INNOVATIONS IN SERVICE DELIVERY & TECHNOLOGY

• Awarded **Competitive Contract Expansion** contracts to three AHCCCS Complete Care health plans to serve individuals with a Serious Mental Illness designation.

• Submitted the **AHCCCS Housing and Health Opportunities (H2O) demonstration waiver request** to the Centers for Medicare and Medicaid Services, aimed at enhancing the availability of housing-related services and support for individuals experiencing homelessness or at risk of homelessness, including abuse, neglect, and exploitation.

• Expanded the existing **Medicaid School Based Claiming program** to allow all Medicaid-enrolled children to access health care services on school campuses (not just those students with an Individualized Education Program).

• Implemented the **Emergency Triage, Treat and Transport program** to reduce unnecessary transports to emergency departments and allow members to be transported to alternate destinations.

• Launched the **Opioid Services Locator tool** and fostered increased community opioid and stimulant primary prevention efforts; developed a toolkit on psychostimulants, fentanyl, and targeted strategies on counterfeit pills.

• With the state’s Health Information Exchange (HIE), launched a **closed loop referral system** to make it easier for clinicians to connect members to needed social services.

• Implemented Arizona’s **Electronic Visit Verification program** to ensure access to care for members who receive in-home services and supports.

• Provided behavioral health services to **6,000 students** either on school campuses or in established clinics in response to referrals for services.

• In alignment with the **Home and Community Based Services Enhanced Federal Match** provision allowing states to supplement existing funding, AHCCCS submitted a spending plan for more than $1 billion detailing how the agency will use additional federal funding to strengthen and enhance the HCBS system of care for seniors, individuals with disabilities, individuals with a Serious Mental Illness designation, and children with behavioral health needs.

RESPONSE TO THE COVID-19 PUBLIC HEALTH EMERGENCY

• Maintained coverage for all beneficiaries enrolled during the federally declared public health emergency; enrollment increased nearly **24 percent** over the last 22 months.

• Implemented strategies to increase COVID-19 vaccination rates among vulnerable AHCCCS beneficiaries, including mobile-based vaccine distribution for members enrolled in the Arizona Long Term Care System (ALTCS). Achieved ALTCS vaccination rates as high as **78 percent**.

• Maintained the **Crisis Counseling Program** to help individuals and communities recover from the pandemic; served more than **17,000 unique individuals** statewide with crisis counseling and group counseling/public education.

• Distributed over **$18 million** in additional pandemic relief funding to nursing facilities.
