets divided by current liabilities. "Current assets" includes any long-term investments that can be converted to cash within 24 hours without significant penalty (i.e., greater than 20%).</p> <p><i>Standard: At least 1.00</i></p> <p>If current assets include a receivable from a parent company, the parent company must have liquid assets that support the amount of the inter-company loan.</p>
Equity per Member	<p>Unrestricted equity, less on-balance sheet performance bond, divided by the number of members enrolled at the end of the period.</p> <p><i>Standard: At least \$260 per member for CYE 2014</i> <i>At least \$320 per member for CYE 2015</i> <i>At least \$370 per member for CYE 2016 and thereafter</i></p> <p>Additional information regarding the Equity per Member requirement may be found in the Performance Bond and Equity per Member Requirements policy in ACOM Policy 305.</p>
Medical Expense Ratio	<p>Total medical expenses less TPL divided by the sum of total capitation + reconciliation settlements + Reinsurance less premium tax</p> <p><i>Standard: At least 85%</i></p>
Administrative Cost Percentage	<p>Total administrative expenses divided by the sum of total capitation + reconciliation settlements + Reinsurance less premium tax</p> <p><i>Standard: No greater than 13%</i></p>

The Contractor shall comply with all financial reporting requirements contained in Attachment F3, Contractor Chart of Deliverables and the AHCCCS Financial Reporting Guide for the CRS Contractor with the Arizona Health Care Cost Containment System, a copy of which may be found on the AHCCCS website. The required reports are subject to change during the contract term and are summarized in Attachment F3, Contractor Chart of Deliverables.

51. SEPARATE INCORPORATION

Within 120 days of contract award, a non-governmental Contractor shall have established a separate corporation for the purposes of this contract, whose sole activity is the performance of the requirements of this contract or other contracts with AHCCCS.

52. MERGER, ACQUISITION, REORGANIZATION, JOINT VENTURE, AND CHANGE IN OWNERSHIP

A merger, acquisition, reorganization, joint venture, and change in ownership of the Contractor shall require prior approval of AHCCCS, as specified in ACOM Policy 317 and Attachment F3, Contractor Chart of Deliverables. The Contractor must submit notification and detailed transition plan to AHCCCS 180 days prior to the effective

date as outlined in ACOM Policy 317. The purpose of the plan review is to ensure uninterrupted services to members, evaluate the new entity's ability to maintain and support the contract requirements, and to ensure that services to members are not diminished and that major components of the organization and AHCCCS programs are not adversely affected by such merger, reorganization or change in ownership.

A merger, acquisition, reorganization, joint venture, and change in ownership of the Contractor may require a contract amendment. If the Contractor does not obtain prior approval, or AHCCCS determines that a merger, acquisition, reorganization, joint venture or change in ownership is not in the best interest of the State, AHCCCS may terminate this contract pursuant to Section E, Contract Terms and Conditions, Paragraph 44, Temporary Management/Operation of a Contractor and Termination. AHCCCS may offer open enrollment to the members assigned to the Contractor should a merger, acquisition, reorganization, joint venture, or change in ownership occur. AHCCCS will not permit one organization to own or manage more than one contract within the same program in the same GSA.

53. COMPENSATION

The method of compensation under this contract will be Prior Period Coverage (PPC) capitation, prospective capitation, and reinsurance, as described and defined within this contract and appropriate laws, regulations or policies.

Actuaries establish the capitation rates using practices established by the Actuarial Standards Board. AHCCCS provides the following data to its actuaries for the purposes of rebasing and/or updating the capitation rates:

- a. Utilization and unit cost data derived from adjudicated encounters
- b. Both audited and unaudited financial statements reported by the Contractor
- c. Market basket inflation trends
- d. AHCCCS Fee-For-Service schedule pricing adjustments
- e. Programmatic or Medicaid covered service changes that affect reimbursement
- f. Other changes to medical practices or administrative requirements that affect reimbursement

AHCCCS adjusts its rates to best match payment to risk. This further ensures the actuarial basis for the capitation rates. Risk factors that may be considered in capitation rate development include:

- a. Reinsurance (as described in Section D, Paragraph 57, Reinsurance)
- b. Age/Gender
- c. Medicare enrollment
- d. Geographic Service Area adjustments
- e. Risk sharing arrangements for specific populations
- f. Member specific statistics, e.g. member acuity, member diagnosis, etc.

The above information is reviewed by AHCCCS' actuaries in renewal years to determine if adjustments are necessary. A Contractor may cover services that are not covered under the State Plan or the Arizona Medicaid Section 1115 Demonstration Waiver Special Terms and Conditions approved by CMS; however those services are not included in the data provided to actuaries for setting capitation rates [42 CFR 438.6(e)] (Section 1903(i) and 1903(i)(17) of the Social Security Act).^{xvii} Graduate Medical Education payments (GME) are not included in the capitation rates but paid out separately consistent with the terms of Arizona's State Plan.^{xviii} Likewise, because AHCCCS does not delegate any of its responsibilities for administering Electronic Health Record (EHR) incentive payments to the Contractor, EHR payments are also excluded from the capitation rates and are paid out separately by AHCCCS pursuant to Section 4201 of the HITECH Act, 42 USC 1396b(t), and 42 CFR 495.300 et seq.^{xix}

In instances in which AHCCCS has specialty contracts or legislation/policy limits the allowable reimbursement for certain services or pharmaceuticals, the amount to be used in the capitation rate setting

process and reconciliations will be the lesser of the contracted/mandated amount or the Contractor paid amount.

Prospective Capitation: The Contractor will be paid capitation to cover the costs of providing medically necessary covered services to members during the prospective period coverage, as follows:

- Coverage types CRS Fully Integrated and CRS Partially-Integrated – Acute: Capitation will be paid for all prospective member months, including partial member months. The Contractor will be paid monthly and weekly capitation.
- Coverage types CRS Partially-Integrated – BH and CRS Only: Capitation will be paid for all prospective member months, including partial member months. The Contractor will be paid monthly capitation, which will include a reconciliation of the prior month's member months.

Prior Period Coverage Capitation: Prior Period Coverage (PPC) for CRS will only occur when a Title XIX CRS enrolled member loses eligibility and then regains eligibility within 12 months, resulting in re-enrollment with the CRS Contractor. The Contractor will be reimbursed for PPC expenses incurred for providing medically necessary covered services to members during prior period coverage. The reimbursement will be included in the prospective capitation described above. There is no PPC capitation for members enrolled with the Contractor who are initially found eligible for AHCCCS through Hospital Presumptive Eligibility. These members will receive coverage of services during the PPC period through AHCCCS Fee-For-Service.

Reconciliation of Costs to Reimbursement: AHCCCS will reconcile the Contractor's medical cost expenses to net capitation paid to the Contractor. Value-Based Purchasing (VBP) payments made by the Contractor to providers will be incorporated in the reconciliation. Refer to ACOM Policy 312 CYE 14 AND FORWARD. This reconciliation will limit the Contractor's profits and losses as follows:

Profit	MCO Share	State Share	Max MCO Profit	Cumulative MCO Profit
<= 3%	100%	0%	3%	3%
> 3% and <= 6 %	50%	50%	1.5%	4.5%
> 6%	0%	100%	0%	4.5%

Loss	MCO Share	State Share	Max MCO Loss	Cumulative MCO Loss
<= 3%	100%	0%	3%	3%
> 3%	0%	100%	0%	3%

Cost Settlement for Primary Care Payment Parity: The Patient Protection and Affordable Care Act (ACA) requires that the Contractor make enhanced payments for primary care services delivered by, or under the supervision of, a physician with a specialty designation of family medicine, general internal medicine, or pediatric medicine. [11/06/2012 final rule, 42 CFR 438.6(c)(5)(vi), 42 CFR 447.400(a)] The Contractor shall base enhanced primary care payments on the Medicare Part B fee schedule rate or, if greater, the payment rate that would be applicable in 2013 and 2014 using the CY 2009 Medicare physician fee schedule conversion factor. If no applicable rate is established by Medicare, the Contractor shall use the rate specified in a fee schedule established by CMS. [11/06/2012 final rule, 42 CFR 438.6(c)(5)(vi), 42 CFR 447.405] The Contractor shall make enhanced primary care payments for all Medicaid-covered Evaluation and Management (E&M) billing codes 99201 through 99499 and Current Procedural Terminology (CPT) vaccine administration codes 90460, 90461, 90471, 90472, 90473, and 90474, or their successor codes. [11/06/2012 final rule, 42 CFR 438.6(c)(5)(vi), 42 CFR 447.405(c)]^{xx} AHCCCS has developed an enhanced fee schedule containing the qualifying codes using the 2009 Medicare conversion factor in compliance with the greater-of requirement. The enhanced payments apply only to services provided on and after January 1, 2013 by qualified providers,

who self-attest to AHCCCS as defined in the federal regulations. These reimbursement requirements for the enhanced payments apply to payments made for dates of service January 1, 2013 through December 31, 2014.

The Contractor shall reprocess all qualifying claims for qualifying providers back to January 1, 2013 dates of service with no requirements that providers re-submit claims or initiate any action. The Contractor shall not apply any discounts to the enhanced rates.

In the event that a provider retroactively loses his/her qualification for enhanced payments, the Contractor shall identify impacted claims and automatically reprocess for the recoupment of enhanced payments. It is expected that this reprocessing will be conducted by the Contractor without requirement of further action by the provider.

AHCCCS will make quarterly cost-settlement payments to the Contractor. The cost-settlement payment is a separate payment arrangement from the capitation payment. (CMS Medicaid Managed Care Payment for PCP Services in 2013 and 2014: Technical Guide and Rate Setting Practices) Cost Settlement payments will be based upon adjudicated/approved encounter data.^{xxi} This data will provide the necessary documentation to AHCCCS, sufficient to enable AHCCCS and CMS to ensure that primary care enhanced payments were made to network providers. [11/06/2012 final rule, 42 CFR 438.6(c)(5)(vi)(B)]^{xxii} The Contractor will be required to refund payments to AHCCCS for any reduced claim payments in the event that a provider is subsequently “decertified” for enhanced payments due to audit or other reasons.

Refer to ACOM Policy 207 for further details.

Health Insurer Fee: Section 9010 of the Patient Protection and Affordable Care Act (ACA) requires that the Contractor, if applicable, pay a Health Insurer Assessment Fee (HIF) annually beginning in 2014 based on its respective market share of premium revenues from the preceding year. Subject to the receipt of documentation from the Contractor regarding the amount of the Contractor’s liability for the HIF, AHCCCS shall make a capitation rate adjustment consistent with a methodology approved by CMS to approximate the cost associated with the HIF. The cost of the Assessment Fee will include both the Assessment Fee itself and the corporate income tax liability the Contractor incurs related to the Assessment Fee. The Contractor must submit the items specified in Attachment F3, Contractor Chart of Deliverables to the DHCM Finance Manager. See ACOM Policy 320 with further details.

State Only Transplants Option 1 and Option 2: The Contractor will only be paid capitation for an administrative component for those member months the member is enrolled with the Contractor. For Option 1 members the Contractor will be paid the administrative component up to a 12-month continuous period of extended eligibility. For Option 2 members the administrative component will be paid for the period of time the transplant is scheduled or performed. All medically necessary covered services will be reimbursed 100% with no deductible through Reinsurance payments based on adjudicated encounters.

54. PAYMENTS TO CONTRACTOR

Subject to the availability of funds, AHCCCS shall make payments to the Contractor in accordance with the terms of this contract provided that the Contractor’s performance is in compliance with the terms and conditions of this contract. Payment must comply with requirements of A.R.S. Title 36. AHCCCS reserves the option to make payments to the Contractor by wire or National Automated Clearing House Association (NACHA) transfer and will provide the Contractor at least 30 days’ notice prior to the effective date of any such change.

Where payments are made by electronic funds transfer, AHCCCS shall not be liable for any error or delay in transfer or indirect or consequential damages arising from the use of the electronic funds transfer process. Any charges or expenses imposed by the bank for transfers or related actions shall be borne by the Contractor. Except for adjustments made to correct errors in payment, and as otherwise specified in this contract, any savings

remaining to the Contractor as a result of favorable claims experience and efficiencies in service delivery at the end of the contract term may be kept by the Contractor.

All funds received by the Contractor pursuant to this contract shall be separately accounted for in accordance with generally accepted accounting principles.

Except for monies received from the collection of third-party liabilities, the only source of payment to the Contractor for the services provided hereunder is from funds under the control of the AHCCCS. An error discovered by the State in the amount of fees paid to the Contractor, with or without an audit, will be subject to adjustment or repayment by AHCCCS via a recoupment from future payment(s) to the Contractor, or by making an additional payment to the Contractor. When the Contractor identifies an overpayment, AHCCCS must be notified and reimbursed within 30 days of identification.

No payment due the Contractor by AHCCCS may be assigned or pledged by the Contractor. This section shall not prohibit AHCCCS at its sole option from making payment to a fiscal agent hired by the Contractor.

55. CAPITATION ADJUSTMENTS

Except for changes made specifically in accordance with this contract, the rates set forth in Section B shall not be subject to re-negotiation during the contract period. AHCCCS may, at its option, review capitation rates to determine if a capitation adjustment is needed for reasons including, but not limited to, the following:

- Program changes
- Legislative requirements
- Changes in trend assumptions
- Updated encounter experience
- Actuarial assumptions

If a capitation rate adjustment is determined necessary, the adjustment and assumptions may be discussed with the Contractor prior to modifying capitation rates. The Contractor may request a review of a program change if it believes the program change was not equitable; AHCCCS will not unreasonably withhold such a review.

The Contractor is responsible for notifying AHCCCS of program and/or expenditure changes initiated by the Contractor during the contract period that may result in material changes to the current or future capitation rates.

Contractor Default: If the Contractor is in any manner in default in the performance of any obligation under this contract, AHCCCS may, at its option and in addition to other available remedies, adjust the amount of payment until there is satisfactory resolution of the default.

Change in Member Status: The Contractor shall reimburse AHCCCS and/or AHCCCS may deduct from future monthly capitation for any portion of a month during which the Contractor was not at risk due to, for example:

- a. Death of a member
- b. Inmate of a public institution
- c. Duplicate capitation to the same Contractor
- d. Adjustment based on change in member's contract type
- e. Voluntary withdrawal

Upon becoming aware that a member may be an inmate of a public institution, the Contractor must notify AHCCCS for an eligibility determination. Notifications must be sent via email to one of the following two email addresses as applicable:

For children under age 18: DMSJUVENILEIncarceration@azahcccs.gov

For adults age 18 and older: DMSADULTIncarceration@azahcccs.gov

Notifications must include:

- a. AHCCCS ID
- b. Name
- c. Date of Birth (DOB)
- d. When incarcerated
- e. Where incarcerated

The Contractor does **not** need to report members incarcerated with the Arizona Department of Corrections.

Several counties are submitting daily files of all inmates entering their jail and all inmates released. AHCCCS will match these files against the database of active AHCCCS members. AHCCCS members who become incarcerated will be disenrolled from their Contractor and placed in a “no-pay” status for the duration of their incarceration. The Contractor will see the “IE” code for ineligible associated with the disenrollment. Upon release from jail, the member will be re-enrolled with their previous Contractor. A member is eligible for covered services until the effective date of the member’s “no-pay” status.

If a member is enrolled twice with the same Contractor, recoupment will be made as soon as the double capitation is identified. AHCCCS reserves the right to modify its policy on capitation recoupments at any time during the term of this contract.

56. MEMBER BILLING AND LIABILITY FOR PAYMENT

AHCCCS registered providers may charge AHCCCS members for services which are excluded from AHCCCS coverage or which are provided in excess of AHCCCS limits according to the guidelines set forth in A.A.C. R9-22-702.

The Contractor must ensure that members are not held liable for:

- a. The Contractor’s or any subcontractor’s debts in the event of Contractor’s or the subcontractor’s insolvency [42 CFR 438.106(a)];
- b. Covered services provided to the member except as permitted under A.A.C. R9-22-702 [42 CFR 438.106(b)(1)]; or,
- c. Payments to the Contractor or any subcontractors for covered services furnished under a contract, referral or other arrangement, to the extent that those payments are in excess of the amount the member would owe if the Contractor or any subcontractor provided the services directly [42 CFR 438.106(b)(2); 42 CFR 438.106(c); 42 CFR 438.6(l); 42 CFR 438.230].

57. REINSURANCE

Reinsurance is a stop-loss program provided by AHCCCS to the Contractor for the partial reimbursement of covered medical services incurred for a member beyond an annual deductible level. AHCCCS is self-insured for the reinsurance program which is characterized by an initial deductible level and a subsequent coinsurance percentage. The coinsurance percentage is the rate at which AHCCCS will reimburse the Contractor for covered services incurred above the deductible. The deductible is the responsibility of the Contractor. Deductible levels are subject to change by AHCCCS during the term of this contract. Any change would have a corresponding impact on capitation rates. The reinsurance contract year is the year beginning on October 1 and ending on September 30. Refer to the AHCCCS Reinsurance Policy Manual for further details on the Reinsurance Program.

The table below displays deductible and coinsurance levels. See specific case types below for coverage details.

Reinsurance Case Type	Deductible	Coinsurance	Coverage Type
Regular Reinsurance	\$75,000	75%	CRS Fully Integrated CRS Partially-Integrated – Acute CRS Partially-Integrated – BH CRS Only
Catastrophic Reinsurance	NA	85%	CRS Fully Integrated CRS Partially-Integrated – Acute CRS Partially-Integrated – BH (limited applicability – see below) CRS Only (limited applicability – see below)
Transplant Reinsurance	See specific paragraphs below	See specific paragraphs below	CRS Fully Integrated CRS Partially-Integrated – Acute
Other Reinsurance	See specific paragraphs below	See specific paragraphs below	CRS Fully Integrated CRS Partially-Integrated – Acute CRS Partially-Integrated – BH CRS Only

Annual deductible levels apply to all members except for State Only Transplant members. These deductible levels are subject to change by AHCCCS during the term of this contract. Any change in deductible levels will have a corresponding impact on capitation rates.

