# Managed Care Program Annual Report (MCPAR) for Arizona: AHCCCS Complete Care (ACC)

Due date	Last edited	Edited by	Status
03/29/2025	03/28/2025	Maxwell Seifer	Submitted
	Indicator	Response	
	Exclusion of CHIP from MCPAR	Not Selected	
	Enrollees in separate CHIP programs funded under Title XXI should not be reported in the MCPAR. Please check this box if the state is unable to remove information about Separate CHIP enrollees from its reporting on this program.		

### **Section A: Program Information**

**Point of Contact** 

Number	Indicator	Response
A1	State name	Arizona
	Auto-populated from your account profile.	
A2a	Contact name	Maxwell Seifer
	First and last name of the contact person. States that do not wish to list a specific individual on the report are encouraged to use a department or program-wide email address that will allow anyone with questions to quickly reach someone who can provide answers.	
A2b	Contact email address	maxwell.seifer@azahcccs.gov
	Enter email address. Department or program-wide email addresses ok.	
АЗа	Submitter name	Maxwell Seifer
	CMS receives this data upon submission of this MCPAR report.	
A3b	Submitter email address	maxwell.seifer@azahcccs.gov
	CMS receives this data upon submission of this MCPAR report.	
A4	Date of report submission	03/28/2025
	CMS receives this date upon submission of this MCPAR report.	

### **Reporting Period**

Number	Indicator	Response
A5a	Reporting period start date	10/01/2023
	Auto-populated from report dashboard.	
A5b	Reporting period end date	09/30/2024
	Auto-populated from report dashboard.	
A6	Program name	AHCCCS Complete Care (ACC)
	Auto-populated from report dashboard.	

### Add plans (A.7)

Enter the name of each plan that participates in the program for which the state is reporting data.

Indicator	Response
Plan name	ACC: AZ Complete Health
	ACC: Banner University
	ACC: Care 1st
	ACC: Molina
	ACC: Mercy Care
	ACC: United Health Comm Plan
	ACC: Health Choice

### Add BSS entities (A.8)

Enter the names of Beneficiary Support System (BSS) entities that support enrollees in the program for which the state is reporting data. Learn more about BSS entities at 42 CFR 438.71. See Glossary in Excel Workbook for the definition of BSS entities.

Examples of BSS entity types include a: State or Local Government Entity, Ombudsman Program, State Health Insurance Program (SHIP), Aging and Disability Resource Network (ADRN), Center for Indepedent Living (CIL), Legal Assistance Organization, Community-based Organization, Subcontractor, Enrollment Broker, Consultant, or Academic/Research Organization.

Ir	ndicator	Response
В	SS entity name	AHCCCS

### Add In Lieu of Services and Settings (A.9)

Beginning December 2025, this section must be completed by states that authorize ILOS. Submission of this data before December 2025 is optional.

This section must be completed if any ILOSs other than short term stays in an Institution for Mental Diseases (IMD) are authorized for this managed care program. **Enter the name of each ILOS offered as it is identified in the managed care plan contract(s).** Guidance on In Lieu of Services on Medicaid.gov.

Indicator	Response
ILOS name	

### **Section B: State-Level Indicators**

**Topic I. Program Characteristics and Enrollment** 

Number	Indicator	Response
BI.1	Statewide Medicaid enrollment	2,168,516
	Enter the average number of individuals enrolled in Medicaid per month during the reporting year (i.e., average member months). Include all FFS and managed care enrollees and count each person only once, regardless of the delivery system(s) in which they are enrolled.	
BI.2	Statewide Medicaid managed care enrollment	1,896,734
	Enter the average number of individuals enrolled in any type of Medicaid managed care per month during the reporting year (i.e., average member months). Include all managed care programs and count each person only once, even if they are enrolled in multiple managed care programs or plans.	

### **Topic III. Encounter Data Report**

Number	Indicator	Response
BIII.1	Data validation entity	State Medicaid agency staff
	Select the state agency/division or contractor tasked with evaluating the validity of encounter data submitted by MCPs. Encounter data validation includes verifying the accuracy, completeness, timeliness, and/or consistency of encounter data records submitted to the state by Medicaid managed care plans. Validation steps may include pre-acceptance edits and post-acceptance analyses. See Glossary in Excel Workbook for more information.	

### **Topic X: Program Integrity**

Response

### BX.1

# Payment risks between the state and plans

Indicator

Describe service-specific or other focused PI activities that the state conducted during the past year in this managed care program.

