To whom it may concern:

Quality Connections, a non profit Community Service Agency, currently contracts with Care1st in delivering H2025 and H2027 services to individuals with Behavioral Health conditions in Flagstaff.

We want to express our strong endorsement and support for the proposed plan to integrate membership processes and platforms into AzCH CCP. Aligning with the Centene systems and leveraging the existing Care1st contract, we believe this transition would bring significant benefit ensuring a unified and streamlined experience for individuals served and providers.

Thank you for your attention, and we look forward to the positive impact this integration will bring to the healthcare community.

Respectfully,

Melissa Bernasconi