PPC expenses are not covered for any members under the reinsurance program unless they qualify under transplant reinsurance.

Reinsurance Case Types

For all reinsurance case types, in the instances in which AHCCCS has specialty contracts or legislation/policy limits the allowable reimbursement for certain services or pharmaceuticals, the amount to be used in the computation of reinsurance will be the lesser of the contracted/mandated amount or the Contractor paid amount.

Regular Reinsurance: Regular reinsurance covers partial reimbursement of covered inpatient facility medical services. Inpatient services are those services provided in an acute care hospital and accredited psychiatric hospitals only; services provided by any other inpatient provider type, including but not limited to residential treatment centers and subacute facilities, are not eligible for reinsurance reimbursement. See the Reinsurance Policy Manual for additional details. This coverage applies to prospective enrollment periods. In certain situations as outlined in the AHCCCS Reinsurance Policy Manual, per diem rates paid for nursing facility services provided within 30 days of an acute hospital stay, including room and board, provided in lieu of hospitalization for up to 90 days in any contract year shall be eligible for reinsurance coverage. Same-day admit-and-discharge services do not qualify for reinsurance.

Catastrophic Reinsurance: The Catastrophic Reinsurance program encompasses members receiving certain biotech drugs, and those members diagnosed with hemophilia, von Willebrand's Disease, or Gaucher's Disease, as follows:

Biotech Drugs: Catastrophic reinsurance is available for all CRS coverage types to cover the cost of certain biotech drugs when medically necessary. The biotech drugs covered under reinsurance may be reviewed by AHCCCS at the start of each contract year. Refer to the Reinsurance Policy Manual for a complete list of the approved biotech drugs. When a generic equivalent of a biotech drug is available, AHCCCS will reimburse at the lesser of the biotech drug or its generic equivalent for reinsurance purposes, unless the generic equivalent is contra-indicated for a specific member.

Hemophilia: Catastrophic reinsurance coverage is available for members diagnosed with Hemophilia with coverage types:

- CRS Fully Integrated
- CRS Partially Integrated – Acute

Catastrophic reinsurance for members with hemophilia is not available for coverage types:

- CRS Partially integrated – BH
- CRS Only

Von Willebrand's Disease: Catastrophic reinsurance coverage is available for members diagnosed with von Willebrand's Disease who are non-DDAVP responders and dependent on Plasma Factor VIII with coverage types:

- CRS Fully Integrated
- CRS Partially Integrated – Acute

Catastrophic reinsurance for members with von Willebrand's Disease is not available for coverage types:

- CRS Partially integrated – BH
- CRS Only

Gaucher's Disease: Catastrophic reinsurance is available for all CRS coverage types for members diagnosed with Gaucher's Disease classified as Type I and are dependent on enzyme replacement therapy.

For additional detail and restrictions refer to the AHCCCS Reinsurance Policy Manual and the AMPM. There are no deductibles for catastrophic reinsurance cases. For member's receiving biotech drugs, AHCCCS will reimburse at 85% of the cost of the drug only. For those members diagnosed with hemophilia, von Willebrand's Disease and Gaucher's Disease, all medically necessary covered services provided during the contract year shall be eligible for reimbursement at 85% of the AHCCCS allowed amount or the Contractor's paid amount, whichever is lower, depending on the subcap/CN1 code indicated on the encounter.

AHCCCS holds a specialty contract for anti-hemophilic agents and related services for hemophilia. The Contractor may access anti-hemophilic agents and related pharmaceutical services for hemophilia or von Willebrand's under the terms and conditions of the specialty contract for members enrolled in their plans. In that instance, the Contractor is the authorizing payor. As such, the Contractor will provide prior authorization, care coordination, and reimbursement for all components covered under the contract for their members. A Contractor utilizing the contract will comply with the terms and conditions of the contract. A Contractor may use the AHCCCS contract or contract with a provider of their choice. Reinsurance coverage for anti-hemophilic blood factors will be limited to 85% of the AHCCCS contracted amount or the Contractor's paid amount, whichever is lower.

The Contractor must notify AHCCCS, DHCM Medical Management, of cases identified for catastrophic reinsurance coverage, as specified in Attachment F3, Contractor Chart of Deliverables. Catastrophic reinsurance will be paid for a maximum 30-day retroactive period from the date of notification to AHCCCS.

All catastrophic claims are subject to medical review by AHCCCS.

Transplant Reinsurance: This program covers members who are eligible to receive covered major organ and tissue transplantation. Refer to the AMPM and the AHCCCS Reinsurance Policy Manual for covered services for organ and tissue transplants. Reinsurance coverage for transplants received at an AHCCCS contracted facility is paid at the lesser of 85% of the AHCCCS contract amount for the transplantation services rendered or 85% of the Contractor's paid amount. A new component for follow-up care post-transplant has been added to the transplant contracts. Reinsurance for these components will follow the regular reinsurance reimbursement, including a deductible requirement. Reinsurance coverage for transplants received at a non-AHCCCS contracted facility is paid the lesser of 85% of the lowest AHCCCS contracted rate, for the same organ or tissue, or the Contractor paid amount. The new follow-up care component will receive reinsurance coverage in accordance with regular reinsurance reimbursement, including a deductible requirement. The AHCCCS contracted transplantation rates may be found on the AHCCCS website. The Contractor must notify AHCCCS, DHCM Medical Management when a member is referred to a transplant facility for evaluation for an AHCCCS-covered organ transplant. In order to qualify for reinsurance benefits, the notification must be received by AHCCCS Medical Management within 30 days of referral to the transplant facility for evaluation.

If a Contractor intends to use an out of State transplant facility for a covered transplant and AHCCCS already holds an in State contract for that transplant type, the Contractor must obtain prior approval from the AHCCCS Medical Director. If no prior approval is obtained, and the Contractor incurs costs at the out of State facility, those costs will not be eligible for either transplant or regular reinsurance.

Option 1 and Option 2 Transplant Services: Reinsurance coverage for State Only Option 1 and Option 2 members (as described in Section D, Paragraph 2, Eligibility Categories) for transplants received at an AHCCCS contracted facility is paid at the lesser of 100% of the AHCCCS contract amount for the transplantation services rendered, or the Contractor paid amount, less the transplant share of cost. For transplants received at a facility not contracted with AHCCCS, payment is made at the lesser of 100% of the lowest AHCCCS contracted amount for the transplantation services rendered, or the Contractor paid amount, less the transplant share of cost. All Option 1 and Option 2 transplants are subject to the terms regarding out of State transplants set forth above and in the AHCCCS Reinsurance Policy Manual. The AHCCCS contracted transplantation rates may be found on the AHCCCS website. When a member is referred to a transplant facility for evaluation for an AHCCCS-covered organ transplant, the Contractor shall notify AHCCCS, DHCM Medical Management as specified in the AMPM Chapter 300.

Option 1 Non-transplant Reinsurance: All medically necessary covered services provided to Option 1 members, unrelated to the transplant, shall be eligible for reimbursement, with no deductible, at 100% of the Contractor's paid amount based on adjudicated encounters.

Other Reinsurance: For all reinsurance case types other than transplants, the Contractor will be reimbursed 100% for all medically necessary covered expenses provided in a contract year, after the Contractor paid amount in the reinsurance case reaches \$650,000. It is the responsibility of the Contractor to notify AHCCCS, DHCM, Reinsurance Supervisor, once a reinsurance case reaches \$650,000. Failure to notify AHCCCS or failure to adjudicate encounters appropriately within 15 months from the end date or service will disqualify the related encounters for 100% reimbursement consideration.

Encounter Submission and Payments for Reinsurance

Encounter Submission: All reinsurance associated encounters, except as provided below for "Disputed Matters," must reach a clean claim status within 15 months from the end date of service, or date of eligibility posting, whichever is later.

Encounters for claims which cross over contract years will not be eligible for reinsurance.

AHCCCS will not pay reinsurance on encounters for interim claims. The final claim submitted by a hospital associated with the full length of the patient stay will be eligible for reinsurance consideration as long as the days of the hospital stay do not cross contract years.

AHCCCS will not pay reinsurance on encounters containing any Prior Period Coverage (PPC) for regular, catastrophic and other reinsurance case types. Splitting claims for the purpose of separating PPC from prospective enrollment is not permitted.

Disputed Matters: For encounters which are the subject of a member appeal, provider claim dispute, or other legal action, including an informal resolution originating from a request for a formal claim dispute or member appeal, the Contractor has the greater of: 1) 90 days from the date of the final decision in that proceeding/action or 2) 15 months from the end date of service/date of eligibility posting to file the reinsurance claim AND for the reinsurance claim to reach clean claim status. Therefore, reinsurance claims for disputed matters will be considered timely if the Contractor files such claims in clean claim status no later than 90 days from the date of the final decision in that proceeding/action even though the 15 month deadline has expired.

Failure to submit encounters in clean claim status within the applicable timeframes specified above will result in the denial of reinsurance. The association of an encounter to a reinsurance case does not automatically qualify the encounter for reinsurance reimbursement.

The Contractor must void encounters for any claims that are recouped in full. For recoupments that result in a reduced claim value or any adjustments that result in an increased claim value, replacement encounters must be submitted. See the AHCCCS Reinsurance Policy Manual for further details.

The Contractor should refer to Section D, Paragraph 65, Encounter Data Reporting, for additional encounter reporting requirements.

Payment of Regular and Catastrophic Reinsurance Cases: AHCCCS will reimburse a Contractor for costs incurred in excess of the applicable deductible level, subject to coinsurance percentages and Medicare/TPL payment, less any applicable quick pay discounts, slow payment penalties and interest. Amounts in excess of the deductible level shall be paid based upon costs paid by the Contractor, minus the coinsurance and Medicare/TPL payment, unless the costs are paid under a subcapitated arrangement. In subcapitated arrangements, AHCCCS shall base reimbursement of reinsurance encounters on the lower of the AHCCCS allowed amount or the reported health plan paid amount, minus the coinsurance and Medicare/TPL payment and applicable quick pay discounts, slow payment penalties and interest.

When a member remains eligible for CRS but changes CRS coverage types within a contract year, for reinsurance purposes, costs incurred for that member will follow the member to the new coverage type, in accordance with limitations on reinsurance coverage for catastrophic and transplant cases as noted above. For further details regarding this policy and other reinsurance policies refer to the AHCCCS Reinsurance Policy Manual.

Payment of Transplant Reinsurance Cases: Reinsurance benefits are based upon the lower of the AHCCCS contract amount or the Contractor's paid amount, subject to coinsurance percentages. The Contractor is required to submit all supporting encounters for transplant services. Reinsurance payments are linked to transplant encounter submissions. In order to receive reinsurance payment for transplant stages, billed amounts and health plan paid amounts for adjudicated encounters must agree with related claims and/or invoices. Timeliness for each stage payment will be calculated based on the latest adjudication date for the complete set of encounters related to the stage. Refer to the AHCCCS Reinsurance Policy Manual for the appropriate billing of transplant services.

Reinsurance Audits

AHCCCS may, at a later date, perform medical audits on reinsurance cases. Terms of the audit process will be disclosed prior to implementation of the audits providing the Contractor with advance notice.

58. COORDINATION OF BENEFITS AND THIRD PARTY LIABILITY

AHCCCS is the payor of last resort unless specifically prohibited by applicable State or Federal law. This means AHCCCS shall be used as a source of payment for covered services only after all other sources of payment have been exhausted. The Contractor shall take reasonable measures to identify potentially legally liable third party sources.

If the Contractor discovers the probable existence of a liable third party that is not known to AHCCCS, or identifies any change in coverage, the Contractor must report the information within 10 days of discovery, as specified in Attachment F3, Contractor Chart of Deliverables. Failure to report these cases may result in one of the remedies specified in Section D, Paragraph 72, Sanctions. AHCCCS will provide the Contractor with a file of all other coverage information, for the purpose of updating the Contractor's files, as described in the AHCCCS Technical Interface Guidelines.

The Contractor shall coordinate benefits in accordance with 42 CFR 433.135 et seq., A.R.S. §36-2903, and A.A.C. R9-22-1001 et seq., so that costs for services otherwise payable by the Contractor are cost avoided or recovered from a liable third party [42 CFR 434.6(a)(9)]. The term "State" shall be interpreted to mean "Contractor" for purposes of complying with the Federal regulations referenced above. The Contractor may require subcontractors to be responsible for coordination of benefits for services provided pursuant to this contract. The two methods used for coordination of benefits are cost avoidance and post-payment recovery. The Contractor shall use these methods as described in A.A.C. R9-22-1001 et seq., Federal and State law, and AHCCCS Policy.

Cost Avoidance

The Contractor shall take reasonable measures to determine all legally liable parties. This refers to any individual, entity or program that is or may be liable to pay all or part of the expenditures for covered services. The Contractor shall cost avoid a claim if it has established the probable existence of a liable party at the time the claim is filed. For purposes of cost avoidance, establishing liability takes place when the Contractor receives confirmation that another party is, by statute, contract, or agreement, legally responsible for the payment of a claim for a healthcare item or service delivered to a member. If the probable existence of a party's liability cannot be established, the Contractor must adjudicate the claim. The Contractor must then utilize post-payment recovery which is described in further detail below. If AHCCCS determines that the Contractor is not actively engaged in cost avoidance activities, the Contractor shall be subject to sanctions.

If a third party insurer other than Medicare requires the member to pay any copayment, coinsurance or deductible, the Contractor is responsible for making these payments in accordance with ACOM Policy 434.

Claims for inpatient stay for labor, delivery and postpartum care, including professional fees when there is no global OB package, must be cost avoided. [42 CFR 433.139]

Timely Filing: The Contractor shall not deny a claim for timeliness if the untimely claim submission results from a provider's efforts to determine the extent of liability.

Members Covered by both Medicare and Medicaid (Duals): See Section D, Paragraph 60, Medicare Services and Cost Sharing.

Members with a CRS Condition: Members under 21 years of age who are determined to have a qualifying CRS condition will be enrolled with the CRS Contractor. Members with private insurance or Medicare may use their private insurance or Medicare provider networks to obtain services including those for the CRS

condition. The CRS Contractor is responsible for payment for services provided to its enrolled members according to CRS coverage type. See ACOM Policy 426 for CRS Contractor coverage responsibilities and coordination of benefits. If the member has Medicare coverage, ACOM Policy 201 shall apply.

Post-Payment Recoveries

Post-payment recovery is necessary in cases where the Contractor has not established the probable existence of a liable third party at the time services were rendered or paid for, was unable to cost-avoid, or post-payment recovery is required. In these instances, the Contractor must adjudicate the claim and then utilize post-payment recovery processes which include: Pay and Chase, Retroactive Recoveries Involving Commercial Insurance Payor Sources, and other third party liability recoveries. Refer to ACOM Policy 434 for further guidance.

Pay and Chase: The Contractor shall pay the full amount of the claim according to the AHCCCS Capped-Fee-For-Service Schedule or the contracted rate and then seek reimbursement from any third party if the claim is for the following:

- a. Prenatal care for pregnant women, including services which are part of a global OB Package;
- b. Preventive pediatric services, including Early and Periodic Screening Diagnosis and Treatment (EPSDT) and administration of vaccines to children under the Vaccines for Children (VFC) program;
- c. Services covered by third party liability that are derived from an absent parent whose obligation to pay support is being enforced by the Division of Child Support Enforcement; or
- d. Services for which the Contractor fails to establish the existence of a liable third party at the time the claim is filed.

Retroactive Recoveries Involving Commercial Insurance Payor Sources: For a period of two years from the date of service, the Contractor shall engage in retroactive third party recovery efforts for claims paid to determine if there are commercial insurance payor sources that were not known at the time of payment. In the event a commercial insurance payor source is identified, the Contractor must seek recovery from the commercial insurance. The Contractor is prohibited from recouping related payments from providers, requiring providers to take action, or requiring the involvement of providers in any way.

The Contractor has two years from the date of service to recover payments for a particular claim, or to identify claims having a reasonable expectation of recovery. A reasonable expectation of recovery is established when the Contractor has affirmatively identified a commercial insurance payor source and has begun the process of recovering payment. If AHCCCS determines that a Contractor is tagging claims that do not meet these requirements, AHCCCS may impose sanctions. After two years from the date of service, AHCCCS will direct recovery efforts for any claims not tagged by the Contractor.

AHCCCS will direct recovery efforts for retroactive recovery of claims not previously identified by the Contractor as having a reasonable expectation of recovery. Any recoveries obtained by AHCCCS through its recovery efforts will be retained exclusively by AHCCCS and will not be shared with the Contractor.

The timeframe for submission of claims for recovery is limited to three years from the date of service consistent with A.R.S. §36-2923 and the Deficit Reduction Act of 2005 (Public Law 109-171).

See ACOM Policy 434 for details regarding encounter adjustments as a result of retroactive recoveries and the processes for identifying claims that have a reasonable expectation of recovery.

Other Third Party Liability Recoveries: The Contractor shall identify the existence of potentially liable parties using a variety of methods, including referrals, and data mining through the use of trauma code edits, utilizing the codes provided by AHCCCS. The Contractor shall not pursue recovery in the following circumstances, unless the case has been referred to the Contractor by AHCCCS or AHCCCS' authorized representative:

- Motor Vehicle Cases

- Other Casualty Cases
- Tort feasons
- Restitution Recoveries
- Worker's Compensation Cases

Upon identification of a potentially liable third party for any of the above situations, the Contractor shall, within 10 business days, report the potentially liable third party to AHCCCS' TPL Contractor for determination of a mass tort or total plan case. Failure to report these cases may result in one of the remedies specified in Section D, Paragraph 72, Sanctions. A mass tort case is a case where multiple plaintiffs or a class of plaintiffs have filed a lawsuit against the same tort feason(s) to recover damages arising from the same or similar set of circumstances (e.g. class action lawsuits) regardless of whether any reinsurance or Fee-For-Service payments are involved. A total plan case is a case where payments for services rendered to the member are exclusively the responsibility of the Contractor; no reinsurance or Fee-For-Service payments are involved. By contrast, a "joint" case is one where Fee-For-Service payments and/or reinsurance payments are involved. The Contractor shall cooperate with AHCCCS' authorized representative in all collection efforts.