Examples include analyses focused on use of long-term services and supports (LTSS) or prescription drugs or activities that focused on specific payment issues to identify, address, and prevent fraud, waste or abuse. Consider data analytics, reviews of under/overutilization, and other activities. If no PI activities were performed, enter "No PI activities were performed during the reporting period" as your response. "N/A" is not an acceptable response.

1) Behavioral Health Fraud focus; specifically Substance Abuse within the Outpatient Treatment Setting. This focus has included a 6 year rolling report of top abused Hoodes within the IOP setting, providing summaries of expenditures and comparison by health plan, service provider, and billing provider. Behavioral Health continues to be a driving focus within OIG as evidence by the increased number of Credible Allegation of Fraud (CAF) Payment Suspensions, terminations, and case partnerships with the MFCU and other law enforcement agencies. Additionally, there has been sharing of pre pay review code unit limits and filters with MCOs for awareness. Due to large scale of CAFs, we have established a civil remedy process to finalize these investigations, the results of which have outcomes posted online (i.e. exclusion lists MCOs can use). AHCCCS has spent considerable time ensuring member safety and fallout provisions such as housing, crisis services, care coordination, etc. were established in response to the large amount of BH fraud. 2) Habilitation and attendant care providers, along with billing for respite, have become a focus. OIG has initiated a dedicated effort to review and investigate these provider types and billing. Additionally, our previous in depth analysis on respite coincides with an increase in referrals. 3) CMS communicated significant hospice concerns to AZ as a result of the moratorium in California. OIG, in conjunction with independent review from the MCOs, also reviewed and verified there were no current hospice concerns identified in any of the billing data. This topic has been set for a biannual review cadence to ensure items are closely monitored. This review occurred again and there have been no AZ Medicaid hospice concerns identified by the MCOs. 4) OIG continues to facilitate rolling annual audits, such as those examining billing for services after date of death and billing for outpatient services while a member is inpatient. 5) OIG provided analyses on allergy testing and immunotherapy utilization for MCO and FFS populations, as well as the over 21 and under 21 populations. 6) OIG, in partnership with OGC, created NDA agreements so MCOs will come to the table to discuss FWA schemes.

These are currently in the process of being updated to meet the new HIPAA requirements. 7) Review of members incorrectly enrolled in the AIHP program, removing those who were ineligible for it. There was in response to an influx of members who had their enrollment switched to AIHP in order to facilitate various fraud schemes. 8) In FFY24 the following audits were initiated by OIG - 23 Deficit Reduction Act (DRA) Audits; 2 Provider Compliance Audits; 22 American Rescue Plan (ARP) Audits; and 3 Targeted Investments (TI) Audits. In FFY24 the following audits were completed by OIG - 21 Deficit Reduction Act (DRA) Audits; 121 Member Date of Death Audits; 71 Targeted Investments (TI) Audits; 53 Inpatient Care Audits; 1 Federally Qualified Healthcare Center (FQHC) Audit; 5 American Rescue Plan (ARP) Audits. 9) Qlarant (AHCCCS UPIC contractor) looking at Laboratories, ABA providers, and Hospice providers. Our current use of Qlarant assists with the oversight of a variety of provider types.

# BX.2 Contract standard for overpayments

Does the state allow plans to retain overpayments, require the return of overpayments, or has established a hybrid system? Select one.

State requires the return of overpayments

# BX.3 Location of contract provision stating overpayment standard

Describe where the overpayment standard in the previous indicator is located in plan contracts, as required by 42 CFR 438.608(d)(1)(i).

The Managed Care Entities (MCE) refers all suspicions of fraud, waste, and abuse to the AHCCCS, OIG. The MCEs are required by the **AHCCCS Contractors Operations Manual** (ACOM), Chapter 100, Policy103, and by the Corporate Compliance Program as outlined in Section D, Paragraph 58 of the AHCCCS contracts, to report all suspected fraud, waste, and abuse to the OIG immediately upon suspicion. Additionally, MCEs shall not conduct any investigation or review allegations of fraud, waste, or abuse involving the AHCCCS program. Further in the same section, any denial of credentialing by the contractor must be reported to AHCCCS, to include but not limited to licensure issues; quality of care concerns; excluded providers; or actions due to fraud, waste, or abuse. In accordance with 42 CFR 455.14, AHCCCS, OIG, will conduct a preliminary investigation to determine if there is sufficient basis to warrant a full investigation. Specifically,

once a Contractor has referred a case of alleged fraud, waste, or abuse to AHCCCS, the contractor is not allowed to recoup, or otherwise off-set any suspected payments.

### BX.4 Description of overpayment contract standard

Briefly describe the overpayment standard (for example, details on whether the state allows plans to retain overpayments, requires the plans to return overpayments, or administers a hybrid system) selected in indicator B.X.2.

In addition to the response given in BX3, ACOM 103 further outlines The Contractor agrees that AHCCCS has the sole authority to handle and dispose of any matter involving fraud, waste, and/or abuse. The Contractor assigns to AHCCCS the right to recoup any amounts overpaid to a provider as a result of fraud, waste, and/or abuse. If the Contractor receives anything of value that could be construed to represent the repayment of any amount expended due to fraud, waste or abuse, the Contractor shall forward that recovery to AHCCCS/OIG within 30 days of its receipt. As specified in the AHCCCS Minimum Subcontractor Provisions (MSPs), the above requirements apply to any actions undertaken on behalf of a Contractor by a subcontractor. The Contractor relinquishes each, every, any, and all claims to any monies received by AHCCCS as a result of any program integrity efforts which include, but are not limited to: recovery of an overpayment, civil monetary penalties and assessments, civil settlements and/or judgments, criminal restitution, collection by AHCCCS or indirectly on AHCCCS' behalf by the Arizona Attorney General, and/or other matters as applicable.

# BX.5 State overpayment reporting monitoring

Describe how the state monitors plan performance in reporting overpayments to the state, e.g. does the state track compliance with this requirement and/or timeliness of reporting? The regulations at 438.604(a) (7), 608(a)(2) and 608(a)(3) require plan reporting to the state on various overpayment topics (whether annually or promptly). This indicator is asking the state how it monitors that reporting.

Encounters are utilized by AHCCCS' in-house actuaries as part of the capitation rate setting process. The actuaries review costs reported on encounters to financial statement costs. This activity validates the completeness of the encounter data, and vice versa. Several other activities are performed to ensure encounter data completeness and its appropriateness to set capitation rates. The medical loss ratio (MLR) is used in the capitation rate setting process to project the MCEs future medical loss ratio given the projected changes in the capitation rates. Encounters subject to overpayment recoveries as mandated in contract for all MCEs must be reprocessed appropriately either as a total void or a replacement of the encounter with updates to what was paid.

# BX.6 Changes in beneficiary circumstances

Describe how the state ensures timely and accurate reconciliation of enrollment files between the state and plans to ensure appropriate payments for enrollees experiencing a change in status (e.g., incarcerated, deceased, switching plans).

To the extent that AHCCCS OIG has a finding from an FWA case, our findings are communicated to DMPS and/or DES for the changes to occur to the enrollment files. The state ensures timely and accurate reconciliation between the state and plans using daily HIPAA 834 files to communicate member health plan and enrollment changes. Also, the state sends monthly HIPAA 834 files as a "roster" file for the plans to confirm their enrollment as of the 1st of the month. Capitation payments are calculated based upon the number of days a member is enrolled in a plan.

# BX.7a Changes in provider circumstances: Monitoring plans

Does the state monitor whether plans report provider "for cause" terminations in a timely manner under 42 CFR 438.608(a)(4)? Select one.

Yes

## BX.7b Changes in provider circumstances: Metrics

Does the state use a metric or indicator to assess plan reporting performance? Select one.

No

# BX.8a Federal database checks: Excluded person or entities

During the state's federal database checks, did the state find any person or entity excluded? Select one. Consistent with the requirements at 42 CFR 455.436 and 438.602, the State must confirm the identity and determine the exclusion status of the MCO, PIHP, PAHP, PCCM or PCCM entity, any subcontractor, as well as any person with an ownership or control interest, or who is an agent or managing employee of the MCO, PIHP, PAHP, PCCM or PCCM entity through routine checks of Federal databases.

No

# BX.9a Website posting of 5 percent or more ownership control

Does the state post on its website the names of

No

individuals and entities with 5% or more ownership or control interest in MCOs, PIHPs, PAHPs, PCCMs and PCCM entities and subcontractors? Refer to 42 CFR 438.602(g)(3) and 455.104.

#### BX.10 **Periodic audits**

If the state conducted any audits during the contract year to determine the accuracy, truthfulness, and completeness of the encounter and financial data submitted by the plans, provide the link(s) to the audit results. Refer to 42 CFR 438.602(e). If no audits were conducted, please enter "No such audits were conducted during the reporting year" as your response. "N/A" is not an acceptable response.

