III. POLICY

A. GENERAL

1. The reconciliation shall relate solely to HCBS assumed member months and actual placement data as determined by monthly placement reports.
2. The reconciliation will limit Contractor’s profit and losses to the schedule as detailed below.

HCBS Assumed Mix and Recoupment: The Contractor’s capitation rate is based in part on the assumed ratio (“mix”) of HCBS member months to the total number of member months (i.e. HCBS + institutional). After the end of the contract year, AHCCCS will compare the *actual percent of HCBS member months* to the *assumed HCBS percentage* that was used to calculate the full long term care capitation rate for that year. Member months for those members who received acute care services only are not included in this reconciliation. If the Contractor's actual HCBS percentage is different than the assumed percentage, AHCCCS may recoup (or reimburse) the difference between the institutional capitation rate and the HCBS capitation rate for the number of member months which exceeded (or was less than) the assumed percentage. This reconciliation will be made in accordance with the following schedule:

PERCENT OVER/UNDER ASSUMED PERCENTAGE	AMOUNT TO BE RECOUPED/REIMBURSED
0-1%	0% of capitation over/under payment
>1%	50% of capitation over/under payment

B. AHCCCS SHALL:

1. Run monthly placement reports by member by month to be used for the development of the schedule of HCBS and Institutional placement mix.
2. Perform the HCBS reconciliation no sooner than four months after the contract year to be reconciled.
3. Reconcile the HCBS mix based on the schedule of HCBS and Institutional placement mix, capitation rates developed for the contract year and the actual HCBS placed member months.
4. Provide the Contractor a reconciliation spreadsheet and provide a set time period for review and comment by the Contractor. Upon completion of the review period, AHCCCS will evaluate the Contractor’s comments and make any adjustments to the reconciliation as warranted. AHCCCS may then process distributions/recoupments through a future monthly capitation payment.

C. THE CONTRACTOR SHALL:

1. Review monthly placement information supplied through the ALTCS Monthly Enrollment Reports and any other enrollment or capitation paid data and make corrections to the member's placement data if necessary during the contract year.
2. Be responsible to identify and notify AHCCCS of any placement data issues and make necessary adjustments either directly via the Client and Tracking System (CATS) or electronic Member Change Report (MCR) submitted to the Division of Health Care Management when contract type changes are necessary. See the ALTCS Member Change Report User Guide for a tutorial on the process for reporting to AHCCCS via the electronic MCR.
3. Be responsible to review and approve the HCBS reconciliation and return the approval to AHCCCS per instructions provided with the reconciliation spreadsheet.