Total Plan Cases: In "total plan" cases, the Contractor is responsible for performing all research, investigation, the mandatory filing of initial liens on cases that exceed \$250, lien amendments, lien releases, and payment of other related costs in accordance with A.R.S. §36-2915 and A.R.S. §36-2916. The Contractor shall use the AHCCCS-approved casualty recovery correspondence when filing liens and when corresponding to others in regard to casualty recovery. The Contractor may retain up to 100% of its recovery collections if all of the following conditions exist:

- a. Total collections received do not exceed the total amount of the Contractor's financial liability for the member;
- b. There are no payments made by AHCCCS related to Fee-For-Service, reinsurance or administrative costs (i.e., lien filing , etc.); and,
- c. Such recovery is not prohibited by State or Federal law.

Prior to negotiating a settlement on a total plan case, the Contractor shall notify AHCCCS or AHCCCS' authorized TPL Contractor to ensure that there is no reinsurance or Fee-For-Service payment that has been made by AHCCCS. Failure to report these cases prior to negotiating a settlement amount may result in one of the remedies specified in Section D, Paragraph 72, Sanctions.

The Contractor shall report settlement information to AHCCCS, utilizing the AHCCCS-approved casualty recovery Settlement Notification Form, within 10 business days from the settlement date or in an AHCCCS-approved monthly file, as specified in Attachment F3, Contractor Chart of Deliverables. Failure to report these cases may result in one of the remedies specified in Section D, Paragraph 72, Sanctions.

Joint and Mass Tort Cases: AHCCCS' authorized representative is responsible for performing all research, investigation and payment of lien-related costs, subsequent to the referral of any and all relevant case information to AHCCCS' authorized representative by the Contractor. In joint and mass tort cases, AHCCCS' authorized representative is also responsible for negotiating and acting in the best interest of all parties to obtain a reasonable settlement and may compromise a settlement in order to maximize overall reimbursement, net of legal and other costs. The Contractor will be responsible for their prorated share of the contingency fee. The Contractor's share of the contingency fee will be deducted from the settlement proceeds prior to AHCCCS remitting the settlement to the Contractor.

Other Reporting Requirements

All TPL reporting requirements are subject to validation through periodic audits and/or operational reviews which may include Contractor submission of an electronic extract of the casualty cases, including open and closed cases. Data elements may include, but are not limited to: the member's first and last name; AHCCCS

ID; date of incident; claimed amount; paid/recovered amount; and case status. The AHCCCS TPL Section shall provide the format and reporting schedule for this information to the Contractor.

Title XXI (KidsCare) and BCCTP: Eligibility for KidsCare and BCCTP benefits require that the applicant/member not be enrolled with any other creditable health insurance plan. If the Contractor becomes aware of any such coverage, the Contractor shall notify AHCCCS immediately. AHCCCS will determine if the other insurance meets the creditable coverage definition in A.R.S. §36-2982(G).

Cost Avoidance/Recovery Report: The Contractor shall submit quarterly reports regarding cost avoidance/recovery activities, as specified in Attachment F3, Contractor Chart of Deliverables. The report shall be submitted in a format as specified in the AHCCCS Program Integrity Reporting Guide.

Contract Termination: Upon termination of this contract, the Contractor will complete the existing third party liability cases or make any necessary arrangements to transfer the cases to AHCCCS' authorized TPL representative.

59. COPAYMENTS

The Contractor is required to comply with A.A.C. R9-22-711, ACOM Policy 431, and other directives by AHCCCS. The members covered under this contract are currently exempt from mandatory and optional copayments. Those populations exempt from copayments or subject to nominal (optional) copayments may not be denied services due to the inability to pay the copayment [42 CFR 438.108].

60. MEDICARE SERVICES AND COST SHARING

The Contractor must pay most Medicare coinsurance and/or deductibles for covered services provided to dual eligible members within the Contractor's network. However, there are different cost-sharing responsibilities that apply to dual eligible members based on a variety of factors. The Contractor must limit their cost sharing responsibility according to A.A.C. R9-29-301 and A.A.C. R9-29-302 and as further outlined in ACOM Policy 201. Refer to Section D, Paragraph 10, Scope of Services, for information regarding prescription medication for Medicare Part D.

Dual eligible members shall have choice of all providers in the network and shall not be restricted to those that accept Medicare.

When a dual eligible member is in a medical institution and that stay is funded by Medicaid for a full calendar month, the dual eligible person is not required to pay copayments for their Medicare covered prescription medications for the remainder of the calendar year. To ensure appropriate information is communicated for these members to CMS, the Contractor must notify AHCCCS pursuant to ACOM Policy 201.

61. MARKETING

The Contractor shall comply with all Federal and State provisions regarding marketing including ACOM Policy 101 [42 CFR 438.104]. The Contractor shall submit all proposed marketing materials, activities, and participation in events that will involve the general public to the AHCCCS Marketing Committee as specified in Attachment F3, Contractor Chart of Deliverables and as outlined in ACOM Policy 101. All marketing materials that have been approved by the Marketing Committee must be resubmitted every two years for re-approval.

62. CORPORATE COMPLIANCE

Corporate Compliance Program

The Contractor shall be in compliance with 42 CFR 438.608. The Contractor must have a mandatory Corporate Compliance program, supported by other administrative procedures including a Corporate Compliance Plan that is designed to guard against fraud, waste, and abuse. The Contractor shall have written criteria for selecting a Compliance Officer and the job description clearly outlining the responsibilities and authority of the position. The Contractor's written Corporate Compliance Plan must adhere to Contract and ACOM Policy 103 and must be submitted annually to AHCCCS-OIG as specified in Attachment F3, Contractor Chart of Deliverables.

The compliance program shall be designed to both prevent and detect fraud, waste, or abuse. The compliance program must include:

1. Written policies, procedures, and standards of conduct that articulates the organization's commitment to and processes for complying with all applicable Federal and State rules, regulations, guidelines, and standards.
2. The Compliance Officer must be an onsite management official who reports directly to the Contractor's top management. Any exceptions must be approved by AHCCCS.
3. Effective lines of communication between the compliance officer and the Contractor's employees.
4. Enforcement of standards through well-publicized disciplinary guidelines.
5. Provision for internal monitoring and auditing, as well as provisions for external monitoring and auditing of subcontractors. The Contractor shall provide the external auditing schedule and executive summary of all audits to AHCCCS-OIG as specified in Attachment F3, Contractor Chart of Deliverables.
6. Provision for prompt response to problems detected.
7. The written designation of a Compliance Committee who is accountable to the Contractor's top management. The Compliance Committee which shall be made up of, at a minimum, the Compliance Officer, a budgetary official and other executive officials with the authority to commit resources. The Compliance Committee will assist the Compliance Officer in monitoring, reviewing and assessing the effectiveness of the compliance program and timeliness of reporting.
8. Pursuant to the Deficit Reduction Act of 2005 (DRA), Contractors, as a condition for receiving payments shall establish written policies for employees detailing:
 - a. The Federal False Claims Act provisions;
 - b. The administrative remedies for false claims and statements;
 - c. Any State laws relating to civil or criminal penalties for false claims and statements; and
 - d. The whistleblower protections under such laws.
9. The Contractor must require, through documented policies and subsequent contract amendments, that subcontractors and providers train their staff on the following aspects of the Federal False Claims Act provisions:
 - a. The administrative remedies for false claims and statements;
 - b. Any State laws relating to civil or criminal penalties for false claims and statements; and
 - c. The whistleblower protections under such laws.
10. The Contractor must establish a process for training existing staff and new hires on the compliance program and on the items in number 9 above. All training must be conducted in such a manner that can be verified by AHCCCS.
11. The Contractor must notify AHCCCS, DHCM Data Analysis and Research, as specified in Attachment F3, Contractor Chart of Deliverables of any CMS compliance issues related to HIPAA transaction and code set complaints or sanctions.

Fraud Waste, and Abuse: In accordance with A.R.S. §36-2918.01, §36-2932, §36-2905.04 and ACOM Policy 103, the Contractor, its subcontractors and providers are required to immediately notify the AHCCCS Office of Inspector General (AHCCCS-OIG) regarding all allegations of fraud, waste or abuse involving the AHCCCS Program. The Contractor shall not conduct any investigation or review of the allegations of fraud,

waste, or abuse involving the AHCCCS Program. Notification to AHCCCS-OIG shall be in accordance with ACOM Policy 103 and as specified in Attachment F3, Contractor Chart of Deliverables. The Contractor must also report to AHCCCS, as specified in Attachment F3, Contractor Chart of Deliverables, any credentialing denials including, but not limited to those which are the result of licensure issues, quality of care concerns, excluded providers, and which are due to alleged fraud, waste or abuse. In accordance with 42 CFR 455.14, AHCCCS-OIG will then conduct a preliminary investigation to determine if there is sufficient basis to warrant a full investigation. [42 CFR 455.17][42 CFR 455.1(a)(1)]. As stated in A.R.S. §13-2310, incorporated herein by reference, any person who knowingly obtains any benefit by means of false or fraudulent pretenses, representations, promises, or material omissions is guilty of a Class 2 felony.

The Contractor agrees to permit and cooperate with any onsite review. A review by the AHCCCS-OIG may be conducted without notice and for the purpose of ensuring program compliance. The Contractor also agrees to respond to electronic, telephonic or written requests for information within the timeframe specified by AHCCCS. The Contractor agrees to provide documents, including original documents, to representatives of the AHCCCS-OIG upon request and at no cost. The AHCCCS-OIG shall allow a reasonable time for the Contractor to copy the requested documents, not to exceed 20 business days from the date of the AHCCCS-OIG request.

Once the date of alleged fraud, waste, or abuse to AHCCCS, the Contractor shall take no action to recoup or otherwise offset any suspected overpayments. AHCCCS-OIG will notify the Contractor when the investigation concludes. If it is determined by AHCCCS-OIG to not be a fraud, waste, or abuse case, the Contractor shall adhere to the applicable AHCCCS policy manuals for disposition.

In addition, the Contractor must furnish to AHCCCS or CMS within 35 days of receiving a request, full and complete information, pertaining to business transactions [42 CFR 455.105]:

- The ownership of any subcontractor with whom the Contractor has had business transactions totaling more than \$25,000 during the 12-month period ending on the date of request; and

Any significant business transactions between the Contractor, any subcontractor, and wholly owned supplier, or between the Contractor and any subcontractor during the five year period ending on the

Disclosure of Ownership and Control [42 CFR 455.100 through 106)(SMDL09-001)(Sections 1124(a)(2)(A) and 1903(m)(2)(A)(viii) of the Social Security Act).^{xxiii}

The Contractor must obtain the following information regarding ownership and control [42 CFR 455.106]:^{xxiv}

1. The Name, Address, Date of Birth and Social Security Numbers of any individual with an ownership or control interest in the Contractor, including those individuals who have direct, indirect, or combined direct/indirect ownership interest of 5% or more of the Contractor's equity, owns 5% or more of any mortgage, deed of trust, note, or other obligation secured by the Contractor if that interest equals at least 5% of the value of the Contractor's assets, is an officer or director of a Contractor organized as a corporation, or is a partner in a Contractor organized as a partnership (Sections 1124(a)(2)(A) and 1903(m)(2)(A)(viii) of the Social Security Act and 42 CFR 455.100-104)
2. The Name, Address, and Tax Identification Number of any corporation with an ownership or control interest in the Contractor, including those individuals who have direct, indirect, or combined direct/indirect ownership interest of 5% or more of the Contractor's equity, owns 5% or more of any mortgage, deed of trust, note, or other obligation secured by the Contractor if that interest equals at least 5% of the value of the Contractor's assets, is an officer or director of a Contractor organized as a corporation, or is a partner in a Contractor organized as a partnership (Sections 1124(a)(2)(A) and 1903(m)(2)(A)(viii) of the Social Security Act and 42 CFR 455.100-104). The address for corporate entities must include as applicable primary business address, every business location, and P.O. Box address.

3. Whether the person (individual or corporation) with an ownership or control interest in the Contractor is related to another person with ownership or control interest in the Contractor as a spouse, parent, child, or sibling; or whether the person (individual or corporation) with an ownership or control interest in any subcontractor of the Contractor has a 5% or more interest is related to another person with ownership or control interest in the Contractor as a spouse, parent, child, or sibling
The name of any other disclosing entity as defined in 42 CFR 455.101 in which an owner of the Contractor has an ownership or control interest
4. The Name, Address, Date of Birth and Social Security Number of any agent and managing employee (including Key Staff personnel as noted in Section D, paragraph 16) of the Contractor as defined in 42 CFR 455.101.

The Contractor shall also, with regard to its fiscal agents, obtain the following information regarding ownership and control [42 CFR 455.104]:

1. The Name, Address, Date of Birth and Social Security Numbers of any individual with an ownership or control interest in the fiscal agent
2. The Name, Address, and Tax Identification Number of any corporation with an ownership or control interest in the fiscal agent. The address for corporate entities must include as applicable primary business address, every business location, and P.O. Box address.
3. 4. The name of any other disclosing entity as defined in 42 CFR 455.101 in which an owner of the fiscal agent has an ownership or control interest
5. The Name, Address, Date of Birth and Social Security Number of any agent and managing employee of the fiscal agent as defined in 42 CFR 455.101

Disclosure of Information on Persons Convicted of Crimes [42 CFR 455.101 through 106; 436] [SMDL09-001]:

The Contractor must do the following:

1. Confirm the identity and determine the exclusion status of any person with an ownership or control interest in the Contractor, and any person who is an agent or managing employee of the Contractor (including Key Staff personnel as noted in Section D, Paragraph 16), through routine checks of Federal databases; and
2. Disclose the identity of any of these excluded persons, including those who have ever been convicted of a criminal offense related to that person's involvement in any program under Medicare, Medicaid, or the Title XX services program since the inception of those programs.

The Contractor shall, on a monthly basis, confirm the identity and determine the exclusion status through routine checks of:

- a. The List of Excluded Individuals (LEIE)
- b. The System of Award Management (SAM) formerly known as the Excluded Parties List (EPLS)
- c. Any other databases directed by AHCCCS or CMS

The Contractor shall also, with regard to its fiscal agents, identify, obtain and report the above information on persons convicted of crimes [42 CFR 455.101 through 106; 436] [SMDL09-001].

The Contractor shall provide the above-listed disclosure information to AHCCCS at any of the following times (Sections 1124(a)(2)(A) and 1903(m)(2)(A)(viii) of the Social Security Act, and 42 CFR 455.104(c)(3)):^{xxv}

1. Upon the Contractor submitting the proposal in accordance with the State's procurement process;
2. Upon the Contractor executing the contract with the State;
3. Within 35 days after any change in ownership of the Contractor; and
4. Upon request by AHCCCS.

The results of the *Disclosure of Ownership and Control* and the *Disclosure of Information on Persons Convicted of Crimes* shall be held by the Contractor. Upon renewal or extension of the contract, the Contractor shall submit an annual attestation as specified in Attachment F3, Contractor Chart of Deliverables, that the information has been obtained and verified by the Contractor, or upon request, provide this information to AHCCCS. Refer to ACOM Policy 103 for further information.^{xxvi}

The Contractor must immediately notify AHCCCS-OIG of any person who has been excluded through these checks in accordance with the 42 CFR 455.106 (2)(b) and as specified in Attachment F3, Contractor Chart of Deliverables.

Federal Financial Participation (FFP) is not available for any amounts paid to a Contractor that could be excluded from participation in Medicare or Medicaid for any of the following reasons:^{xxvii}

1. The Contractor is controlled by a sanctioned individual
2. The Contractor has a contractual relationship that provides for the administration, management or provision of medical services, or the establishment of policies, or the provision of operational support for the administration, management or provision of medical services, either directly or indirectly, with an individual convicted of certain crimes as described in Section 1128(b)(8)(B) of the Social Security Act.
3. The Contractor employs or contracts, directly or indirectly, for the furnishing of health care, utilization review, medical social work, or administrative services, with one of the following:
 - a. Any individual or entity excluded from participation in Federal health care programs
 - b. Any entity that would provide those services through an excluded individual or entity (Section 1903(i)(2) of the Social Security Act, 42 CFR 431.55(h), 42 CFR 438.808, 42 CFR 1002.3(b)(3), SMD letter 6/12/08, and SMD letter 1/16/09).\

The Contractor shall require Administrative Services Subcontractors adhere to the requirements outlined above regarding Disclosure of Ownership and Control and Disclosure of Information on Persons Convicted of Crimes as outlined in 42 CFR 455.101 through 106, 42 CFR 436 and SMDL09-001. Administrative Services Subcontractors shall disclose to AHCCCS-OIG the identity of any excluded person.

In the event that AHCCCS-OIG, either through a civil monetary penalty or assessment, a global civil settlement or judgment, or any other form of civil action, including recovery of an overpayment, receives a monetary recovery from an entity, the entirety of such monetary recovery belongs exclusively to AHCCCS and the Contractor has no claim to any portion of this recovery. Furthermore, the Contractor is fully subrogated to AHCCCS for all civil recoveries.

In accordance with Section 1128A(a)(6) of the Act; and 42 CFR section 1003.102(a)(2)(3) civil monetary penalties may be imposed against the Contractor, its subcontractors or providers who employ or enter into contracts with excluded individuals or entities to provide items or services to Medicaid recipients.