The state requires MCOs to obtain an independent audit of their respective financial statements each fiscal year-end. Both the draft audit and final audit are submitted to AHCCCS for review and are posted to the AHCCCS website. Results for data validation audits are under each line of business, the individual health plan, and the 'Sanctions' section of the following link.

https://azahcccs.gov/Resources/OversightOfHe althPlans/AdministrativeActions/ Additionally, Contracted Health Plans Audited Financial Statements can be found at the following link: https://www.azahcccs.gov/Resources/Oversight OfHealthPlans/contractedhealthplan.html

### **Topic XIII. Prior Authorization**

▲ Beginning June 2026, Indicators B.XIII.1a-b-2a-b must be completed. Submission of this data before June 2026 is optional.

Number	Indicator	Response
N/A	Are you reporting data prior to June 2026?	Not reporting data

### **Section C: Program-Level Indicators**

### **Topic I: Program Characteristics**

Number	Indicator	Response
C1I.1	Program contract  Enter the title of the contract between the state and plans participating in the managed care program.	AHCCCS Complete Care Contract
N/A	Enter the date of the contract between the state and plans participating in the managed care program.	10/01/2023
C11.2	Contract URL  Provide the hyperlink to the model contract or landing page for executed contracts for the program reported in this program.	https://azahcccs.gov/Resources/Downloads/ContractAmendments/ACC/ACC_16-BUFC,17-HC,18-MOL,17-UHCCP_EFFDATE100123.pdf
C11.3	Program type  What is the type of MCPs that contract with the state to provide the services covered under the program? Select one.	Managed Care Organization (MCO)
C1I.4a	Special program benefits  Are any of the four special benefit types covered by the managed care program: (1) behavioral health, (2) long-term services and supports, (3) dental, and (4) transportation, or (5) none of the above? Select one or more.  Only list the benefit type if it is a covered service as specified in a contract between the state and managed care plans participating in the program. Benefits available to eligible program enrollees via fee-forservice should not be listed here.	Behavioral health  Dental  Transportation
C1I.4b	Variation in special benefits  What are any variations in the availability of special benefits within the program (e.g. by service area or population)? Enter "N/A" if not applicable.	N/A
C11.5	Program enrollment  Enter the average number of individuals enrolled in this managed care program per	1,732,662

month during the reporting year (i.e., average member months).

# C11.6 Changes to enrollment or benefits

Briefly explain any major changes to the population enrolled in or benefits provided by the managed care program during the reporting year. If there were no major changes, please enter "There were no major changes to the population or benefits during the reporting year" as your response. "N/A" is not an acceptable response.

There were no major changes to the population or benefits during the reporting year

### **Topic III: Encounter Data Report**

Number	Indicator	Response
C1III.1	Uses of encounter data	Rate setting
	For what purposes does the state use encounter data	Quality/performance measurement
	collected from managed care plans (MCPs)? Select one or more.	Monitoring and reporting
	Federal regulations require that states, through their contracts	Contract oversight
with MCPs, collect and maintain sufficient enrollee encounter data to identify the provider who delivers any item(s) or service(s) to enrollees (42 CFR 438.242(c)(1)).	Program integrity	
C1III.2	Criteria/measures to	Timeliness of initial data submissions
	evaluate MCP performance What types of measures are	Timeliness of data corrections
	used by the state to evaluate managed care plan	Use of correct file formats
	performance in encounter data submission and correction?	Provider ID field complete
	Select one or more. Federal regulations also require that states validate that submitted enrollee encounter data they receive is a complete and accurate representation of the services provided to enrollees under the contract between the state and the MCO, PIHP, or PAHP. 42 CFR 438.242(d).	Overall data accuracy (as determined through data validation)
C1III.3	Encounter data performance criteria contract language	Section 61 of the ACC Contract outlines Encounter Data Reporting for the MCO.
	Provide reference(s) to the contract section(s) that describe the criteria by which managed care plan performance on encounter data submission and correction will be measured. Use contract section references, not page	. 3

numbers.

# C1III.4 Financial penalties contract language

Provide reference(s) to the contract section(s) that describes any financial penalties the state may impose on plans for the types of failures to meet encounter data submission and quality standards. Use contract section references, not page numbers.

Section 61 of the ACC Contract outlines Encounter Data Reporting for the MCO.

N/A

# C1III.5 Incentives for encounter data quality

Describe the types of incentives that may be awarded to managed care plans for encounter data quality. Reply with "N/A" if the plan does not use incentives to award encounter data quality.

