

## Current Timelines and Status - ICD10

- Just a reminder – applies to outpatient dates of service and inpatient dates of discharge 10/1/2013 and later. Mandates that ICD-9 procedures and diagnosis codes be replaced with ICD-10 procedure and diagnosis codes.
- High Level Project Planning is progressing.
- AHCCCS plans to implement “Native” processing and will not employee the use of cross-walks or maps.
- Initial assessments of systems impacts have been completed and review is in progress.
- An inventory of impacted policies, documentation, etc... is in draft.
- Training opportunities and inventory of available materials in progress.