The Contractor is prohibited from paying for an item or service (other than an emergency item or service, not including items or services furnished in an emergency room of a hospital) furnished under the plan by any individual or entity during any period when the individual or entity is excluded from participation under title V, XVIII, XIX, XX, or XXI pursuant to Sections 1128, 1128A, 1156, or 1842(j)(2) and (1903(i) and 1903(i)(2)(A)) of the Social Security Act.^{xxviii}

The Contractor is prohibited from paying for an item or service (other than an emergency item or service, not including items or services furnished in an emergency room of a hospital) furnished at the medical direction or on the prescription of a physician, during the period when such physician is excluded from participation under title V, XVIII, XIX, XX, or XXI pursuant to section 1128, 1128A, 1156, or 1842(j)(2) of the Social Security Act and when the person furnishing such item or service knew, or had reason to know, of the exclusion (after a reasonable time period after reasonable notice has been furnished to the person) (Sections 1903(i) and 1903(i)(2)(B)) of the Social Security Act).^{xxx}

The Contractor is prohibited from paying for an item or service (other than an emergency item or service, not including items or services furnished in an emergency room of a hospital) furnished by an individual or entity to whom the state has failed to suspend payments during any period in which the state has notified the Contractor of a pending investigation of a credible allegation of fraud against the individual or entity, unless the state determines there is good cause not to suspend such payments. (Section 1903(i) and 1903(i)(2)(C)) of the Social Security Act)^{xxx}

63. RECORDS RETENTION

The Contractor shall maintain records relating to covered services and expenditures including reports to AHCCCS and documentation used in the preparation of reports to AHCCCS. The Contractor shall comply with all specifications for record keeping established by AHCCCS. All records shall be maintained to the extent and in such detail as required by AHCCCS rules and policies. Records shall include but not be limited to financial statements, records relating to the quality of care, medical records, prescription files and other records specified by AHCCCS.

The Contractor agrees to make available, at all reasonable times during the term of this contract, any of its records for inspection, audit or reproduction by any authorized representative of AHCCCS, State or Federal government. The Contractor shall be responsible for any costs associated with the reproduction of requested information.

The Contractor shall preserve and make available all records for a period of five years from the date of final payment under this contract unless a longer period of time is required by law. For retention of patient medical records, the Contractor shall ensure compliance with A.R.S. §12-2297 which provides, in part, that a health care provider shall retain patient medical records according to the following:

1. If the patient is an adult, the provider shall retain the patient medical records for at least six years after the last date the adult patient received medical or health care services from that provider.
2. If the patient is under 18 years of age, the provider shall retain the patient medical records either for at least three years after the child's eighteenth birthday or for at least six years after the last date the child received medical or health care services from that provider, whichever date occurs later.

In addition, the Contractor shall comply with the record retention periods specified in HIPAA laws and regulations, including, but not limited to, 45 CFR 164.530(j)(2).

If this contract is completely or partially terminated, the records relating to the work terminated shall be preserved and made available for a period of five years from the date of any such termination. Records which relate to grievances, disputes, litigation or the settlement of claims arising out of the performance of this contract, or costs and expenses of this contract to which exception has been taken by AHCCCS, shall be retained by the Contractor for a period of five years after the date of final disposition or resolution thereof.

64. SYSTEMS AND DATA EXCHANGE REQUIREMENTS

The Contractor is required to exchange data with AHCCCS relating to the information requirements of this contract and as required to support the data elements to be provided to AHCCCS. All data exchanged must be in

the formats prescribed by AHCCCS, which include those required/covered by the Health Insurance Portability and Accountability Act (HIPAA). Details for the formats may be found in the HIPAA Transaction Companion Guides, Trading Partner Agreements, the AHCCCS Encounter Manual and in the AHCCCS Technical Interface Guidelines, available on the AHCCCS website.

The information exchanged with AHCCCS shall be in accordance with all procedures, policies, rules, or statutes in effect during the term of this contract. If any of these procedures, policies, rules, regulations or statutes are hereinafter changed, both parties agree to conform to these changes following notification by AHCCCS.

Electronic Transactions: The Contractor is required to accept and generate all required HIPAA compliant electronic transactions from or to any provider or their assigned representative interested in and capable of electronic submission of eligibility verifications, claims, claims status verifications or prior authorization requests; or the receipt of electronic remittance. The Contractor must be able to make claims payments via electronic funds transfer and have the capability to accept electronic claims attachments.

Contractor Data Exchange: Before a Contractor may exchange data with AHCCCS, certain agreements, authorizations and control documents are required. The Contractor must have completed and submitted the EDI Trading Partner Agreement in order to exchange data with AHCCCS.

Each Contractor is assigned a Transmission Submitter Number (TSN) for encounter submissions. The Contractor may elect to obtain additional TSNs based upon processing or tracking needs.

Contractor Responsibilities: The Contractor is responsible for any incorrect data, delayed submission or payment (to the Contractor or its subcontractors), and/or penalty applied due to any error, omission, deletion, or incorrect data submitted by the Contractor. Any data that does not meet the standards required by AHCCCS shall not be accepted by AHCCCS.

The Contractor is required to provide attestation that any data transmitted is accurate and truthful, to the best of the Contractor's Chief Executive Officer, Chief Financial Officer or designee's knowledge [42 CFR 438.606] as outlined by AHCCCS.

The Contractor further agrees to indemnify and hold harmless the State of Arizona and AHCCCS from any and all claims or liabilities, including but not limited to consequential damages, reimbursements or erroneous billings and reimbursements of attorney fees incurred as a consequence of any error, omission, deletion or erroneous insert caused by the Contractor in the submitted input data. Neither the State of Arizona nor AHCCCS shall be responsible for any incorrect or delayed payment to the Contractor's providers (subcontractors) resulting from such error, omission, deletion, or erroneous input data caused by the Contractor in the submission of AHCCCS claims.

The Contractor is also responsible for identifying any inconsistencies immediately upon receipt of data from AHCCCS. If any unreported inconsistencies are subsequently discovered, the Contractor shall be responsible for the necessary adjustments to correct its records at its own expense.

Member Data: The Contractor shall accept from AHCCCS original evidence of eligibility and enrollment in the AHCCCS prescribed electronic data exchange formats. Upon request, the Contractor shall provide to AHCCCS PCP assignments in an AHCCCS prescribed electronic data exchange format.

Claims Data: This system must be capable of collecting, storing and producing information for the purposes of financial, medical and operational management.

The Contractor shall develop and maintain a HIPAA compliant claims processing and payment system capable of processing, cost avoiding and paying claims in accordance with A.R.S. §36-2903 and 2904 and AHCCCS rules

A.A.C. R9-22 Article 7. The system must be adaptable to updates in order to support future AHCCCS claims related policy requirements on a timely basis as needed.

On a recurring basis (no less than quarterly based on adjudication date), AHCCCS shall provide the Contractor an electronic file of claims and encounter data for members enrolled with the Contractor who have received services, during the member's enrollment period, from another contractor or through AHCCCS FFS for purposes of member care coordination. Data sharing will comply with Federal privacy regulations.

In addition, the Contractor shall implement and meet the following milestones in order to make claims processing and payment more efficient and timely:

1. Receive 60% of each claim type (professional, institutional and dental) based on volume of actual claims excluding claims processed by Pharmacy Benefit Managers (PBMs) electronically.
2. Produce and distribute 60% of remittances electronically.
3. Provide 60% of claims payments via EFT.

System Changes and Upgrades: The costs of software changes are included in administrative costs paid to the Contractor. There is no separate payment for software changes. A PMMIS systems contact will be assigned after contract award. AHCCCS will work with the Contractor as they evaluate Electronic Data Interchange options.

The Contractor will ensure that changing or making major upgrades to the information systems affecting claims processing, payment or any other major business component, will be accompanied by a plan which includes a timeline, milestones, and outlines adequate testing to be completed before implementation. The Contractor shall notify and provide the system change plan to AHCCCS for review and comment as specified in Attachment F3, Contractor Chart of Deliverables.

Health Insurance Portability and Accountability Act (HIPAA): The Contractor shall comply with the Administrative Simplification requirements of 45 CFR Parts 160 and 162 that are applicable to the operations of the Contractor by the dates required by the implementing Federal regulations as well as all subsequent requirements and regulations as published.

Data Security: The Contractor is required to have a security audit performed by an independent third party on an annual basis. The annual audit report must be submitted to AHCCCS as specified in Attachment F3, Contractor Chart of Deliverables.

The audit must include, at a minimum, a review of Contractor compliance with all security requirements as outlined in the AHCCCS Security Rule Compliance Summary Checklist, as specified in ACOM Policy 108. In addition, the audit must include a review of Contractor policies and procedures to verify that appropriate security requirements have been adequately incorporated into the Contractor's business practices, and the production processing systems.

The audit must result in a findings report and as necessary a corrective action plan, detailing all issues and discrepancies between the security requirements and the Contractor's policies, practices and systems. The corrective action plan must also include timelines for corrective actions related to all issues or discrepancies identified. The annual report must include the findings and corrective action plan and must be submitted to AHCCCS for review and approval. AHCCCS will verify that the required audit has been completed and the approved corrective action plan is in place and being followed as part of Operational Reviews.

Health Information Exchange: The Contractor is required to contract with Health Information Network of Arizona (HINAz) as a data user.

To further the integration of technology based solutions and the meaningful use of electronic health records within the system of care, AHCCCS will increase opportunities for providers and Contractors to utilize

technological functions for processes that are necessary to meet Medicaid requirements. Expanding the adoption may reduce total spending on health care by diminishing the number of inappropriate tests and procedures, reducing paperwork and administrative overhead, and decreasing the number of adverse events resulting from medical errors. The Contractor will actively participate in offering information and providing provider support and education to further expand provider adoption and use of health information technology. It is AHCCCS' expectation that the Contractor review operational processes to reduce provider hassle factors by implementing technological solutions for those providers utilizing electronic health records and to incentivize providers to implement and meaningfully use health information technology as a standard of doing business with the AHCCCS program. AHCCCS also anticipates establishing minimum standards, goals and requirements related to operational areas where improved efficiencies or effectiveness could be achieved. AHCCCS anticipates accelerating statewide Health Information Exchange (HIE) participation for all Medicaid providers and Contractors by:

- Supporting care coordination between physical and behavioral health providers
- Launching an HIE onboarding program for high volume Medicaid hospitals, Federally Qualified Health Centers, Rural Health Clinics and Look-a-Likes
- Supporting the acceleration of electronic prescribing by Arizona Medicaid providers
- Joining the State level HIE for governance, policy making, and information technology service offerings
- Supporting increased Contractor use of the Network (State HIE) to improve health outcomes
- Identifying value-based purchasing opportunities that link with a providers adoption and use of Health IT

The Contractor is expected to encourage that eligible hospitals and eligible professionals continue to move through the Meaningful Use continuum, accelerate provider statewide HIE participation, and increase use and support of the HIT/HIE. The Contractor is expected to collaborate with AHCCCS and Arizona Health-e Connection and The Network to target efforts to specific areas where HIT and HIE can bring significant change and progress including efforts focused on:

- Behavioral health
- Partnerships for integrated care
- High need/high cost members
- Coordination with the American Indian Health Program
- Coordination with the Qualified Health Plans
- Justice system transitions
- Care coordination
- Pharmacy management
- Quality improvement

65. ENCOUNTER DATA REPORTING

Complete, accurate and timely reporting of encounter data is crucial to the success of the AHCCCS program. AHCCCS uses encounter data to pay reinsurance benefits, set Fee-For-Service and capitation rates, determine reconciliation amounts, determine disproportionate share payments to hospitals, and to determine compliance with performance standards. The Contractor shall submit encounter data to AHCCCS for all services for which the Contractor incurred a financial liability and claims for services eligible for processing by the Contractor where no financial liability was incurred including services provided during prior period coverage. This requirement is a condition of the CMS grant award [42 CFR 438.242(b)(1)][42 CFR 455.1 (a)(2)].

New Contractors must successfully exchange encounter data for all applicable form types with AHCCCS no later than 120 days after the start of the contract or be subject to possible corrective actions up to and including sanctions.

Encounter Submissions: Encounters must be submitted in the format prescribed by AHCCCS. Encounter data must be provided to AHCCCS as outlined in the HIPAA Transaction Companion Guides, Trading Partner Agreements and the AHCCCS Encounter Manual, including, but not limited to, inclusion of data to identify the physician who delivers services to patients per Section 1903(m)(2)(A)(xi) of the Social Security Act.^{xxxii}

Professional, Institutional and Dental Encounters not involving services eligible for Federal Drug Rebate processing should be received by AHCCCS no later than 240 days after the end of the month in which the service was rendered, or the effective date of the enrollment with the Contractor, whichever date is later.

Covered outpatient drugs dispensed to individuals eligible for medical assistance who are enrolled with the Contractor shall be subject to the same rebate requirements as the State is subject under Section 1927 of the Social Security Act; the State shall collect such rebates from manufacturers. (Section 1903(m)(2)(A)(xiii) of the Social Security Act and SMD letter 10-006)^{xxxii} To ensure AHCCCS compliance with this requirement, pharmacy related encounter data and other encounters involving services eligible for Federal Drug Rebate processing must be provided to AHCCCS no later than 30 days after the end of the quarter in which the pharmaceutical item was dispensed. The Contractor must report information on the total number of units of each dosage form and strength and package size by National Drug Code of each covered outpatient drug dispensed (other than covered outpatient drugs that under subsection (j)(1) of Section 1927 of the Social Security Act [42 USCS § 1396r-8] are not subject to the requirements of that section) and such other data as required by AHCCCS (Section 1903(m)(2)(A)(xiii) of the Social Security Act and SMD letter 10-006).^{xxxiii}

A Contractor shall prepare, review, verify, certify, and submit, encounters for consideration to AHCCCS. Upon submission, the Contractor must provide attestation that the services listed were actually rendered.

The Contractor may be assessed sanctions for noncompliance with encounter submission completeness, accuracy and timeliness requirements.

Encounter Reporting: The Contractor must produce reports for the purposes of tracking, trending, reporting process improvement and monitoring submissions and revisions of encounters. The Contractor will submit these reports to AHCCCS as required per the AHCCCS Encounter Manual or as directed by AHCCCS and as further specified in Attachment F3, Contractor Chart of Deliverables.

On a monthly basis AHCCCS will produce encounter reconciliation files containing the prior 18 months of approved, voided, plan-denied, pended and AHCCCS-denied encounters received and processed by AHCCCS. These files must be utilized to compare the encounter financial data reported with plan claims data, and to compare submitted encounters to processed claims to validate completeness of encounter submissions.

Encounter Supporting Data Files: AHCCCS provides the Contractor with periodic (no less than twice monthly) full replacement files containing provider and medical coding information as stored in PMMIS. These files should be used by the Contractor to ensure accurate Encounter Reporting. Refer to the AHCCCS Encounter Manual for further information regarding the content and layouts of these files.

Encounter Corrections: The Contractor is required to monitor and resolve pended encounters and encounters denied by AHCCCS.

The Contractor is further required to submit replacement or voided encounters in the event that claims are subsequently corrected following the initial encounter submission. This includes corrections as a result of inaccuracies identified by fraud and abuse audits or investigations conducted by AHCCCS or the Contractor. The Contractor must void encounters for claims that are recouped in full. For recoupments that result in a reduced claim value or adjustments that result in an increased claim value, replacement encounters must be submitted. Refer to the AHCCCS Encounter Manual for instructions regarding the submission of corrected, replaced or voided encounters.

Encounter Performance Standards: AHCCCS has established encounter performance standards as detailed in the AHCCCS Encounter Manual. All encounters including, approved, pending, denied and voided encounters, impact completeness, accuracy and timeliness rates. Rates below the established standards (pending encounters that have pending for more than 120 days for example), or poor encounter performance overall, may result in Corrective Action Plans and/or sanctions.

Encounter Validation Studies: Per CMS requirements, AHCCCS will conduct encounter validation studies of the Contractor's encounter submissions. These studies may result in sanctions of the Contractor and/or require a corrective action plan for noncompliance with related encounter submission requirements.

The purpose of encounter validation studies is to compare recorded utilization information from a medical record or other source with the Contractor's submitted encounter data. Any and all covered services may be validated as part of these studies. The criteria used in encounter validation studies may include timeliness, correctness and omission of encounters. Refer to the AHCCCS Data Validation Technical Document for further information.

AHCCCS may revise study methodology, timelines and sanction amounts based on agency review or as a result of consultations with CMS. The Contractor will be notified in writing of any significant change in study methodology.

66. ENROLLMENT AND CAPITATION TRANSACTION UPDATES

AHCCCS produces daily enrollment transaction updates identifying new members and changes to existing members' demographic, eligibility and enrollment data as outlined in the HIPAA Transaction Companion Guides Trading Partner Agreements, and the AHCCCS Technical Interface Guidelines, available on the AHCCCS website. These files shall be utilized by the Contractor to update its member records on a timely and consistent basis. The daily enrollment transaction update, that is run immediately prior to the monthly enrollment and capitation transaction, is referred to as the "last daily" and will contain all rate code changes made for the prospective month, as well as any new enrollments and disenrollments as of the first of the prospective month.

For category types CRS Fully Integrated and CRS Partially-Integrated – Acute, AHCCCS also produces a daily Manual Payment Transaction as outlined in the AHCCCS Technical Interface Guidelines, available on the AHCCCS website, which identifies enrollment or disenrollment activity that was not included on the daily enrollment transaction update due to internal edits. The Contractor shall use the Manual Payment Transaction in addition to the daily enrollment transaction update to update its member records.

A weekly capitation transaction as outlined in the HIPAA Transaction Companion Guides, and Trading Partner Agreements, will be produced for category types CRS Fully Integrated and CRS Partially-Integrated – Acute to provide the Contractor with member-level capitation payment information. This file will show changes to the prospective capitation payments, as sent in the monthly file, resulting from enrollment changes that occur after the monthly file is produced. This file will also identify mass adjustments to and/or manual capitation payments that occurred at AHCCCS after the monthly file is produced.

A monthly capitation transaction will be produced for category types CRS Partially-Integrated Behavioral Health (BH) and CRS Only to provide the Contractor with member-level capitation payment information.

On a daily and monthly basis AHCCCS provides the Contractor with the Rate Code Summary electronic file as outlined in the AHCCCS Technical Interface Guidelines, available on the AHCCCS website, which summarizes the capitation activity for the processing cycle.

The enrollment and capitation transaction updates distributed monthly are generally produced two days before the end of every month. The update will identify the total active population for the Contractor as of the first day of the next month. These updates contain the information used by AHCCCS to produce the monthly

capitation payment for the next month. The Contractor must reconcile the member files (including the member's Medicare status, TPL information, etc.) with the AHCCCS monthly update. After reconciling the monthly update information, the Contractor will work to resolve any discrepancies and record the results of the reconciliation. Results of the reconciliation will be made available to AHCCCS upon request. After completion of the reconciliation the Contractor will resume posting daily updates beginning with the last two days of the month. For category types CRS Fully Integrated and CRS Partially-Integrated – Acute, the last two daily updates are different from the regular daily updates in that they pay and/or recoup capitation for the next month. If the Contractor detects an error through the monthly update process, the Contractor shall notify AHCCCS, Information Services Division.

The Contractor will receive separate enrollment and capitation transactions for each of the CRS coverage types under unique AHCCCS Contractor ID Numbers.

67. PERIODIC REPORTING REQUIREMENTS

Under the terms and conditions of its CMS grant award, AHCCCS requires periodic reports, encounter data and other information from the Contractor. The submission of late, inaccurate, or otherwise incomplete reports shall constitute failure to report subject to the penalty provisions described in Section D, Paragraph 72, Sanctions.

Standards applied for determining adequacy of required reports are as follows [42 CFR 438.242(b)(2)]:

- a. **Timeliness:** Reports or other required data shall be received on or before scheduled due dates.
- b. **Accuracy:** Reports or other required data shall be prepared in strict conformity with appropriate authoritative sources and/or AHCCCS defined standards.
- c. **Completeness:** All required information shall be fully disclosed in a manner that is both responsive and pertinent to report intent with no material omissions.

The Contractor shall comply with all reporting requirements contained in this contract. AHCCCS requirements regarding reports, including but not limited to, report content, report frequency, and report submission, are subject to change at any time during the term of the contract. The Contractor shall comply with all changes specified by AHCCCS, including those pertaining to subcontractor and provider reporting requirements. The Contractor shall be responsible for continued reporting beyond the term of the contract.

68. REQUESTS FOR INFORMATION

AHCCCS may, at any time during the term of this contract, request financial or other information from the Contractor. Responses shall fully disclose all financial or other information requested. Information may be designated as confidential but may not be withheld from AHCCCS as proprietary. Information designated as confidential may not be disclosed by AHCCCS without the prior written consent of the Contractor except as required by law. Upon receipt of such requests for information from AHCCCS, the Contractor shall provide complete information to AHCCCS as requested no later than 20 days after the receipt of the request unless otherwise specified in the request itself.

If the Contractor believes the requested information is confidential and may not be disclosed to third parties, the Contractor shall provide a detailed legal analysis to AHCCCS, within the timeframe designated by AHCCCS, setting forth the specific reasons why the information is confidential and describing the specific harm or injury that would result from disclosure. In the event that AHCCCS withholds information from a third party as a result of the Contractor's statement, the Contractor shall be responsible for all costs associated with the nondisclosure, including but not limited to legal fees and costs.

69. DISSEMINATION OF INFORMATION

Upon request, the Contractor shall disseminate information prepared by AHCCCS or the Federal government to its members and all costs of such dissemination shall be the responsibility of the Contractor. All advertisements, publications and printed materials that are produced by the Contractor and refer to covered services shall state that such services are funded under contract with AHCCCS.

70. OPERATIONAL AND FINANCIAL READINESS REVIEWS

AHCCCS will conduct an Operational and Financial Readiness Review of the Contractor and will, subject to the availability of resources, provide technical assistance as appropriate. The Readiness Review will be conducted prior to the start of business. The purpose of a Readiness Review is to assess the Contractor's operational readiness and its ability to provide covered services to members at the start of the contract year. The Contractor will be permitted to commence operations only if the Readiness Review factors are met to AHCCCS' satisfaction.

71. MONITORING AND OPERATIONAL REVIEWS

The Contractor shall comply with all reporting requirements contained in this Contract and AHCCCS policy. In accordance with CMS requirements, AHCCCS has in effect procedures for monitoring the Contractors' operations to ensure program compliance and identify best practices, including, but not limited to, evaluation of submitted deliverables, ad hoc reporting, and periodic focused and operational reviews.^{xxxiv}

These monitoring procedures will include, but are not limited to, operations related to the following:^{xxxv}

- a. Member enrollment and disenrollment;
- b. Processing grievances and appeals;
- c. Violations subject to intermediate sanctions, as set forth in Subpart I of 42 CFR 438;
- d. Violations of the conditions for receiving federal financial participation, as set forth in Subpart J of 42 CFR 438; and
- e. All other provisions of the contract, as appropriate. [42 CFR 438.66(a)]

Operational Reviews: In accordance with CMS requirements [42 CFR 434.6(a)(5)] and Arizona Administrative Code [Title 9, A.A.C. Chapter 22 Article 5], AHCCCS, or an independent agent, will conduct periodic Operational Reviews to ensure program compliance and identify best practices [42 CFR 438.204].

The reviews will identify and make recommendations for areas of improvement, monitor the Contractor's progress towards implementing mandated programs or operational enhancements, and provide the Contractor with technical assistance when necessary. The type and duration of the review will be solely at the discretion of AHCCCS.

Except in cases where advance notice is not possible or advance notice may render the review less useful, AHCCCS will give the Contractor at least three weeks advance notice of the date of the scheduled Operational Review. AHCCCS reserves the right to conduct reviews without notice to monitor contractual requirements and performance as needed.

AHCCCS may request, at the expense of the Contractor, to conduct on-site reviews of functions performed at out of State locations and will coordinate travel arrangements and accommodations with the Contractor.

In preparation for the reviews, the Contractor shall cooperate with AHCCCS by forwarding in advance policies, procedures, job descriptions, contracts, records, logs and other material upon request. Documents not requested in advance shall be made available during the course of the review. Contractor personnel shall be available at all

times during review activities. The Contractor shall provide an appropriate private workspace and internet access.

The Contractor will be furnished a copy of the draft Operational Review report and given an opportunity to comment on any review findings prior to AHCCCS issuing the final report. The Contractor must develop corrective action plans based on these recommendations. The corrective action plans and modifications to the corrective action plans must be approved by AHCCCS. Unannounced follow-up reviews may be conducted at any time after the initial Operational Review to determine the Contractor's progress in implementing recommendations and achieving compliance.

The Contractor shall not distribute or otherwise make available the Operational Review Tool, draft Operational Review Report or final report to other Contractors.

72. SANCTIONS

In accordance with applicable Federal and State regulations, A.A.C. R9-22-606, ACOM Policy 408 and the terms of this contract, AHCCCS may impose sanctions for failure to comply with any provision of this contract. Written notice will be provided to the Contractor specifying the sanction to be imposed, the grounds for such sanction and either the length of suspension or the amount of capitation to be withheld. The Contractor may dispute the decision to impose a sanction in accordance with the process outlined in A.A.C. R9-34-401 et seq.

Cure Notice Process: AHCCCS may provide a written cure notice to the Contractor regarding the details of the non-compliance. If a notice to cure is provided to the Contractor, the cure notice will specify the period of time during which the Contractor must bring its performance back into compliance with contract requirements. If, at the end of the specified time period, the Contractor has complied with the cure notice requirements, AHCCCS will not impose a sanction.

AHCCCS may impose sanctions including but not limited to:

- a. Civil monetary penalties.
 - b. Appointment of temporary management for a Contractor as provided in 42 CFR 438.706 and A.R.S. §36-2903 (M).
 - c. Suspension of payment for recipients enrolled after the effective date of the sanction until CMS or AHCCCS is satisfied that the reason for imposition of the sanction no longer exists and is not likely to recur.
 - d. Additional sanctions allowed under statute or regulation that address areas of noncompliance.
- Refer to ACOM Policy 408 for details.

Automatic Sanctions: AHCCCS will assess the sanctions listed in Attachment F3, Contractor Chart of Deliverables on deliverables listed under DHCM Operations, Clinical Quality Management and Medical Management that are not received by 5:00 PM on the due date indicated. If the due date falls on a weekend or a State Holiday, sanctions will be assessed on deliverables not received by 5:00 PM on the next business day.

73. BUSINESS CONTINUITY AND RECOVERY PLAN

The Contractor shall develop a Business Continuity and Recovery Plan as detailed in ACOM Policy 104, to deal with unexpected events that may affect its ability to adequately serve members. All staff shall be trained on, and familiar with, the Plan. This Plan shall, at a minimum, include planning and training for:

- Electronic/telephonic failure at the Contractor's main place of business
- Complete loss of use of the main site and satellite offices out of State
- Loss of primary computer system/records
- Communication between the Contractor and AHCCCS in the event of a business disruption
- Periodic Testing (at least annually)

The Business Continuity and Recovery Plan shall be updated annually. The Contractor shall submit a summary of the Plan to AHCCCS as specified in Attachment F3, Contractor Chart of Deliverables.

74. MEMBER ADVOCACY COUNCIL

The Contractor must facilitate a Member Advocacy Council (MAC) consisting of members, parents of a child who is or has been a CRS member, adults who are or were CRS members, and the Contractor. The MAC may also include professionals and advocacy groups. MAC meeting minutes must be made available to AHCCCS upon request.

Discussion of issues and opportunities resulting from the MAC meetings should be included on the agenda and addressed by the Contractor's Executive Management Committee. Meeting minutes should reflect the results of the discussion and any direction of interventions or activities assigned by the Committee to Contractor operational units.

75. PENDING LEGISLATION/OTHER ISSUES

The following constitute pending items that may be resolved after the issuance of this contract. Any program changes due to the resolution of the issues will be reflected in future amendments to the contract. Capitation rates may also be adjusted to reflect the financial impact of program changes. The items in this paragraph are subject to change and should not be considered all-inclusive.

Federal and State Legislation: AHCCCS and its Contractors are subject to legislative mandates that may result in changes to the program. AHCCCS will either amend the contract or incorporate changes in policies incorporated in the contract by reference.

Patient Protection and Affordable Care Act: The Contractor shall comply with the applicable sections of the Patient Protection and Affordable Care Act (PPACA) including, but not limited to, the Health Insurer Fee and including those provisions as adopted by AHCCCS in the Arizona State Plan. The Contractor shall provide services to Medicaid eligible individuals who will be covered by the Medicaid restoration and expansion starting January 1, 2014. Additionally, upon CMS approval, AHCCCS will implement modifications to cost sharing requirements, including but not limited to, the populations currently subject to mandatory and optional (nominal) copayments, copayment amounts, and services for which copays are required. The effective date of these provisions will be communicated after CMS approval. AHCCCS will provide the Contractor time to modify systems and address member and provider communications.

Hospital Presumptive Eligibility: As required under the Affordable Care Act, AHCCCS has established standards for the State's Hospital Presumptive Eligibility (HPE) program in accordance with federal requirements. Qualified hospitals that elect to participate in the HPE Program will implement a process consistent with AHCCCS standards which determines applicants presumptively eligible for AHCCCS acute care covered services. Persons determined presumptively eligible who have not submitted a full application to AHCCCS will qualify for acute care services from the date the hospital determines the individual to be presumptively eligible through the last day of the month following the month in which the determination of presumptive eligibility was made by the qualified hospital. For persons who apply for presumptive eligibility and who also submit a full application to AHCCCS, coverage of acute care services will begin on the date that the hospital determines the individual to be presumptively eligible and will continue through the date that AHCCCS issues a determination on that application. All persons determined presumptively eligible for AHCCCS will be enrolled with AHCCCS Fee-For-Service for the duration of the HPE eligibility period. If a member made eligible via HPE is subsequently determined eligible for AHCCCS via the full application process, Prior Period Coverage for the member will also be covered by AHCCCS Fee-For-Service, and the

member will be enrolled with the Contractor only on a prospective basis. AHCCCS is awaiting Federal approval of its HPE State Plan Amendment and policy and will share more information on the HPE program when it becomes available.

Zip Code Alignment: Effective on or about August 1, 2015, AHCCCS will move zip codes 85542, 85192, and 85550 from the GSA which includes Gila County to the GSA which includes Graham County. This change is being implemented to keep zip code assignment consistent between AHCCCS lines of business. As part of the Greater AZ Integrated RBHAs effective October 1, 2015, this move is occurring to align tribal members from a single tribe into a single RBHA when, today, the tribe currently spans multiple GSAs, and thus tribal members are managed by multiple RBHAs.

Administrative Simplification: Arizona Laws 2015, Chapter 19, Section 9 (SB 1480) enacts that from and after June 30, 2016, the provision of behavioral health services under the Division of Behavioral Health Services (DBHS) in the Department of Health Services is transferred to and shall be administered by the Arizona Health Care Cost Containment System (AHCCCS). From and after June 30, 2016, the AHCCCS administration succeeds to the authority, powers, duties and responsibilities of DBHS with the exception of the Arizona State Hospital. This act does not alter the effect of any actions or impair the valid obligations of DBHS taken before July 1, 2016. Administrative rules and orders that were adopted by DBHS continue in effect until superseded by administrative action by AHCCCS. Until administrative action is taken by AHCCCS, any reference to DBHS in rules and orders is considered to refer to AHCCCS. All administrative matters, contracts and judicial and quasi-judicial actions, whether completed, pending or in process, of DBHS on July 1, 2016 are transferred to and retain the same status with AHCCCS. AHCCCS and DBHS will work to administratively streamline contractual oversight and monitoring of the Tribal and Regional Behavioral Health Authorities (T/RBHAs) throughout Arizona, pursue continuous quality improvement, and reduce fragmentation in healthcare delivery to develop an integrated system of healthcare. This merger will not impact what services are offered to members or how services are delivered.

76. VALUE-BASED PURCHASING

Value-Based Purchasing (VBP) is a cornerstone of AHCCCS' strategy to bend the upward trajectory of health care costs. AHCCCS is implementing initiatives to leverage the managed care model toward value based health care systems where members' experience and population health are improved, per-capita health care cost is limited to the rate of general inflation through aligned incentives with managed care organization and provider partners, and there is a commitment to continuous quality improvement and learning. The Contractor shall participate in payment VBP efforts.

Value-Based Purchasing Initiative: The purpose of the VBP Initiative is to encourage Contractor activity in the area of quality improvement by aligning the incentives of the Contractor and provider through VBP strategies, as delineated by ACOM Policy 319 CYE16 and as specified in Attachment F3, Contractor Chart of Deliverables.

Value-Based Providers: The Contractor shall develop strategies that ensure that members are directed to providers who participate in VBP initiatives and who offer value as determined by measureable outcomes. The Contractor shall submit by October 31, 2015, an Executive Summary describing its strategies to direct members to valued providers.

E-Prescribing: E-prescribing is an effective tool to improve members' health outcomes and reduce costs as delineated in ACOM Policy 321. Benefits afforded by the electronic transmission of prescription-related information include, but are not limited to: reduced medication errors, reductions of drug and allergy interactions and therapeutic duplication, and increased prescription accuracy. The Contractor shall increase its E-Prescribing rates of original prescriptions in accordance with ACOM Policy 321.

The Prescription Origin Code and Fill Number (Original or Refill Dispensing) must be submitted on all pharmacy encounter records, as outlined in the AHCCCS NCPDP Post Adjudicated History Transaction Companion Guide, in order for AHCCCS to measure the Contractor's success.

Centers of Excellence: Centers of Excellence are facilities that are recognized as providing the highest levels of leadership, quality, and service. Centers of Excellence align physicians and other providers to achieve higher value through greater focus on appropriateness of care, clinical excellence, and patient satisfaction. Designation as a Center of Excellence is based on criteria such as procedure volumes, clinical outcomes, and treatment planning and coordination. To encourage Contractor activity which incentivizes utilization of the best value providers for select, evidenced based, high volume procedures or conditions, the Contractor shall submit a Centers of Excellence Report to AHCCCS, DHCM by April 1, 2016, as specified in Attachment F3, Contractor Chart of Deliverables, outlining the Contractor's approach to developing at least two Centers of Excellence for at least two different procedures or conditions. The Centers of Excellence Report must:

- a. Identify why the selected procedures or conditions were chosen,
- b. Outline how the Contractor will identify and select providers with the highest quality outcomes,
- c. Provide a high-level summary of potential contracting approaches,
- d. Identify how the Contractor plans to drive utilization to the Centers of Excellence, and
- e. Identify any barriers or challenges with the development of such Centers of Excellence.

[END OF SECTION D]

SECTION E: CRS PROGRAM CONTRACT TERMS AND CONDITIONS**1. ADVERTISING AND PROMOTION OF CONTRACT**

The Contractor shall not advertise or publish information for commercial benefit concerning this contract without the prior written approval of the Contracting Officer.

2. APPLICABLE LAW

Arizona Law - The law of Arizona applies to this contract including, where applicable, the Uniform Commercial Code, as adopted in the State of Arizona.

Implied Contract Terms - Each provision of law and any terms required by law to be in this contract are a part of this contract as if fully stated in it.

3. ARBITRATION

The parties to this contract agree to resolve all disputes arising out of or relating to this contract through arbitration, after exhausting applicable administrative review, to the extent required by A.R.S. §12-1518 except as may be required by other applicable statutes.

