**6. A reference to any study relevant to the rule that the agency reviewed and proposes either to rely on or not to rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:**

No studies were conducted relevant to the rule.

**7. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:**

Not applicable.

**8. The preliminary summary of the economic, small business, and consumer impact:**

The Health Care Investment Fund hospital assessment established in A.R.S. § 36-2999.72 will be matched by federal funds. The majority of the assessment funds and accompanying federal funds will be used to provide an increase for base reimbursement for services reimbursed under the dental fee schedule and physician fee schedule and for quarterly supplemental payments to Arizona hospitals. Many of the providers of that medical care are considered small businesses located in Arizona.

A.R.S. §36-2999.72 prohibits the assessed hospitals from passing the cost of the assessment on to patients or third parties who pay for care in the hospital. In the aggregate, the Administration expects to return millions more in FFY 2022 in incremental payments for medical services than will be collected through the assessment. Along with a copy of this proposed exempt rule making, the Administration has posted to its website information regarding the fiscal impact of this amendment to hospitals:

  7. Hospitals designated as type: hospital, subtype: short-term that have at least 25 percent Medicare swing beds as percentage of total Medicare days, per the 2019~~8~~ Medicare Cost Report.

- J.** New hospitals. For hospitals that did not file a 2019~~8~~ Medicare Cost Report because of the date the hospital began operations:
1. If the hospital was open on the January 2 preceding the October assessment start date, the hospital assessment will begin on October 1 following the date the hospital began operating.
  2. If the hospital began operating between January 3 and June 30, the assessment will begin on October 1 of the following calendar year.
  3. A hospital is not considered a new hospital based on a change in ownership.
  4. The assessment will be based on the discharges reported in the hospital's first Medicare Cost Report and Uniform Accounting Report, which includes 12 months-worth of data, except when any of the following apply;
    - a. If there is not a complete 12 months-worth of data available, the assessment will be based on the annualized number of discharges from the date hospital operations began through December 31 preceding the October assessment start date. The hospital shall self-report the discharge data and all other data requested by the Administration necessary to determine the appropriate assessment to the Administration no later than January preceding the assessment start date for the new hospitals.   5. - L.** Changes of ownership. The parties to a change of ownership shall promptly provide written notice to the Administration of a change of ownership and any agreement regarding the payment of the assessment. The assessed amount will continue at the same amount applied to the prior owner. Assessments are the responsibility of the owner of record as of the first day of the quarter; however, this rule is not intended to prohibit the parties to a change of ownership from entering into an agreement for a new owner to assume the assessment responsibility of the owner of record as of the first day of the prior quarter.
- M.** Hospital closures. Hospitals that close shall pay a proportion of the quarterly assessment equal to that portion of the quarter during which the hospital operated.
- N.** Required information for the inpatient assessment. For any hospital that has not filed a 2019~~8~~ Medicare

If the ~~2019~~ Uniform Accounting Report filed by the hospital does not include reliable information sufficient for the Administration to calculate the inpatient assessment amounts, the hospital shall provide the Administration with data specified by the Administration necessary in place of the ~~2019~~ Medicare Cost report to calculate the assessment.

- O.** Required information for the outpatient assessment. For any hospital that has not filed a ~~2019~~ Uniform Accounting Report, or if the ~~2019~~ Uniform Accounting Report does not reconcile to ~~2018~~ Audited Financial Statements, the Administration shall use the data reported on ~~2018~~ Audited Financial Statements to calculate the outpatient assessment. If the ~~2018~~ Audited Financial Statements do not include the reliable information sufficient for the Administration to calculate the outpatient assessment, the Administration shall use data reported on the ~~2018~~ Medicare Cost report. If the Medicare Cost report does not include reliable information sufficient for the Administration to calculate the outpatient assessment amounts, the hospital shall provide the Administration with data specified by the Administration necessary in place of the ~~2018~~ Medicare Cost report to calculate the outpatient assessment.
- P.** Enforcement. If a hospital does not comply with this section, the director may suspend or revoke the hospital's provider agreement. If the hospital does not comply within 180 days after the hospital's provider agreement is suspended or revoked, the director shall notify the director of the Department of Health Services who shall suspend or revoke the hospital's license.