# C1III.6 Barriers to collecting/validating encounter data

Describe any barriers to collecting and/or validating managed care plan encounter data that the state has experienced during the reporting year. If there were no barriers, please enter "The state did not experience any barriers to collecting or validating encounter data during the reporting year" as your response. "N/A" is not an acceptable response.

The state did not experience any barriers to

collecting or validating encounter data during

the reporting year.

### **Topic IV. Appeals, State Fair Hearings & Grievances**

Number	Indicator	Response
C1IV.1	State's definition of "critical incident", as used for reporting purposes in its MLTSS program	N/A
	If this report is being completed for a managed care program that covers LTSS, what is the definition that the state uses for "critical incidents" within the managed care program? Respond with "N/A" if the managed care program does not cover LTSS.	
C1IV.2	State definition of "timely" resolution for standard appeals  Provide the state's definition of timely resolution for standard appeals in the managed care program.  Per 42 CFR §438.408(b)(2), states must establish a timeframe for timely resolution of standard appeals that is no longer than 30 calendar days from the day the MCO, PIHP or PAHP receives the appeal.	The Contractor shall resolve standard appeals as expeditiously as the member's health condition requires but no later than 30 calendar days from the date of receipt of the appeal unless an extension is in effect [42 CFR 457.1260, 42 CFR 438.408(a), 42 CFR 438.408(b) (2)].
C1IV.3	State definition of "timely" resolution for expedited appeals  Provide the state's definition of timely resolution for expedited appeals in the managed care program.  Per 42 CFR §438.408(b)(3), states must establish a timeframe for timely resolution of expedited appeals that is no longer than 72 hours after the MCO, PIHP or PAHP receives the appeal.	The Contractor shall resolve all expedited appeals as expeditiously as the member's health condition requires but not later than 72 hours from the date the Contractor receives the expedited appeal (unless an extension is in effect) [42 CFR 438.408(a), 42 CFR 438.408(b) (3)].

# C1IV.4 State definition of "timely" resolution for grievances

Provide the state's definition of timely resolution for grievances in the managed care program. Per 42 CFR §438.408(b)(1), states must establish a timeframe for timely resolution of grievances that is no longer than 90 calendar days from the day the MCO, PIHP or PAHP receives the grievance.

The Contractor shall address identified issues as expeditiously as the member's condition requires and shall resolve each grievance within ten business days of receipt, absent extraordinary circumstances. However, no grievances shall exceed 90 days for resolution. [42 CFR 457.1260, 42 CFR 438.408(a), 42 CFR 438.408(b)(1) and (3)].

### Topic V. Availability, Accessibility and Network Adequacy

### **Network Adequacy**

Number	Indicator	Response
C1V.1	Gaps/challenges in network adequacy	Pediatric Dentists in rural Arizona, primarily is counties with micro populations. For example,
	What are the state's biggest challenges? Describe any challenges MCPs have maintaining adequate networks and meeting access standards. If the state and MCPs did not encounter any challenges, please enter "No challenges were encountered" as your response. "N/A" is not an acceptable response.	in Greenlee County there was one dentist serving AHCCCS members who retired and his replacement declined to serve our population.
C1V.2	State response to gaps in network adequacy	For time and distance, when an MCO is not meeting time and distance standards for a
	How does the state work with MCPs to address gaps in network adequacy?	provider type in a county the MCO provides an explanation of its efforts to close the gap. AHCCCS also provides a list of registered providers in the county and in neighboring counties who are not contracted with the plan in order to assist in network building.

### **Access Measures**

Describe the measures the state uses to monitor availability, accessibility, and network adequacy. Report at the program level.

Revisions to the Medicaid managed care regulations in 2016 and 2020 built on existing requirements that managed care plans maintain provider networks sufficient to ensure adequate access to covered services by: (1) requiring states to develop quantitative network adequacy standards for at least eight specified provider types if covered under the contract, and to make these standards available online; (2) strengthening network adequacy monitoring requirements; and (3) addressing the needs of people with long-term care service needs (42 CFR 438.66; 42 CFR 438.68).

42 CFR 438.66(e) specifies that the MCPAR must provide information on and an assessment of the availability and accessibility of covered services within the MCO, PHIP, or PAHP contracts, including network adequacy standards for each managed care program.

