

AHCCCS Fee-For-Service Program Acute Care/LTC Drug List (ADL) Introduction

AHCCCS is pleased to provide the AHCCCS FFS Program Drug List (ADL) to be used when prescribing medications for AHCCCS FFS members. For clarification, this ADL is only for AHCCCS FFS members and does not apply to AHCCCS members enrolled in any of the AHCCCS Managed Care Contractors' Health Plans. This document provides general information regarding the AHCCCS pharmacy benefit for FFS members. The drugs listed on the ADL are intended to provide clinically appropriate, cost-effective options for AHCCCS FFS members who require medically necessary treatment. The drugs listed on the ADL have been reviewed and approved by the Pharmacy and Therapeutics (P&T) Committee. However, the ADL is not intended as a comprehensive listing of all drugs that may be reimbursed by AHCCCS. If a drug is not listed on the ADL and is determined to be medically necessary, it may be requested through the prior authorization process.
