A. AHCCCS Provider Enrollment Materials

AHCCCS-OIG Provider Enrollment materials are available on the AHCCCS web site. Click on the “Plans/Providers” tab, Under “New Providers”, click on the “Provider Enrollment” hyperlink. From the AHCCCS Provider Enrollment page, click on the “Provider Enrollment Packets” tab. The forms can be completed on the AHCCCS website; however, completed forms must be submitted in paper by fax or mail.

B. AHCCCS Provider Types

Providers are enrolled with AHCCCS under a provider type (e.g. hospital, nursing facility, physician) established by AHCCCS. See Attachment A for a complete list of AHCCCS Provider Types enrollment requirements, and the regulatory organization(s) for each provider type. AHCCCS-OIG Provider Enrollment is available to assist providers in identifying the most appropriate provider type, based on the provider’s license/certification and other documentation submitted by the provider.

C. Screening of Providers Based on Categorical Risk

As part of the implementation of the Section 6401 of the Affordable Care Act, Provider Screening, and Other Enrollment Requirements under Medicare, Medicaid, and the Children’s Health Insurance Program (CHIP), CMS mandates that AHCCCS require all providers to be screened in accordance with Federal and State law, regulations, and rules including the following:

1. Screening of providers as specified in 42 CFR 455.450.
2. Screening of all provider applications, including initial applications, applications for a new practice location, and applications for re-enrollment or revalidation, based on a categorical risk level of “limited”, “moderate”, or “high” as specified in 42 CFR 455.450. Screening requirements for each risk category can be found in the applicable tabs in Attachment B.

3. When AHCCCS determines that a provider’s categorical risk level is “high”, or when the provider poses an increased risk of fraud, waste, and/or abuse to the Medicaid program and/or AHCCCS, the provider must consent to a criminal background check including fingerprinting. See Attachment B “High Risk Providers” tab for applicable screening requirements.

4. Each “high” risk provider and any individual or entity with a five percent or more direct or indirect ownership interest in the provider, must submit fingerprints and consent to a criminal background check. See Attachment B “High Risk Providers” tab for applicable screening requirements.

5. AHCCCS may rely upon Medicare screening to the extent Medicare has screened the same provider and if AHCCCS is provided verification that demonstrates the following conditions are met:
   a. The date of Medicare’s last screening (revalidation or new enrollment) of the subject provider must have occurred within the last five years,
   b. The provider is the “same” in Medicaid and Medicare. A provider is the same when AHCCCS is able to match the data elements listed in the Table 1 below,
   c. The Medicare enrollment is in an “Approved” status, and
   d. The Medicare risk category is equal or exceeds the Medicaid risk category for that provider, with the exception of prospective Home Health Agency (HHA) or Durable Medical Equipment (DME) providers.

D. RISK ASSESSMENT AND CRITERIA FOR RISK ADJUSTMENT

As specified in 42 CFR 455.450, AHCCCS-OIG will adjust the provider’s categorical risk level from “limited” or “moderate” to “high” on a credible allegation of fraud, waste, and/or abuse, or when any of the following occurs:

1. AHCCCS imposes a payment suspension on a provider based on credible allegation of fraud, waste, and/or abuse; the provider has an existing Medicaid overpayment; or the provider has been excluded by the U.S. Department of Health & Human Services, Office of Inspector General (HHS-OIG) or another State’s Medicaid program within the previous 10 years.

2. AHCCCS or CMS in the previous six months lifted a temporary moratorium for the particular provider type and a provider that was prevented from enrolling based on the moratorium applies for enrollment as a provider at any time within six months from the date the moratorium was lifted.

AHCCCS-OIG Provider Enrollment will notify each high-risk provider regarding the fingerprint based background checks. The individual(s) subject to the FCBC requirement will be listed as part of the notification process and will have 30 calendar days to comply, from the date of notification. AHCCCS-OIG Provider Enrollment will notify the provider with a 15-day notification letter to remind the provider of the fingerprint background requirement. If the provider, or any person with five percent or greater direct or indirect interest in the provider, fails to submit sets of fingerprints in the form and manner requested by AHCCCS-OIG within 30 calendar days from AHCCCS-OIG’s request, AHCCCS may terminate the enrollment or deny the application. The 15-day notification letter is provided as a courtesy only and does not impact and/or toll the timeframe for compliance with AHCCCS-OIG’s FCBC request.

The provider will be notified if FCBC results require a denial of the provider’s application or the termination of a provider’s enrollment. The notice will include appeal rights in accordance with A.R.S. §36-2903.01(B)(4) and A.R.S. §41-1092.01 et seq.

Refer to the AHCCCS website for additional information regarding provider registration requests.