### **Topic IX: Beneficiary Support System (BSS)**

Number	Indicator	Response
C1IX.1	BSS website  List the website(s) and/or email address(es) that beneficiaries use to seek assistance from the BSS through electronic means. Separate entries with commas.	No website or email address.
C1IX.2	BSS auxiliary aids and services  How do BSS entities offer services in a manner that is accessible to all beneficiaries who need their services, including beneficiaries with disabilities, as required by 42 CFR 438.71(b)(2))? CFR 438.71 requires that the beneficiary support system be accessible in multiple ways including phone, Internet, inperson, and via auxiliary aids and services when requested.	Phone, Internet, In Person and auxiliary aids are available when requested.
C1IX.3	How do BSS entities assist the state with identifying, remediating, and resolving systemic issues based on a review of LTSS program data such as grievances and appeals or critical incident data? Refer to 42 CFR 438.71(d)(4).	LTSS data is a shared responsibility throughout the AHCCCS agency. Information received by a BSS is shared with the appropriate AHCCCS division and handled on an individual basis.
C1IX.4	State evaluation of BSS entity performance  What are steps taken by the state to evaluate the quality, effectiveness, and efficiency of the BSS entities' performance?	Regular quality assurance reviews are complete on the BSS staff which evaluates the overall effectiveness and efficiency of these workers.

### **Topic X: Program Integrity**

Number	Indicator	Response
C1X.3	Prohibited affiliation disclosure	No
	Did any plans disclose prohibited affiliations? If the state took action, enter those actions under D: Plan-level Indicators, Section VIII - Sanctions (Corresponds with Tab D3 in the Excel Workbook). Refer to 42 CFR 438.610(d).	

### **Topic XII. Mental Health and Substance Use Disorder Parity**

Number	Indicator	Response
C1XII.4	Does this program include MCOs?	Yes
	If "Yes", please complete the following questions.	
C1XII.5	Are ANY services provided to MCO enrollees by a PIHP, PAHP, or FFS delivery system?	No
	(i.e. some services are delivered via fee for service (FFS), prepaid inpatient health plan (PIHP), or prepaid ambulatory health plan (PAHP) delivery system)	
C1XII.6	Did the State or MCOs complete the most recent parity analysis(es)?	MCO
C1XII.7a	Have there been any events in the reporting period that necessitated an update to the parity analysis(es)?	No
	(e.g. changes in benefits, quantitative treatment limits (QTLs), non-quantitative treatment limits (NQTLs), or financial requirements; the addition of a new managed care plan (MCP) providing services to MCO enrollees; and/or deficiencies corrected)	
C1XII.8	When was the last parity analysis(es) for this program completed?	08/15/2024
	States with ANY services provided to MCO enrollees by an entity other than an MCO should report the date the state completed its most recent summary parity analysis report. States with NO services provided to MCO enrollees by an entity other than an MCO should report the most recent date any MCO sent the state its parity analysis (the state may have multiple reports, one for each MCO).	
C1XII.9	When was the last parity analysis(es) for this program	10/02/2017

#### submitted to CMS?

States with ANY services provided to MCO enrollees by an entity other than an MCO should report the date the state's most recent summary parity analysis report was submitted to CMS. States with NO services provided to MCO enrollees by an entity other than an MCO should report the most recent date the state submitted any MCO's parity report to CMS (the state may have multiple parity reports, one for each MCO).

#### C1XII.10a

In the last analysis(es) conducted, were any deficiencies identified?

Yes

#### C1XII.10b

In the last analysis(es) conducted, describe all deficiencies identified.

Deficiencies were identified with Respite, Physical and Occupational Therapy, and for Institution for Mental Diseases (IMD).

#### C1XII.11a

As of the end of this reporting period, have these deficiencies been resolved for all plans?

No

#### C1XII.11b

If deficiencies have not been resolved, select all that apply.

Other, specify – Currently, there is an Arizona state statute that limits and allows for a specific number of hours for Respite, PT, and OT.

#### C1XII.12a

Has the state posted the current parity analysis(es) covering this program on its website?

Yes

The current parity analysis/analyses must be posted on the state Medicaid program website. States with ANY services provided to MCO enrollees by an entity other than MCO should have a single state summary parity analysis report.

States with NO services provided to MCO enrollees by an entity other than the MCO

may have multiple parity reports (by MCO), in which case all MCOs' separate analyses must be posted. A "Yes" response means that the parity analysis for either the state or for ALL MCOs has been posted.

