In SFY18, the Justice Reach-In program helped approximately 10,711 incarcerated individuals apply for AHCCCS coverage prior to their release, ensuring continued access to health care services with no gaps in coverage. 48% of eligible applicants accessed a Medicaid service within 90 days of release.

98% of AHCCCS members are enrolled in integrated health care plans (Goal=98%)

87% of ALTCS members receive services in their own home or community, saving an average of $13,939 per member in FY18.

34 days to enroll a new provider (on average) (Goal=30 days)