4. ASSIGNMENT AND DELEGATION

The Contractor shall not assign any rights nor delegate all of the duties under this contract. Delegation of less than all of the duties of this contract must conform to the requirements of Section D, Subcontracts.

5. ASSIGNMENT OF CONTRACT AND BANKRUPTCY

This contract is voidable and subject to immediate cancellation by AHCCCS upon the Contractor becoming insolvent or filing proceedings in bankruptcy or reorganization under the United States Code, or assigning rights or obligations under this contract without the prior written consent of AHCCCS.

6. AUDITS AND INSPECTIONS

The Contractor shall comply with all provisions specified in applicable A.R.S. §35-214 and §35-215 and AHCCCS rules and policies and procedures relating to the audit of the Contractor's records and the inspection of the Contractor's facilities. The Contractor shall fully cooperate with AHCCCS staff and allow them reasonable access to the Contractor's staff, subcontractors, members, and records [42 CFR 438.6(g)].

At any time during the term of this contract, and five (5) years thereafter unless a longer time is otherwise required by law, the Contractor's or any subcontractor's books and records shall be subject to audit by AHCCCS and, where applicable, the Federal government, to the extent that the books and records relate to the performance of the contract or subcontracts [42 CFR 438.242(b)(3)].

AHCCCS, or its duly authorized agents, and the Federal government may evaluate through on-site inspection or other means, the quality, appropriateness and timeliness of services performed under this contract.

7. AUTHORITY

This contract is issued under the authority of the Contracting Officer who signed this contract. Changes to the contract, including the addition of work or materials, the revision of payment terms, or the substitution of work or materials, directed by an unauthorized state employee or made unilaterally by the Contractor are violations of the contract and of applicable law. Such changes, including unauthorized written contract amendments,

shall be void and without effect, and the Contractor shall not be entitled to any claim under this contract based on those changes.

8. CHANGES

AHCCCS may at any time, by written notice to the Contractor, make changes within the general scope of this contract. If any such change causes an increase or decrease in the cost of, or the time required for, performance of any part of the work under this contract, the Contractor may assert its right to an adjustment in compensation paid under this contract. The Contractor must assert its right to such adjustment within 30 days from the date of receipt of the change notice. Any dispute or disagreement caused by such notice shall constitute a dispute within the meaning of Section E, Disputes, and be administered accordingly.

When AHCCCS issues an amendment to modify the contract, the provisions of such amendment will be deemed to have been accepted 30 days after the date of mailing by AHCCCS, even if the amendment has not been signed by the Contractor, unless within that time the Contractor notifies AHCCCS in writing that it refuses to sign the amendment. If the Contractor provides such notification, AHCCCS will initiate termination proceedings.

9. CHOICE OF FORUM

The parties agree that jurisdiction over any action arising out of or relating to this contract shall be brought or filed in a court of competent jurisdiction located in the State of Arizona.

10. COMPLIANCE WITH APPLICABLE LAWS, RULES AND REGULATIONS

The Contractor shall comply with all applicable Federal and State laws and regulations including Title VI of the Civil Rights Act of 1964; Title IX of the Education Amendments of 1972 (regarding education programs and activities); the Age Discrimination Act of 1975; the Rehabilitation Act of 1973 (regarding education programs and activities), and the Americans with Disabilities Act; EEO provisions; Copeland Anti-Kickback Act; Davis-Bacon Act; Contract Work Hours and Safety Standards; Rights to Inventions Made Under a Contract or Agreement; Clean Air Act and Federal Water Pollution Control Act; Byrd Anti-Lobbying Amendment. The Contractor shall maintain all applicable licenses and permits.

11. CONFIDENTIALITY AND DISCLOSURE OF CONFIDENTIAL INFORMATION

The Contractor shall safeguard confidential information in accordance with Federal and State laws and regulations, including but not limited to, 42 CFR 431, Subpart F, A.R.S. §36-107, §36-2903 (for Acute), §36-2932 (for ALTCS), §41-1959 and §46-135, the Health Insurance Portability and Accountability Act (Public Law 107-191 Statutes 1936), 45 CFR parts 160 and 164, and AHCCCS Rules.

The Contractor shall establish and maintain procedures and controls that are acceptable to AHCCCS for the purpose of assuring that no information contained in its records or obtained from AHCCCS or others carrying out its functions under the contract shall be used or disclosed by its agents, officers or employees, except as required to efficiently perform duties under the contract. Except as required or permitted by law, the Contractor also agrees that any information pertaining to individual persons shall not be divulged other than to employees or officers of the Contractor as needed for the performance of duties under the contract, unless otherwise agreed to, in writing, by AHCCCS.

The Contractor shall not, without prior written approval from AHCCCS, either during or after the performance of the services required by this contract, use, other than for such performance, or disclose to any person other than AHCCCS personnel with a need to know, any information, data, material, or exhibits created, developed, produced, or otherwise obtained during the course of the work required by this contract. This nondisclosure

requirement shall also pertain to any information contained in reports, documents, or other records furnished to the Contractor by AHCCCS.

12. CONFLICT OF INTEREST

The Contractor shall not undertake any work that represents a potential conflict of interest, or which is not in the best interest of AHCCCS or the State without prior written approval by AHCCCS. The Contractor shall fully and completely disclose any situation that may present a conflict of interest. If the Contractor is now performing or elects to perform during the term of this contract any services for any AHCCCS health plan, provider or Contractor or an entity owning or controlling same, the Contractor shall disclose this relationship prior to accepting any assignment involving such party.

13. CONTINUATION OF PERFORMANCE THROUGH TERMINATION

The Contractor shall continue to perform, in accordance with the requirements of the contract, up to the date of termination and as directed in the termination notice.

14. CONTRACT

The contract between AHCCCS and the Contractor shall consist of (1) the Request for Proposal (RFP) including AHCCCS policies and procedures incorporated by reference as part of the RFP and (2) the proposal submitted by the Contractor in response to the RFP including any Best and Final Offers. In the event of a conflict in language between the proposal (including any Best and Final Offers) and the RFP (including AHCCCS policies and procedures incorporated by reference), the provisions and requirements set forth and/or referenced in the RFP (including AHCCCS policies and procedures incorporated by reference) shall govern.

The contract shall be construed according to the laws of the State of Arizona. The State of Arizona is not obligated for the expenditures under the contract until funds have been encumbered.

15. CONTRACT INTERPRETATION AND AMENDMENT

No Parol Evidence - This contract is intended by the parties as a final and complete expression of their agreement. No course of prior dealings between the parties and no usage of the trade shall supplement or explain any term used in this contract.

No Waiver - Either party's failure to insist on strict performance of any term or condition of the contract shall not be deemed a waiver of that term or condition even if the party accepting or acquiescing in the non-conforming performance knows of the nature of the performance and fails to object to it.

Written Contract Amendments - The contract shall be modified only through a written contract amendment within the scope of the contract signed by the procurement officer on behalf of the State and signed by a duly authorized representative of the Contractor.

16. COOPERATION WITH OTHER CONTRACTORS

AHCCCS may award other contracts for additional work related to this contract and Contractor shall fully cooperate with such other contractors and AHCCCS employees or designated agents. The Contractor shall not commit or permit any act which will interfere with the performance of work by any other Contractor or by AHCCCS employees.

17. COVENANT AGAINST CONTINGENT FEES

The Contractor warrants that no person or agency has been employed or retained to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee. For violation of this warranty, AHCCCS shall have the right to annul this contract without liability.

18. DATA CERTIFICATION

The Contractor shall certify that financial and encounter data submitted to AHCCCS is complete, accurate and truthful. Certification of financial and encounter data must be submitted concurrently with the data. Certification may be provided by the Contractor CEO, CFO or an individual who is delegated authority to sign for, and who reports directly to the CEO or CFO [42 CFR 438.604 et seq.].

19. DISPUTES

Contract claims and disputes shall be adjudicated in accordance with State Law, AHCCCS Rules and this contract.

Except as provided by 9 A.A.C. Chapter 22, Article 6, the exclusive manner for the Contractor to assert any dispute against AHCCCS shall be in accordance with the process outlined in 9 A.A.C. Chapter 34 and A.R.S. §36-2932. All disputes except as provided under 9 A.A.C. Chapter 22, Article 6 shall be filed in writing and be received by AHCCCS no later than 60 days from the date of the disputed notice. All disputes shall state the factual and legal basis for the dispute. Pending the final resolution of any disputes involving this contract, the Contractor shall proceed with performance of this contract in accordance with AHCCCS' instructions, unless AHCCCS specifically, in writing, requests termination or a temporary suspension of performance.

20. E-VERIFY REQUIREMENTS

In accordance with A.R.S §41-4401, the Contractor warrants compliance with all Federal immigration laws and regulations relating to employees and warrants its compliance with Section A.R.S. §23-214, Subsection A.

21. EFFECTIVE DATE

The effective date of this contract shall be the Offer and Acceptance date referenced on page 1 of this contract.

22. FEDERAL IMMIGRATION AND NATIONALITY ACT

The Contractor shall comply with all Federal, State and local immigration laws and regulations relating to the immigration status of their employees during the term of the contract. Further, the Contractor shall flow down this requirement to all subcontractors utilized during the term of the contract. The State shall retain the right to perform random audits of Contractor and subcontractor records or to inspect papers of any employee thereof to ensure compliance. Should the State determine that the Contractor and/or any subcontractors be found noncompliant, the State may pursue all remedies allowed by law, including, but not limited to; suspension of work, termination of the contract for default and suspension and/or debarment of the Contractor.

23. GRATUITIES

AHCCCS may, by written notice to the Contractor, immediately terminate this contract if it determines that employment or a gratuity was offered or made by the Contractor or a representative of the Contractor to any officer or employee of the State for the purpose of influencing the outcome of the procurement or securing the contract, an amendment to the contract, or favorable treatment concerning the contract, including the making of any determination or decision about contract performance. AHCCCS, in addition to any other rights or remedies, shall be entitled to recover exemplary damages in the amount of three times the value of the gratuity offered by the Contractor.

24. INCORPORATION BY REFERENCE

This solicitation and all attachments and amendments, the Contractor's proposal, best and final offer accepted by AHCCCS, and any approved subcontracts are hereby incorporated by reference into the contract.

25. INDEMNIFICATION**Contractor/Vendor Indemnification (Not Public Agency):**

The parties to this contract agree that the State of Arizona, its departments, agencies, boards and commissions shall be indemnified and held harmless by the Contractor for the vicarious liability of the State as a result of entering into this contract. The Contractor agrees to indemnify, defend, and hold harmless the State from and against any and all claims, losses, liability, costs, and expenses, including attorney's fees and costs, arising out of litigation against AHCCCS including, but not limited to, class action lawsuits challenging actions by the Contractor. The requirement for indemnification applies irrespective of whether or not the Contractor is a party to the lawsuit. Each Contractor shall indemnify the State, on a pro rata basis based on population, attorney's fees and costs awarded against the State as well as the attorney's fees and costs incurred by the State in defending the lawsuit. The Contractor shall also indemnify AHCCCS, on a pro rata basis based on population, the administrative expenses incurred by AHCCCS to address Contractor deficiencies arising out of the litigation. The parties further agree that the State of Arizona, its departments, agencies, boards and commissions shall be responsible for its own negligence and/or willful misconduct. Each party to this contract is responsible for its own negligence and/or willful misconduct.

Contractor/Vendor Indemnification (Public Agency):

Each party ("as indemnitor") agrees to indemnify, defend, and hold harmless the other party ("as indemnitee") from and against any and all claims, losses, liability, costs, or expenses (including reasonable attorney's fees) (hereinafter collectively referred to as 'claims') arising out of bodily injury of any person (including death) or property damage but only to the extent that such claims which result in vicarious/derivative liability to the indemnitee, are caused by the act, omission, negligence, misconduct, or other fault of the indemnitor, its officers, officials, agents, employees, or volunteers.

26. INDEMNIFICATION - PATENT AND COPYRIGHT

To the extent permitted by applicable law the Contractor shall defend, indemnify and hold harmless the State against any liability including costs and expenses for infringement of any patent, trademark or copyright arising out of contract performance or use by the State of materials furnished or work performed under this contract. The State shall reasonably notify the Contractor of any claim for which it may be liable under this paragraph.

27. INSURANCE

The Contractor is required to maintain insurance, at a minimum, as specified in Attachment E-1 Standard Professional Service Contracts. For policies for insurance for professional service contracts working with children or vulnerable adults, the policy may be endorsed to include coverage for sexual abuse and molestation.

ATTACHMENT E-1

STANDARD PROFESSIONAL SERVICE CONTRACT**INDEMNIFICATION CLAUSE:**

To the fullest extent permitted by law, Contractor shall defend, indemnify, save, and hold harmless the State of Arizona, and its departments, agencies, boards, commissions, universities, officials, agents, and employees (hereinafter referred to as "Indemnitee") from and against any and all claims, actions, liabilities, damages, losses, or expenses (including court costs, attorneys' fees, and costs of claim processing, investigation and litigation) (hereinafter referred to as "Claims") for bodily injury or personal injury (including death), or loss or damage to tangible or intangible property caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of Contractor or any of its owners, officers, directors, agents, employees or subcontractors. This indemnity includes any claim or amount arising out of or recovered under the Workers' Compensation Law or arising out of the failure of such Contractor to conform to any Federal, State or local law, statute, ordinance, rule, regulation or court decree. It is the specific intention of the parties that the Indemnitee shall, in all instances, except for Claims arising solely from the negligent or willful acts or omissions of the Indemnitee, be indemnified by Contractor from and against any and all claims. It is agreed that Contractor will be responsible for primary loss investigation, defense and judgment costs where this indemnification is applicable. In consideration of the award of this contract, the Contractor agrees to waive all rights of subrogation against the State of Arizona, its officers, officials, agents and employees for losses arising from the work performed by the Contractor for the State of Arizona.

This indemnity shall not apply if the Contractor or subcontractor(s) is an agency, board, commission or university of the State of Arizona.

INSURANCE REQUIREMENTS:

Contractor shall procure and maintain until all of their obligations have been discharged, including any warranty periods under this Contract, insurance against claims for injury to persons or damage to property arising from or in connection with the performance of the work hereunder by the Contractor, his agents, representatives, employees or subcontractors.

The *insurance requirements* herein are minimum requirements for this Contract and in no way limit the indemnity covenants contained in this Contract. The State of Arizona in no way warrants that the minimum limits contained herein are sufficient to protect the Contractor from liabilities that arise out of the performance of the work under this contract by the Contractor, its agents, representatives, employees or subcontractors, and the Contractor is free to purchase additional insurance.

A. **MINIMUM SCOPE AND LIMITS OF INSURANCE:** Contractor shall provide coverage with limits of liability not less than those stated below.

 - b. This requirement shall not apply to each Contractor or subcontractor that is exempt under A.R.S. §23-901, and when such Contractor or subcontractor executes the appropriate waiver form (Sole Proprietor or Independent Contractor).
4. **Professional Liability (Errors and Omissions Liability)**
- | | |
|------------------|-------------|
| Each Claim | \$1,000,000 |
| Annual Aggregate | \$2,000,000 |
- a. In the event that the Professional Liability insurance required by this Contract is written on a claims-made basis, Contractor warrants that any retroactive date under the policy shall precede the effective date of this Contract; and either continuous coverage will be maintained or an extended discovery period will be exercised for a period of two (2) years beginning at the time work under this Contract is completed.
 - b. The policy shall cover professional misconduct or negligent acts skill for those positions defined in the Scope of Work of this Contract.

- B. **ADDITIONAL INSURANCE REQUIREMENTS:** The policies shall include, or be endorsed to include, as required by this written agreement, the following provisions:
1. The Contractor's policies shall stipulate that the insurance afforded the Contractor shall be primary and that any insurance carried by AHCCCS, and agents, officials, employees or the State of Arizona shall be excess and not contributory insurance, as provided by A.R.S. §41-621 (E).
 2. Insurance provided by the Contractor shall not limit the Contractor's liability assumed under the indemnification provisions of this Contract.
- C. **NOTICE OF CANCELLATION:** For each insurance policy required by the insurance provisions of this Contract, the Contractor must provide to the State of Arizona, within two (2) business days of receipt, a notice if a policy is suspended, voided, or cancelled for any reason. Such notice shall be sent to AHCCCS Contracts Unit, Mail Drop 5700, Division of Business and Finance, 701 E. Jefferson St., Phoenix, AZ 85034.
- D. **ACCEPTABILITY OF INSURERS:** Contractor's insurance shall be placed with companies licensed in the State of Arizona or hold approved non-admitted status on the Arizona Department of Insurance List of Qualified Unauthorized Insurers. Insurers shall have an "A.M. Best" rating of not less than A- VII. The State of Arizona in no way warrants that the above-required minimum insurer rating is sufficient to protect the Contractor from potential insurer insolvency.
- E. **VERIFICATION OF COVERAGE:** Contractor shall furnish the State of Arizona with certificates of insurance (valid ACORD form or equivalent approved by the State of Arizona) as required by this Contract and as specified in Attachment F3, Contractor Chart of Deliverables. An authorized representative of the insurer shall sign the certificates.
- All certificates and endorsements, as required by this written agreement, are to be received and approved by the State of Arizona before work commences. Each insurance policy required by this Contract must be in effect at or prior to commencement of work under this Contract and remain in effect for the duration of the project. Failure to maintain the insurance policies as required by this Contract, or to provide evidence of renewal, is a material breach of Contract.
- All certificates required by this Contract shall be sent directly to AHCCCS Contracts Unit, Mail Drop 5700, Division of Business and Finance, 701 E. Jefferson St., Phoenix, AZ 85034. All subcontractors are required to maintain insurance and to provide verification upon request. The AHCCCS project/contract number and project description shall be noted on the certificate of insurance. The State of Arizona and AHCCCS reserves the right to require complete, certified copies of all insurance policies required by this Contract at any time.
- F. **SUBCONTRACTORS:** Contractors' certificate(s) shall include all subcontractors as insureds under its policies or Contractor shall be responsible for ensuring and/or verifying that all subcontractors have valid and collectable insurance as evidenced by the certificates of insurance and endorsements for each subcontractor. All coverages for subcontractors shall be subject to the minimum requirements identified above. AHCCCS reserves the right to require, at any time throughout the life of this contract, proof from the Contractor that its subcontractors have the required coverage.
- G. **APPROVAL AND MODIFICATIONS:** AHCCCS, in consultation with State Risk, reserves the right to review or make modifications to the insurance limits, required coverages, or endorsements throughout the life of this contract, as deemed necessary. Such action will not require a formal contract amendment but may be made by administrative action.