#### C1XII.12b Provide the URL link(s).

Response must be a valid hyperlink/URL beginning with "http://" or "https://". Separate links with commas.

https://www.azahcccs.gov/Resources/GovernmentalOversight/Mental\_Health\_Parity.html

#### **Section D: Plan-Level Indicators**

**Topic I. Program Characteristics & Enrollment** 

Number	Indicator	Response

**ACC: Health Choice** 

Program-specific statewide

### D1II.2 Population specific MLR description

Does the state require plans to submit separate MLR calculations for specific populations served within this program, for example, MLTSS or Group VIII expansion enrollees? If so, describe the populations here. Enter "N/A" if not applicable.

See glossary for the regulatory definition of MLR.

#### **ACC: AZ Complete Health**

No. The state does not require separate MLR reporting for specific populations. This explains why ACC: AZ Complete Health MLR data above is blank. ACC-RBHA: AZ Complete Health will capture the financial performance data as this MCO is paid through a single capitation for both ACC and RBHA lines of business.

#### **ACC: Banner University**

N/A

#### ACC: Care 1st

No. The state does not require separate MLR reporting for specific populations. This explains why ACC: Care 1st MLR data above is blank. ACC-RBHA: Care 1st will capture the financial performance data as this MCO is paid through a single capitation for both ACC and RBHA lines of business.

**ACC: Molina** 

N/A

#### **ACC: Mercy Care**

No. The state does not require separate MLR reporting for specific populations. This explains why ACC: Mercy Care MLR data above is blank. ACC-RBHA: Mercy Care will capture the financial performance data as this MCO is paid through a single capitation for both ACC and RBHA lines of business.

#### **Topic III. Encounter Data**

#### **D1III.1**

### Definition of timely encounter data submissions

Describe the state's standard for timely encounter data submissions used in this program. If reporting frequencies and standards differ by type of encounter within this program, please explain.

#### **ACC: AZ Complete Health**

No later than 210 days after the end of the month in which the service was rendered, or the effective date of the enrollment with the Contractor, whichever date is later. AZ Data Entry Note: While AHCCCS collects information on both the number of encounters submitted as well as the timeliness of the encounters submitted, those pieces of information are tracked in disparate areas of the system. AHCCCS will look at ways to make these two data elements available to provide the requested information.

#### **ACC: Banner University**

Professional, Institutional, and Dental Encounters not involving services eligible for Federal Drug Rebate processing shall be received by AHCCCS no later than 210 days after the end of the month in which the service was rendered, or the effective date of the enrollment with the Contractor, whichever date is later. Failure to submit encounters within 210 days may result in sanctions as specified in the AHCCCS Encounter Manual.

#### **ACC: Care 1st**

Professional, Institutional, and Dental Encounters not involving services eligible for Federal Drug Rebate processing shall be received by AHCCCS no later than 210 days after the end of the month in which the service was rendered, or the effective date of the enrollment with the Contractor, whichever date is later. Failure to submit encounters within 210 days may result in sanctions as specified in the AHCCCS Encounter Manual.

#### **ACC: Molina**

Professional, Institutional, and Dental Encounters not involving services eligible for Federal Drug Rebate processing shall be received by AHCCCS no later than 210 days after the end of the month in which the service was rendered, or the effective date of the

enrollment with the Contractor, whichever date is later. Failure to submit encounters within 210 days may result in sanctions as specified in the AHCCCS Encounter Manual.

#### **ACC: Mercy Care**

Professional, Institutional, and Dental Encounters not involving services eligible for Federal Drug Rebate processing shall be received by AHCCCS no later than 210 days after the end of the month in which the service was rendered, or the effective date of the enrollment with the Contractor, whichever date is later. Failure to submit encounters within 210 days may result in sanctions as specified in the AHCCCS Encounter Manual.

#### **ACC: United Health Comm Plan**

Professional, Institutional, and Dental Encounters not involving services eligible for Federal Drug Rebate processing shall be received by AHCCCS no later than 210 days after the end of the month in which the service was rendered, or the effective date of the enrollment with the Contractor, whichever date is later. Failure to submit encounters within 210 days may result in sanctions as specified in the AHCCCS Encounter Manual.

#### **ACC: Health Choice**

Professional, Institutional, and Dental Encounters not involving services eligible for Federal Drug Rebate processing shall be received by AHCCCS no later than 210 days after the end of the month in which the service was rendered, or the effective date of the enrollment with the Contractor, whichever date is later. Failure to submit encounters within 210 days may result in sanctions as specified in the AHCCCS Encounter Manual.

