**Subject:** Changes to 5010 834 for Behavioral Health Active Care Designation

As discussed in the August Technical Consortium meeting, AHCCCS has been working with ADHS/BHS to obtain and capture designation of Behavioral Health enrolled members who are actively receiving behavioral health services.

The attached 5010 834 example outlines how this data will be presented to you.

The current timeline for implementation of this change is January 2012 and additional updates will be sent as we get closer to that date.

If you have any questions, concerns, etc... please let us know. Thank you.
