

**6. An agency's justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:**

The Administration proposes a rule-making to repeal rules related to the Family Planning Services Extension Program (FPEP) as authorized by A.R.S. § 36-2907.04 subject to the approval of a waiver from the federal government necessary to implement the program. This program provided coverage for family planning services to women who were eligible for AHCCCS during their pregnancy for a two year period following the end of their pregnancy. The federal waiver authorizing these extended benefits ended on December 31, 2013.

See:

These documents will list the FPEP program as a current program in 2013.

**7. A reference to any study relevant to the rule that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rule, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:**

A study was not referenced or relied upon when revising this regulation.

**8. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rulemaking will diminish a previous grant of authority of a political subdivision of this state:**

Not applicable.

**9. A summary of the economic, small business, and consumer impact:**

The Administration has petitioned the Governors Regulatory Review Council (GRRC) to allow this rulemaking to be made without an economic impact statement. The petition was approved by GRRC October 7, 2014. The Administration does not anticipate an economic impact since this program has been repealed and unenforced since 2013.

**10. A description of any changes between the proposed rulemaking, to include supplemental notices, and the final rulemaking:**

No significant changes were made between the proposed rulemaking and the final rulemaking. The Notice of Final rulemaking text was updated with recent changes made to R9-22-1431 in a rulemaking made effective January 7, 2014. These changes were not captured in the Notice of Proposed rulemaking published on October 3, 2014. This was an oversight on behalf of the rulewriter but considered a technical change since the program ceased to be funded as of December 31, 2013. The differences were: Where the term “Department” was used it was changed to say “Administration or its designee”, invalid cross-references were removed and the income % updated to 156%. When necessary, technical changes were made as a result of the Governors Regulatory Review Council staff’s recommendations.

**11. An agency’s summary of the public or stakeholder comments made about the rulemaking and the agency response to the comments:**

No comments were received as of the close of the comment period of November 3, 2014.

**12. All agencies shall list other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:**

No other matters are applicable.

**a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:**

Not applicable.

**b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:**

Federal law is applicable to the subject matter of the rule, but the rule was not more stringent than federal law. Because the federal waiver governing this program has expired, as identified under item 6, the rule is no longer necessary.

**c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:**

Not applicable.

**13. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rule:**

None

**14. Whether the rule was previously made, amended or repealed as an emergency rule. If so, cite the notice published in the Register as specified in R1-1-409(A). Also, the agency shall state where the text was changed between the emergency and the final rulemaking packages:**

Not applicable.
