541 - COORDINATION OF CARE WITH OTHER GOVERNMENT AGENCIES

Effective Dates: 07/01/16, 04/01/17, 03/01/19, 10/01/19

Approval Dates: 02/02/17, 12/06/18, 08/15/19

I. PURPOSE

This Policy applies to ACC, ALTCS E/PD, DCS/CMDP (CMDP), DES/DDD (DDD), and RBHA Contractors. This Policy establishes Contractor requirements for maintaining collaborative relationships with other government entities that deliver services to members and their families, ensuring access to services, and coordinating care with consistent quality.

TRBHAs and Tribal ALTCS shall coordinate with government agencies as delineated in their respective IGAs.

II. DEFINITIONS

**ADULT RECOVERY TEAM (ART)**

A group of individuals that, following the nine Guiding Principles for Recovery-Oriented Adult Behavioral Health Services and Systems, work in collaboration and are actively involved in a member's assessment, service planning, and service delivery. At a minimum, the team consists of the member’s, health care decision maker (if applicable), advocates (if assigned), and a qualified behavioral health representative. The team may also include the enrolled member's family, physical health, behavioral health or social service providers, other agencies serving the member, professionals representing various areas of expertise related to the member's needs, or other members identified by the enrolled member.

**CHILD AND FAMILY TEAM (CFT)**

A defined group of people that includes, at a minimum, the child and his/her family or healthcare decision maker. A behavioral health representative, and any individuals important in the child’s life and who are identified and invited to participate by the child and family. This may include, for example, physical health provider, teachers, extended family members, friends, family support partners, healthcare providers, coaches, community resource providers, representatives from churches, synagogues or mosques, agent from other service systems like the Arizona Department of Child Safety (DCS) or the Division of Developmental Disabilities (DDD) etc. The size, scope, and intensity of involvement of the team members are determined by the objectives established for the child, the needs of the family in providing for the child, and by which individuals are needed to develop an effective service plan, and can therefore expand and contract as necessary to be successful on behalf of the child.
<table>
<thead>
<tr>
<th><strong>DESIGNATED REPRESENTATIVE</strong></th>
<th>For purposes of this policy, an individual acting on behalf of the member with the consent of the member or member’s Health Care Decision Maker. As used in this policy the Designated Representative is distinct and separate from the Health Care Decision Maker.</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>HEALTH CARE DECISION MAKER</strong></td>
<td>An individual who is authorized to make health care treatment decisions for the patient. As applicable to the particular situation, this may include a parent of an unemancipated minor or a person lawfully authorized to make health care treatment decisions pursuant to A.R.S. Title 14, Chapter 5, article 2 or 3; or A.R.S. §§8-514.05, 36-3221, 36-3231 or 36-3281.</td>
</tr>
<tr>
<td><strong>RAPID RESPONSE</strong></td>
<td>A process in which, a behavioral health service provider is dispatched within 72 hours, to assess a child’s immediate behavioral health needs, and refer for further assessments through the behavioral health system when a child first enters into DCS custody.</td>
</tr>
<tr>
<td><strong>REHABILITATION SERVICES ADMINISTRATION / VOCATIONAL REHABILITATION (RSA/VR)</strong></td>
<td>An administration within the Department of Economic Security (DES) that oversees several programs which are designed to assist eligible individuals who have disabilities to achieve employment outcomes and enhanced independence by offering comprehensive services and supports. VR is a program under RSA that provides a variety of services to persons with disabilities, with the ultimate goal to prepare for, enter into, or retain employment.</td>
</tr>
<tr>
<td><strong>SERVICE PLAN</strong></td>
<td>A complete written description of all covered health services and other informal supports which includes individualized goals, family support services, care coordination activities and strategies to assist the member in achieving an improved quality of life.</td>
</tr>
<tr>
<td><strong>STATE PLACING AGENCY</strong></td>
<td>The Department of Juvenile Corrections, Department of Economic Security, Department of Child Safety, the Arizona Health Care Cost Containment System or the Administrative Office of the Court as specified in A.R.S. §15-1181(12).</td>
</tr>
<tr>
<td><strong>TEAM DECISION MAKING (TDM)</strong></td>
<td>A meeting process utilized to discuss a child’s safety and where the child will live when an emergency removal of a child has occurred or the removal of a child is being considered.</td>
</tr>
</tbody>
</table>
III. Policy

Contractors shall develop policies, protocols, and procedures that describe how member care will be coordinated and managed with other governmental entities, including tribal governmental agencies and entities. Contractors are responsible for ensuring collaboration with government agencies, including but not limited to involvement in the member’s CFT or ART.

Contractors shall ensure that all required protocols and agreements with State agencies are delineated in their provider manuals. Contractors shall develop mechanisms and processes to identify barriers to timely services for members served by other governmental entities and work collaboratively to remove barriers to care and to resolve quality of care concerns. Appropriate authorizations to release information shall be obtained prior to releasing information.

A. Arizona Department of Child Safety (DCS)

Contractors are required to work in collaboration with DCS as outlined below:

1. General Requirements
   a. Coordination of the development of the Service Plan with the DCS case plan to avoid redundancies and/or inconsistencies,
   b. Provide the DCS Specialist with preliminary findings and recommendations on behavioral health risk factors, symptoms and service needs for court hearings,
   c. Ensure a behavioral health assessment is performed and identify behavioral health needs of the child, the child’s parents and family and provide necessary behavioral health services, including support services to caregivers,
   d. As appropriate, engage the child’s parents, family, caregivers and DCS Specialist in the behavioral health assessment and service planning process as members of the CFT,
   e. Attend team meetings, such as TDM for providing input about the child and family’s behavioral health needs. When possible, TDM and CFT meetings should be combined,
   f. Coordinate necessary services to stabilize in-home and out-of-home placements provided by DCS,
   g. Coordinate provision of behavioral health services in support of family reunification and/or other permanency plans identified by DCS,
   i. Coordination activities should include coordination with the adult service providers rendering services to adult family members.
2. Rapid Response Process:
   a. AHCCCS considers the removal of a child from his/her home to the protective
custody of the DCS to be an urgent behavioral health situation. Any child who
has experienced a removal by DCS is at risk for negative emotional consequences
and future behavioral health disorders. The Rapid Response process is to help
identify the immediate behavioral health needs of children and address the trauma
of the removal itself,
   i. In all cases where DCS notifies the RBHA of physical removal of the child,
the RBHA shall implement the Rapid Response process within 72 hours from
initial contact by DCS, unless the RBHA and DCS have mutually arranged an
alternative timeframe for coordinating a response based on the best interests
of the child,
   ii. If notification is received after 72 hours of removal, the RBHA, in
collaboration with the DCS Specialist, shall initiate a Rapid Response. The
child may also be scheduled for an initial behavioral health assessment,
depending on the specific circumstances surrounding the referral. If the DCS
Specialist has initiated behavioral health services, the RBHA may authorize
continued services with the behavioral health provider that has established a
treatment relationship with the child, and
   iii. Contractors shall assist DCS in identifying AHCCCS members already
receiving behavioral health services.

b. The RBHA shall ensure the Rapid Response process includes:
   i. Contacting the DCS Specialist to gather relevant information such as the
outcome of the DCS Safety Assessment, the reason for the removal, how,
when, where the removal occurred, any known medical, behavioral, and/or
special needs of the child, any known medications, any known supports for
the child, current disposition of siblings, any known needs of the new
caregiver, etc.,
   ii. Conducting a comprehensive assessment identifying immediate safety needs
and presenting problems of the child. At this time, trauma issues such as grief
and loss should be addressed. In addition, the assessment process is expected
to consider an extended assessment period to more accurately identify any
emerging/developing behavioral health needs that are not immediately
apparent following the child’s removal,
   iii. Stabilization of behavioral health crises and offering of immediate services:
The RBHA Contractor shall require its Rapid Response providers to distribute
the most recent Foster and Kinship Care Resources Packet to the placement
during the Rapid Response visit. The Resource Packet is available on the
AHCCCS website:
   https://www.azahcccs.gov/Members/AlreadyCovered/MemberResources/Fost
er/,
   iv. The provision of behavioral health services to the child with the intention of
reducing the stress and anxiety that the child may be experiencing, and
offering a coherent explanation to the child about what is happening and what
can be expected to happen in the near-term,
   v. The provision of needed behavioral health services to the child’s caregiver,
including guidance about how to respond to the child’s immediate needs in
adjusting to foster care, behavioral health symptoms to watch for and report, assistance in responding to any behavioral health symptoms the child may exhibit, and identification of contacts within the behavioral health system,

vi. Providing the DCS Specialist with findings and recommendations for medically necessary covered behavioral health services for the initial Preliminary Protective Hearing, which occurs within five to seven days of the child’s removal, and

vii. If the child is placed with temporary caregivers, services should support the child’s stability by addressing the child’s behavioral health needs, identifying any risk factors for placement disruption, and anticipating crisis that might develop. Behavioral health services shall proactively plan for transitions in the child’s life. Transitions may include changes in placement, educational setting, and/or reaching the age of majority.

B. DCS ARIZONA FAMILIES F.I.R.S.T. (FAMILIES IN RECOVERY SUCCEEDING TOGETHER-AFF) PROGRAM

For general information, refer to Arizona Families F.I.R.S.T at www.dcs.az.gov for guidelines, policies, and procedures.

1. Contractors shall ensure that behavioral health providers coordinate with parents/families/caregivers referred through the Arizona Families F.I.R.S.T-AFF Program (hereafter referred to as the AFF Program) and that providers participate in the CFT to coordinate services for the family and temporary caregivers.

2. The AFF Program provides expedited access to substance use treatment for parents/families/caregivers referred by DCS and the ADES/Family Assistance Administration (FAA) Jobs Program. AHCCCS participates in statewide implementation of the program with DCS. Contractors shall ensure behavioral health providers coordinate the following:
   a. Accept referrals for Title XIX/XXI eligible and enrolled members and families referred through the AFF Program,
   b. Accept referrals for Non-Title XIX/XXI members and families referred through the AFF Program and provide services, if eligible,
   c. Ensure that services made available to members who are Non-Title XIX/XXI eligible are provided by maximizing available federal funds before expending state funding as required in the Governor’s Executive Order 2008-01,
   d. Collaborate with DCS, the ADES/FAA Jobs Program, and substance use disorder treatment providers to minimize duplication of assessments, and
   e. Develop procedures for collaboration in the referral process to ensure effective service delivery through the behavioral health system. Appropriate authorizations to release information shall be obtained prior to releasing information.

3. Substance use disorder treatment for families involved with DCS shall be family centered, provide for sufficient support services and shall be provided in a timely manner to promote permanency for children, stability for families, to protect the health and safety of abused and/or neglected children and promote economic security for families.
C. ARIZONA DEPARTMENT OF EDUCATION (ADE), SCHOOLS, OR OTHER LOCAL EDUCATIONAL AUTHORITIES

Contractors are required to work in collaboration with the ADE and assist with resources and referral linkages for children with behavioral health needs. For children receiving services through Contractors, AHCCCS has delegated to Contractors its authority as a State Placing Agency under A.R.S. §15-1181 for children receiving special education services as specified in A.R.S. §15-761 et seq., this includes the authority to place a student at a Behavioral Health Inpatient Facility which provides care, safety, and treatment.

1. Contractors shall ensure that behavioral health providers collaborate with schools and help a child achieve success in school as follows:
   a. Work with the school and share information to the extent permitted by law and authorized by the child’s parent or Health Care Decision Maker as specified in AMPM Policy 550,
   b. For children who receive special education services, include information and recommendations contained in the Individualized Education Program (IEP) during the assessment and service planning process (refer to AMPM Policy 320-O). Behavioral health providers shall participate with the school in developing the child’s IEP and partner in the implementation of behavioral health interventions, ensuring appropriate coordination of care occurs,
   c. For children in the custody of DCS, the behavioral health provider shall communicate and involve the DCS Specialist with the development of the IEP,
   d. Invite teachers and other school staff to participate in the CFT if agreed to by the child and Health Care Decision Maker,
   e. Understand the IEP requirements as described in the Individuals with Disabilities Education Act (IDEA),
   f. Support accommodations for students with disabilities who qualify under Section 504 of the Rehabilitation Act of 1973, and
   g. Ensure that transitional planning occurs prior to and after discharge of an enrolled child from any out-of-home placement.

2. Contractors shall ensure that behavioral health providers collaborate with schools to provide appropriate behavioral health services in school settings, identified as Place of Service (POS) 03 and submit reports as specified in Contract. Contractors are not financially responsible for services provided by Local Educational Authorities (LEAs) for children receiving special education services.

D. DEPARTMENT OF ECONOMIC SECURITY (DES)

1. Arizona Early Intervention Program (AzEIP)
   Contractors shall ensure that behavioral health providers coordinate member care with AzEIP as follows:
   a. Ensure that children birth to three years of age are referred to AzEIP in a timely manner when information obtained in the child’s behavioral health assessment reflects developmental concerns,
b. Ensure that children found to require behavioral health services as part of the AzEIP evaluation process receive appropriate and timely service delivery, and
c. Ensure that, if an AzEIP team has been formed for the child, the behavioral health provider coordinates team functions to avoid duplicative processes between systems.

E. ARIZONA DEPARTMENT OF ECONOMIC SECURITY/REHABILITATION SERVICES ADMINISTRATION (ADES/RSA)

AHCCCS and ADES/RSA have an Interagency Service Agreement (ISA) in place to provide specialty employment supports for members determined with a Serious Mental Illness (SMI). Through this ISA, RBHAs and RSA’s Vocational Rehabilitation program (RSA/VR) work collaboratively with the ultimate goal of increasing the number of employed members who are successful and satisfied with their vocational roles.

For further information, see ACOM Policy 447. To review the ISA, visit the AHCCCS Website at www.azahcccs.gov/PlansProviders/HealthPlans/purchasing.

F. COURTS AND CORRECTIONS

Contractors shall collaborate and coordinate care, and ensure that behavioral health providers collaborate and coordinate care for members with behavioral health needs and for members involved with:

1. Arizona Department of Corrections (ADOC).
2. Arizona Department of Juvenile Corrections (ADJC).
3. Administrative Office of the Court (AOC), or
4. County Jail System.

Contractors shall collaborate with courts and/or correctional agencies to coordinate member care as outlined in AMPM Policy 1020 and as follows:

1. Work in collaboration with the appropriate staff involved with the member. Invite probation or parole representatives to participate in the development of the Service Plan and all subsequent planning meetings for the CFT and ART with the member’s/health care decision maker’s approval.
2. Actively consider information and recommendations contained in probation or parole case plans when developing the Service Plan.
3. Ensure that the behavioral health provider evaluates and participates in transition planning prior to the release of eligible members and arranges and coordinates enrolled member care upon the member’s release.