- H. **EXCEPTIONS:** In the event the Contractor or subcontractor(s) is/are a public entity, then the Insurance Requirements shall not apply. Such public entity shall provide a certificate of self-insurance. If the Contractor or subcontractor(s) is/are a State of Arizona agency, board, commission, or university, none of the above shall apply.

[END OF ATTACHMENT E-1]

28. IRS W9 FORM

In order to receive payment under any resulting contract, the Contractor shall have a current IRS W9 Form on file with the State of Arizona.

29. LOBBYING

No funds paid to the Contractor by AHCCCS, or interest earned thereon, shall be used for the purpose of influencing or attempting to influence an officer or employee of any Federal or State agency, a member of the United States Congress or State Legislature, an officer or employee of a member of the United States Congress or State Legislature in connection with awarding of any Federal or State contract, the making of any Federal or State grant, the making of any Federal or State loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any Federal or State contract, grant, loan, or cooperative agreement. The Contractor shall disclose if any funds paid to the Contractor by AHCCCS have been used or will be used to influence the persons and entities indicated above and will assist AHCCCS in making such disclosures to CMS.

30. NO GUARANTEED QUANTITIES

AHCCCS does not guarantee the Contractor any minimum or maximum quantity of services or goods to be provided under this contract.

31. NON-DISCRIMINATION

In accordance with A.R.S. §41-1461 et seq. and Executive Order 2009-09, the Contractor shall provide equal employment opportunities for all persons, regardless of race, color, religion, creed, sex, age, national origin, disability or political affiliation. The Contractor shall comply with the Americans with Disabilities Act.

32. NON-EXCLUSIVE REMEDIES

The rights and the remedies of AHCCCS under this contract are not exclusive.

33. OFF-SHORE PERFORMANCE OF WORK PROHIBITED

Any services that are described in the specifications or scope of work that directly serve the State of Arizona or its clients and involve access to secure or sensitive data or personal client data shall be performed within the defined territories of the United States. Unless specifically stated otherwise in the specifications, this paragraph does not apply to indirect or "overhead" services, redundant back-up services or services that are incidental to the performance of the contract. This provision applies to work performed by subcontractors at all tiers.

34. ORDER OF PRECEDENCE

The parties to this contract shall be bound by all terms and conditions contained herein. For interpreting such terms and conditions the following sources shall have precedence in descending order: The Constitution and laws of the United States and applicable Federal regulations; the terms of the CMS 1115 waiver for the State of Arizona; the Constitution and laws of Arizona, and applicable State Rules; the terms of this contract which consists of the RFP, the proposal of the successful Offeror, and any Best and Final Offers including any attachments, executed amendments and modifications; and AHCCCS policies and procedures.

35. OWNERSHIP OF INFORMATION AND DATA

Materials, reports and other deliverables created under this contract are the sole property of AHCCCS. The Contractor is not entitled to any rights to those materials and may not transfer any rights to anyone

else. Except as necessary to carry out the requirements of this contract, as otherwise allowed under this contract, or as required by law, the Contractor shall not use or release data, information or materials, reports, or deliverables derived from that data or information without the prior written consent of AHCCCS. Data, information and reports collected or prepared by the Contractor in the course of performing its duties and obligations under this contract shall not be used by the Contractor for any independent project of the Contractor or publicized by the Contractor without the prior written permission of AHCCCS. Subject to applicable state and Federal laws and regulations, AHCCCS shall have full and complete rights to reproduce, duplicate, disclose and otherwise use all such information.

At the termination of the contract, the Contractor shall make available all such data to AHCCCS within 30 days following termination of the contract or such longer period as approved by AHCCCS, Office of the Director. For purposes of this subsection, the term "data" shall not include member medical records.

Except as otherwise provided in this section, if any copyrightable or patentable material is developed by the Contractor in the course of performance of this contract, the Federal government, AHCCCS and the State of Arizona shall have a royalty-free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use, and to authorize others to use, the work for state or Federal government purposes. The Contractor shall additionally be subject to the applicable provisions of 45 CFR Part 74.

36. RESERVED

37. RELATIONSHIP OF PARTIES

The Contractor under this contract is an independent Contractor. Neither party to this contract shall be deemed to be the employee or agent of the other party to the contract.

38. RIGHT OF OFFSET

AHCCCS shall be entitled to offset against any sums due the Contractor any expenses or costs incurred by AHCCCS or damages assessed by AHCCCS concerning the Contractor's non-conforming performance or failure to perform the contract, including but not limited to expenses, costs and damages.

39. RIGHT TO ASSURANCE

If AHCCCS, in good faith, has reason to believe that the Contractor does not intend to perform or is unable to continue to perform this contract, the procurement officer may demand in writing that the Contractor give a written assurance of intent to perform. The demand shall be sent to the Contractor by certified mail, return receipt required. Failure by the Contractor to provide written assurance within the number of days specified in the demand may, at the State's option, be the basis for terminating the contract.

40. RIGHT TO INSPECT PLANT OR PLACE OF BUSINESS

AHCCCS may, at reasonable times, inspect the part of the plant or place of business of the Contractor or subcontractor that is related to the performance of this contract, in accordance with A.R.S. §41-2547.

41. RESERVED

42. SEVERABILITY

The provisions of this contract are severable. Any term or condition deemed illegal or invalid shall not affect any other term or condition of the contract.

43. SUSPENSION OR DEBARMENT

The Contractor shall not employ, consult, subcontract or enter into any agreement for Title XIX services with any person or entity who is debarred, suspended or otherwise excluded from Federal procurement activity or from participating in non-procurement activities under regulations issued under Executive Order 12549 [42 CFR 438.610(a)(b)] or under guidelines implementing Executive Order 12549. This prohibition extends to any entity which employs, consults, subcontracts with or otherwise reimburses for services any person substantially involved in the management of another entity which is debarred, suspended or otherwise excluded from Federal procurement activity. The Contractor is obligated to screen all employees and contractors to determine whether any of them have been excluded from participation in Federal health care programs. The Contractor can search the HHS-OIG website by the names of any individuals. The database can be accessed at <http://www.oig.hhs.gov/fraud/exclusions.asp>.

The Contractor shall not retain as a director, officer, partner or owner of 5% or more of the Contractor entity, any person, or affiliate of such a person, who is debarred, suspended or otherwise excluded from Federal procurement activity.

AHCCCS may, by written notice to the Contractor, immediately terminate this contract if it determines that the Contractor has been debarred, suspended or otherwise lawfully prohibited from participating in any public procurement activity.

44. TEMPORARY MANAGEMENT/OPERATION OF A CONTRACTOR AND TERMINATION

Temporary Management/Operation by AHCCCS: Pursuant to the Medicaid Managed Care Regulations, 42 CFR 438.700 et seq. and State Law A.R.S. §36-2903, AHCCCS is authorized to impose temporary management for a Contractor under certain conditions. Under Federal law, temporary management may be imposed if AHCCCS determines that there is continued egregious behavior by the Contractor, including but not limited to the following: substantial failure to provide medically necessary services the Contractor is required to provide; imposition on enrollees premiums or charges that exceed those permitted by AHCCCS, discrimination among enrollees on the basis of health status or need for health care services; misrepresentation or falsification of information to AHCCCS or CMS; misrepresentation or falsification of information furnished to an enrollee or provider; distribution of marketing materials that have not been approved by AHCCCS or that are false or misleading; or behavior contrary to any requirements of Sections 1903(m) or 1932 of the Social Security Act. Temporary management may also be imposed if AHCCCS determines that there is substantial risk to enrollees' health or that temporary management is necessary to ensure the health of enrollees while the Contractor is correcting the deficiencies noted above or until there is an orderly transition or reorganization of the Contractor. Under Federal law, temporary management is mandatory if AHCCCS determines that the Contractor has repeatedly failed to meet substantive requirements in Sections 1903(m) or 1932 of the Social Security Act. Pursuant to 42 CFR 438.706, AHCCCS shall not delay imposition of temporary management to provide a hearing before imposing this sanction.

If AHCCCS undertakes direct operation of the Contractor, AHCCCS, through designees appointed by the Director, shall be vested with full and exclusive power of management and control of the Contractor as necessary to ensure the uninterrupted care to persons and accomplish the orderly transition of persons to a new or existing Contractor, or until the Contractor corrects the contract performance failure to the satisfaction of AHCCCS. AHCCCS shall have the power to employ any necessary assistants, to execute any instrument in the name of the Contractor, to commence, defend and conduct in its name any action or proceeding in which the Contractor may be a party; such powers shall only apply with respect to activities occurring after AHCCCS undertakes direct operation of the Contractor in connection with this Section.

All reasonable expenses of AHCCCS related to the direct operation of the Contractor, including attorney fees, cost of preliminary or other audits of the Contractor and expenses related to the management of any office or other assets of the Contractor, shall be paid by the Contractor or withheld from payment due from AHCCCS to the Contractor.

Termination: AHCCCS reserves the right to terminate this contract in whole or in part due to the failure of the Contractor to comply with any term or condition of the contract, including, but not limited to, circumstances which present risk to member health or safety, and as authorized by the Balanced Budget Act of 1997 and 42 CFR 438.708. If the Contractor is providing services under more than one contract with AHCCCS, AHCCCS may deem unsatisfactory performance under one contract to be cause to require the Contractor to provide assurance of performance under any and all other contracts. In such situations, AHCCCS reserves the right to seek remedies under both actual and anticipatory breaches of contract if adequate assurance of performance is not received. The Contracting Officer shall mail written notice of the termination and the reason(s) for it to the Contractor by certified mail, return receipt requested. Pursuant to the Balanced Budget Act of 1997 and 42 CFR 438.708, AHCCCS shall provide the Contractor with a pre-termination hearing before termination of the contract.

Upon termination, all documents, data, and reports prepared by the Contractor under the contract shall become the property of and be delivered to AHCCCS on demand.

AHCCCS may, upon termination of this contract, procure on terms and in the manner that it deems appropriate, materials or services to replace those under this contract. The Contractor shall be liable for any excess costs incurred by AHCCCS in re-procuring the materials or services.

45. TERM OF CONTRACT AND OPTION TO RENEW

The term of this contract shall be for two (2) initial years, with three (3) one-year options to extend, not to exceed a total contracting period of five years, pursuant to A.R.S. §36-2912 (B). The contract cycle is October 1 through September 30 with an annual October 1 renewal. The terms and conditions of any such contract extension shall remain the same as the original contract, as amended. Any contract extension shall be through contract amendment, and shall be at the sole option of AHCCCS.

When the Contracting Officer issues an amendment to extend the contract, the provisions of such extension will be deemed to have been accepted 30 days after the date of mailing by the Contracting Officer, unless a different time period is specified by AHCCCS, even if the extension amendment has not been signed by the Contractor, unless within that time the Contractor notifies the Contracting Officer in writing that it refuses to sign the extension amendment. Failure of an existing Contractor to accept an amendment (or renew) may result in immediate suspension/ termination of member assignment. If the Contractor provides such notification, the Contracting Officer will initiate contract termination proceedings.

If the Contractor chooses not to renew this contract, the Contractor may be liable for certain costs associated with the transition of its members to a different Contractor. The Contractor is required to provide 180 days advance written notice to the Contracts and Purchasing Administrator of its intent not to renew the contract. If the Contractor provides the Contracts and Purchasing Administrator written notice of its intent not to renew this contract at least 180 days before its expiration, this liability for transition costs may be waived by the Contracting Officer.

46. TERMINATION - AVAILABILITY OF FUNDS

Funds are not presently available for performance under this contract beyond the current fiscal year. No legal liability on the part of AHCCCS for any payment may arise under this contract until funds are made available for performance of this contract.

Notwithstanding any other provision in the Agreement, this Agreement may be terminated by Contractor, if, for any reason, there are not sufficient appropriated and available monies for the purpose of maintaining this Agreement. In the event of such termination, the Contractor shall have no further obligation to AHCCCS.

47. TERMINATION FOR CONFLICT OF INTEREST

AHCCCS may cancel this contract without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting or creating the contract on behalf of AHCCCS is, or becomes at any time while the contract or any extension of the contract is in effect, an employee of, or a consultant to, any other party to this contract with respect to the subject matter of the contract. The cancellation shall be effective when the Contractor receives written notice of the cancellation unless the notice specifies a later time.

If the Contractor is a political subdivision of the State, it may also cancel this contract as provided by A.R.S. §38-511.

48. TERMINATION FOR CONVENIENCE

AHCCCS reserves the right to terminate the contract in whole or in part at any time for the convenience of the State without penalty or recourse. The Contracting Officer shall give written notice by certified mail, of the termination at least 90 days before the effective date of the termination. Upon receipt of written notice, the Contractor shall stop all work, as directed in the notice, notify all subcontractors of the effective date of the termination and minimize all further costs to the State. In the event of termination under this paragraph, all documents, data and reports prepared by the Contractor under the contract shall become the property of and be delivered to AHCCCS. The Contractor shall be entitled to receive just and equitable compensation for work in progress, work completed and materials accepted before the effective date of the termination.

49. THIRD PARTY ANTITRUST VIOLATIONS

The Contractor assigns to the State any claim for overcharges resulting from antitrust violations to the extent that those violations concern materials or services supplied by third parties to the Contractor toward fulfillment of this contract.

50. TYPE OF CONTRACT

Fixed-Price, stated as capitated per member per month, except as otherwise provided.

51. WARRANTY OF SERVICES

The Contractor warrants that all services provided under this contract will conform to the requirements stated herein. AHCCCS' acceptance of services provided by the Contractor shall not relieve the Contractor from its obligations under this warranty. In addition to its other remedies, AHCCCS may, at the Contractor's expense, require prompt correction of any services failing to meet the Contractor's warranty herein. Services corrected by the Contractor shall be subject to all of the provisions of this contract in the manner and to the same extent as the services originally furnished.

[END OF SECTION E]

SECTION F: ATTACHMENTS

ATTACHMENT F1 ENROLLEE GRIEVANCE SYSTEM STANDARDS

The Contractor shall have a written policy delineating its Grievance System which shall be in accordance with applicable Federal and State laws, regulations and policies, including, but not limited to 42 CFR Part 438 Subpart F. The Contractor shall furnish Grievance System information to enrollees no later than 12 days after the Contractor receives notice of the enrollment and annually thereafter. The Contractor shall also provide this information to all providers and subcontractors at the time of contract. Additionally, the Contractor shall provide written notification of any significant change in this policy at least 30 days before the intended effective date of the change.

The written information provided to enrollees describing the Grievance System including the grievance process, the appeals process, enrollee rights, the grievance system requirements and timeframes, shall be in each prevalent non-English language occurring within the Contractor's service area and in an easily understood language and format. Written documents, including but not limited to, the Notice of Action, the Notice of Extension of Notice of Action, the Notice of Appeal Resolution and Notice of Extension for Resolution, contain information in the prevalent non-English language(s), prominently displayed in large bold print on the first page of the document, advising the enrollee that the written document is available in the prevalent non-English language(s) and in alternative formats along with an explanation of how enrollees may obtain this written information in the prevalent non-English language(s) and alternative formats. However, if prior to issuing a document in English, the Contractor receives information orally or in writing that the enrollee has a limited English proficiency in a prevalent non-English language, the Contractor shall translate the document in the applicable prevalent non-English language before providing it to the enrollee. The Contractor shall also inform enrollees that oral interpretation services are available in any language.

For additional information regarding the enrollee Notice of Action process, the Contractor should refer to ACOM Policy 414 and 42 CFR Part 438. **Failure to comply with any of these provisions may result in an imposition of sanctions.**

At a minimum, the Contractor's Grievance System Standards and Policy shall specify:

1. That the Contractor shall maintain records of all grievances, appeals and requests for hearing.
2. That the Contractor has a mechanism for tracking receipt, acknowledgement, investigation and resolution of grievances, appeals and requests for hearing within the required timeframes.
3. Information explaining the grievance, appeal, and fair hearing procedures and timeframes. This information shall include a description of the circumstances when there is a right to a hearing, the method for obtaining a hearing, the requirements which govern representation at the hearing, the right to file grievance and appeals and the requirements and timeframes for filing a grievance, appeal, or request for hearing.
4. The availability of assistance in the filing process and the Contractor's toll-free numbers that an enrollee can use to file a grievance or appeal by phone.
5. That the Contractor shall acknowledge receipt of each grievance and appeal. For grievances, the Contractor is not required to acknowledge receipt of the Grievance in writing, however, if the enrollee requests written acknowledgement, the acknowledgement must be made within five

business days of receipt of the request. For Appeals, the Contractor shall acknowledge receipt of standard appeals in writing within five business days of receipt and within one business day of receipt of expedited appeals.

