Did you know that 79% of Arizona youth report getting them from friends, family or right out of their home medicine cabinet?

Did you know that 52 Americans die each day from prescription opioid overdoses, and that two of those happen each day in Arizona?

## CHANGE STARTS WITH YOU!

People are misusing prescription drugs that they take right out of your medicine cabinet. In an effort to provide an easy, secure and responsible way to dispose of unused medicines in your home, permanent prescription drug drop boxes have been installed throughout Arizona. Go through your medicine cabinet and get rid of your unused, unneeded and expired medication.
