The number of weekly habilitation service hours for children ages 3 and older will also be expanded to no more than 14 hours of habilitation in a 7-day period. The emergency rulemaking will also include clarifications to the Extraordinary Care Review (ECR) process to reflect adherence to federal requirements. Renewal of the HNT emergency rulemaking serves the public interest and welfare by improving care delivery, promoting uniformity in the assessment process, and ensuring the Arizona Long Term Care System remains compliant with Arizona statute.

Rules will be effective for another 180 days after filing with the Secretary of State, A.R.S. § 41-1026.

7. An agency's justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:

The Arizona Long Term Care System (ALTCS) is Arizona's Medicaid program administered by the AHCCCS Administration pursuant to Arizona Revised Statutes, Title 36, Chapter 29, Article 2 for individuals who are elderly or have physical or developmental disabilities. Individuals eligible for ALTCS are determined to be at risk of institutionalization. A.R.S. § 36-2970.01(D) directed AHCCCS, "[o]n or before October 1, 2025," to adopt "a strengthened standardized assessment tool to determine the need for extraordinary care for minor children." For this reason, AHCCCS initiated emergency rulemaking for the HCBS Needs Tool (HNT) for ALTCS members which became effective October 15, 2025 and which rules will remain in effect until April 13, 2026. This renewal of emergency rulemaking describes the strengthened assessment process for direct care and habilitation services for ALTCS members through use of the HNT as required by A.R.S. § 36-2970.01(D), incorporating modifications to the initial emergency rules as a result of robust public input. As noted above (see section 4), AHCCCS is renewing the emergency rules currently in effect to maintain the strengthened standardized assessment tool required under A.R.S. § 36-2970.01(D) while it proceeds with regular rulemaking and finalizes policies as a result of extensive public feedback from the stakeholder community. The renewal of emergency rulemaking will improve care delivery for ALTCS members, promote uniformity in the assessment process, and further compliance with Arizona statute.

8. A reference to any study relevant to the rule that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:

9. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:

Not applicable

10. A summary of the economic, small business, and consumer impact statement as required under A.R.S. § 45-1055(D)(1):

The proposed rule is estimated to have an annualized average fiscal impact of \$90 million Total Funds in medical expenditure savings for the program, with an 80% confidence that the annualized savings will range from approximately \$64 million to \$134 million statewide.

11. All matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. When applicable, matters shall include but are not limited to:

a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:

Not applicable

b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:

Federal law sets forth general provisions for an annual assessment and a person-centered planning process. The rule is not more stringent than federal law.

c. Whether a person submitted an analysis to the agency that compares the rule’s impact of the competitiveness of business in this state to the impact on business in other states:

Not applicable

12. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rules:
