Good Afternoon,

This email was written to show support of the proposed merger and transition of members from Care1st Health Plan (Care1st) to Arizona Complete Health-Complete Care Plan (AzCH-CCP) and the proposed transition plan.

Rivyve Behavioral Health, operate a 90 bed BHRF located in Mohave County and is contracted with Care 1st serving AHCCCS members in Northern Region.

Merging these Medicaid plans would allow for one Medicaid plan to cover the entire state of Arizona and would simplify things for a lot of community members and for all health care providers. Therefore, I am in support of this merger.

Sincerely,

Kristen Ott, CEO

Rivyve Behavioral Health, Inc.