#### D1III.2

Share of encounter data submissions that met state's timely submission requirements

What percent of the plan's encounter data file submissions

**ACC: AZ Complete Health** 

88.65%

**ACC: Banner University** 

(submitted during the reporting year) met state requirements for timely submission? If the state has not yet received any encounter data file submissions for the entire contract year when it submits this report, the state should enter here the percentage of encounter data submissions that were compliant out of the file submissions it has received from the managed care plan for the reporting year.

94.37%

submitted for at least 6 months of the reporting year, enter "N/A".

The appeal and critical incident do not have to have been "related" to the same issue - they only need to have been filed by (or on behalf of) the same enrollee. Neither the critical incident nor the appeal need to have been filed in relation to delivery of LTSS — they may have been filed for any reason, related to any service received (or desired) by an LTSS user.

To calculate this number, states or managed care plans should first identify the LTSS users for whom critical incidents were filed during the reporting year, then determine whether those enrollees had filed an appeal during the reporting year, and whether the filing of the appeal preceded the filing of the critical incident.

# D1IV.13 Number of critical incidents filed during the reporting period by (or on behalf of) an LTSS user who previously

filed a grievance
For managed care plans that

cover LTSS, enter the number of critical incidents filed within the reporting year by (or on

#### **ACC: AZ Complete Health**

N/A

#### **ACC: Banner University**

N/A

#### **ACC: Care 1st**

behalf of) LTSS users who previously filed grievances in the reporting year. The grievance and critical incident do not have to have been "related" to the same issue they only need to have been filed by (or on behalf of) the same enrollee. Neither the critical incident nor the grievance need to have been filed in relation to delivery of LTSS - they may have been filed for any reason, related to any service received (or desired) by an LTSS user.

If the managed care plan does not cover LTSS, the state should enter "N/A" in this field. Additionally, if the state already submitted this data for the reporting year via the CMS readiness review appeal and grievance report (because the managed care program or plan were new or serving new populations during the reporting year), and the readiness review tool was submitted for at least 6 months of the reporting year, the state can enter "N/A" in this field. To calculate this number, states or managed care plans should first identify the LTSS users for whom critical incidents were filed during the reporting year, then determine whether those enrollees had filed a grievance during the reporting year, and whether the filing of the grievance preceded the filing of

## Resolved grievances related to suspected fraud

Enter the total number of grievances resolved by the plan during the reporting year that were related to suspected fraud.

Suspected fraud grievances include suspected cases of financial/payment fraud perpetuated by a provider, payer, or other entity. Note: grievances reported in this row should only include grievances submitted to the managed care plan, not grievances submitted to another entity, such as a state Ombudsman or Office of the Inspector General.

# D1IV.16j Resolved grievances related to plan denial of expedited appeal

Enter the total number of grievances resolved by the plan during the reporting year that were related to the plan's denial of an enrollee's request for an expedited appeal. Per 42 CFR §438.408(b)(3), states must establish a timeframe for timely resolution of expedited appeals that is no longer than 72 hours after the MCO, PIHP or PAHP receives the appeal. If a plan denies a request for an expedited appeal, the enrollee or their representative have the right to file a grievance.

### **Topic VIII. Sanctions**

Describe sanctions that the state has issued for each plan. Report all known actions across the following domains: sanctions, administrative penalties, corrective action plans, other. Include any pending or unresolved actions.

42 CFR 438.66(e)(2)(viii) specifies that the MCPAR include the results of any sanctions or corrective action plans imposed by the State or other formal or informal intervention with a contracted MCO, PIHP, PAHP, or PCCM entity to improve performance.

N/A	Are you reporting data prior to June 2026?	Not reporting data
	If "Yes", please complete the following questions under each plan.	

### **Section E: BSS Entity Indicators**

### **Topic IX. Beneficiary Support System (BSS) Entities**

Per 42 CFR 438.66(e)(2)(ix), the Managed Care Program Annual Report must provide information on and an assessment of the operation of the managed care program including activities and performance of the beneficiary support system. Information on how BSS entities support program-level functions is on the Program-Level BSS page.

Number	Indicator	Response
EIX.1	BSS entity type	AHCCCS
	What type of entity performed each BSS activity? Check all that apply. Refer to 42 CFR 438.71(b).	State Government Entity
EIX.2	BSS entity role	AHCCCS
	What are the roles performed by the BSS entity? Check all that apply. Refer to 42 CFR 438.71(b).	Other, specify – Choice counseling, LTSS Complain Access Point and information on LTSS grievance/appeals filing process is provided by the BSS role in the state government. Other functions specific to the LTSS greivance/appeals filing process and other LTSS activities are performed by other divisions within same the state government agency with information received from the BSS agent.
