What is AHCCCS?

- Founded in 1982, the Arizona Health Care Cost Containment System (written as AHCCCS and pronounced 'access') is Arizona's Medicaid program, a federal health care program jointly funded by the federal and state governments for individuals and families who qualify based on income level.

- Built on a system of competition and choice, AHCCCS is a $14 billion program that operates under an integrated managed care model, through a Research and Demonstration 1115 Waiver. Contracted health plans coordinate and pay for physical and behavioral health care services delivered by more than 80,000 health care providers to 1.8 million Arizonans.

Prior Authorization Process
What is a Prior Authorization?

Prior Authorization (PA) is a process by which the AHCCCS Division of Fee-For-Service (FFS) Management (DFSM) determines in advance whether a service that requires prior approval will be covered, based on the initial information received.

A prior authorization may be granted provisionally (as a temporary authorization) pending the receipt of required documentation to substantiate compliance with AHCCCS criteria.

i. A Prior Authorization does not guarantee payment.

ii. Reimbursement is based on the accuracy of the information received with the original PA, on whether or not the service is substantiated through concurrent and/or medical review, and on whether the claim meets claims submission requirements.
Programs and Services that do not Require a Prior Authorization

The following services are **not** authorized by the AHCCCS Care Management System Unit (CMSU). Providers must contact the appropriate entity for authorization of certain services.

- Non-Acute Services for Tribal ALTCS Program members – Please contact the Tribal ALTCS Case Manager.
- Transplant Services – Please contact Medical Management in the AHCCCS Division of Health Care Management (DHCM).
- Prescription Medications – Please contact the Pharmacy Benefit Manager (PBM), OptumRx at (855) 577-6310.
- Behavioral Health PA Requests for Acute FFS members that are assigned to a Regional Behavioral Health Authority – Please contact the RBHA.
Primary PA Submission Method

The primary method of submission is the AHCCCS Online Provider Portal. You can also find the link to the AHCCCS Online Provider Portal in the Plans/Providers menu.  

Getting Started!

1. New users shall set up an AHCCCS online account.

2. Enter the authorization request via the PA submission link in the AHCCCS online web portal.

3. Attach required clinical documentation via the online attachment feature.

4. An authorization number is generated automatically, which will remain in a pending status until an authorization decision is made. A PA confirmation letter is then mailed to the provider indicating the pending authorization status.

5. After documentation submitted by the provider has been reviewed and an authorization decision is made, a PA confirmation letter is mailed to the provider indicating the updated authorization status.

Providers can check the status of a submitted authorization request online and view messages from PA staff under the Prior Authorization Inquiry link.
Secondary PA Submission Methods

Telephone Option:

This option is reserved for **urgent requests** after submitting documents through AHCCCS Online Provider Portal or hospital discharges.

An urgent request, as defined in **A.A.C. R9-34-306 (B)**, is one in which following the standard time frame for a request could seriously jeopardize the FFS member’s life or health, or ability to attain, maintain, or regain maximum function.

Following submission of the online urgent request with the required documentation, provider must call the PA line (listed above) to inform PA staff of submission of an urgent request, and after documentation submitted by the provider is reviewed and an authorization determination is made, a PA confirmation letter is mailed to the provider indicating the authorization status.

**Telephone Numbers**

1-602-417-4400 (Phoenix Area)
1-800-433-0425 (Arizona)

Provider must submit the fax request with the required FFS PA request form as the first page of the fax, and include the required clinical documentation.

An authorization number is faxed to the provider after information is reviewed, and a PA confirmation letter indicating the authorization status is mailed to the provider.

The electronic payment option processes payments using the Automated Clearing House (ACH). This method enables providers to receive reimbursement more quickly than issuing a check. The Arizona Clearing House Association (ACHA) processes the payment directly to the provider's bank account through Bank of America, which functions as the State servicing bank.

The benefits of receiving payments electronically are:

• Immediate availability of funds
• Fully traceable payments
• Elimination of mail and deposit delays
• Elimination of lost, stolen, or misplaced checks

The ACH Vendor Authorization form is used by providers to begin receiving electronic FFS reimbursement. You may complete and submit the form yourself by going to AHCCCS Online. This is where providers go to check claims' status or to submit claims electronically. Once logged in, click on EFT ENROLLMENT on the top-left of the screen.

Who may request ERA setup?

AHCCCS considers the provider their trading partner, and a request for electronic remittance advice (ERA) or 835 transaction setup must come from an authorized individual from within the provider's organization; **it cannot be initiated by the provider's clearinghouse, software vendor, or billing service.**

How can a provider request ERA setup?