6. That the Contractor shall permit both oral and written appeals and grievances and that oral inquiries appealing an action are treated as appeals.
7. The definition of action [42 CFR 438.400(b)] and that an enrollee, or their designated representative, may file an appeal of an action taken by the Contractor. Actions include:
 - a. Denial or limited authorization of a requested service, including the type or level of service;
 - b. Reduction, suspension, or termination of a previously authorized service;
 - c. Denial, in whole or in part, of payment for a service;
 - d. Failure to provide services in a timely manner, as defined by the State;
 - e. Failure to act within the timeframes provided in 42 CFR 438.408(b) required for standard and expedited resolution of appeals and standard disposition of grievances; or
 - f. Denial of a rural enrollee's request to obtain services outside the Contractor's network under 42 CFR 438.52(b)(2)(ii), when the Contractor is the only Contractor in the rural area.
8. The definition of appeal as the request for review of an action, as defined above [42 CFR 438.400(b)].
9. That the Contractor shall ensure that individuals who make decisions regarding grievances and appeals are individuals not involved in any previous level of review or decision making and that individuals who make decisions regarding: 1) appeals of denials based on lack of medical necessity, 2) a grievance regarding denial of expedited resolution of an appeal or 3) grievances or appeals involving clinical issues are health care professionals as defined in 42 CFR 438.2 with the appropriate clinical expertise in treating the enrollee's condition or disease.
9. The definition of grievance as a member's expression of dissatisfaction with any aspect of their care, other than the appeal of actions. There are no time limits for filing an enrollee grievance.
10. That an enrollee must file a grievance with the Contractor and that the enrollee is not permitted to file a grievance directly with AHCCCS.
11. That the Contractor must resolve each grievance within 10 business days of receipt, absent extraordinary circumstances. However, no grievances shall exceed 90 days for resolution. Contractor decisions on enrollee grievances cannot be appealed.
12. That the Contractor responds in writing, if an enrollee requests a written explanation of the resolution, and the response must be mailed within 10 business days of resolution of the grievance.
13. That an enrollee shall be given 60 days from the date of the Contractor's Notice of Action to file an appeal.
14. Information explaining that a provider acting on behalf of an enrollee and with the enrollee's written consent, may file an appeal.

15. That the Contractor include, as parties to the appeal, the enrollee, the enrollee's legal representative, or the legal representative of a deceased enrollee's estate.
16. That the Contractor must ensure that punitive action is not taken against a provider who either requests an expedited resolution or supports an enrollee's appeal.
17. The resolution timeframes for standard appeals and expedited appeals may be extended up to 14 days if the enrollee requests the extension or if the Contractor establishes a need for additional information and that the delay is in the enrollee's interest.
18. That if the Contractor extends the timeframe for resolution of an appeal when not requested by the enrollee, the Contractor shall provide the enrollee with written notice of the reason for the delay.
19. The definition of a service authorization request as an enrollee's request for the provision of a service [42 CFR 431.201].
20. The definition of a standard authorization request. For standard authorization decisions, the Contractor must provide a Notice of Action to the enrollee as expeditiously as the enrollee's health condition requires, but not later than 14 days following the receipt of the authorization request with a possible extension of up to 14 days if the enrollee or provider requests an extension or if the Contractor establishes a need for additional information and delay is in the enrollee's best interest [42 CFR 438.210(d)(1)]. The Notice of Action must comply with the advance notice requirements when there is a termination or reduction of a previously authorized service OR when there is a denial of an authorization request and the physician asserts that the requested service/treatment is a necessary continuation of a previously authorized service.
21. The definition of an expedited authorization request. For expedited authorization decisions, the Contractor must provide a Notice of Action to the enrollee as expeditiously as the enrollee's health condition requires, but not later than three business days following the receipt of the authorization request with a possible extension of up to 14 days if the enrollee or provider requests an extension or if the Contractor establishes a need for additional information and delay is in the enrollee's interest [42 CFR 438.210(d)(2)].
22. That the Notice of Action for a service authorization decision not made within the standard or expedited timeframes, whichever is applicable, will be made on the date that the timeframes expire. If the Contractor extends the timeframe to make a standard or expedited authorization decision, the Contractor must give the enrollee written notice of the reason to extend the timeframe and inform the enrollee of the right to file a grievance if the enrollee disagrees with the decision. The Contractor must issue and carry out its decision as expeditiously as the enrollee's health condition requires and no later than the date the extension expires.
23. That the Contractor shall notify the requesting provider of the decision to deny or reduce a service authorization request. The notice to the provider must be written.
24. That the Contractor shall mail a Notice of Action: 1) at least 10 days before the date of a termination, suspension or reduction of previously authorized AHCCCS services, except as provided in (a)-(e) below; 2) at least five days before the date of action in the case of suspected fraud; 3) at the time of any action affecting the claim when there has been a denial of payment for a service, in whole or in part; 4) within 14 days from receipt of a standard service authorization request and within three business days from receipt of an expedited service

authorization request, unless an extension is in effect. For service authorization decisions, the Contractor shall also ensure that the Notice of Action provides the enrollee with advance notice and the right to request continued benefits for all terminations and reductions of a previously authorized service and for denials when the physician asserts that the requested service/treatment which has been denied is a necessary continuation of a previously authorized service. As described below, the Contractor may elect to mail a Notice of Action no later than the date of action when:

- a. The Contractor receives notification of the death of an enrollee
 - b. The enrollee signs a written statement requesting service termination or gives information requiring termination or reduction of services (which indicates understanding that the termination or reduction will be the result of supplying that information)
 - c. The enrollee is admitted to an institution where he is ineligible for further services
 - d. The enrollee's address is unknown and mail directed to the enrollee has no forwarding address
 - e. The enrollee has been accepted for Medicaid in another local jurisdiction
25. That the Notice of Action must explain: 1) the action the Contractor has taken or intends to take, 2) the reasons for the action, 3) the enrollee's right to file an appeal with the Contractor, 4) the procedures for exercising these rights, 5) circumstances when expedited resolution is available and how to request it and 6) the enrollee's right to receive continued benefits pending resolution of the appeal, how to request continued benefits and the circumstances under which the enrollee may be required to pay for the cost of these services. The Notice of Action shall comply with ACOM Policy 414.
26. The definition of a standard appeal and that the Contractor shall resolve standard appeals no later than 30 days from the date of receipt of the appeal unless an extension is in effect. If a Notice of Appeal Resolution is not completed when the timeframe expires, the member's appeal shall be considered to be denied by the Contractor, and the member can file a request for hearing.
27. The definition of an expedited appeal and that the Contractor shall resolve all expedited appeals no later than three business days from the date the Contractor receives the appeal (unless an extension is in effect) where the Contractor determines (for a request from the enrollee), or the provider (in making the request on the enrollee's behalf indicates) that the standard resolution timeframe could seriously jeopardize the enrollee's life or health or ability to attain, maintain or regain maximum function. The Contractor shall make reasonable efforts to provide oral notice to an enrollee regarding an expedited resolution appeal. If a Notice of Appeal Resolution is not completed when the timeframe expires, the member's appeal shall be considered to be denied by the Contractor, and the member can file a request for hearing.
28. That if the Contractor denies a request for expedited resolution, it must transfer the appeal to the 30-day timeframe for a standard appeal. The Contractor must make reasonable efforts to give the enrollee prompt oral notice and follow-up within two days with a written notice of the denial of expedited resolution.
29. That benefits shall continue until a hearing decision is rendered if: 1) the enrollee files an appeal before the later of a) 10 days from the mailing of the Notice of Action or b) the intended date of the Contractor's action, 2) a) the appeal involves the termination, suspension, or reduction of a previously authorized course of treatment or b) the appeal involves a denial and the physician asserts that the requested service/treatment is a necessary continuation of a previously authorized

service, 3) the services were ordered by an authorized provider and 4) the enrollee requests a continuation of benefits.

For purposes of this paragraph, benefits shall be continued based on the authorization which was in place prior to the denial, termination, reduction, or suspension which has been appealed.

30. That the Contractor continues extended benefits originally provided to the enrollee until any of the following occurs: 1) the enrollee withdraws the appeal, 2) the enrollee has not specifically requested continued benefits pending a hearing decision within 10 days of the Contractor mailing of the appeal resolution notice, or 3) AHCCCS issues a state fair hearing decision adverse to the enrollee.
31. That for appeals, the Contractor provides the enrollee a reasonable opportunity to present evidence and allegations of fact or law in person and in writing and that the Contractor informs the enrollee of the limited time available in cases involving expedited resolution.
32. That for appeals, the Contractor provides the enrollee and his representative the opportunity before and during the appeals process to examine the enrollee's case file including medical records and other documents considered during the appeals process.
33. That the Contractor shall provide written Notice of Appeal Resolution to the enrollee and the enrollee's representative or the representative of the deceased enrollee's estate which must contain: 1) the results of the resolution process, including the legal citations or authorities supporting the determination, and the date it was completed, and 2) for appeals not resolved wholly in favor of enrollees: a) the enrollee's right to request a State fair hearing (including the requirement that the enrollee must file the request for a hearing in writing) no later than 30 days after the date the enrollee receives the Contractor's notice of appeal resolution and how to do so, b) the right to receive continued benefits pending the hearing and how to request continuation of benefits and c) information explaining that the enrollee may be held liable for the cost of benefits if the hearing decision upholds the Contractor.
34. That if the enrollee files a request for hearing the Contractor must ensure that the case file and all supporting documentation is received by the AHCCCS Office of Administrative Legal Services (OALS) as specified by OALS. The file provided by the Contractor must contain a cover letter that includes:
 - a. Enrollee's name
 - b. Enrollee's AHCCCS I.D. number
 - c. Enrollee's address
 - d. Enrollee's phone number (if applicable)
 - e. Date of receipt of the appeal
 - f. Summary of the Contractor's actions undertaken to resolve the appeal and summary of the appeal resolution
35. The following material shall be included in the file sent by the Contractor:
 - a. The Enrollee's written request for hearing
 - b. Copies of the entire appeal file which includes all supporting documentation including pertinent findings and medical records
 - c. The Contractor's Notice of Appeal Resolution
 - d. Other information relevant to the resolution of the appeal

F1 ENROLLEE GRIEVANCE SYSTEM STANDARDS

Contract/RFP No. YH14-0002

36. That if the Contractor or the State fair hearing decision reverses a decision to deny, limit or delay services not furnished during the appeal or the pendency of the hearing process, the Contractor shall authorize or provide the services promptly and as expeditiously as the enrollee's health condition requires irrespective of whether the Contractor contests the decision.
37. That if the Contractor or State fair hearing decision reverses a decision to deny authorization of services and the disputed services were received pending appeal, the Contractor shall pay for those services, as specified in policy and/or regulation.
38. That if the Contractor or the Director's Decision reverses a decision to deny, limit, or delay authorization of services, and the member received the disputed services while the appeal was pending, the Contractor shall process a claim for payment from the provider in a manner consistent with the Contractor's or Director's Decision and applicable statutes, Rules, policies, and contract terms. The provider shall have 90 days from the date of the reversed decision to submit a clean claim to the Contractor for payment. For all claims submitted as a result of a reversed decision, the Contractor is prohibited from denying claims for un-timeliness if they are submitted within the 90 day timeframe. The Contractor is also prohibited from denying claims submitted as a result of a reversed decision because the member failed to request continuation of services during the appeals/hearing process: a member's failure to request continuation of services during the appeals/hearing process is not a valid basis to deny the claim.
39. That if the Contractor or State fair hearing decision upholds a decision to deny authorization of services and the disputed services were received pending appeal, the Contractor may recover the cost of those services from the enrollee.

ATTACHMENT F2 PROVIDER CLAIM DISPUTE STANDARDS

The Contractor shall have in place a written claim dispute policy for its subcontractors and non-contracted providers. The policy shall be in accordance with applicable Federal and State laws, regulations and policies. **Failure to comply with any of these provisions may result in the imposition of sanctions.**

The claim dispute policy shall include the following provisions:

1. That the Provider Claim Dispute Policy shall stipulate that all claim disputes must be adjudicated in Arizona, including those claim disputes arising from claims processed by an Administrative Services Subcontractor.
2. That the Provider Claim Dispute Policy shall be provided to all subcontractors at the time of contract. For providers without a contract, the claim dispute policy may be mailed with a remittance advice, provided the remittance is sent within 45 days of receipt of a claim.
3. That the Provider Claim Dispute Policy must specify that all claim disputes challenging claim payments, denials or recoupments must be filed in writing with the Contractor no later than 12 months from the date of service, 12 months after the date of eligibility posting or within 60 days after the payment, denial or recoupment of a timely claim submission, whichever is later.
4. That the Provider Claim Dispute Policy must specify a physical local address in Arizona for the submission of all provider claim disputes and hearing requests.
5. That specific individuals are appointed with authority to require corrective action and with requisite experience to administer the claim dispute process.
6. That the Contractor shall develop and maintain a tracking log for all claim disputes containing sufficient information to identify the Complainant, date of receipt, nature of the claim dispute, resolution of the claim dispute and the date of resolution.
7. That claim disputes are acknowledged in writing and within five business days of receipt.
8. Claim disputes are thoroughly investigated using the applicable statutory, regulatory, contractual and policy provisions, ensuring that relevant facts are obtained from all parties.
9. All documentation received by the Contractor during the claim dispute process is dated upon receipt.
10. Claim disputes are filed in a secure, designated area and are retained for five years following the Contractor's decision, the AHCCCS' decision, judicial appeal or close of the claim dispute, whichever is later, unless otherwise provided by law.
11. A copy of the Contractor's Notice of Decision "Decision" shall be mailed to all parties no later than 30 days after the provider files a claim dispute with the Contractor, unless the provider and Contractor agree to a longer period. The Decision must include and describe in detail, the following:

SECTION F: ATTACHMENTS
ATTACHMENT F2 PROVIDER CLAIM DISPUTE STANDARDS **Contract No. YH14-0002**

- a. The nature of the claim dispute.
 - b. The specific factual and legal basis for the dispute, including but not limited to, an explanation of the specific facts that pertain to the claim dispute, the identification of the member name, pertinent dates of service, dates and specific reasons for Contractor denial/payment of the claim, and whether or not the provider is a contracted provider.
 - c. The reasons supporting the Contractor Decision, including an explanation of 1) how the Contractor applies the relevant and specific facts in the case to the relevant laws to support the Contractor's decision and 2) the applicable statutes, rules, contractual provisions, policies, and procedures, if applicable. Reference to general legal authorities alone is not acceptable.
 - d. The Provider's right to request a hearing by filing a written request to the Contractor no later than 30 days after the date the provider receives the Decision.
 - e. If the claim dispute is overturned, in full or in part, the requirement that the Contractor shall reprocess and pay the claim(s) in a manner consistent with the decision within 15 business days of the date of the Decision.
12. If the provider files a written request for hearing, the Contractor must ensure that all supporting documentation is received by the AHCCCS Office of Administrative Legal Services (OALS), no later than five business days from the date the Contractor receives the provider's written hearing request. The file sent by the Contractor must contain a cover letter that includes:
- a. The provider's name
 - b. The provider's address
 - c. The member's name and AHCCCS Identification Number
 - d. The provider's phone number (if applicable)
 - e. The date that the claim dispute was received by the Contractor
 - f. A summary of the actions undertaken by the Contractor to resolve the claim dispute and basis for the determination

If the Contractor upholds a claim dispute and a request for hearing is subsequently filed, the Contractor must review the matter to determine why the request for hearing was filed and resolve the matter when appropriate.

13. The following material shall be included in the file sent by the Contractor:
- a. The written request for hearing filed by the provider
 - b. Copies of the entire file which includes pertinent records; and the Decision
 - c. Other information relevant to the Decision
14. If the Contractor's Decision regarding a claim dispute is reversed, in full or in part, through the appeal process, the Contractor shall reprocess and pay the claim(s) in a manner consistent with the decision along with any applicable interest within 15 business days of the date of the Decision.

If the Contractor or the State fair hearing decision reverses a decision to deny, limit or delay services not furnished during the claim dispute or the pendency of the hearing process, the Contractor shall authorize or provide the services promptly and as expeditiously as the enrollee's health condition requires irrespective of whether the Contractor contests the decision.

ATTACHMENT F3 CONTRACTOR CHART OF DELIVERABLES

The following table is a summary of the periodic reporting requirements for the Contractor and is subject to change at any time during the term of the contract. The table is presented for convenience only and should not be construed to limit the Contractor’s responsibilities in any manner. Content for all deliverables is subject to review. AHCCCS may assess sanctions if it is determined that late, inaccurate or incomplete data is submitted.

The deliverables listed below are due by 5:00 PM on the due date indicated, if the due date falls on a weekend or a State Holiday the due date is 5:00 PM on the next business day.

If a Contractor is in compliance with the contractual standards on the deliverables below marked with an asterisk (*), for a period of three consecutive months, the Contractor may request to submit data on a quarterly basis. However, if the Contractor is non-compliant with any standard on the deliverable or AHCCCS has concerns during the reporting quarter, the Contractor must immediately begin to submit on a monthly basis until three consecutive months of compliance are achieved.

AHCCCS will assess the following sanctions on the deliverables listed below, under DHCM, Acute Care Operations, Clinical Quality Management and Medical Management that are not received by 5:00 PM on the due date indicated, if the due date falls on a weekend or a State Holiday, sanctions will be assessed on deliverables not received by 5:00 PM on the next business day.

Late Deliverables

1 st time “late” sanction/ 1-10 days:	\$5,000
1 st time “late” sanction/ 11-20 days:	\$10,000
1 st time “late” sanction/ over 21 days:	\$15,000
2 nd time “late” sanction/ 1-10 days:	\$10,000
2 nd time “late” sanction/ 11-20 days:	\$20,000
2 nd time “late” sanction/over 21 days:	\$30,000
3 rd time “late” sanction/ 1-10 days:	\$20,000
3 rd time “late” sanction/ 11-20 days:	\$40,000
3 rd time “late” sanction/over 21 days:	\$60,000

The sanctions outlined above are deliverable specific. For example, if the Contractor submits its claims dashboard five days late in January, a \$5,000 sanction will be assessed. The next month, if the Contractor submits its administrative measures five days late, it will be assessed a 1st time late sanction of \$5,000. However if the Contractor submits the claims dashboard five days late again in March AHCCCS will assess a 2nd time late sanction of \$10,000.
